Representative Clyde moved to amend, amendment 2444, as follows:

In line 1 of the title, after "To" insert "amend sections 3505.21, 3506.02, 3506.07, 3506.19, 3506.21, and 3506.22 and to enact sections 3505.331 and 3506.022 of the Revised Code, and to amend sections 3506.05 and 3506.10 and to repeal section 3506.22 of the Revised Code on January 1, 2019, to require the boards of elections to conduct audits of election results

and, beginning in 2019, to use only voting equipment that produces voter marked and voter verified paper ballots and to"

In line 6, after "Section 1." insert "That sections 3505.21, 3506.02, 3506.07, 3506.19, 3506.21, and 3506.22 be amended and sections 3505.331 and 3506.022 of the Revised Code be enacted to read as follows:

Sec. 3505.21. (A) As used in this section;

(1) "~~during~~ During the casting of the ballots" includes any time during which a board of elections permits an elector to vote an absent voter's ballot in person at the office of the board and any time ballots may be cast in a precinct polling place on the day of an election.

(2) "During the counting of the ballots" includes any time during which the election officials count and tally ballots, make the official canvass of election returns, or conduct an audit under section 3505.331 of the Revised Code.

(B) At any primary, special, or general election, any political party supporting candidates to be voted upon at such election and any group of five or more candidates may appoint to the board of elections or to any of the precincts in the county or city one person, a qualified elector, who shall serve as observer for such party or such candidates during the casting of the ballots and during the counting of the ballots; provided that separate observers may be appointed to serve during the casting and during the counting of the ballots. No candidate, no uniformed peace officer as defined by section 2935.01 of the Revised Code, no uniformed state highway patrol trooper, no uniformed member of any fire department, no uniformed member of the armed services, no uniformed member of the organized militia, no person wearing any other uniform, and no person carrying a firearm or other deadly weapon shall serve as an observer, nor shall any candidate be represented by more than one observer at any one precinct or at the board of elections except that a candidate who is a member of a party controlling committee, as defined in section 3517.03 of the Revised Code, may serve as an observer.

(C) Any political party or group of candidates appointing observers shall notify the board of elections of the names and addresses of its appointees and the precincts at which they shall serve or that they will serve at the board of elections. Notification of observers appointed to serve on the day of an election shall take place not less than eleven days before the day of the election on forms prescribed by the secretary of state and may be amended by filing an amendment with the board of elections at any time until four p.m. of the day before the election. Notification of observers appointed to serve at the office of the board during the time absent voter's ballots may be cast in person shall take place not less than eleven days before absent voter's ballots are required to be ready for use pursuant to section 3509.01 of the Revised Code on forms prescribed by the secretary of state and may be

amended by filing an amendment with the board of elections at any time until four p.m. of the day before the observer is appointed to serve. The observer serving on behalf of a political party shall be appointed in writing by the chairperson and secretary of the respective controlling party committee. Observers serving for any five or more candidates shall have their certificates signed by those candidates. Observers appointed to a precinct may file their certificates of appointment with the voting location manager of the precinct at the meeting on the evening prior to the election, or with the voting location manager of the precinct on the day of the election. Observers appointed to the office of the board to observe the casting of absent voter's ballots in person prior to the day of the election may file their certificates with the director of the board of elections the day before or on the day that the observers are scheduled to serve at the office of the board.

Upon the filing of a certificate, the person named as observer in the certificate shall be permitted to be in and about the applicable polling place during the casting of the ballots and shall be permitted to watch every proceeding of the precinct election officials from the time of the opening until the closing of the polls. The observer also may inspect the counting of all ballots in the polling place or board of elections from the time of the closing of the polls until the counting is completed and the final returns are certified and signed. Observers appointed to serve at the board of elections on the day of an election under this section may observe at the board of elections and may observe at any precinct in the county. The precinct election officials shall protect such observers in all of the rights and privileges granted to them by Title XXXV of the Revised Code.

(D) No persons other than the precinct election officials, the observers, a police officer, other persons who are detailed to any precinct on request of the board of elections, or the secretary of state or the secretary of state's legal representative shall be admitted to the polling place, or any room in which a board of elections is counting ballots, after the closing of the polls until the counting, certifying, and signing of the final returns of each election have been completed.

