SUCH INCREASES SHALL TAKE INTO ACCOUNT THE INSTRUCTION, RELATED SERVICES, AND TRANSPORTATION COSTS OF EDUCATING SUCH STUDENTS.

(3) IN THE CASE OF TUTORIAL ASSISTANCE GRANTS, THE GRANT AMOUNT SHALL NOT EXCEED THE LESSER OF THE PROVIDER'S ACTUAL CHARGES FOR SUCH ASSISTANCE OR A PERCENTAGE ESTABLISHED BY THE STATE SUPERINTENDENT, NOT TO EXCEED TWENTY PER CENT, OF THE AMOUNT OF THE PILOT PROJECT SCHOOL DISTRICT'S AVERAGE BASIC SCHOLARSHIP AMOUNT.

This requirement shall be waived by the superintendent of public instruction if it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, provided that for those school districts operating pursuant to section 3313.48 of the Revised Code the number of days the school was actually open for instruction with pupils in attendance and for individualized parent-teacher conference and reporting periods is not less than one hundred seventy-five, or for those school districts operating on a trimester plan the number of days the school was actually open for instruction with pupils in attendance not less than seventy-nine days in any trimester, for those school districts operating on a quarterly plan the number of days the school was actually open for instruction with pupils in

attendance not less than fifty-nine days in any quarter, or for those school districts operating on a pentameter plan the number of days the school was actually open for instruction with pupils in attendance not less than forty-four days in any pentameter.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours school must be in session with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to such a district beginning with the school year commencing the second July succeeding the initiation of one such plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled school day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in accordance with, a teachers' salary schedule which complies with section 3317.13 of the Revised Code.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, and 3317.19 of the Revised Code, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

1999	11.0/7.5
2000	12.4/7.5
2001	13.8/7.5
2002	15.2/7.5
2003	16.6/7.5
2004 and thereafter	18.0/7.5

Beginning in fiscal year 1998, the department shall annually adjust the cost-of-doing-business factor for each county in accordance with the following formula:

$$[(\text{The cost-of-doing-business factor specified under division (N)(1) of this section} - 1) \times (\text{the multiplier for the fiscal year of the calculation})] + 1$$

The result of such formula shall be the adjusted cost-of-doing-business factor for that fiscal year.

(O) "Tax exempt value" of a school district means the amount certified for a school district under division (A)(4) of section 3317.021 of the Revised Code.

(P) "Potential value" of a school district means the adjusted total taxable value of a school district plus the tax exempt value of the district.

(Q) "District median income" means the median Ohio adjusted gross income certified for a school district. On or before the first day of July of each year, the tax commissioner shall certify to the department of education for each city, exempted village, and local school district the median Ohio

If the result of such formula is negative, the adjusted valuation per pupil shall be zero.

(V) "Income adjusted valuation" means the product obtained by multiplying the SCHOOL district's adjusted valuation per pupil by the greater of the district's formula *ADM* or three-year average formula *ADM*.

(W) Except as provided in division (A)(2) of section 3317.022 of the Revised Code, "adjusted total taxable value" means one of the following:

Sec. 3317.022. (A)(1) The department of education shall compute and distribute state basic aid BASE COST FUNDING to each school district for the fiscal year in accordance with the following formula, using adjusted total taxable value as defined under ~~division (W)~~ of IN section 3317.02 of the Revised Code or division (A)(2) of this section and the information obtained under section 3317.021 of the Revised Code in the calendar year in which the fiscal year begins.

Compute the following for each eligible district:

$$[\text{cost-of-doing-business factor} \times \text{the formula amount} \times (\text{the greater of formula } ADM \text{ or three-year average formula } ADM)] - (.023 \times \text{adjusted total taxable value})$$

If the difference obtained is a negative number, the district's computation shall be zero.

(2)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department of education shall calculate the difference between the district's tax exempt value and twenty-five per cent of the district's potential value.

(2) "State share percentage" means the percentage calculated for a district as follows:

- (a) Calculate the ~~basic-aid~~ STATE BASE COST FUNDING amount for the district for the fiscal year under division (A) of this section. If the district would not receive any state ~~basic-aid~~ BASE COST FUNDING for that year under that division, the district's state share percentage is zero.
- (b) If the district would receive ~~basic-aid~~ STATE BASE COST FUNDING under that division, divide that ~~basic-aid~~ amount by an amount equal to the following:

$$\frac{\text{Cost-of-doing-business factor X} \\ \text{the formula amount X (the greater of formula} \\ \text{ADM or three-year average formula ADM)}}{\text{the formula amount X (the greater of formula} \\ \text{ADM or three-year average formula ADM)}}$$

The resultant number is the district's state share percentage.

(C)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each school district in accordance with the following formula:

$$\frac{\text{The district's state share percentage} \\ \text{X the formula amount for the year} \\ \text{for which the aid is calculated}}{\text{X the district's total special education weight}}$$

(2) In any fiscal year, a school district receiving funds under division (C)(1) of this section shall spend on related services the lesser of the following:

FOR FISCAL YEAR 1997 TRANSPORTATION COST DATA, THE AVERAGE EFFICIENT TRANSPORTATION USE COST PER STUDENT IS EXPRESSED AS FOLLOWS:

$50.67477 + (140.94357 \times \text{DAILY BUS MILES PER STUDENT}) +$
 $(108.36864 \times \text{TRANSPORTED STUDENT PERCENTAGE})$

(3) In addition to funds paid under divisions (A) and (C), AND (E) of this section, each district WITH A TRANSPORTED STUDENT PERCENTAGE GREATER THAN ZERO shall receive a payment equal to ~~sixty per cent~~ A PERCENTAGE of THE PRODUCT OF THE district's transportation *ADM* BASE times the district's ~~most~~ AVERAGE efficient transportation use cost per ~~transported~~ student. THAT PERCENTAGE SHALL BE THE FOLLOWING PERCENTAGE SPECIFIED FOR

(3) In fiscal years 1999 through 2002, notwithstanding the amount calculated for each district under division (D)(2) of this section, each district shall receive in the corresponding fiscal year the following percentage of the district's transportation *ADM* times the district's most efficient transportation use cost per transported student:

DENSITY MULTIPLIER

WHERE:

(a) "PER ROUGH MILE SUBSIDY" EQUALS THE AMOUNT CALCULATED IN ACCORDANCE WITH THE FOLLOWING FORMULA:

Sec. 3317.029. (A) As used in this section:

(1) "*DPIA* percentage" means the quotient obtained by dividing the five-year average number of children ages five to seventeen residing in the school district and living in a family receiving family assistance, as certified or adjusted under section 3317.10 of the Revised Code, by the district's three-year average formula *ADM*.

(2) "Family assistance" means assistance received under the Ohio works first program or, for the purpose of determining the five-year average number of recipients of family assistance in fiscal years 1999 through 2002, assistance received under an antecedent program known as *TANF* or *ADC*.

(3) "Statewide *DPIA* percentage" means the five-year average of the total number of children ages five to seventeen years residing in the state and receiving family assistance, divided by the sum of the three-year average formula *ADMs* for all school districts in the state.

(4) "*DPIA* index" means the quotient obtained by dividing the school district's *DPIA* percentage by the statewide *DPIA* percentage.

(5) "Kindergarten *ADM*" means the number of students reported under section 3317.03 of the Revised Code as enrolled in kindergarten.

(6) "Kindergarten through third grade *ADM*" means the amount calculated as follows:

(a) Multiply the kindergarten *ADM* by the sum of one plus the all-day kindergarten percentage;

(b) Add the number of students in grades one through three;

~~(c)~~ Subtract from the sum calculated under division (A)(6)(~~e~~)(b) of this section the number of special education students in grades kindergarten through three.

(7) "Statewide average teacher salary" means ~~thirty-nine thousand ninety-two~~ FORTY THOUSAND ONE HUNDRED EIGHTY-SEVEN DOLLARS IN FISCAL YEAR 2000, AND FORTY-ONE THOUSAND THREE HUNDRED TWELVE dollars IN FISCAL YEAR 2001, which includes an amount for the value of fringe benefits.

(8) "All-day kindergarten" means a kindergarten class that is in session five days per week for not less than the same number of clock hours each day as for pupils in grades one through six.

(9) "All-day kindergarten percentage" means the percentage of a district's actual total number of students enrolled in kindergarten who are enrolled in all-day kindergarten.

(10) "Buildings with the highest concentration of need" means the school buildings in a district with percentages of students receiving family assistance in grades kindergarten through three at least as high as the district-wide percentage of students receiving family assistance. If, however, the information provided by the department of human services under section 3317.10 of the Revised Code is insufficient to determine the family assistance percentage in each building, "buildings with the highest concentration of need" has the meaning given in rules that the department of education shall adopt. The rules shall base the definition of "buildings with the highest concentration of need" on family income of students in grades kindergarten through three in a manner that, to the extent possible with available data, approximates the intent of this division and division (G) of this section to designate buildings where the family assistance percentage in those grades equals or exceeds the district-wide family assistance percentage.

(B) In addition to the amounts required to be paid to a school district under section 3317.022 of the Revised Code, a school district shall receive the greater of the amount the district received in fiscal year 1998 pursuant to division (B) of section 3317.023 of the Revised Code as it existed at that time or the sum of the computations made under divisions (C) to (E) of this section.

(C) A supplemental payment that may be utilized for measures related to safety and security and for remediation or similar programs, calculated as follows:

(1) If the *DPIA* index of the school district is greater than or equal to thirty-five-hundredths, but less than one, an amount obtained by multiplying the five-year average number of pupils in a district receiving family assistance by two hundred thirty dollars;

(2) If the *DPIA* index of the school district is greater than or equal to one, an amount obtained by multiplying the *DPIA* index by two hundred thirty dollars and multiplying that product by the five-year average number of pupils in a district receiving family assistance.

(D) A payment for all-day kindergarten if the *DPIA* index of the school district is greater than or equal to one or if the district's three-year average formula *ADM* exceeded seventeen thousand five hundred, calculated by multiplying the all-day kindergarten percentage by the kindergarten *ADM* and multiplying that product by the formula amount.

(E) A class-size reduction payment based on calculating the number of new teachers necessary to achieve a lower student-teacher ratio, as follows:

(1) Determine or calculate a formula number of teachers per one thousand students based on the *DPIA* index of the school district as follows:

(a) If the *DPIA* index of the school district is less than six-tenths, the formula number of teachers is 43.478, which is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one;

(b) If the *DPIA* index of the school district is greater than or equal to six-tenths, but less than two and one-half, the formula number of teachers is calculated as follows:

$$43.478 + [(DPIA \text{ index} - 0.6) / 1.9] \times 23.188$$

Where 43.478 is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one; 1.9 is the interval from a *DPIA* index of six-tenths to a *DPIA* index of two and one-half; and 23.188 is the difference in the number of teachers per one thousand students at a student-teacher ratio of fifteen to one and the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one.

(c) If the *DPIA* index of the school district is greater than or equal to two and one-half, the formula number of teachers is 66.667, which is the number of teachers per one thousand students at a student-teacher ratio of fifteen to one.

(2) Multiply the formula number of teachers determined or calculated in division (E)(1) of this section by the kindergarten through third grade *ADM* for the district and divide that product by one thousand;

(3) Calculate the number of new teachers as follows:

(a) Multiply the kindergarten through third grade *ADM* by 43.478, which is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one, and divide that product by one thousand;

(b) Subtract the quotient obtained in division (E)(3)(a) of this section from the product in division (E)(2) of this section.

(4) Multiply the greater of the difference obtained under division (E)(3) of this section or zero by the statewide average teachers salary.

(F) This division applies only to school districts whose *DPIA* index is one or greater.

(1) Each school district subject to this division shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage.

(2) Up to an amount equal to the district's *DPIA* index multiplied by the five-year average number of pupils in a district receiving family assistance multiplied by two hundred thirty dollars of the money distributed under this section may be utilized for one or both of the following:

(a) Programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;

(b) Remediation for students who have failed or are in danger of failing any of the proficiency tests administered pursuant to section 3301.0710 of the Revised Code.

(3) Except as otherwise required by division (G) of this section, all other funds distributed under this section to districts subject to this division shall be utilized for the purpose of the third grade guarantee. The third grade guarantee consists of increasing the amount of instructional attention received per pupil in kindergarten through third grade, either by reducing the ratio of students to instructional personnel or by increasing the amount of instruction and curriculum-related activities by extending the length of the school day or the school year.

