administered in the 2019-

2020 school year under division (A) of this

section from

counting in a district's or school's enrollment for the 2020-

division (E) (3) of section 3317.03, or division (C) of section

3326.37 of the Revised Code.

(4) If a student was not administered an assessment in the

2019-2020 school year under division (A) of this section, that

school year shall not count in determining if the student is

subject to withdrawal from a school pursuant to section

3313.6410 or 3314.26 of the Revised Code.

(5) No student who received a scholarship under the

Educational Choice Scholarship Program under

section 3310.03 or

3310.032 of the Revised Code, the Jon Peterson Special Needs

Scholarship Program under section 3310.52 of the Revised Code,

(B) (1) The Department of Education shall not publish state

However, the Department shall report any data that it has

regarding the performance of districts and buildings for the

2019-2020 school year by September 15, 2020.

(2) The absence of report card ratings for the 2019-2020

school year shall have no effect in determining sanctions or

penalties, and shall not create a new starting point for

determinations that are based on ratings over multiple years.

The report card ratings of any previous or subsequent years

district or building was subject to any of the following

penalties or sanctions in the 2019-2020

school year based on its

report card rating for previous school years, those penalties or

sanctions shall remain for the 2020-2021 school year. Those

penalties and sanctions include the following:

(a) Any restructuring provisions established under Chapter 3302. of the Revised Code, except as required under federal law;

(b) Provisions for the Columbus City School Pilot Project under section 3302.042 of the Revised Code;

While a district subject to an academic distress commission prior to the effective date of this section shall be considered to be subject to an academic distress commission for the 2020-2021 school year, that year shall not be included for purposes of determining progressive consequences under divisions (H), (I), (J), (K), and (L) of section 3302.10 of the Revised Code that are in addition to those that were being exercised by the chief executive officer during

the 2019-2020 school year or for purposes of the appointment of a new board of education under division (K) of that section. Nothing in division (B) (2) (c) of this section shall be construed to limit the powers that the chief executive officer exercised under section 3302.10 of the Revised Code prior to the 2020-2021 school year.

(d) Provisions prescribing new buildings where students are eligible for the Educational Choice Scholarships under section 3310.03 of the Revised Code;

(e) Provisions defining "challenged school districts" in which new start-up community schools may be located, as prescribed in section 3314.02 of the Revised Code;

(f) Provisions prescribing community school closure requirements under section 3314.35 or 3314.351 of the Revised Code;

(g) Provisions of state or federal law that identify school districts or buildings for comprehensive or targeted support and improvement or additional targeted support and improvement. Districts and buildings so identified shall continue to receive supports and interventions consistent with their support and improvement plans in the 2020-2021 school year.

(h) Provisions that determine the conditions under which community schools may change sponsors under section 3314.034 of the Revised Code.

(C) No school district, community school, or STEM school and no chartered nonpublic school that is subject to section 3301.163 of the Revised Code shall retain a student in the third grade under that section or section 3313.608 of the Revised Code based solely on a student's academic performance in reading in the 2019-2020 school year unless the principal of the school building in which a student is enrolled and the student's reading teacher agree that the student is reading below grade level and is not prepared to be promoted to the fourth grade.

(D) (1) Division (D) of this section applies to any student who meets both of the following criteria:

(a) The student was enrolled in the twelfth grade in the 2019-2020 school year or was on track to graduate in the 2019- 2020 school year, as determined by the school district or other public or chartered nonpublic school in which the student was enrolled, regardless of the graduation cohort in which the student is included.

(b) The student had not completed the requirements for a high school diploma under section 3313.61, 3313.612, or 3325.08 of the Revised Code or under Section 3 of H.B. 491 of the 132nd General Assembly, as of March 17, 2020.

(2) A city, exempted village, local, or municipal school district, a community school, a STEM school, a chartered nonpublic school, the State School for the Blind, and the State School for the Deaf shall grant a high school diploma to any student to whom this section applies, if the student's principal, in consultation with teachers and counselors, reviews the student's progress toward meeting the requirements for a diploma and determines that the student has successfully completed the curriculum in the student's high school or the individualized education program developed for the student by the student's high school pursuant to section 3323.08 of the Revised Code, or qualified under division (D) or (F) of section 3313.603 of the Revised Code, at the time the student's school closed pursuant to the Director of Health's order under section 3701.13 of the Revised Code "In Re: Order the Closure of All K-12 Schools in the State of Ohio" issued on March 14, 2020. No district or school shall grant a high school

diploma under division (D) (2) of this section after September 30, 2020.

(3) If the board of education of a school district or the governing authority of a community school, STEM school, chartered nonpublic school, the State School for the Blind, or the State School for the Deaf has adopted a resolution under division (E) of section 3313.603 of the Revised Code requiring a more challenging curriculum than otherwise required under division (C) of that section, the district superintendent or the chief administrator of the school may elect to require only the minimum curriculum specified in division (C) of that section for the purpose of determining if a student to whom division (D) of this section applies has successfully completed the curriculum under division (D) (2) of this section. If such an election is made, the superintendent or chief administrator shall evaluate each student to whom division (D) of this section applies using the minimum curriculum specified in division (C) of this section.

(4) It is the intent of the General Assembly that school districts and other public and private schools do both of the following:

(a) Continue to provide ways to keep students actively engaged in learning opportunities between March 17, 2020, and the remainder of the school year;

(b) Grant students who need in-person instructional experiences to complete requirements for a diploma or a career- technical education program access to school facilities as soon as it is reasonably possible after the Director of Health permits such access to resume, even if the last instructional day of the school year has already passed.