(E) Not later than four p.m. of the twentieth day prior to an election at which questions are to be submitted to a vote of the people, any committee that in good faith advocates or opposes a measure may file a petition with the board of any county asking that the petitioners be recognized as the committee entitled to appoint observers to the count at the election. If more than one committee alleging themselves to advocate or oppose the same measure file such a petition, the board shall decide and announce by registered mail to each committee not less than twelve days immediately preceding the election which committee is recognized as being entitled to appoint observers. The decision shall not be final, but any aggrieved party may institute mandamus proceedings in the court of common pleas of the

county in which the board has jurisdiction to compel the precinct election officials to accept the appointees of such aggrieved party. Any such recognized committee may appoint an observer to the count in each precinct. Committees appointing observers shall notify the board of elections of the names and addresses of its appointees and the precincts at which they shall serve. Notification shall take place not less than eleven days before the election on forms prescribed by the secretary of state and may be amended by filing an amendment with the board of elections at any time until four p.m. on the day before the election. A person so appointed shall file the person's certificate of appointment with the voting location manager in the precinct in which the person has been appointed to serve. Observers shall file their certificates before the polls are closed. In no case shall more than six observers be appointed for any one election in any one precinct. If more than three questions are to be voted on, the committees which have appointed observers may agree upon not to exceed six observers, and the precinct election officials shall appoint such observers. If such committees fail to agree, the precinct election officials shall appoint six observers from the appointees so certified, in such manner that each side of the several questions shall be represented.

(F) No person shall serve as an observer at any precinct or at the board of elections unless the board of elections of the county in which such observer is to serve has first been notified of the name, address, and location at which such observer is to serve. Notification to the board of elections shall be given by the political party, group of candidates, or committee appointing such observer as prescribed in this section. No such observers shall receive any compensation from the county, municipal corporation, or township, and they shall take the following oath, to be administered by one of the precinct election officials:

"You do solemnly swear that you will faithfully and impartially discharge the duties as an official observer, assigned by law; that you will not cause any delay to persons offering to vote; and that you will not disclose or communicate to any person how any elector has voted at such election."

Sec. 3505.331. (A) After declaring the official results of a general election or a presidential primary election, the board of elections shall conduct an audit of those results in accordance with this section. The board may conduct an audit of the official results of any other election in accordance with this section. Except as otherwise provided in this division, the board shall begin the audit not earlier than six business days after it declares the official results and shall complete the audit not later than the twenty-first day after it declares the official results. If the board conducts a recount under Chapter 3515. of the Revised Code, the board shall begin the audit immediately after the board certifies the results of the recount and shall complete the audit not later than the fourteenth day after it certifies the results.

of the recount.

(B) The board shall conduct the audit in accordance with procedures prescribed by the secretary of state, which shall require all of the following:

(1) The board shall audit not less than three contested races, questions, or issues, as directed by the secretary of state. If fewer than three contested races, questions, or issues appear on the ballot at the election, then the board shall audit every contested race, question, and issue. In any election, every contested race, question, or issue shall be eligible to be audited.

(2) Every ballot that was included in the canvass of the election returns shall be eligible to be audited, including regular ballots cast on the day of the election, absent voter's ballots, and provisional ballots.

(3) The board shall conduct the audit using a risk-limiting audit protocol in accordance with this division. A risk-limiting audit protocol shall use statistical methods to limit to acceptable levels the risk of certifying an incorrect outcome for a particular race, question, or issue. The protocol shall require bipartisan teams of election officials to physically examine and hand count randomly sampled ballots and to continue the hand counting until the results of the hand count provide sufficiently strong evidence that a hand count of all of the ballots would confirm the declared election result or until all of the ballots have been hand counted, whichever occurs first.

(C)(1) The board shall give public notice of the times and places for preparing for and conducting the audit in accordance with section 121.22 of the Revised Code. Subject to division (C)(2) of this section, at all times while the board prepares for and conducts the audit, the board shall permit observers appointed under section 3505.21 of the Revised Code, representatives of the news media, and members of the general public to observe the audit and to inspect public records that are relevant to the audit.

(2)(a) No person other than a member of the board or a designated employee of the board shall be permitted to handle a ballot.