School districts may implement a reduction of the ratio of students to instructional personnel through any or all of the following methods:

(a) Reducing the number of students in a classroom taught by a single teacher;

(b) Employing full-time educational aides or educational paraprofessionals issued a permit or license under section 3319.088 of the Revised Code;

(c) Instituting a team-teaching method that will result in a lower student-teacher ratio in a classroom.

Districts may extend the school day either by increasing the amount of time allocated for each class, increasing the number of classes provided per day, offering optional academic-related after-school programs, providing curriculum-related extra curricular activities, or establishing tutoring or remedial services for students who have demonstrated an educational need. In accordance with section 3319.089 of the Revised Code, a district extending the school day pursuant to this division may utilize a participant of the work experience program who has a child enrolled in a public school in that district and who is fulfilling the work requirements of that program by volunteering or working in that public school. If the work experience program participant is compensated, the school district may use the funds distributed under this section for all or part of the compensation.

Districts may extend the school year either through adding regular days of instruction to the school calendar or by providing summer programs.

(G) Each district subject to division (F) of this section shall not expend any funds received under division (E) of this section in any school buildings that are not buildings with the highest concentration of need, unless there is a ratio of instructional personnel to students of no more than fifteen to one in each kindergarten and first grade class in all buildings with the highest concentration of need. This division does not require that the funds used in buildings with the highest concentration of need be spent solely to reduce the ratio of instructional personnel to students in kindergarten and first grade. A school district may spend the funds in those buildings in any manner permitted by division (F)(3) of this section, but may not spend the money in other buildings unless the fifteen-to-one ratio required by this division is attained.

(H)(1) By the first day of August of each fiscal year, each school district wishing to receive any funds under division (D) of this section shall submit to the department of education an estimate of its all-day kindergarten percentage. Each district shall update its estimate throughout the fiscal year in the form and manner required by the department, and the department shall adjust payments under this section to reflect the updates.

If the department is unable to verify from the data available that students are receiving reasonable amounts of instructional attention and all-day kindergarten, given the funds the district has received under this section and that class-size reduction funds are being used in school buildings with the highest concentration of need as required by division (G) of this section, the department shall conduct a more intensive investigation to ensure that funds have been expended as required by this section. The department shall file an annual report of its findings under this division with the chairpersons of the committees in each house of the general assembly dealing with finance and education.

(I) Any school district with a *DPIA* index less than one and a three-year average formula *ADM* exceeding seventeen thousand five hundred shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage. Such a district shall expend at least seventy per cent of the remaining funds received under this section, and any other district with a *DPIA* index less than one shall expend at least seventy per cent of all funds received under this section, for any of the following purposes:

- (1) The purchase of technology for instructional purposes;
- (2) All-day kindergarten;

- (13) School breakfasts provided pursuant to section 3313.813 of the Revised Code.

Each district shall submit to the department, in such format and at such time as the department shall specify, a report on the programs for which it expended funds under this division.

(J) If at any time the superintendent of public instruction determines that a school district receiving funds under division (D) of this section has enrolled less than the all-day kindergarten percentage reported for that fiscal year, the superintendent shall withhold from the funds otherwise due the district under this section a proportional amount as determined by the difference in the certified all-day kindergarten percentage and the percentage actually enrolled in all-day kindergarten.

The superintendent shall also withhold an appropriate amount of funds otherwise due a district for any other misuse of funds not in accordance with this section.

(O) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(2) "REQUIRED LEVEL OF INDEBTEDNESS" MEANS FIVE PER CENT OF THE SCHOOL DISTRICT'S VALUATION FOR THE YEAR PRECEDING THE YEAR IN WHICH THE COMMISSION AND SCHOOL DISTRICT ENTER INTO AN AGREEMENT UNDER DIVISION (B) OF THIS SECTION, PLUS [TWO ONE-HUNDREDTHS OF ONE PER CENT MULTIPLIED BY (THE PERCENTILE IN WHICH THE DISTRICT RANKS IN THE FISCAL YEAR THE COMMISSION AND THE SCHOOL DISTRICT ENTER INTO SUCH AGREEMENT MINUS ONE)].

(B) THERE IS HEREBY ESTABLISHED THE SCHOOL BUILDING ASSISTANCE EXPEDITED LOCAL PARTNERSHIP PROGRAM. UNDER THE PROGRAM, THE OHIO SCHOOL FACILITIES COMMISSION MAY ENTER INTO AN AGREEMENT WITH THE SCHOOL DISTRICT BOARD OF ANY SCHOOL DISTRICT RANKED IN THE TWENTIETH TO FORTIETH PERCENTILES, AS DETERMINED UNDER SECTION 3318.011 OF THE REVISED CODE IN THE FISCAL YEAR THAT THE COMMISSION AND SCHOOL DISTRICT BOARD ENTER INTO SUCH AGREEMENT. BASED ON THE RESULTS OF THE ON-SITE VISITS AND ASSESSMENT, THE COMMISSION SHALL DETERMINE THE BASIC PROJECT COST OF THE SCHOOL DISTRICT'S CLASSROOM FACILITIES NEEDS. THE COMMISSION SHALL DETERMINE THE SCHOOL DISTRICT'S PORTION OF SUCH BASIC PROJECT COST, WHICH SHALL BE THE GREATER OF:

THE COMMISSION SHALL DEDUCT THE EXPENDITURE OF SCHOOL DISTRICT MONEYS MADE UNDER DIVISION (D)(1) OF THIS SECTION FROM THE SCHOOL DISTRICT'S PORTION OF THE BASIC PROJECT COST AS RECALCULATED UNDER THIS DIVISION. IF THE AMOUNT OF SCHOOL DISTRICT RESOURCES APPLIED BY THE SCHOOL DISTRICT BOARD TO THE SCHOOL DISTRICT'S PORTION OF THE BASIC PROJECT COST UNDER THIS SECTION IS LESS THAN THE TOTAL AMOUNT OF SUCH PORTION AS RECALCULATED UNDER THIS DIVISION, THE SCHOOL DISTRICT BOARD BY A MAJORITY VOTE OF ALL OF ITS MEMBERS SHALL, IF IT DESIRES TO SEEK STATE ASSISTANCE UNDER SECTIONS 3318.01 TO 3318.20 OF THE REVISED CODE, ADOPT A RESOLUTION AS SPECIFIED IN SECTION 3318.06 OF THE REVISED CODE TO SUBMIT TO THE ELECTORS OF THE SCHOOL DISTRICT THE QUESTION OF APPROVAL OF A BOND ISSUE IN ORDER TO PAY ANY ADDITIONAL AMOUNT OF SCHOOL DISTRICT PORTION REQUIRED FOR STATE ASSISTANCE. If such employees are rehired, their subsequent contract shall be for a period of two years.

(B) After the termination of the two-year contract provided in division (A) of this section, if the contract of a nonteaching employee is renewed, the employee shall be continued in employment, and the salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the nonteaching employees of the entire district.

(C) The contracts as provided for in this section may be terminated by a majority vote of the board of education. Such contracts may be terminated ~~only~~ FOR REASONS OF EFFICIENCY AND ECONOMY, for violation of written rules and regulations as set forth by the board of education, or for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any other acts of misfeasance, malfeasance, or nonfeasance. In addition to the right of the board of education to terminate the contract of an employee, the board may suspend an employee for a definite period of time or demote the employee for the reasons set forth in this division. The action of the board of education terminating the contract of an employee or suspending or demoting ~~him~~ THE EMPLOYEE shall be served upon the employee by certified mail. Within ten days following the receipt of such notice by the employee, the employee may file an appeal, in writing, with the court of common pleas of the county in which such school board is situated. After hearing the appeal the common pleas court may affirm, disaffirm, or modify the action of the school board.

A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of employment of a nonteaching employee under this division.

(D) All employees who have been employed by a school district where the provisions of Chapter 124. of the Revised Code do not apply, for a period of at least three years on November 24, 1967, shall hold continuing contracts of employment pursuant to this section.

(G) All nonteaching employees employed pursuant to this section and Chapter 124. of the Revised Code shall be paid for all time lost when the schools in which they are employed are closed owing to an epidemic or other public calamity. Nothing in this division shall be construed as requiring payment in excess of an employee's regular wage rate or salary for any time worked while the school in which ~~he~~ THE EMPLOYEE is employed is officially closed for the reasons set forth in this division.

Sec. 3319.22. (A) The state board of education shall adopt rules establishing the standards and requirements for obtaining temporary, associate, provisional, and professional educator licenses of any categories, types, and levels the board elects to provide. However, no educator license shall be required for teaching children two years old or younger.

(B) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

(1) Notwithstanding division (D) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, the effective date of any rules, or amendment or rescission of any rules, shall not be as prescribed in division (D) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the rules or amendment or rescission of the rules shall take effect only after the rules or amendment or rescission of the rules are filed with the chairpersons of the committees of the house of representatives and of the senate that are primarily responsible for consideration of education legislation and only after approval by the general assembly through adoption of a concurrent resolution by a majority of the members of both the house of representatives and the senate. The effective date of the rules shall be the later of the date on which the concurrent resolution is adopted by the second house or the date prescribed by section 3319.23 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or rescind emergency rules in division (F) of section 119.03 of the Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(C)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall

require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (C)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. For committees with a building-level scope, the teacher and principal members shall be assigned to that building, and the teacher members shall be elected by majority vote of the classroom teachers assigned to that building. For committees with a district-level scope, the teacher members shall be elected by majority vote of the classroom teachers of the district, and the principal member shall be elected by a majority vote of the principals of the district, unless there are two or fewer principals employed by the district, in which case the one or two principals employed shall serve on the committee. If a committee has a particular grade or age level scope, the teacher members shall be licensed to teach such grade or age levels, and shall be elected by majority vote of the classroom teachers holding such a license and the principal shall be elected by all principals serving in buildings where any such teachers serve. The district superintendent shall appoint a replacement to fill any vacancy that occurs on a professional development committee, except in the case of vacancies among the elected classroom teacher members, which shall be filled by vote of the remaining members of the committee so selected.

Terms of office on professional development committees shall be prescribed by the district board establishing the committees. The conduct of elections for members of professional development committees shall be prescribed by the district board establishing the committees. A professional development committee may include additional members, except that the majority of members on each such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.

The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building level LEVELS, or by type of grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (C)(4) of this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

THE MAXIMUM GRANT FOR A THIRD SEMESTER SHALL BE ONE-HALF OF THE MAXIMUM AMOUNT PRESCRIBED UNDER THAT DIVISION.

(E) No grant shall be made to any student in a course of study in theology, religion, or other field of preparation for a religious profession unless such course of study leads to an accredited bachelor of arts, bachelor of science, or associate of arts degree.

~~(E)(F)(1)~~ Except as provided in division ~~(E)(F)(2)~~ of this section, no grant shall be made to any student for enrollment during a school FISCAL year in an institution with a COHORT default rate DETERMINED BY THE UNITED STATES SECRETARY OF EDUCATION PURSUANT TO THE "HIGHER EDUCATION AMENDMENTS OF 1986," 100 STAT. 1278, 1408, 20 U.S.C.A. 1085, AS AMENDED, as of the fifteenth day of June preceding such school THE FISCAL year, equal to or greater than thirty per cent for each of the preceding two FISCAL years.

(2) Division ~~(E)(F)(1)~~ of this section does not apply to the following:

(a) Any student enrolled in an institution that under THE federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its COHORT default rate after recalculation is lower than the rate specified in division ~~(E)(F)(1)~~ of this section or the secretary determines due to mitigating circumstances the institution may continue to participate in federal financial aid programs. The board shall adopt rules requiring institutions to provide information regarding an appeal to the board.

(b) Any student who has previously received a grant under this section who meets all other requirements of this section.

(3) The board shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division ~~(E)(F)(1)~~ of this section.

(4) A student's attendance at an institution whose students lose eligibility for grants under division ~~(E)(F)(1)~~ of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

~~(F)~~(G) Institutions of higher education that enroll students receiving instructional grants under this section shall report to the board all students who have received instructional grants but are no longer eligible for all or part of such grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The board shall immediately notify the office of budget and management and the legislative budget office of the legislative service commission of all refunds so received.

Sec. 3333.27. As used in this section:

(A) "Eligible institution" means a nonprofit Ohio institution of higher education that holds a certificate of authorization issued under section 1713.02 of the Revised Code and meets the requirements of Title VI of the Civil Rights Act of 1964.

(B) "Resident" and "full-time student" have the meanings established for purposes of this section by rule of the Ohio board of regents.

The board shall establish and administer a student choice grant program and shall adopt rules for the administration of the program.

