(F) Each deputy registrar, upon receipt of any application for registration or registration renewal notice, together with the license fee and any local motor vehicle license tax levied pursuant to Chapter 4504. of the Revised Code, shall transmit
that fee and tax, if any, in the manner provided in this section, together with the original and duplicate copy of the application, to the registrar. The registrar, subject to the approval of the director of public safety, may deposit the funds collected by those deputies in a local bank or depository to the credit of the "state of Ohio, bureau of motor vehicles." Where a local bank or depository has been designated by the registrar, each deputy registrar shall deposit all moneys collected by the deputy registrar into that bank or depository not more than one business day after their collection and shall make reports to the registrar of the amounts so deposited, together with any other information, some of which may be prescribed by the treasurer of state, as the registrar may require and as prescribed by the registrar by rule. The registrar, within three days after receipt of notification of the deposit of funds by a deputy registrar in a local bank or depository, shall draw on that account in favor of the treasurer of state. The registrar, subject to the approval of the director and the treasurer of state, may make reasonable rules necessary for the prompt transmittal of fees and for safeguarding the interests of the state and of counties, townships, municipal corporations, and transportation improvement districts levying local motor vehicle license taxes. The registrar may pay service charges usually collected by banks and depositories for such service. If deputy registrars are located in communities where banking facilities are not available, they shall transmit the fees forthwith, by money order or otherwise, as the registrar, by rule approved by the director and the treasurer of state, may prescribe. The registrar may pay the usual and customary fees for such service.

(G) This section does not prevent any person from making an application for a motor vehicle license directly to the
registrar by mail, by electronic means, or in person at any of the registrar's offices, upon payment of a service fee equal to the amount established under section 4503.038 of the Revised Code for each application.

(H) No person shall make a false statement as to the district of registration in an application required by division (A) of this section. Violation of this division is falsification under section 2921.13 of the Revised Code and punishable as specified in that section.

(I)(1) Where applicable, the requirements of division (B) of this section relating to the presentation of an inspection certificate issued under section 3704.14 of the Revised Code and rules adopted under it for a motor vehicle, the refusal of a license for failure to present an inspection certificate, and the stamping of the inspection certificate by the official issuing the certificate of registration apply to the registration of and issuance of license plates for a motor vehicle under sections 4503.102, 4503.12, 4503.14, 4503.15, 4503.16, 4503.171, 4503.172, 4503.19, 4503.40, 4503.41, 4503.42, 4503.43, 4503.44, 4503.46, 4503.47, and 4503.51 of the Revised Code.

(2)(a) The registrar shall adopt rules ensuring that each owner registering a motor vehicle in a county where a motor vehicle inspection and maintenance program is in effect under section 3704.14 of the Revised Code and rules adopted under it receives information about the requirements established in that section and those rules and about the need in those counties to present an inspection certificate with an application for registration or preregistration.

(b) Upon request, the registrar shall provide the director
of environmental protection, or any person that has been awarded a contract under section 3704.14 of the Revised Code, an on-line computer data link to registration information for all passenger cars, noncommercial motor vehicles, and commercial cars that are subject to that section. The registrar also shall provide to the director of environmental protection a magnetic data tape containing registration information regarding passenger cars, noncommercial motor vehicles, and commercial cars for which a multi-year registration is in effect under section 4503.103 of the Revised Code or rules adopted under it, including, without limitation, the date of issuance of the multi-year registration, the registration deadline established under rules adopted under section 4503.101 of the Revised Code that was applicable in the year in which the multi-year registration was issued, and the registration deadline for renewal of the multi-year registration.

(J) Subject to division (K) of this section, application for registration under the international registration plan, as set forth in sections 4503.60 to 4503.66 of the Revised Code, shall be made to the registrar on forms furnished by the registrar. In accordance with international registration plan guidelines and pursuant to rules adopted by the registrar, the forms shall include the following:

(1) A uniform mileage schedule;

(2) The gross vehicle weight of the vehicle or combined gross vehicle weight of the combination vehicle as declared by the registrant;

(3) Any other information the registrar requires by rule.

(K) The registrar shall determine the feasibility of
implementing an electronic commercial fleet licensing and
management program that will enable the owners of commercial
tractors, commercial trailers, and commercial semitrailers to
conduct electronic transactions by July 1, 2010, or sooner. If
the registrar determines that implementing such a program is
feasible, the registrar shall adopt new rules under this
division or amend existing rules adopted under this division as
necessary in order to respond to advances in technology.

If international registration plan guidelines and
provisions allow member jurisdictions to permit applications for
registrations under the international registration plan to be
made via the internet, the rules the registrar adopts under this
division shall permit such action.

Section 2. That existing sections 4501.01 and 4503.10 of the Revised Code are hereby repealed.