(b) If the board determines that it is necessary to limit the number of persons who may observe the audit because of physical space or other practical constraints, the board may limit the number of members of the general public who may be present, in accordance with procedures prescribed by the secretary of state. The board shall not prevent any observer appointed under section 3505.21 of the Revised Code or any representative of the news media from observing the audit.

(D)(1) Not later than five days after completing the audit, the board shall certify the results of the audit to the secretary of state in the form and by the method prescribed by the secretary of state. The secretary of state shall make the results of the audit available to the public on the secretary of state's

official web site.

(2) If the results of the completed audit indicate that the canvass or the previously declared official election results must be amended, the board promptly shall amend the canvass or issue an amended declaration of the official results, as applicable.

(E)(1) Except as otherwise provided in division (E)(2) of this section, as used in this section, "ballot" means a voter marked and voter verified paper ballot, as defined in section 3506.022 of the Revised Code.

(2) For purposes of an audit of the official results of an election held before January 1, 2019, "ballot" means either a paper ballot or the relevant entry on a voter verified paper audit trail, as defined in section 3506.01 of the Revised Code.

Sec. 3506.02. Voting ~~Subject to section 3506.022 of the Revised Code, voting machines, marking devices, and automatic tabulating equipment may be adopted for use in elections in any county in the following manner:~~

(A) By the board of elections;

(B) By the board of county commissioners of such county on the recommendation of the board of elections;

(C) By the affirmative vote of a majority of the electors of such county voting upon the question of the adoption of such equipment in such county.

If a petition signed by electors equal in number to two per cent of the total votes cast in the county for the office of governor at the most recent general election for that office is filed with the board of elections, such board shall submit to the electors of such county at the next general election occurring not less than ninety days thereafter the question "Shall voting machines, marking devices, and automatic tabulating equipment be adopted in the county of?" Upon the filing of such petition, the board of elections shall forthwith notify the board of county commissioners, and the board of county commissioners shall forthwith determine whether it would prefer to purchase or lease such equipment in whole or in part for cash and if so whether it will be necessary or advisable to issue bonds to provide funds for the purchase of such equipment, if adopted. If the board of county commissioners determines that it is necessary or advisable to issue bonds therefor, it shall by resolution provide for the submission on the same ballot, but as a separate issue, the question of issuing such bonds. The question of issuing such bonds shall be submitted as required by division (A) of section 3506.03 of the Revised Code.

Sec. 3506.022. Beginning in the year 2019, no county shall use any direct recording electronic voting machine or any marking device or

automatic tabulating equipment that does not require the use of a voter marked and voter verified paper ballot.

As used in this section, "voter marked and voter verified paper ballot" means a paper ballot on which the voter records the voter's choices, either by hand or by use of a marking device that records the voter's choices on a paper ballot that the voter then must inspect for accuracy. "Voter marked and voter verified paper ballot" does not include a voter verified paper audit trail.

Sec. 3506.07. ~~No~~ Subject to divisions (B) and (C) of this section, no automatic tabulating equipment shall be approved by the board of voting machine examiners or certified by the secretary of state, or be purchased, rented, or otherwise acquired, or used, unless ~~it~~ both of the following apply:

(1) It has been or is capable of being manufactured for use and distribution beyond a prototype and.

(2) It can be set by election officials; to examine ballots and to count votes accurately for each candidate, question, and issue, excluding any ballots marked contrary to the instructions printed on such ballots, provided that such.

(B) Automated tabulating equipment shall not be required to count write-in votes or the votes on any ballots that have been voted other than at the regular polling place on election day.

(C) Automatic tabulating equipment that is designed to count votes marked by hand on a ballot using a writing instrument such as a pen or pencil shall count votes accurately for each candidate, question, and issue, regardless of the type of writing instrument the voter used to mark the ballot.

Sec. 3506.19. ~~On and after the first federal election that occurs after January 1, 2006, unless required sooner by the Help America Vote Act of 2002, each~~ Each polling location and each office of a board of elections at which in-person absent voting is being conducted shall have available for use at all elections at least one ~~direct recording electronic~~ voting machine or marking device that is accessible for individuals with disabilities, including nonvisual accessibility for the blind and visually impaired, in a manner that provides the same opportunity for access and participation, including privacy and independence, as for other voters.