The board may make a grant to any resident of this state who is enrolled as a full-time student in a bachelor's degree program at an eligible institution and maintains an academic record that meets or exceeds the standard established pursuant to this section by rule of the board, except that no grant shall be made to any individual who was enrolled as a student in an institution of higher education on or before July 1, 1984, or is serving a term of imprisonment. The grant shall not exceed the lesser of the total instructional and general charges of the institution in which the student is enrolled, or an amount equal to one-fourth of the total of any state instructional subsidy amount distributed by the board in the second fiscal year of the preceding biennium for all full-time students enrolled in bachelor's degree programs at four-year state-assisted institutions of higher education divided by the sum of the actual number of full-time students enrolled in bachelor's degree programs at four-year state-assisted institutions of higher education reported to the board for such year by the institutions to which the subsidy was distributed.

The board shall prescribe the form and manner of application for grants including the manner of certification by eligible institutions that each applicant from such institution is enrolled in a bachelor's degree program as a full-time student and has an academic record that meets or exceeds the standard established by the board.

A grant awarded to an eligible student shall be paid to the institution in which the student is enrolled, and the institution shall reduce the student's instructional and general charges by the amount of the grant. Each grant awarded shall be prorated and paid in equal installments at the time of enrollment for each term of the academic year for which the grant is awarded. No student shall be eligible to receive a grant for more than ten semesters, fifteen quarters, or the equivalent of five academic years.

The receipt of an Ohio student choice grant shall not affect a student's eligibility for assistance, or the amount of such assistance, granted under section 3315.33, 3333.12, 3333.22, 3333.26, 5910.03, 5910.032, or 5919.34 of the Revised Code. If a student receives assistance under one or more of such sections, the student choice grant made to the student shall not exceed the difference between the amount of assistance received under such sections and the total instructional and general charges of the institution in which the student is enrolled.

The general assembly shall support the student choice grant program by such sums and in such manner as it may provide, but the board may also receive funds from other sources to support the program.

No grant shall be made to any student enrolled in a course of study leading to a degree in theology, religion, or other field of preparation for a religious profession UNLESS THE COURSE OF STUDY LEADS TO AN ACCREDITED BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE.

Institutions of higher education that enroll students receiving grants under this section shall report to the board the name of each student who has received such a grant but who is no longer eligible for all or part of such grant and shall refund all moneys due to the state within thirty days after the beginning of the term immediately following the term in which the student was no longer eligible to receive all or part of the grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The board shall immediately notify the office of budget and management and the legislative budget office of the legislative service commission of all refunds received.

IF A STUDENT RECEIVES ASSISTANCE UNDER ONE OR MORE OTHER PROVISIONS OF STATE LAW, THE GRANT MADE TO THE STUDENT UNDER THIS SECTION SHALL NOT EXCEED THE DIFFERENCE BETWEEN THE TOTAL INSTRUCTIONAL AND GENERAL CHARGES ASSESSED TO THE STUDENT BY THE PRIVATE CAREER SCHOOL AND THE AMOUNT OF TOTAL ASSISTANCE THE STUDENT RECEIVES UNDER OTHER PROVISIONS OF STATE LAW.

(H) PRIVATE CAREER SCHOOLS THAT ENROLL STUDENTS RECEIVING GRANTS UNDER THIS SECTION SHALL REPORT TO THE OHIO BOARD OF REGENTS THE NAME OF EACH STUDENT WHO HAS RECEIVED SUCH A GRANT BUT WHO IS NO LONGER ELIGIBLE FOR SUCH A GRANT. Secondary grade students in a nonpublic school may participate in the post-secondary enrollment options program if the chief administrator of such school notifies the department of education by the first day of April prior to the school year in which the school's students will participate.

The state board of education, after consulting with the board of regents, shall adopt rules governing the program. The rules shall include:

Sec. 3365.03. (A) Notwithstanding any other provision of law, a student enrolled in a school district, A COMMUNITY SCHOOL, or a participating nonpublic school may apply to a college to enroll in it during the student's ninth, tenth, eleventh, or twelfth grade school year under this chapter. For purposes of this division, during the period of an expulsion imposed under division (B) of section 3313.66 of the Revised Code or extended under division (F) of that section, a student is ineligible to apply to enroll in a college under this section, unless the student is admitted to another school district OR COMMUNITY SCHOOL, or a participating nonpublic school. If a student is enrolled in a college under this section at the time the student is expelled under division (B) of section 3313.66 of the Revised Code, the student's status for the remainder of the college term in which the expulsion is imposed shall be determined under section 3365.041 of the Revised Code.

(B) If a college accepts a student who applies under this section, it shall send written notice to the student, the student's school district, COMMUNITY SCHOOL, or nonpublic school, and the superintendent of public instruction within ten days after acceptance. Within ten days after each enrollment for a term, the college shall also send the student, the student's school district, COMMUNITY SCHOOL, or nonpublic school, and the superintendent of public instruction a written notice indicating the courses and hours of enrollment of the student and the option elected by the student under division (A) or (B) of section 3365.04 of the Revised Code for each course.

Sec. 3365.041. (A) When a school district superintendent OR GOVERNING AUTHORITY OF A COMMUNITY SCHOOL expels a student under division (B) of section 3313.66 of the Revised Code, the district superintendent OR BOARD shall send a written notice of the expulsion to any college in which the expelled student is enrolled under section 3365.03 of the Revised Code at the time the expulsion is imposed. The notice shall indicate the date the expulsion is scheduled to expire. The notice also shall indicate whether the district board of education OR COMMUNITY SCHOOL GOVERNING AUTHORITY has adopted a policy under section 3313.613 of the Revised Code to deny high school credit for post-secondary courses taken during an expulsion. If the expulsion is extended under division (F) of section 3313.66 of the Revised Code, the district superintendent OR GOVERNING AUTHORITY shall notify the college of the extension.

(B) A college may withdraw its acceptance under section 3365.03 of the Revised Code of a student who is expelled from school under division

(B) of section 3313.66 of the Revised Code. As provided in section 3365.03 of the Revised Code, regardless of whether the college withdraws its acceptance of the student for the college term in which the student is expelled, the student is ineligible to enroll in a college under that section for subsequent college terms during the period of the expulsion, unless the student enrolls in another school district OR COMMUNITY SCHOOL₂ or participating nonpublic school during that period.

If a college withdraws its acceptance of an expelled student who elected the option of division (A) of section 3365.04 of the Revised Code, the college shall refund tuition and fees paid by the student in the same proportion that it refunds tuition and fees to students who voluntarily withdraw from the college at the same time in the term.

If a college withdraws its acceptance of an expelled student who elected the option of division (B) of section 3365.04 of the Revised Code, the school district OR COMMUNITY SCHOOL shall not award high school credit for the college courses in which the student was enrolled at the time the college withdrew its acceptance, and any reimbursement under section 3365.07 of the Revised Code for the student's attendance prior to the withdrawal shall be the same as would be paid for a student who voluntarily withdrew from the college at the same time in the term. If the withdrawal results in the college's receiving no reimbursement, the college may require the student to return or pay for the textbooks and materials it provided the student free of charge under section 3365.08 of the Revised Code.

(C) When a student who elected the option of division (B) of section 3365.04 of the Revised Code is expelled under division (B) of section 3313.66 of the Revised Code from a school district OR COMMUNITY SCHOOL that has adopted a policy under section 3313.613 of the Revised Code, that election is automatically revoked for all college courses in which the student is enrolled during the college term in which the expulsion is imposed. Any reimbursement under section 3365.07 of the Revised Code for the student's attendance prior to the expulsion shall be the same as would be paid for a student who voluntarily withdrew from the college at the same time in the term. If the revocation results in the college's receiving no reimbursement, the college may require the student to return or pay for the textbooks and materials it provided the student free of charge under section 3365.08 of the Revised Code.

No later than five days after receiving an expulsion notice from the superintendent of a district OR THE GOVERNING AUTHORITY OF A COMMUNITY SCHOOL that has adopted a policy under section 3313.613 of the Revised Code, the college shall send a written notice to the expelled student that the student's election of division (B) of section 3365.04 of the Revised Code is revoked. If the college elects not to withdraw its acceptance of the student, the student shall pay all applicable tuition and fees for the college courses and shall pay for the textbooks and materials that the college provided under section 3365.08 of the Revised Code.

Sec. 3365.05. High school credit awarded for courses successfully completed under this chapter shall count toward the graduation requirements and subject area requirements of the school district₂ COMMUNITY SCHOOL₂ or nonpublic school. If a course comparable to one a student completed at a college is offered by the district₂ COMMUNITY SCHOOL₂ or nonpublic school, the board or school shall award comparable credit for the course completed at the college. If no comparable course is offered by the district₂ COMMUNITY SCHOOL₂ or nonpublic school, the board or school shall grant an appropriate number of credits in a similar subject area to the student.

If there is a dispute between a school district board OR A COMMUNITY SCHOOL GOVERNING AUTHORITY and a student regarding high school credits granted for a course, the student may appeal the board's OR GOVERNING AUTHORITY'S decision to the state board of education. The state board's decision regarding any high school credits granted under this division is final.

Evidence of successful completion of each course and the high school credits awarded by the district₂ COMMUNITY SCHOOL₂ or participating nonpublic school shall be included in the student's record. The record shall indicate that the credits were earned as a participant under this chapter and shall include the name of the college at which the credits were earned. The district board₂ COMMUNITY SCHOOL GOVERNING AUTHORITY₂ or nonpublic school shall determine whether and the manner in which the grade achieved in a course completed at a college under division (B) of section 3365.04 of the Revised Code will be counted in any cumulative grade point average maintained for the student.

Sec. 3365.07. (A) The rules adopted under section 3365.02 of the Revised Code shall specify a method for each of the following:

(1) Determining, with respect to any participant, the percentage of a full-time educational program constituted by the participant's total educational program. That percentage shall be the participant's full-time equivalency percentage for purposes of the computation required by division (B)(1) of this section.

The sum of divisions (A)(2)(a) to (c) of this section shall equal one hundred per cent.

(3) In the case of a participant who is not enrolled in a participating nonpublic school, determining the percentage of a participant's enrollment that shall be deemed to be enrollment in a joint vocational school district and the percentage that shall be deemed to be enrollment in a city, local, or exempted village school district. The sum of such percentages shall equal one hundred per cent.

(4) In the case of a participant who is enrolled in a participating nonpublic school, determining the percentage of a participant's school day during

which ~~he~~ THE PARTICIPANT is participating in programs provided by a college under division (B) of section 3365.04 of the Revised Code.

(B) Each July, the department of education shall pay each college for any participant enrolled in the college in the prior school year under division (B) of section 3365.04 of the Revised Code an amount computed as follows:

(1) Multiply the tuition base by the participant's full-time equivalency percentage and multiply the resulting amount by a percentage equal to the percentage of the participant's school day apportioned to the college under division (A)(2)(c) or (4) of this section, as applicable.

(2) Pay the college the lesser of:

(a) The amount computed under division (B)(1) of this section;

(b) The actual costs that would have been the responsibility of the participant had ~~he~~ THE PARTICIPANT elected to enroll under division (A) of section 3365.04 of the Revised Code, as verified by the department, of tuition, textbooks, materials, and fees directly related to any courses elected by the participant during the prior school year under division (B) of section 3365.04 of the Revised Code.

(C) The department shall not reimburse any college for any course taken by a participant under division (A) of section 3365.04 of the Revised Code.

(D) If the participant was not enrolled in a participating nonpublic school, the amount paid under division (B) of this section for each participant shall be subtracted from the school foundation payments made to the participant's school district OR, IF THE PARTICIPANT WAS ENROLLED IN A COMMUNITY SCHOOL, FROM THE COMMUNITY SCHOOL PAYMENTS MADE TO THE PARTICIPANT'S SCHOOL UNDER SECTION 3314.08 of the Revised Code. If the participant was enrolled in a joint vocational school district, a portion of the amount shall be subtracted from the payments to the joint vocational school district and a portion shall be subtracted from the payments to the participant's city, local, or exempted village school district. The amount of the payment subtracted from the city, local, or exempted village school district shall be computed as follows:

(1) Add the following:

(a) The percentage of the participant's enrollment in the school district, determined under division (A)(3) of this section; and

(b) Twenty-five per cent times the percentage of the participant's enrollment in the joint vocational school district, determined under division (A)(3) of this section.

(2) Multiply the sum obtained under division (D)(1) of this section by the amount computed under division (B)(2) of this section.

The balance of the payment shall be subtracted from the joint vocational district's school foundation payments.