(E) For the purpose of teacher evaluations conducted under sections 3319.111 and 3319.112 of the Revised Code, no school district board of education shall use value-added progress dimension data, established under section 3302.021 of the Revised Code, from the 2019-2020 school year to measure student learning attributable to the teacher being evaluated.

(F) For community school sponsor evaluations required under section 3314.016 of the Revised Code, the Department shall not issue a rating for the academic performance component under division (B)(1)(a) of that section to any sponsor and shall not include academic

performance in the calculation of an overall rating for the sponsor. The Department's rating of a sponsor for the 2019-2020 school year shall be based only on the components listed in divisions (B) (1) (b) and (c) of that section.

In evaluating a sponsor based on the components in divisions (B) (1) (b) and (c) of section 3314.016 of the Revised Code for the 2019-2020 school year, the Department shall not find a sponsor or a school out of compliance with an applicable law or administrative rule for any requirement for an action that should have occurred while schools were closed pursuant to the Director of Health's order under section 3701.13 of the Revised Code "In Re: Order the Closure of All K-12 Schools in the State of Ohio" issued on March 14, 2020, any local board of health order, or any extension of an order.

(G) The Superintendent of Public Instruction may waive the requirement to complete any report prescribed by law that is based on data from assessments that would have been but were not administered during the 2019-2020 school year pursuant to division (A) of this section.

(H) The Department, on behalf of the State Board of Education, may issue a one-year,

nonrenewable provisional license to any individual to practice in any category, type, and level for which the State Board issues a license pursuant to Title XXXIII of the Revised Code, if the individual has met all requirements for the requested license except for the requirement to pass an examination prescribed by the State Board in the subject area for which application is being made. Any individual to whom a provisional license is issued under this division shall take and pass the appropriate subject area examination prior to expiration of the license as a condition of advancing the license in the appropriate category, type, and level. The Department shall not issue a provisional license under this division that is valid on or after July 1, 2021.

(I) The Superintendent of Public Instruction may extend or waive any deadline for an action required of the State Board of Education, the Department of Education, or any person or entity licensed or regulated by the State Board or Department during the duration of the Director of Health's order under section 3701.13 of the Revised Code "In re: Order the Closure of All K-

12 Schools in the State of Ohio" issued on

March 14, 2020, or any local board of health order, and any extension of any order, based on the implications of COVID-19, as necessary to ensure that the safety of students, families, and communities are prioritized while continuing to ensure the efficient operation of the Department and public and private schools in this state. Deadlines that may be extended or waived by the State Superintendent include, but are not limited to, deadlines related to the following:

(1) The conduct of evaluations for school personnel under Chapter 3319. of the Revised Code;

(2) Notice of intent not to reemploy school personnel under Chapter 3319. Of the Revised Code;

(3) The conduct of school safety drills under section 3737.73 of the Revised Code;

(4) The emergency management test required by division (E) of section 3313.536 of the Revised Code;

(5) The filling of a vacancy in a board of education;

(6) Updating of teacher evaluation policies to conform with the framework for evaluation of teachers adopted under section 3319.112 of the Revised Code;

(7) Identification and screening of gifted students under Chapter 3324. of the Revised Code.

(J) Notwithstanding anything in the Revised Code or Administrative Code to the contrary, the Chancellor of Higher Education, in consultation with the Superintendent of Public Instruction, may waive, extend, suspend, or modify requirements of the College Credit Plus program if the Chancellor, in consultation with the Superintendent, determines the waiver, extension, suspension, or modification is necessary in response to COVID-19.

(K) The Superintendent of Public Instruction shall collaborate with providers in the 22+ Adult High School Diploma Program authorized under sections 3314.38, 3317.23, 3317.231, 3317.24, and 3345.86 of the Revised Code and the Adult Diploma Program authorized under section 3313.902 of the Revised Code, and rules adopted thereunder, to ensure that the providers have maximum flexibility to assist students whose progress in the program has been

affected by the Director of Health's order to complete the requirements to earn a high school diploma. For this purpose, the State Superintendent may waive or extend deadlines, or otherwise grant providers and students flexibility, for completion of program requirements.

(L) No school district shall require the parent of any student who was instructed at home in accordance with section 3321.04 of the Revised Code for the 2019-2020 school year to submit to the district superintendent the results of a standardized achievement assessment administered to the student as a condition of the district allowing the student to continue to receive home instruction for the 2020-2021 school year.

(M) Notwithstanding anything in the Revised Code to the contrary, the board of education of any school district that, prior to the Director of Health's order under section 3701.13 of the Revised Code "In re: Order the Closure of All K-12 Schools in the State of Ohio" issued on March 14, 2020, had not completed an evaluation that was required under Chapter 3319. of the Revised Code for the 2019-2020 school year for an employee of the district, including a teacher,

administrator, or superintendent, may elect not to conduct an evaluation of the employee for that school year, if the district board determines that it would be impossible or impracticable to do so. If a district board elects not to evaluate an employee for the 2019- 2020 school year, the employee shall be considered not to have had evaluation procedures complied with pursuant to section 3319.111 of the Revised Code for purposes of section 3319.11 of the Revised Code. The district board may collaborate with any bargaining organization representing employees of the district in determining whether to complete evaluations for the 2019-2020 school year. Nothing in this section shall preclude a district board from using an evaluation completed prior to the Director of Health's order in employment decisions."