Sec. 3506.21. (A) As used in this section, "optical scan ballot" means a ballot that is marked by using a ~~specified~~ writing instrument to fill in a designated position to record a voter's candidate, question, or issue choice and that can be scanned and electronically read in order to tabulate the vote.

(B)(1) In addition to marks that can be scanned and electronically read by automatic tabulating equipment, any of the following marks, if a majority of those marks are made in a consistent manner throughout an optical scan ballot, shall be counted as a valid vote:

(a) A candidate, question, or issue choice that has been circled by the voter;

(b) An oval beside the candidate, question, or issue choice that has been circled by the voter;

(c) An oval beside the candidate, question, or issue choice that has been marked by the voter with an "x," a check mark, or other recognizable mark;

(d) A candidate, question, or issue choice that has been marked with a writing instrument that cannot be recognized by automatic tabulating equipment.

(2) Marks made on an optical scan ballot in accordance with division (B)(1) of this section shall be counted as valid votes only if that optical scan ballot contains no marks that can be scanned and electronically read by automatic tabulating equipment.

(3) If automatic tabulating equipment detects that more marks were made on an optical scan ballot for a particular office, question, or issue than the number of selections that a voter is allowed by law to make for that office, question, or issue, the voter's ballot shall be invalidated for that office, question, or issue. The ballot shall not be invalidated for any other office, question, or issue for which the automatic tabulating equipment detects a vote to have been cast, in accordance with the law.

(C) The secretary of state may adopt rules under Chapter 119. of the Revised Code to authorize additional types of optical scan ballots and to specify the types of marks on those ballots that shall be counted as a valid vote to ensure consistency in the counting of ballots throughout the state.

(D)(1) A board of elections of a county that uses optical scan ballots and automatic tabulating equipment as the primary voting system for the county shall not tabulate the unofficial results of optical scan ballots voted on election day at a central location.

(2) A board of elections that provides for the tabulation at each precinct of voted ballots, and then, at a central location, combines those precinct ballot totals with ballot totals from other precincts, including optical scan ballots voted by absent voters, shall not be considered to be tabulating the unofficial results of optical scan ballots at a central location for the purpose of division (D)(1) of this section.

Sec. 3506.22. (A) ~~Beginning in the year 2013 and thereafter, a A~~ county that ~~selects, on or after January 1, 2013, selected~~ direct recording electronic voting machines as the primary voting system to be used in the county and not only for accessibility for individuals with disabilities as required under the Help America Vote Act of 2002 and section 3506.19 of the Revised Code and that continues to use direct recording electronic voting

machines for that purpose shall acquire, if needed, sufficient direct recording electronic voting machines to meet the minimum number of direct recording electronic voting machines required to be established by the secretary of state under division (B) of this section.

(B) ~~Beginning in the year 2013 and every eight years thereafter, the~~ The secretary of state shall establish, for each county described in division (A) of this section, a minimum number of direct recording electronic voting machines that the county shall be required to have ~~if it elects to use direct recording electronic voting machines as the primary voting system in the county~~. The minimum number for each such county shall be calculated as follows:

(1) The total number of registered voters in the county as of the October deadline for voter registration for the ~~last 2012~~ 2012 presidential election or the average of the total number of registered voters in the county as of the October deadline for voter registration for the ~~last two 2008 and 2012~~ 2008 and 2012 presidential elections, whichever number is higher, minus the total number of absent voter's ballots cast and counted at the ~~last 2012~~ 2012 presidential election, shall be determined.

(2) The number resulting from the determination under division (B) (1) of this section shall be divided by one hundred seventy-five.

(3) Any fraction resulting from the calculation under division (B)(2) of this section shall be rounded up to the next whole number.

(C) A county that ~~selects~~ selected direct recording electronic voting machines as the primary voting system to be used in the county and not only for accessibility for individuals with disabilities as required under the Help America Vote Act of 2002 and section 3506.19 of the Revised Code after May 2, 2006, but before the year 2013 and that continues to use direct recording electronic voting machines for that purpose shall ~~do so in accordance with~~ maintain the minimum number of direct recording electronic voting machines determined by the formula set forth in Section 514.03 of Am. Sub. H.B. 66 of the 126th general assembly.