(E) If the participant was enrolled in a participating nonpublic school, the amount paid under division (B) of this section shall be subtracted from moneys set aside by the general assembly for such purpose from funds appropriated for the purposes of section 3317.06 of the Revised Code.

Sec. 3365.09. Section 3365.07 and divisions (A) and (C) of section 3365.08 of the Revised Code do not apply to any college course in which a student is enrolled if during the term such student is enrolled in the college course ~~he~~ THE STUDENT is also a full-time student in ~~his~~ THE STUDENT'S district, COMMUNITY SCHOOL, or nonpublic school. The rules adopted under ~~section~~ SECTION 3365.02 of the Revised Code shall prescribe a method for determining whether a student is enrolled full-time in ~~his~~ THE STUDENT'S district, COMMUNITY SCHOOL, or nonpublic school.

(3) Comparative statements, so far as possible, in parallel columns of taxes and other revenues for the current fiscal year and the two preceding fiscal years.

(C)(1) The amount required for debt charges;

(2) The estimated receipts from sources other than the tax levy for payment of such debt charges, including the proceeds of refunding bonds to be issued to refund bonds maturing in the next succeeding fiscal year;

(3) The net amount for which a tax levy shall be made, classified as to bonds authorized and issued prior to January 1, 1922, and those authorized and issued subsequent to such date, and as to what portion of the levy will be within and what in excess of the ten-mill limitation.

(D) An estimate of amounts from taxes authorized to be levied in excess of the ten-mill limitation on the tax rate, and the fund to which such amounts will be credited, together with the sections of the Revised Code under which each such tax is exempted from all limitations on the tax rate.

(E)(1) A board of education may include in its budget for the fiscal year in which a levy proposed under section 5705.194, 5705.21, or 5705.213, or the original levy under section 5705.212 of the Revised Code is first extended on the tax list and duplicate an estimate of expenditures to be known as a voluntary contingency reserve balance, which shall not be greater than twenty-five per cent of the total amount of the levy estimated to be available for appropriation in such year.

(2) A board of education may include in its budget for the fiscal year following the year in which a levy proposed under section 5705.194, 5705.21, or 5705.213, or the original levy under section 5705.212 of the Revised Code is first extended on the tax list and duplicate an estimate of expenditures to be known as a voluntary contingency reserve balance, which shall not be greater than twenty per cent of the amount of the levy estimated to be available for appropriation in such year.

(3) Except as provided in division (E)(4) of this section, the full amount of any reserve balance the board includes in its budget shall be retained by the county auditor and county treasurer out of the first semiannual settlement of taxes until the beginning of the next succeeding fiscal year, and thereupon, with the depository interest apportioned thereto, it shall be turned over to the board of education, to be used for the purposes of such fiscal year.

(4) A board of education, by a two-thirds vote of all members of the board, may appropriate any amount withheld as a voluntary contingency reserve balance during the fiscal year for any lawful purpose, provided that prior to such appropriation the board of education has authorized the expenditure of all amounts appropriated for contingencies under section 5705.40 of the Revised Code. Upon request by the board of education, the county auditor shall draw a warrant on the district's account in the county treasury payable to the district in the amount requested.

(F)(1) A board of education may include a spending reserve in its budget for fiscal years ending on or before June 30, 2002. The spending reserve shall consist of an estimate of expenditures not to exceed the district's spending reserve balance. A district's spending reserve balance is the amount by which the designated percentage of the district's estimated personal property taxes to be settled during the calendar year in which the fiscal year ends exceeds the estimated amount of personal property taxes to be so settled and received by the district during that fiscal year. Moneys from a spending reserve shall be appropriated in accordance with section 133.301 of the Revised Code.

(2) For the purposes of computing a school district's spending reserve balance for a fiscal year, the designated percentage shall be as follows:

Fiscal year ending in:	Designated percentage
1998	50%
1999	40%
2000	30%
2001	20%
2002	10%

(G) Except as otherwise provided in this division, the county budget commission shall not reduce the taxing authority of a subdivision as a result of the creation of a reserve balance account. Except as otherwise provided in this division, the county budget commission shall not consider the amount in a reserve balance account of a township, county, or municipal corporation as an unencumbered balance or as revenue for the purposes of division (E)(3) or (4) of section 5747.51 or division (E)(3) or (4) of section 5747.62 of the Revised Code. The county budget commission may require documentation of the reasonableness of the reserve balance held in any reserve balance account. The commission shall consider any amount in a reserve balance account that it determines to be unreasonable as unencumbered and as revenue for the purposes of sections 5747.51 and 5747.62 of the Revised Code and may take such amounts into consideration when determining whether to reduce the taxing authority of a subdivision.

(H)(1) Each board of education shall include in its tax budget and shall establish a reserve balance account to accumulate currently available

resources to stabilize the school district's budget against cyclical changes in revenues and expenditures. The balance in the reserve balance account shall not at any time be less than five per cent of general fund revenues for the most recently concluded fiscal year, except as provided in division (H)(2) or (3) of this section, and except for deficiencies arising from the appropriation of money from the account for unanticipated deficiencies in revenue or other emergencies pursuant to a resolution adopted by two-thirds of the membership of the board of education specifying the reason for the appropriation. The auditor of state and the superintendent of public instruction jointly shall adopt rules governing conditions that constitute unanticipated deficiencies in revenue or emergencies for which appropriations may be made from a reserve balance account. The rules also shall provide that a board of education that borrows against its spending reserve established in its tax budget for a fiscal year under division (F) of this section is not subject to division (H)(2) of this section for that fiscal year. A board of education shall not appropriate money from a reserve balance account without filing a schedule for replenishing the account with the superintendent of public instruction and receiving approval of the schedule from the superintendent of public instruction.

(2)(a) Beginning with the fiscal year ending in 1999 and continuing each fiscal year until the balance in the reserve balance account equals five per cent of the district's revenues received for current expenses for the preceding fiscal year, if the growth in a district's total revenues received for current expenses from one fiscal year to the next is AT LEAST three per cent or more, the board of education shall credit to its reserve balance account, from the general fund or from other sources that may lawfully be credited to the general fund, an amount not less than one per cent of the revenue received for current expenses for the fiscal year, at which time the balance in the reserve balance account shall be maintained THAT, WHEN ADDED TO THE ACCOUNT BALANCE, IS NOT LESS THAN:

(i) ONE PER CENT OF REVENUES RECEIVED FOR CURRENT EXPENSES FOR THE PRIOR FISCAL YEAR; PLUS

(ii) THE SUM OF THE AMOUNTS CREDITED UNDER THIS SECTION FOR ALL FISCAL YEARS THAT AMOUNTS WERE REQUIRED TO BE CREDITED UNDER THIS SECTION.

EACH BOARD SHALL MAINTAIN THE BALANCE IN THE DISTRICT'S RESERVE BALANCE ACCOUNT AT NOT LESS THAN FIVE PER CENT OF THE DISTRICT'S REVENUES RECEIVED FOR CURRENT EXPENSES FOR THE PRECEDING FISCAL YEAR, EXCEPT as otherwise required AUTHORIZED under division (H)(4) of this section.

(b) NOTWITHSTANDING DIVISION (H)(2)(a) OF THIS SECTION, IN NO YEAR SHALL A BOARD BE REQUIRED TO CREDIT TO ITS RESERVE BALANCE ACCOUNT MORE THAN ONE PER CENT OF REVENUES RECEIVED FOR CURRENT EXPENSES FOR THE PRIOR FISCAL YEAR.

(3) The balance in the reserve balance account of a school district may be less than five per cent of the general fund revenue for the most recently concluded fiscal year in any fiscal year in which the school district is in a state of fiscal watch or fiscal emergency pursuant to section 3316.03 of the Revised Code.

(4) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of division (H) of this section prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after November 21, 1997.

(5) Notwithstanding division (H)(2) of this section, a school district may, pursuant to rules adopted by the auditor of state, credit less than one per cent of its prior year's revenue received for current expenses into its reserve balance account.

(6) A SCHOOL DISTRICT BOARD MAY APPLY TO THE STATE SUPERINTENDENT OF PUBLIC INSTRUCTION FOR A ONE-TIME WAIVER OF THE DEPOSIT REQUIREMENTS OF DIVISION (H)(2) OF THIS SECTION WHEN IT DETERMINES THAT MEETING THE REQUIREMENTS IN THE CURRENT OR NEXT FISCAL YEAR WOULD CAUSE THE DISTRICT TO REDUCE OR ELIMINATE IMPORTANT EDUCATIONAL SERVICES. THE DISTRICT SHALL APPLY IN THE FORM AND MANNER REQUIRED BY THE STATE SUPERINTENDENT, AND THE APPLICATION MAY REQUEST A WAIVER OF ALL OR PART OF THE DEPOSIT REQUIRED FOR THE CURRENT OR NEXT FISCAL YEAR. THE STATE SUPERINTENDENT MAY GRANT A WAIVER IF THE STATE SUPERINTENDENT AND THE AUDITOR OF STATE DETERMINE THAT MEETING THE REQUIREMENT IN THE CURRENT OR NEXT FISCAL YEAR WOULD CAUSE THE SCHOOL DISTRICT TO REDUCE OR ELIMINATE IMPORTANT EDUCATIONAL SERVICES. A WAIVER MAY ENTIRELY EXEMPT THE DISTRICT FROM MAKING ANY DEPOSIT INTO ITS RESERVE BALANCE ACCOUNT DURING THE CURRENT OR NEXT FISCAL YEAR OR, REGARDLESS OF WHETHER THE DISTRICT BOARD APPLIED FOR A WAIVER OF THE ENTIRE DEPOSIT, MAY SIMPLY REDUCE THE AMOUNT OF THE DEPOSIT OTHERWISE REQUIRED DURING THE CURRENT OR NEXT FISCAL YEAR BY DIVISION (H)(2) OF THIS SECTION. A WAIVER IS VALID FOR ONE FISCAL YEAR: EITHER THE FISCAL YEAR IN WHICH THE DISTRICT BOARD APPLIED FOR IT OR THE IMMEDIATELY FOLLOWING FISCAL YEAR. A DISTRICT BOARD MAY RECEIVE ONLY ONE WAIVER UNDER DIVISION (H)(6) OF THIS SECTION.

(I) NOTWITHSTANDING DIVISION (H)(2) OF THIS SECTION, WHENEVER A CITY, LOCAL, EXEMPTED VILLAGE, OR JOINT VOCATIONAL SCHOOL DISTRICT RECEIVES FROM THE BUREAU OF WORKERS' COMPENSATION A REFUND OR OTHER REIMBURSEMENT OF MONEY THAT THE DISTRICT PREVIOUSLY PAID TO THE BUREAU, THE DISTRICT SHALL DEPOSIT THE FULL AMOUNT OF THE REFUND OR OTHER REIMBURSEMENT INTO THE DISTRICT'S RESERVE BALANCE ACCOUNT, UNLESS THE ACCOUNT ALREADY CONTAINS FIVE PER CENT OF THE DISTRICT'S REVENUES RECEIVED FOR CURRENT EXPENSES FOR THE PRECEDING YEAR AS PRESCRIBED IN DIVISION (H)(2)(a) OF THIS SECTION. A DISTRICT MAY CREDIT ANY AMOUNT IT DEPOSITS INTO THAT ACCOUNT UNDER THIS DIVISION TOWARD ANY MINIMUM DEPOSIT REQUIRED FOR THE ACCOUNT IN THAT FISCAL YEAR.

Sec. 5705.412. Notwithstanding section 5705.41 of the Revised Code, no school district shall adopt any appropriation measure, make any

contract, give any order involving the expenditure of money, or increase during any school year any wage or salary schedule unless there is attached thereto a certificate signed by the treasurer and president of the board of education and the superintendent that the school district has in effect for the remainder of the fiscal year and the succeeding fiscal year the authorization to levy taxes including the renewal or replacement of existing levies which, when combined with the estimated revenue from all other sources available to the district at the time of certification, are sufficient to provide the operating revenues necessary to enable the district to maintain all personnel, programs, and services essential to the provision of an adequate educational program for all the days set forth in its adopted school calendars for the current fiscal year and for a number of days in the succeeding fiscal year equal to the number of days instruction was held or is scheduled for the current fiscal year. However, a certificate attached to an appropriation measure under this section shall cover only the fiscal year in which the appropriation measure is effective and shall not consider the renewal or replacement of an existing levy as the authority to levy taxes that are subject to appropriation in the current fiscal year unless the renewal or replacement levy has been approved by the electors and is subject to appropriation in the current fiscal year. In addition, a certificate attached, in accordance with this section, to any contract shall cover the term of the contract or the current fiscal year plus the two immediately succeeding fiscal years, whichever period of years is greater. If the board of education has not adopted a school calendar for the school year beginning on the first day of the fiscal year in which a certificate is required, the certificate attached to an appropriation measure shall include the number of days on which instruction was held in the preceding fiscal year and other certificates required under this section shall include that number of days for the fiscal year in which the certificate is required and the succeeding fiscal year. Every contract made, order given, or schedule adopted or put into effect without such a certificate shall be void, and no payment of any amount due thereon shall be made. The department of education and the auditor of state jointly shall develop rules governing the methods by which treasurers, presidents of boards of education, and superintendents shall estimate revenue and determine whether such revenue is sufficient to provide necessary operating revenue for the purpose of making certifications required by this section.

The auditor of state shall be responsible for determining whether school districts are in compliance with this section. At the time a school district is audited pursuant to section 117.11 of the Revised Code, the auditor of state shall review each certificate issued under this section since the district's last audit, and the appropriation measure, contract, order, or wage and salary schedule to which such certificate was attached. This provision shall not preclude any court from making a determination regarding compliance with this section. If noncompliance is determined, the provisions of section 117.28 of the Revised Code shall have effect.

~~The treasurer shall forward a copy of each certificate of available resources required under this section to the auditor of any county in which a part of the district is located. The county auditor shall not distribute property taxes or any payment under Chapter 3317. of the Revised Code to a school district that has not forwarded copies of all such certificates. If a county auditor determines that a copy of a certificate has not been forwarded as required, or has reason to believe that a certificate for which a copy has been forwarded contains false statements or that a certificate has not been signed and attached to an appropriation measure, contract, order, or wage and salary schedule as required by this section, the auditor shall provide immediate written notification to the superintendent of public instruction. In the case of a certificate which the auditor has reason to believe contains false information or the failure to sign and attach a certificate as required, the auditor shall also provide immediate written notification to the auditor of state and the county prosecuting attorney, city director of law, or other chief law officer of the district.~~

This section does not apply to any contract, order, or increase in any wage or salary schedule that is necessary in order to enable a board of education to comply with division (B) of section 3317.13 of the Revised Code, provided the contract, order, or increase does not exceed the amount required to be paid to be in compliance with such division.

Any officer, employee, or other person who knowingly expends or authorizes the expenditure of any public funds or knowingly authorizes or executes any contract, order, or schedule contrary to this section, knowingly expends or authorizes the expenditure of any public funds on the void contract, order, or schedule, or knowingly issues a certificate under this section which contains any false statements is liable to the school district for the full amount paid from the district's funds on the contract, order, or schedule. The officer, employee, or other person is jointly and severally liable in person and upon any official bond that the officer, employee, or other person has given to the school district to the extent of any payments on the void claim, not to exceed twenty thousand dollars. However, no officer, employee, or other person shall be liable for a mistaken estimate of available resources made in good faith and based upon reasonable grounds. If an officer, employee, or other person is found to have complied with rules adopted by the department of education under this section governing methods by which revenue shall be estimated and determined sufficient to provide necessary operating revenue for the purpose of making certifications required by this section, the officer, employee, or other person shall not be liable under this section if the estimates and determinations made according to those rules do not, in fact, conform with actual revenue. The prosecuting attorney of the county, the city director of law, or other chief law officer of the district shall enforce this liability by civil action brought in any court of appropriate jurisdiction in the name of and on behalf of the school district. If the prosecuting attorney, city director of law, or other chief law officer of the district fails, upon the written request of any taxpayer, to institute action for the enforcement of the liability, the taxpayer may institute the action in the taxpayer's own name in behalf of the subdivision.

This section does not require the attachment of an additional certificate beyond that required by section 5705.41 of the Revised Code for any purchase order, for current payrolls of, or contracts of employment with, regular employees or officers.

This section does not require the attachment of a certificate to a temporary appropriation measure if all of the following apply:

- (A) The amount appropriated does not exceed twenty-five per cent of the total amount from all sources available for expenditure from any fund during the preceding fiscal year;
- (B) The measure will not be in effect on or after the thirtieth day following the earliest date on which the district may pass an annual appropriation measure;
- (C) An amended official certificate of estimated resources for the current year, if required, has not been certified to the board of education under division (B) of section 5705.36 of the Revised Code.

Sec. 5747.01. Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter has the same meaning as when used in a comparable context in the Internal Revenue Code, and all other statutes of the United States relating to federal income taxes.

As used in this chapter:

(A) "Adjusted gross income" or "Ohio adjusted gross income" means adjusted gross income as defined and used in the Internal Revenue Code, adjusted as provided in ~~divisions (A)(1) to (17) of this section:~~

(1) Add interest or dividends on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities.

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States that are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(4) Deduct disability and survivor's benefits to the extent included in federal adjusted gross income.

(5) Deduct benefits under Title II of the Social Security Act and tier 1 railroad retirement benefits to the extent included in federal adjusted gross income under section 86 of the Internal Revenue Code.

(6) Add, in the case of a taxpayer who is a beneficiary of a trust that makes an accumulation distribution as defined in section 665 of the Internal Revenue Code, the portion, if any, of such distribution that does not exceed the undistributed net income of the trust for the three taxable years preceding the taxable year in which the distribution is made. "Undistributed net income of a trust" means the taxable income of the trust increased by (a)(i) the additions to adjusted gross income required under division (A) of this section and (ii) the personal exemptions allowed to the trust pursuant to section 642(b) of the Internal Revenue Code, and decreased by (b)(i) the deductions to adjusted gross income required under division (A) of this section, (ii) the amount of federal income taxes attributable to such income, and (iii) the amount of taxable income that has been included in the adjusted gross income of a beneficiary by reason of a prior accumulation distribution. Any undistributed net income included in the adjusted gross income of a beneficiary shall reduce the undistributed net income of the trust commencing with the earliest years of the accumulation period.

(7) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the targeted jobs credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(8) Deduct any interest or interest equivalent on public obligations and purchase obligations to the extent included in federal adjusted gross income.

(9) Add any loss or deduct any gain resulting from the sale, exchange, or other disposition of public obligations to the extent included in federal adjusted gross income.

(a) Deduct the following:

(i) For credits that as of the end of the taxable year have not been refunded pursuant to the termination of a tuition payment contract under section 3334.10 of the Revised Code, the amount of income related to the credits, to the extent included in federal adjusted gross income;

(ii) For credits that during the taxable year have been refunded pursuant to the termination of a tuition payment contract under section 3334.10 of the Revised Code, the excess of the total purchase price of the tuition credits refunded over the amount of refund, to the extent the amount of the excess was not deducted in determining federal adjusted gross income;

(b) Add the following:

(i) For credits that as of the end of the taxable year have not been refunded pursuant to the termination of a tuition payment contract under section 3334.10 of the Revised Code, the amount of loss related to the credits, to the extent the amount of the loss was deducted in determining federal adjusted gross income;

(ii) For credits that during the taxable year have been refunded pursuant to the termination of a tuition payment contract under section 3334.10 of the Revised Code, the excess of the amount of refund over the purchase price of each tuition credit refunded, to the extent not included in federal adjusted gross income.

(11) Deduct, in the case of a self-employed individual as defined in section 401(c)(1) of the Internal Revenue Code and to the extent not otherwise allowable as a deduction in computing federal adjusted gross income for the taxable year, the amount paid during the taxable year for insurance that constitutes medical care for the taxpayer, the taxpayer's spouse, and dependents. No deduction under division (A)(11) of this section shall be allowed to any taxpayer who is eligible to participate in any subsidized health plan maintained by any employer of the taxpayer or of the spouse of the taxpayer. No deduction under division (A)(11) of this section shall be allowed to the extent that the sum of such deduction and any related deduction allowable in computing federal adjusted gross income for the taxable year exceeds the taxpayer's earned income, within the meaning of section 401(c) of the Internal Revenue Code, derived by the taxpayer from the trade or business with respect to which the plan providing the

medical coverage is established.

(12) Deduct any amount included in federal adjusted gross income solely because the amount represents a reimbursement or refund of expenses that in a previous year the taxpayer had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable United States department of the treasury regulations.

(13) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(14) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(14) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(15)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;

(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(17) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of human services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(17) of this section.

(18) BEGINNING IN TAXABLE YEAR 2001, IF THE TAXPAYER IS MARRIED AND FILES A JOINT RETURN AND THE COMBINED FEDERAL ADJUSTED GROSS INCOME OF THE TAXPAYER AND THE TAXPAYER'S SPOUSE FOR THE TAXABLE YEAR DOES NOT EXCEED ONE HUNDRED THOUSAND DOLLARS, OR IF THE TAXPAYER IS SINGLE AND HAS A FEDERAL ADJUSTED GROSS INCOME FOR THE TAXABLE YEAR NOT EXCEEDING FIFTY THOUSAND DOLLARS, DEDUCT AMOUNTS PAID DURING THE TAXABLE YEAR FOR QUALIFIED TUITION AND FEES PAID TO AN ELIGIBLE INSTITUTION FOR THE TAXPAYER, THE TAXPAYER'S SPOUSE, OR ANY DEPENDENT OF THE TAXPAYER, WHO IS A RESIDENT OF THIS STATE AND IS ENROLLED IN OR ATTENDING A PROGRAM THAT CULMINATES IN A DEGREE OR DIPLOMA AT AN ELIGIBLE INSTITUTION. THE DEDUCTION MAY BE CLAIMED ONLY TO THE EXTENT THAT QUALIFIED TUITION AND FEES ARE NOT OTHERWISE DEDUCTED OR EXCLUDED FOR ANY TAXABLE YEAR FROM FEDERAL OR OHIO ADJUSTED GROSS INCOME. THE DEDUCTION MAY NOT BE CLAIMED FOR EDUCATIONAL EXPENSES FOR WHICH THE TAXPAYER CLAIMS A CREDIT UNDER SECTION 5747.27 of the Revised Code.

Of the foregoing appropriation item 200-100, Personal Services, \$120,000 in each fiscal year shall be used to support the salary and fringe benefits of a teacher in residence and support staff at the Governor's Office.

Of the foregoing appropriation item 200-100, Personal Services, up to \$250,000 in fiscal year 2000 shall be used by the Department of Education to contract with an independent researcher to conduct a study of the educational and fiscal benefits of sharing services, programs, and facilities in school districts that are declared to be in a state of academic emergency under division (B) of section 3302.03 of the Revised Code or declared to be in a state of fiscal emergency under section 3316.03 of the Revised Code. The study shall pay particular attention to the academic benefits of school district sharing services and shall examine the feasibility of joint use of facilities and joint provision of programs by school districts. The Department shall submit the completed study to the General Assembly and the Governor by December 31, 1999.

Maintenance and Equipment

Of the foregoing appropriation item 200-320, Maintenance and Equipment, up to \$25,000 may be expended in each year of the biennium for State Board of Education out-of-state travel.

Of the foregoing appropriation item 200-320, Maintenance and Equipment, \$4,000,000 in fiscal year 2000 shall be reserved to fund expenses associated with the Department of Education's move from the Ohio Departments Building. The unencumbered balance of the appropriation at the end of fiscal year 2000 is hereby transferred to fiscal year 2001 to pay the cost of the move of the Department of Education from the Ohio Departments Building.

Of the foregoing appropriation item 200-320, Maintenance and Equipment, \$30,000 in each fiscal year shall be used to fund the travel expenses and administrative overhead of the Teacher in Residence and support staff at the Governor's Office.

Of the foregoing appropriation item 200-320, Maintenance and Equipment, up to \$17,675 in fiscal year 2000 shall be used to fund the acquisition and shipping costs associated with providing one copy of the book "Letters Home: The Letters of the Ohio Veterans Plaza," and a videotape of the dedication of the Ohio Veterans Plaza to each public high school library in the state.

Of the foregoing appropriation item 200-320, Maintenance and Equipment, up to \$350,000 in fiscal year 2001 shall be reserved for the expenses of the Auditor of State, if necessary, subject to approval of the Controlling Board.

Section 4.02. Head Start

Of the foregoing appropriation item 200-406, Head Start, \$1,000,000 in each fiscal year shall be used for the Waterford Reading Program. The remainder of the appropriation shall be distributed by the Department of Education to Head Start agencies. A "Head Start agency" means an entity that has been approved to be an agency in accordance with Section 641 [42 U.S.C. 9836] of the Head Start Act and amendments thereto, or an entity designated for state Head Start funding under this section. Participation in state funded Head Start programs is voluntary.