Section 2. That existing sections 3505.21, 3506.02, 3506.07, 3506.19, 3506.21, and 3506.22 of the Revised Code are hereby repealed.

Section 3. That sections 3506.05 and 3506.10 of the Revised Code be amended to read as follows:

Sec. 3506.05. (A) As used in this section:

(1) "Electronic pollbook" means an electronic list of registered voters for a particular precinct or polling location that may be transported to a polling location.

(2) Except when used as part of the phrase "tabulating equipment" or "automatic tabulating equipment," "equipment" means a voting machine,

marking device, automatic tabulating equipment, software, or an electronic pollbook.

(3) "Vendor" means the person that owns, manufactures, distributes, or has the legal right to control the use of equipment, or the person's agent.

(B) No voting machine, marking device, automatic tabulating equipment, or software for the purpose of casting or tabulating votes or for communications among systems involved in the tabulation, storage, or casting of votes, and no electronic pollbook, shall be purchased, leased, put in use, or continued to be used, except for experimental use as provided in division (B) of section 3506.04 of the Revised Code, unless it, a manual of procedures governing its use, and training materials, service, and other support arrangements have been certified by the secretary of state and unless the board of elections of each county where the equipment will be used has assured that a demonstration of the use of the equipment has been made available to all interested electors. The secretary of state shall appoint a board of voting machine examiners to examine and approve equipment and its related manuals and support arrangements. The board shall consist of four members, who shall be appointed as follows:

(1) Two members appointed by the secretary of state-;

(2) One member appointed by either the speaker of the house of representatives or the minority leader of the house of representatives, whichever is a member of the opposite political party from the one to which the secretary of state belongs-;

(3) One member appointed by either the president of the senate or the minority leader of the senate, whichever is a member of the opposite political party from the one to which the secretary of state belongs.

In all cases of a tie vote or a disagreement in the board, if no decision can be arrived at, the board shall submit the matter in controversy to the secretary of state, who shall summarily decide the question, and the secretary of state's decision shall be final. Each member of the board shall be a competent and experienced election officer or a person who is knowledgeable about the operation of voting equipment and shall serve during the secretary of state's term. Any vacancy on the board shall be filled in the same manner as the original appointment. The secretary of state shall provide staffing assistance to the board, at the board's request.

For the member's service, each member of the board shall receive three hundred dollars per day for each combination of marking device, tabulating equipment, voting machine, or electronic pollbook examined and reported, but in no event shall a member receive more than six hundred dollars to examine and report on any one marking device, item of tabulating equipment, voting machine, or electronic pollbook. Each member of the board shall be reimbursed for expenses the member incurs during an

examination or during the performance of any related duties that may be required by the secretary of state. Reimbursement of these expenses shall be made in accordance with, and shall not exceed, the rates provided for under section 126.31 of the Revised Code.

Neither the secretary of state nor the board, nor any public officer who participates in the authorization, examination, testing, or purchase of equipment, shall have any pecuniary interest in the equipment or any affiliation with the vendor.

(C)(1) A vendor who desires to have the secretary of state certify equipment shall first submit the equipment, all current related procedural manuals, and a current description of all related support arrangements to the board of voting machine examiners for examination, testing, and approval. The submission shall be accompanied by a fee of two thousand four hundred dollars and a detailed explanation of the construction and method of operation of the equipment, a full statement of its advantages, and a list of the patents and copyrights used in operations essential to the processes of vote recording and tabulating, vote storage, system security, pollbook storage and security, and other crucial operations of the equipment as may be determined by the board. An additional fee, in an amount to be set by rules promulgated by the board, may be imposed to pay for the costs of alternative testing or testing by persons other than board members, record-keeping, and other extraordinary costs incurred in the examination process. Moneys not used shall be returned to the person or entity submitting the equipment for examination.

(2) Fees collected by the secretary of state under this section shall be deposited into the state treasury to the credit of the board of voting machine examiners fund, which is hereby created. All moneys credited to this fund shall be used solely for the purpose of paying for the services and expenses of each member of the board or for other expenses incurred relating to the examination, testing, reporting, or certification of equipment, the performance of any related duties as required by the secretary of state, or the reimbursement of any person submitting an examination fee as provided in this chapter.