Moneys distributed under this heading shall not be used to reduce expenditures from funds received by a Head Start agency from any other sources. Section 3301.31 of the Revised Code does not apply to funds distributed under this heading. In lieu of section 3301.31 of the Revised Code, distribution of moneys under this heading shall be as follows:

(A) In fiscal years 2000 and 2001, up to two per cent of the remaining appropriation may be used by the Department for administrative costs of complying with this section; developing program capacity; and assisting programs with facilities planning, construction, renovation, or lease agreements in combination with the Community Development Finance Fund (CDFF). Up to \$3,000,000 in fiscal year 2000 and \$1,500,000 in fiscal year 2001 may be used for training in early literacy for Head Start classroom teachers and administrators to support the OhioReads Initiative.

(B) The department shall provide an annual report to the Governor, the Speaker of the House of Representatives, the President of the Senate, the State Board of Education, Head Start grantees, and other interested parties. The report shall include the following:

- (1) The number and per cent of eligible children by county and by grantee;
- (2) The amount of state funds requested for continuation per grantee;

- (3) The amount of state funds received for continuation per grantee;
- (4) A summary of program performance on the state critical performance indicators;
- (5) A summary of developmental progress of children participating in the state funded Head Start program;
- (6) Any other data reflecting the performance of Head Start that the department considers pertinent.

(C) For purposes of this section, "eligible child" means a child who is at least three years of age and not of compulsory school age whose family earns no more than 100 per cent of the federal poverty level, except as otherwise provided in this division.

The Department of Education, in consultation with Head Start grantees or their designated representatives, shall establish criteria under which individual Head Start grantees may apply to the department for a waiver to include as "eligible children" those children from families earning up to 125 per cent of the federal poverty level when the children otherwise qualify as "eligible children" under this division.

The Department of Education, in consultation with the Department of Human Services, interested parties, and Head Start agencies shall formulate a method for determining an estimate of the number of eligible children and the per cent served by grantee(s) in each county.

(D) After setting aside amounts to make any payments due from the prior fiscal year, in fiscal years 2000 and 2001, funds shall first be distributed to recipients of Head Start funds during the preceding fiscal year. Awards under this division may be reduced by the amount received in that year for one-time start-up costs and may be adjusted for actual months of program operation or enrollment as reported during the first full week of December, and may be increased by a reasonable percentage for inflation to be determined by the Department of Education and in accordance with this section. The Department may redistribute dollars to programs demonstrating an unmet need based on updated assessments of family needs and community resources, with special attention to the projected impact of welfare reform. In fiscal years 2000 and 2001, the department may authorize recipients to carry over funds to the subsequent fiscal year.

The Department may reallocate unobligated or unspent money to participating Head Start agencies for purposes of program expansion, improvement, or special projects to promote excellence and innovation.

(E) Costs for developing and administering a Head Start program may not exceed fifteen per cent of the total approved costs of the program.

All recipients of funds shall maintain such fiscal control and accounting procedures as may be necessary to ensure the disbursement of, and accounting for, these funds. The control of funds provided in this program, and title to property obtained therefrom, shall be under the authority of the approved recipient for purposes provided in the program. The approved recipient shall administer and use such property and funds for the purposes specified.

Each recipient shall furnish the department an annual audit that includes the review of state funds received under this section.

(F) The department shall prescribe target levels for critical performance indicators for the purpose of assessing Head Start programs. On-site reviews and follow-up visits shall be based on grantee progress in meeting the prescribed target levels.

The department may audit a Head Start agency's financial and program records. Head Start agencies that have financial practices not in accordance with standard accounting principles, that fail to substantially meet the Head Start performance standards, or that exhibit below-average performance shall be subject to an on-site review.

The department shall require corrective plans of action for programs not achieving target levels or financial and program standards. Action plans shall include activities to be conducted by the grantee and timelines for activities to be completed and timelines for additional data submission to the department demonstrating targets have been met. The Policy Council chairperson and the appropriate grantee board official shall sign the corrective plans of action.

Programs not meeting performance targets in accordance with the plan of action and prescribed timelines may have their continuation funding reduced, be disqualified for expansion consideration until targets are met, or have all state funds withdrawn and a new grantee established.

The department shall require school districts to collect "preschool" information by program type. All data shall be reported via the Education Management Information System (EMIS).

(G) The Department shall require Head Start grantees to document child progress, using a common instrument prescribed by the department, and report results annually. The department shall determine the dates for documenting and reporting.

The State Board of Education shall adopt rules addressing the use of screening and assessment data, including, but not limited to, all the following:

- (1) Protection of the identity of individual children through assignment of a unique but not personally identifiable code;
- (2) Parents' rights;
- (3) Use of the data by school personnel as it relates to kindergarten entrance.

(H) New agencies may be designated for state Head Start funding if a Head Start agency voluntarily waives its right for funding or is de-funded based on performance.

When such a condition exists, the department shall conduct a competitive bidding process to select a new agency to provide state funded continuation and/or expansion services. The bidding process shall include notices of competitive bidding mailed to delegate agencies in the affected area and to newspapers in the Head Start service area.

Section 3313.646 of the Revised Code does not apply to funds distributed under this section.

(I) It is the intent of the General Assembly that appropriations for appropriation items 200-406, Head Start, and 200-408, Public Preschool, be available for transfer between Head Start and public preschool programs so that unallocated funds may be used between the two programs.

Section 4.03. Public Preschool

The Department of Education shall distribute the foregoing appropriation item 200-408, Public Preschool, to pay the costs of comprehensive preschool programs. As used in this section, "school district" means a city, local, exempted village, or joint vocational school district, or an educational service center.

(A) In fiscal years 2000 and 2001, up to two per cent of the total appropriation may be used by the department for administrative costs of complying with this section; developing program capacity; and assisting programs with facilities planning, construction, renovation, or lease agreements in conjunction with the Community Development Finance Fund (CDDF).

(B) The department shall provide an annual report to the Governor, the Speaker of the House of Representatives, the President of the Senate, the State Board of Education, Head Start grantees, and other interested parties. The report shall include:

- (1) The number and per cent of eligible children by county and by school district;
- (2) The amount of state funds requested for continuation per school district;
- (3) The amount of state funds received for continuation per school district;
- (4) A summary of program performance on the state critical performance indicators in the public preschool program;
- (5) A summary of developmental progress of children participating in the state funded public preschool program;
- (6) Any other data reflecting the performance of public preschool programs that the department considers pertinent.

(C) For purposes of this section "eligible child" means a child who is at least three years of age whose family earns no more than 185 per cent of the federal poverty level.

The Department of Education, in consultation with the Department of Human Services, interested parties, and Head Start agencies shall formulate a method for determining an estimate of the number of eligible children and the percentage served by grantees in each county.

(D) After setting aside amounts to make any payments due from the prior fiscal year, in fiscal years 2000 and 2001, funds shall first be distributed to recipients of funds during the preceding fiscal year. Awards under this division may be reduced by the amount received in that fiscal year for one-time start-up costs and may be adjusted for actual months of program operation or enrollment as reported during the first full week of December, and may be increased by a reasonable percentage to be determined by the Department of Education. The department may redistribute dollars to programs demonstrating an unmet need based on updated assessments of family needs and community resources, with special attention to the projected impact of welfare reform. In fiscal years 2000 and 2001, the department may authorize recipients to carry over funds to the subsequent fiscal year.

The department may reallocate unobligated or unspent money to participating school districts for purposes of program expansion, improvement, or special projects to promote excellence and innovation.

(E) Costs for developing and administering a preschool program may not exceed fifteen per cent of the total approved costs of the program.

All recipients of funds shall maintain such fiscal control and accounting procedures as may be necessary to ensure the disbursement of, and accounting for, these funds. The control of funds provided in this program, and title to property obtained therefrom, shall be under the authority of the approved recipient for purposes provided in the program. The approved recipient shall administer and use such property and funds for the purposes specified.

(F) The department shall prescribe target levels for critical performance indicators for the purpose of assessing public preschool programs. On-site reviews and follow-up visits shall be based on progress in meeting the prescribed target levels.

The department may audit a school district's preschool financial and program records. School districts that have financial practices not in accordance with standard accounting principles, that operate preschool programs that fail to substantially meet the Head Start performance standards, or that exhibit below-average performance shall be subject to an on-site review.

The department shall require corrective plans of action for programs not achieving target levels or financial and program standards. Action plans shall include activities to be conducted by the grantee and timelines for activities to be completed and timelines for additional data submission to the department demonstrating that targets have been met. The appropriate school board official shall sign the corrective plans of action.

Public preschool programs not meeting performance targets in accordance with the plan of action and prescribed timelines may have their continuation funding reduced, be disqualified for expansion consideration until targets are met, or have all state funds withdrawn and a new program established.

(G) The department shall require public preschool programs to document child progress, using a common instrument prescribed by the department, and report results annually. The department shall determine the dates for documenting and reporting.

The State Board of Education shall adopt rules addressing the use of screening and assessment data, including, but not limited to, all of the following:

- (1) Protection of the identity of individual children through assignment of a unique but not personally identifiable code;
- (2) Parents' rights;
- (3) Use of the data by school personnel as it relates to kindergarten entrance.

(H) Each school district shall develop a sliding fee scale based on the family incomes in the district and shall charge families who earn more than the federal poverty level for preschool.

(I) It is the intent of the General Assembly that appropriations for line item 200-406, Head Start, and 200-408, Public Preschool, be available for transfer between Head Start and Public Preschool programs so that unallocated funds may be used between the two programs.

Each prospective applicant for certification or licensure shall submit an application to the Department of Education. When the department has collected a group of applications, but no later than 30 days after receipt of the first application in a group, it shall send the applications to the National Board for Professional Teaching Standards along with a check to cover the cost of the application fee for all applicants in that group.

Of the foregoing appropriation item 200-410, Professional Development, up to \$300,000 shall be used each fiscal year by the Department of Education to support the connection of teacher applicants to programs, including university programs, that enhance applicant learning and professional development during the National Board Certification process.

Of the foregoing appropriation item 200-410, Professional Development, up to \$1,875,000 in each fiscal year shall be allocated for entry year programs. Each fiscal year, up to \$1,250,000 shall be used for mentors and assessor training, and up to \$1,475,000 for peer review. The Department of Education shall select eligible beginning teachers to participate in a year-long entry year program that provides guidance and

coaching by experienced school district and university faculty and regular teacher performance assessment. The program is designed to assess each beginning teacher with the Education Testing Service's Praxis III examination. These funds shall be used to support the supervisory, teaching, and assessment services associated with the pilot residency program in urban, suburban, and rural sites.

Of the foregoing appropriation item 200-410, Professional Development, up to \$650,000 in each fiscal year shall be used to continue Ohio leadership academies to develop and train superintendents, principals, other administrators, and school board members in new leadership and management practices to support high performance schools. This training shall be coordinated with other locally administered leadership programs.

Of the foregoing appropriation item 200-410, Professional Development, up to \$850,000 in each fiscal year shall be used to support a two-year Principal's Leadership Academy that will serve principals and their staff teams. An advisory panel comprised of national business and education experts shall advise the Ohio Department of Education on content and delivery of curriculum and instruction.

Of the foregoing appropriation item 200-410, Professional Development, up to \$975,000 in each fiscal year shall be used to establish an entry year program for principals. Grants shall be issued to pilot sites that shall develop prototypes of the program in a variety of contexts. These sites shall also pilot the School Leaders Licensure Assessment, which was developed by the Educational Testing Service at a cost of \$450 per assessment.

Of the foregoing appropriation item 200-410, Professional Development, up to \$500,000 in each fiscal year shall be used by the Rural Appalachian Initiative to create professional development academies for teachers, principals, and superintendents in the Appalachian region. No funding shall be released prior to the Department of Education receiving a satisfactory report of the activities conducted by these professional development academies during the previous year.

(A) Of the foregoing appropriation item 200-411, Family and Children First, the Department of Education shall transfer up to \$3,677,188 in each fiscal year by intrastate transfer voucher to the Department of Mental Retardation and Developmental Disabilities. These funds shall be spent on direct grants to county family and children first councils created under section 121.37 of the Revised Code. The funds shall be used as partial support payment and reimbursement for the maintenance and treatment costs of multi-need children that come to the attention of the Family and Children First Cabinet Council pursuant to section 121.37 of the Revised Code. The Department of Mental Retardation and Developmental Disabilities shall administer the distribution of the direct grants to the county councils. The Department of Mental Retardation and Developmental Disabilities may use up to five per cent of this amount for administrative expenses associated with the distribution of funds to the county councils.

(B) Of the funds appropriated in this item, up to \$1,775,000 in each fiscal year shall be used as administrative grants to county family and children first councils to provide a portion of the salary and fringe benefits necessary to fund county council coordinators, administrative support, training, or parental involvement. The total initial grant under this provision to any county family and children first council shall not exceed \$20,000. In the event that not all counties in the state have established a county council, at the beginning of the fourth quarter of a fiscal year, any remaining funds to be used as administrative grants may be redirected by the Family and Children First Cabinet Council to other priorities and activities. Of the funds appropriated in this item, up to \$15,000 shall be used by the Family and Children First Cabinet Council for administrative costs, including stipends to family representatives participating in approved activities of the initiative, educational and informational forums, and technical assistance to local family and children first councils.

(C) Of the foregoing appropriation item 200-411, Family and Children First, up to \$5,190,000 in each fiscal year shall be used to fund school-based or school-linked school readiness resource centers in school districts where there is a concentration of risk factors to school readiness and success, including indicators of poverty, health, and family stability. The purpose of these centers is to assist in providing services to families of school-age children who want and need support.

School readiness resource centers shall be located in each of the state's 21 urban school districts as defined in division (O) of section 3317.02 of the Revised Code, as that section existed prior to July 1, 1998. The Ohio Family and Children First Cabinet Council, in consultation with the Department of Education and school districts, shall identify individual schools based on quantitative and qualitative factors that reflect both the need for school readiness resource centers and the local capacity for redesigning, as necessary, a delivery system of family support services. The council and the Department of Education shall organize and provide technical assistance to the school districts and communities in planning, developing, and implementing the centers. The council shall also negotiate a performance agreement that details required program characteristics, service options, and expected results.

Each urban school district and community may receive up to \$240,000 to maintain three school readiness resource centers that are located in or linked to elementary, middle, and high school sites that are connected by student assignment patterns within the school districts. Each school district shall work with a representative of the local family and children first council and a representative cross-section of families and community leaders in the district to operate the school readiness resource centers based upon conditions agreed to in the performance agreement negotiated with the state council.

Up to \$50,000 in each fiscal year may be used by the Ohio Family and Children First Cabinet Council for an evaluation of the effectiveness of the school readiness resource centers. Up to \$100,000 in each fiscal year may be used by the cabinet council to approve technical assistance and oversee the implementation of the centers. The administration and management of the school readiness resource centers may be contracted out through a competitive bidding process established by the cabinet council in consultation with the Department of Education.

Section 4.06. Vocational Education Match

The foregoing appropriation item 200-416, Vocational Education Match, shall be used by the Department of Education to provide vocational administration matching funds pursuant to 20 U.S.C. 2311.

Technical Systems Development

The foregoing appropriation item 200-420, Technical Systems Development, shall be used to support several information system development projects that are designed to improve the performance and customer service of the Ohio Department of Education. Implementation of these systems shall allow the department to provide greater levels of assistance and more timely information to school districts, administrators, and legislators.

Up to \$2,500,000 in fiscal year 2000 shall be used for development and testing of the school administration software of EMIS. Up to \$250,000 in fiscal year 2000 shall be used for the construction plans of the EMIS redesign.

In fiscal year 2000, up to \$300,000 may be used for the Department's maintenance contract for database management software; up to \$100,000 shall be used for Phase I of the Department's data warehouse software purchase and maintenance fees; and up to \$300,000 shall be used for Phase II of the data warehouse project.

In fiscal year 2001, up to \$1,800,000 shall be used for EMIS conversion, including district support and technical assistance; up to \$350,000 may be used for the Department's annual maintenance contract for database management software; and up to \$200,000 shall be used to support the data warehouse project.

School Management Assistance

The foregoing appropriation item 200-422, School Management Assistance, shall be used by the Department of Education to provide fiscal technical assistance and inservice education for school district management personnel and to administer, monitor, and implement the fiscal watch and fiscal emergency provisions under Chapter 3316. of the Revised Code.

Policy Analysis

The foregoing appropriation item 200-424, Policy Analysis, shall be used by the Department of Education to develop software and other computer assistance to maintain and enhance a system of administrative, statistical, and legislative education information to be used for policy analysis. The data base shall be kept current at all times. Such a system will be used to supply information and analysis of data to the General Assembly and other state policy makers, including the Office of Budget and Management and the Legislative Budget Office of the Legislative Service Commission.

The Department of Education may use funding from this line item to purchase or contract for the development of software systems or contract for policy studies that will assist in the provision and analysis of policy-related information.

Ohio Educational Computer Network

The foregoing appropriation item 200-426, Ohio Educational Computer Network, shall be used by the Department of Education to maintain a system of information technology throughout Ohio and to provide technical assistance for such a system in support of the State Education Technology Plan pursuant to section 3301.07 of the Revised Code.

Of the foregoing appropriation item 200-426, Ohio Educational Computer Network, up to \$10,460,000 in fiscal year 2000 and \$11,510,000 in fiscal year 2001 shall be used to support the development, maintenance, and operation of a network of uniform and compatible computer-based information and instructional systems. The technical assistance shall include, but not be restricted to, the development and maintenance of adequate computer software systems to support network activities. Program funds may be used, through a formula and guidelines devised by the department, to subsidize the activities of not more than twenty-four designated data acquisition sites, as defined by State Board of Education rules, to provide to school districts and chartered nonpublic schools computer-based student and teacher instructional and administrative information services, including approved computerized financial accounting, to assure the effective operation of local automated administrative and instructional systems.

In order to broaden the scope of the use of technology for education, the department may use up to \$250,000 in each fiscal year to coordinate the activities of the computer network with other agencies funded by the department or the state. In order to improve the efficiency of network activities, the department and data acquisition sites may jointly purchase equipment, materials, and services from funds provided under this appropriation for use by the network and, when considered practical by the department, may utilize the services of appropriate state purchasing agencies.

Transfers from the Unclaimed Prizes Fund

By January 15 of fiscal year 2000 and by January 15 of fiscal year 2001, the Director of Budget and Management shall transfer \$25,000,000 from the State Lottery Commission's Unclaimed Prizes Fund to the Lottery Profits Education Fund, to be used solely for purposes specified in the Department of Education's budget. Transfers of unclaimed prizes under this provision shall not count as lottery profits in the determination made concerning excess profits titled "Lottery Profits" under the Department of Education in this act.

Teacher Certification and Licensure

The foregoing appropriation item 200-681, Teacher Certification and Licensure, shall be used by the Department of Education in each year of the biennium to administer teacher certification and licensure functions pursuant to sections 3301.071, 3301.074, 3301.50, 3301.51, 3319.088,

3319.22, 3319.24 to 3319.28, 3319.281, 3319.282, 3319.29, 3319.301, 3319.31, and 3319.51 of the Revised Code.

Section 4.20. Property Tax Allocation

The Superintendent of Public Instruction shall not request and the Controlling Board shall not approve the transfer of funds from appropriation item 200-901, Property Tax Allocation-Education, to any other appropriation line item.

School District Solvency Assistance

The foregoing appropriation item 200-687, School District Solvency Assistance, shall be used to make advancements to school districts to enable them to remain solvent pursuant to section 3316.20 of the Revised Code. Reimbursements from school districts for any amounts advanced shall be made to the School District Solvency Assistance Fund.

Section 4.21. Distribution Formulas*

The Department of Education shall report the following to the Director of Budget and Management, the Legislative Office of Education Oversight, and the Legislative Budget Officer of the Legislative Service Commission:

- (A) Changes in formulas for distributing state appropriations, including administratively defined formula factors;
- (B) Discretionary changes in formulas for distributing federal appropriations;
- (C) Federally mandated changes in formulas for distributing federal appropriations.

Any such changes shall be reported two weeks prior to the effective date of the change.

Section 4.22. Educational Service Centers Funding

Notwithstanding division (B) of section 3317.11 of the Revised Code, no funds shall be provided to an educational service center in either fiscal year for any pupils of a city or exempted village school district unless an agreement to provide services under section 3313.843 of the Revised Code was entered into by January 1, 1997, except that funds shall be provided to an educational service center for any pupils of a city school district if the agreement to provide services was entered into within one year of the date upon which such district changed from a local school district to a city school district. If insufficient funds are appropriated in fiscal year 2000 for the purposes of division (B) of section 3317.11 of the Revised Code, the department shall first distribute to each educational service center \$36 per pupil in its service center ADM, as defined in that section. The remaining funds in the fiscal year shall be distributed to each educational service center at a rate of \$36 per pupil in its client ADM, as defined in that section, that is attributable to each city and exempted village school district that had entered into an agreement with an educational service center for that fiscal year under section 3313.843 of the Revised Code by January 1, 1997, in order of the dates on which such agreements were entered into, beginning with the earliest such date; except that any service center that received funds for the pupils of a city or exempted village school district in fiscal year 1999 shall receive funds for the pupils of such district in fiscal year 2000 if such district has entered into an agreement with that educational service center for that fiscal year. If insufficient funds are appropriated in fiscal year 2001 for the purposes of division (B) of section 3317.11 of the Revised Code, the department shall first distribute to each educational service center \$37 per pupil in its service center ADM. The remaining funds in the fiscal year shall be distributed to each educational service center at a rate of \$37 per pupil in its client ADM attributable to each city and exempted village school district that had entered into an agreement with an educational service center for that fiscal year under section 3313.843 of the Revised Code by January 1, 1997, in order of the dates on which such agreements were entered into, beginning with the earliest such date; except that any educational service center that received funds for the pupils in the ADM of a city or exempted village school district in both fiscal years 1999 and 2000 shall receive funds for the pupils of such district in fiscal year 2001 if such district has entered into an agreement with that educational service center for that fiscal year.

Section 4.23. Distribution-School District Subsidy Payments

The provisions of this section shall not take effect unless the Director of Budget and Management adopts an order putting them into effect and certifies a copy of the order to the Superintendent of Public Instruction and the Controlling Board.

Notwithstanding any other provision of the Revised Code, the monthly distribution of payments made to school districts and educational service centers pursuant to section 3317.01 of the Revised Code for the first six months of each fiscal year shall equal, as nearly as possible, six and two-thirds per cent of the estimate of the amounts payable for each fiscal year. The monthly distribution of payments for the last six months of each fiscal year shall equal, as nearly as possible, ten per cent of the final calculation of the amounts payable to each school district for that fiscal year.

The treasurer of each school district or educational service center may accrue, in addition to the payments defined in this section, to the accounts of the calendar years that end during each fiscal year, the difference between the sum of the first six months' payments in each fiscal year and the amounts the district would have received had the payments been made in, as nearly as possible in each fiscal year, twelve equal monthly payments.

Notwithstanding the limitations on the amount of borrowing and time of payment provided for in section 133.10 of the Revised Code but subject to the provisions of sections 133.26 and 133.30 of the Revised Code, a board of education of a school district may at any time between July 1,

1999, and December 31, 1999, or at any time between July 1, 2000, and December 31, 2000, borrow money to pay any necessary and actual expenses of the school district during the last six months of calendar years 1999 and 2000 and in anticipation of the receipt of any portion of the payments to be received by that district in the first six months of calendar years 2000 and 2001 representing the respective amounts accrued pursuant to the preceding paragraph, and issue notes to evidence that borrowing to mature no later than the thirtieth day of June of the calendar year following the calendar year in which such amount was borrowed. The principal amount borrowed in the last six months of calendar years 1999 or 2000 under this paragraph may not exceed the entire amount accrued or to be accrued by the district treasurer in those calendar years pursuant to the preceding paragraph. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts are lawfully appropriated by the board of education. No board of education shall be required to use the authority granted by this paragraph. The receipts so anticipated, and additional amounts from distributions to the districts in the first six months of calendar years 2000 and 2001 pursuant to Chapter 3317. of the Revised Code needed to pay the interest on the notes, shall be deemed appropriated by the board of education to the extent necessary for the payment of the principal of and interest on the notes at maturity, and the amounts necessary to make those monthly distributions are hereby appropriated from the General Revenue Fund. For the purpose of better ensuring the prompt payment of principal of and interest on the notes when due, the resolution of the board of education authorizing the notes may direct that the amount of the receipts anticipated, together with those additional amounts needed to pay the interest on the borrowed amounts, shall be deposited and segregated, in trust or otherwise, to the extent, at the time or times, and in the manner provided in that resolution. The borrowing authorized by this section shall not constitute debt for purposes of section 133.04 of the Revised Code. School districts shall be reimbursed by the state for all necessary and actual costs to districts arising from this provision, including, without limitation, the interest paid on the notes while the notes are outstanding. The Department of Education shall adopt rules that are not inconsistent with this section for school district eligibility and application for reimbursement of such costs. Payments of these costs shall be made out of any anticipated balances in appropriation items distributed under Chapter 3317. of the Revised Code. The department shall submit all requests for reimbursement under these provisions to the Controlling Board for approval.