(D) Within sixty days after the submission of the equipment and payment of the fee, or as soon thereafter as is reasonably practicable, but in any event within not more than ninety days after the submission and payment, the board of voting machine examiners shall examine the equipment and file with the secretary of state a written report on the equipment with its recommendations and, if applicable, its determination or condition of approval regarding whether the equipment, manual, and other related materials or arrangements meet the criteria set forth in sections 3506.07 and 3506.10 of the Revised Code and can be safely used by the voters at elections under the conditions prescribed in Title XXXV of the

Revised Code, or a written statement of reasons for which testing requires a longer period. The board may grant temporary approval for the purpose of allowing experimental use of equipment. If the board finds that the equipment meets any applicable criteria set forth in sections 3506.06, 3506.07, and 3506.10 of the Revised Code, can be used safely and, if applicable, can be depended upon to record and count accurately and continuously the votes of electors, and has the capacity to be warranted, maintained, and serviced, it shall approve the equipment and recommend that the secretary of state certify the equipment. The secretary of state shall notify all boards of elections of any such certification. Equipment of the same model and make, if it operates in an identical manner, may then be adopted for use at elections.

(E) The vendor shall notify the secretary of state, who shall then notify the board of voting machine examiners, of any enhancement and any significant adjustment to the hardware or software that could result in a patent or copyright change or that significantly alters the methods of recording voter intent, system security, voter privacy, retention of the vote, communication of records, and connections between the system and other systems. The vendor shall provide the secretary of state with an updated operations manual for the equipment, and the secretary of state shall forward the manual to the board. Upon receiving such a notification and manual, the board may require the vendor to submit the equipment to an examination and test in order for the equipment to remain certified. The board or the secretary of state shall periodically examine, test, and inspect certified equipment to determine continued compliance with the requirements of this chapter and the initial certification. Any examination, test, or inspection conducted for the purpose of continuing certification of any equipment in which a significant problem has been uncovered or in which a record of continuing problems exists shall be performed pursuant to divisions (C) and (D) of this section, in the same manner as the examination, test, or inspection is performed for initial approval and certification.

(F) If, at any time after the certification of equipment, the board of voting machine examiners or the secretary of state is notified by a board of elections of any significant problem with the equipment or determines that the equipment fails to meet the requirements necessary for approval or continued compliance with the requirements of this chapter, or if the board of voting machine examiners determines that there are significant enhancements or adjustments to the hardware or software, or if notice of such enhancements or adjustments has not been given as required by division (E) of this section, the secretary of state shall notify the users and vendors of that equipment that certification of the equipment may be withdrawn.

(G)(1) The notice given by the secretary of state under division (F) of this section shall be in writing and shall specify both of the following:

(a) The reasons why the certification may be withdrawn;

(b) The date on which certification will be withdrawn unless the vendor takes satisfactory corrective measures or explains why there are no problems with the equipment or why the enhancements or adjustments to the equipment are not significant.

(2) A vendor who receives a notice under division (F) of this section shall, within thirty days after receiving it, submit to the board of voting machine examiners in writing a description of the corrective measures taken and the date on which they were taken, or the explanation required under division (G)(1)(b) of this section.

(3) Not later than fifteen days after receiving a written description or explanation under division (G)(2) of this section from a vendor, the board shall determine whether the corrective measures taken or the explanation is satisfactory to allow continued certification of the equipment, and the secretary of state shall send the vendor a written notice of the board's determination, specifying the reasons for it. If the board has determined that the measures taken or the explanation given is unsatisfactory, the notice shall include the effective date of withdrawal of the certification. This date may be different from the date originally specified in division (G)(1)(b) of this section.

(4) A vendor who receives a notice under division (G)(3) of this section indicating a decision to withdraw certification may, within thirty days after receiving it, request in writing that the board hold a hearing to reconsider its decision. Any interested party shall be given the opportunity to submit testimony or documentation in support of or in opposition to the board's recommendation to withdraw certification. Failure of the vendor to take appropriate steps as described in division (G)(1)(b) or to comply with division (G)(2) of this section results in a waiver of the vendor's rights under division (G)(4) of this section.

(H)(1) The secretary of state, in consultation with the board of voting machine examiners, shall establish, by rule, guidelines for the approval, certification, and continued certification of the voting machines, marking devices, tabulating equipment, and electronic pollbooks to be used under Title XXXV of the Revised Code. The guidelines shall establish procedures requiring vendors or computer software developers to place in escrow with an independent escrow agent approved by the secretary of state a copy of all source code and related documentation, together with periodic updates as they become known or available. The secretary of state shall require that the documentation include a system configuration and that the source code include all relevant program statements in low- or high-level languages. As used in this division, "source code" does not include variable codes created for specific elections.

(2) Nothing in any rule adopted under division (H) of this section shall be construed to limit the ability of the secretary of state to follow or adopt, or to preclude the secretary of state from following or adopting, any guidelines proposed by the federal election commission, any entity authorized by the federal election commission to propose guidelines, the election assistance commission, or any entity authorized by the election assistance commission to propose guidelines.

~~(3)(a) Before the initial certification of any direct recording electronic voting machine with a voter verified paper audit trail, and as a condition for the continued certification and use of those machines, the secretary of state shall establish, by rule, standards for the certification of those machines. Those standards shall include, but are not limited to, all of the following:~~

~~(i) A definition of a voter verified paper audit trail as a paper record of the voter's choices that is verified by the voter prior to the casting of the voter's ballot and that is securely retained by the board of elections;~~

~~(ii) Requirements that the voter verified paper audit trail shall not be retained by any voter and shall not contain individual voter information;~~

~~(iii) A prohibition against the production by any direct recording electronic voting machine of anything that legally could be removed by the voter from the polling place, such as a receipt or voter confirmation;~~

~~(iv) A requirement that paper used in producing a voter verified paper audit trail be sturdy, clean, and resistant to degradation;~~

~~(v) A requirement that the voter verified paper audit trail shall be capable of being optically scanned for the purpose of conducting a recount or other audit of the voting machine and shall be readable in a manner that makes the voter's ballot choices obvious to the voter without the use of computer or electronic codes;~~

~~(vi) A requirement, for office-type ballots, that the voter verified paper audit trail include the name of each candidate selected by the voter;~~

~~(vii) A requirement, for questions and issues ballots, that the voter verified paper audit trail include the title of the question or issue, the name of the entity that placed the question or issue on the ballot, and the voter's ballot selection on that question or issue, but not the entire text of the question or issue.~~

~~(b) The secretary of state, by rule adopted under Chapter 119. of the Revised Code, may waive the requirement under division (H)(3)(a)(v) of this section, if the secretary of state determines that the requirement is cost prohibitive.~~

(4)(a) Except as otherwise provided in divisions (H)(4)(3)(b) and (c) of this section, any voting machine, marking device, or automatic tabulating equipment used in this state shall meet, as a condition of continued

certification and use, the voting system standards adopted by the federal election commission in 2002 or the voluntary voting system guidelines most recently adopted by the federal election assistance commission. A voting machine, marking device, or automatic tabulating equipment initially certified or acquired on or after December 1, 2008, also shall have the most recent federal certification number issued by the election assistance commission.

(b) Division (H)~~(4)~~(3)(a) of this section does not apply to any voting machine, marking device, or automatic tabulating equipment that the federal election assistance commission does not certify as part of its testing and certification program.

(c) A county that acquires additional voting machines, marking devices, or automatic tabulating equipment on or after December 1, 2008, shall not be considered to have acquired those machines, devices, or equipment on or after December 1, 2008, for the purpose of division (H)~~(4)~~(3)(a) of this section if all of the following apply:

(i) The voting machines, marking devices, or automatic tabulating equipment acquired are the same as the machines, devices, or equipment currently used in that county.

(ii) The acquisition of the voting machines, marking devices, or automatic tabulating equipment does not replace or change the primary voting system used in that county.

(iii) The acquisition of the voting machines, marking devices, or automatic tabulating equipment is for the purpose of replacing inoperable machines, devices, or equipment or for the purpose of providing additional machines, devices, or equipment required to meet the allocation requirements established pursuant to division (I) of section 3501.11 of the Revised Code.

Sec. 3506.10. No voting machine shall be approved by the board of voting machine examiners or certified by the secretary of state, or be purchased, rented, or otherwise acquired, or used, except when specifically allowed for experimental use, as provided in section 3506.04 of the Revised Code, unless it fulfills the following requirements:

(A) It shall permit and require voting in absolute secrecy, and shall be so constructed that no person can see or know for whom any other elector has voted or is voting, except an elector who is assisting a voter as prescribed by section 3505.24 of the Revised Code.

(B) It shall permit each elector to vote at any election for all persons and offices for whom and for which the elector is lawfully entitled to vote, whether or not the name of any such person appears on a ballot label as a candidate; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is

entitled to vote.

(C) It shall preclude each elector from voting for any candidate or upon any question for whom or upon which the elector is not entitled to vote, from voting for more persons for any office than the elector is entitled to vote for, and from voting for any candidates for the same office or upon any question more than once.

(D) It shall permit each voter to deposit, write in, or affix, upon devices provided for that purpose, ballots containing the names of persons for whom the voter desires to vote, whose names do not appear upon the voting machine. Those devices shall be susceptible of identification as to party affiliations when used at a primary election.

(E) It shall permit each elector to change the elector's vote for any candidate or upon any question appearing upon the ballot labels, up to the time the elector starts to register the elector's vote.

(F) It shall permit each elector, at all presidential elections, by one device to vote for candidates of one party for president, vice-president, and presidential electors.

(G) It shall be capable of adjustment by election officers so as to permit each elector, at a primary election, to vote only for the candidates of the party with which the elector has declared the elector's affiliation and shall preclude the elector from voting for any candidate seeking nomination by any other political party; and to vote for the candidates for nonpartisan nomination or election.

(H) It shall have separate voting devices for candidates and questions, which shall be arranged in separate rows or columns. It shall be so arranged that one or more adjacent rows or columns may be assigned to the candidates of each political party at primary elections.

(I) It shall have a counter, or other device, the register of which is visible from the outside of the machine, and which will show at any time during the voting the total number of electors who have voted; and also a protective counter, or other device, the register of which cannot be reset, which will record the cumulative total number of movements of the internal counters.

(J) It shall be provided with locks and seals by the use of which, immediately after the polls are closed or the operation of the machine for an election is completed, no further changes to the internal counters can be allowed.

(K) It shall have the capacity to contain the names of candidates constituting the tickets of at least five political parties, and independent groups and such number of questions not exceeding fifteen as the secretary of state shall specify.

(L) It shall be durably constructed of material of good quality in a neat and workerlike manner, and in form that shall make it safely transportable.

(M) It shall be so constructed that a voter may readily learn the method of operating it, may expeditiously cast a vote for all candidates of the voter's choice, and when operated properly shall register and record correctly and accurately every vote cast.

(N) It shall be provided with a screen, hood, or curtain, which will conceal the voter while voting. During the voting, it shall preclude every person from seeing or knowing the number of votes registered for any candidate or question and from tampering with any of the internal counters.

(O) It shall not provide to a voter any type of receipt or voter confirmation that the voter legally may retain after leaving the polling place.

~~(P) On and after the first federal election that occurs after January 1, 2006, unless required sooner by the Help America Vote Act of 2002, if the voting machine is a direct recording electronic voting machine, it shall include a voter verified paper audit trail.~~

Before any voting machine is purchased, rented, or otherwise acquired, or used, the person or corporation owning or manufacturing that machine or having the legal right to control the use of that machine shall give an adequate guarantee in writing and post a bond in an amount sufficient to cover the cost of any recount or new election resulting from or directly related to the use or malfunction of the equipment, accompanied by satisfactory surety, all as determined by the secretary of state, with the board of county commissioners, guaranteeing and securing that those machines have been and continue to be certified by the secretary of state in accordance with section 3506.05 of the Revised Code, comply fully with the requirements of this section, and will correctly, accurately, and continuously register and record every vote cast, and further guaranteeing those machines against defects in workmanship and materials for a period of five years from the date of their acquisition.

Section 4. That existing sections 3506.05 and 3506.10 of the Revised Code are hereby repealed.

Section 5. That section 3506.22 of the Revised Code, as amended by Section 1 of this act, is hereby repealed.

Section 6. Sections 3, 4, and 5 of this act take effect January 1, 2019.