During the last six months of each calendar year, instead of deducting the amount the Superintendent of Public Instruction would otherwise deduct from a school district's or educational service center's state aid payments in accordance with the certifications made for such year pursuant to sections 3307.56 and 3309.51 of the Revised Code, the superintendent shall deduct an amount equal to forty per cent of the amount so certified. The secretaries of the retirement systems shall compute the certifications for the ensuing year under such sections as if the entire amounts certified as due in the calendar year ending the current fiscal year, but not deducted pursuant to this paragraph, had been deducted and paid in that calendar year. During the first six months of the ensuing calendar year, in addition to deducting the amounts the Superintendent of Public Instruction is required to deduct under such sections during such period, the superintendent shall deduct from a district's or educational service center's state aid payments an additional amount equal to the amount that was certified as due from the district for the calendar year that ends during the fiscal year, but that was not deducted because of this paragraph. The superintendent's certifications to the Director of Budget and Management during the first six months of the calendar year shall reflect such additional deduction.

Section 4.24. Reallocation of Funds

(A) As used in this section:

(1) "Basic aid" means the amount calculated for the school district received for the fiscal year under divisions (A) and (C) of section 3317.022 and sections 3317.023, 3317.025 to 3317.029, 3317.0212, and 3317.0213 of the Revised Code and the amount computed for a joint vocational school district under section 3317.16 of the Revised Code.

(2) "Nonbasic aid" means the amount computed for a school district for fiscal year 2000 or fiscal year 2001 under Chapter 3317. of the Revised Code and this act, excluding the district's basic aid and the amount computed under such chapter and acts for educational service centers, MR/DD boards, and institutions.

(B) If in either fiscal year of the biennium the Governor issues an order under section 126.05 of the Revised Code to reduce expenditures and incurred obligations and the order requires the superintendent to reduce such state education payments, or if lottery profits transfers are insufficient to meet the amounts appropriated from the Lottery Profits Education Fund for base cost funding, and if other funds are not sufficient to offset the shortfall, the superintendent shall reduce nonbasic aid payments so that the total amount expended in the fiscal year will not exceed the amount available for expenditure pursuant to the Governor's order. Subject to Controlling Board approval, the superintendent shall reallocate appropriations not yet expended from one program to another.

(C)(1) If further reductions in nonbasic aid are necessary following the reallocations implemented pursuant to division (B) of this section, the superintendent shall request the Controlling Board to approve the use of the money appropriated by this division. The superintendent shall include with the superintendent's request a report listing the amount of reductions that each school district will receive if the request is not approved, and also the amount of the reduction, if any, that will still be required if the use of the money appropriated by this section is approved.

(2) In accordance with division (C)(1) of this section, there is hereby appropriated to the Department of Education from the unobligated balance remaining in the Lottery Profits Education Fund at the end of fiscal year 1999 the lesser of the unobligated balance in the fund, or the amount needed to preclude a reallocation pursuant to this section. The money appropriated by this division may be spent or distributed by the department only with the approval of the Controlling Board.

(D) If reductions in nonbasic aid are still necessary following the actions taken pursuant to divisions (B) and (C) of this section, the superintendent shall determine by what percentage expenditures for nonbasic aid must be reduced for the remainder of the fiscal year to make the total amount distributed for the year equal the amount appropriated or available for distribution. The superintendent shall reduce by that percentage the amount to be paid in nonbasic aid to each city, exempted village, local, and joint vocational school district, to each educational service center, to each county board of mental retardation and developmental disabilities, and to each institution providing special education programs under section

3323.091 of the Revised Code for the remainder of the fiscal year.

Section 4.25. Lottery Profits

(A) There is hereby created the Lottery Profits Education Reserve Fund (Fund 018) in the State Treasury. At no time shall the amount to the credit of the fund exceed \$75,000,000. Investment earnings of the Lottery Profits Education Reserve Fund shall be credited to the fund. Notwithstanding any provisions of law to the contrary, for fiscal years 2000 and 2001, there is hereby appropriated to the Department of Education, from the Lottery Profits Education Reserve Fund, an amount necessary to make loans authorized by sections 3317.0210, 3317.0211, and 3317.62 of the Revised Code. All loan repayments from loans made in fiscal years 1992, 1993, 1994, 1995, 1996, 1997, 1998, or 1999 shall be deposited into the credit of the Lottery Profits Education Reserve Fund.

(B)(1) On or before July 15, 1999, the Director of Budget and Management shall determine the amount by which lottery profit transfers received by the Lottery Profits Education Fund for fiscal year 1999 exceed \$688,873,028. The amount so certified shall be distributed in fiscal year 2000 pursuant to divisions (C) and (D) of this section.

(2) On or before July 15, 2000, the Director of Budget and Management shall determine the amount by which lottery profit transfers received by the Lottery Profits Education Fund for fiscal year 2000 exceed \$661,000,000. The amount so determined shall be distributed in fiscal year 2001 pursuant to divisions (E) and (F) of this section.

The Director of Budget and Management shall annually certify the amounts determined pursuant to this section to the Speaker of the House of Representatives and the President of the Senate.

(C) Not later than June 15, 2000, the Department of Education, in consultation with the Director of Budget and Management, shall determine, based upon estimates, if a reallocation of funds as described in the section of this act titled "Reallocation of Funds" is required.

If a reallocation of funds is required, then the Superintendent of Public Instruction shall request Controlling Board approval for a release of any balances in the Lottery Profits Education Fund available for the purpose of this division and pursuant to divisions (C)(1) and (2) of the section of this act titled "Reallocation of Funds." Any moneys so released are hereby appropriated.

(D) In fiscal year 2000, if the Department of Education does not determine that a reallocation of funds is necessary by the fifteenth day of June, as provided in division (C) of this section, or if there is a balance in the Lottery Profits Education Fund after the release of any amount needed to preclude a reallocation of funds as provided in division (C) of this section, the moneys in the Lottery Profits Education Fund shall be allocated as provided in this division. Any amounts so allocated are hereby appropriated.

An amount equal to five per cent of the estimated lottery profits of \$688,873,028 in fiscal year 1999 or the amount remaining in the fund, whichever is the lesser amount, shall be transferred to the Lottery Profits Education Reserve Fund within the limitations specified in division (A) of this section and be reserved and shall not be available for allocation or distribution during fiscal year 2000. Any amounts exceeding \$75,000,000 shall be distributed pursuant to division (G) of this section.

(E) Not later than June 15, 2001, the Department of Education, in consultation with the Director of Budget and Management, shall determine, based upon estimates, if a reallocation of funds as described in the section of this act titled "Reallocation of Funds" is required.

If a reallocation of funds is required, then the Superintendent of Public Instruction shall request Controlling Board approval for a release of any balances in the Lottery Profits Education Fund available for the purpose of this division and pursuant to divisions (C)(1) and (2) of the section of this act titled "Reallocation of Funds." Any moneys so released are hereby appropriated.

(F) In fiscal year 2001, if the Department of Education does not determine that a reallocation of funds is necessary by the fifteenth day of June, as provided in division (E) of this section, or if there is a balance in the Lottery Profits Education Fund after the release of any amount needed to preclude a reallocation of funds as provided in division (E) of this section, the moneys in the Lottery Profits Education Fund shall be allocated as provided in this division. Any amounts so allocated are hereby appropriated.

An amount equal to five per cent of the estimated lottery profits transfers of \$661,000,000 in fiscal year 2000 or the amount remaining in the fund, whichever is the lesser amount, shall be transferred to the Lottery Profits Education Reserve Fund within the limitations specified in division (A) of this section and be reserved and shall not be available for allocation or distribution during fiscal year 2001. Any amounts exceeding \$75,000,000 shall be distributed pursuant to division (G) of this section.

(G) In the appropriate fiscal year, any remaining amounts after the operations required by division (D) or (F) of this section, respectively, shall be transferred to the Public School Building Fund (Fund 021) and such amount is hereby appropriated to appropriation item CAP-622, Public School Buildings, in the School Facilities Commission.

Section 4.26.* For the school year commencing July 1, 1999, or the school year commencing July 1, 2000, or both, the Superintendent of Public Instruction may waive for the board of education of any school district the ratio of teachers to pupils in kindergarten through fourth grade required under paragraph (A)(3) of rule 3301-35-03 of the Administrative Code if the following conditions apply:

(A) The board of education requests the waiver;

(B) After the Department of Education conducts an on-site evaluation of the district related to meeting the required ratio, the board of education demonstrates to the satisfaction of the Superintendent of Public Instruction that providing the facilities necessary to meet the required ratio during the district's regular school hours with pupils in attendance would impose an extreme hardship on the district;

(C) The board of education provides assurances that are satisfactory to the Superintendent of Public Instruction that the board will act in good faith to meet the required ratio as soon as possible.

Section 4.27.* Teacher and Nonteacher Salary Schedules

(A) As used under this heading:

(1) "Teachers' salary schedule" means the salary schedule adopted pursuant to section 3317.14 of the Revised Code, except that it does not include any separate salary level for teachers with twelve or more years of service or for any separate level of training and experience except those levels separately set forth in the salary schedule in section 3317.13 of the Revised Code.

(2) "Nonteaching salary schedule" means the salary schedule adopted pursuant to section 3317.12 of the Revised Code.

(B) If the salary for any number of years of service at any level of training and experience in a board of education's teachers' salary schedule that was in effect on June 30, 1994, was less than the amount required for that number of years of service at that level in order to be in compliance with the minimum salary requirements imposed by this act for the 1994-1995 school year, that board shall increase the salaries for each position classification and level of service in the nonteaching salary schedule for the 1994-1995 school year as follows:

(1) Add the salaries at each level of training and experience in the teachers' salary schedule that was in effect on June 30, 1994.

(2) At each level of training and experience, increase the salary in the June 30, 1994, teachers' salary schedule if an increase is required for the 1994-1995 school year in order to bring that schedule into compliance with this act, but do not increase the salary to more than the minimum amount required to be in compliance.

(3) Recompute division (B)(1) under this heading, substituting the increased salaries included in division (B)(2) under this heading.

(4) Divide the sum obtained in division (B)(3) under this heading by the sum obtained in division (B)(1) under this heading.

(5) Multiply the salary for each position classification and level of service included in the nonteaching salary schedule by the quotient obtained in division (B)(4) under this heading.

No school district affected by this division shall pay any nonteaching school employee for the 1994-1995 school year at a rate that is less than that to which the employee would be entitled if the employee were paid under the adjusted nonteaching salary schedule computed under division (B)(5) of this heading.

Section 4.28.* Notwithstanding any provision of division (F) of section 3311.06 of the Revised Code limiting interdistrict payments under annexation agreements to amounts certified under former section 3317.029 of the Revised Code, a party to an annexation agreement entered into prior to the effective date of this section which contains an agreement to pay, in respect of its territory which is annexed territory, an amount which exceeds or exceeded the amount certified under former section 3317.029 of the Revised Code may pay such agreed amount, if the agreement expressly states the intention of the parties not to be bound by such limitation if so permitted by law.

Section 4.29. Private Treatment Facility Pilot Project

(A) As used in this section:

(1) The following are "participating residential treatment centers":

(a) Private residential treatment facilities which have entered into a contract with the Ohio Department of Youth Services to provide services to children placed at the facility by the department and which, in fiscal year 2000 or 2001 or both, the department pays through appropriation item 470-401, Care and Custody;

(b) Abraxas, in Shelby;

(c) Paint Creek, in Bainbridge;

(d) Act One, in Akron;

(e) Friars Club, in Cincinnati.

(2) "Education program" means an elementary or secondary education program or a special education program and related services.

(3) "Served child" means any child receiving an education program pursuant to division (B) of this section.

(4) "School district responsible for tuition" means a city, exempted village, or local school district that, if tuition payment for a child by a school district is required under law that existed in fiscal year 1998, is the school district required to pay that tuition.

(5) "Residential child" means a child who resides in a participating residential treatment center and who is receiving an educational program under division (B) of this section.

(B) A youth who is a resident of the state and has been assigned by a juvenile court or other authorized agency to a residential treatment facility specified in division (A) of this section shall be enrolled in an approved educational program located in or near the facility. Approval of the educational program shall be contingent upon compliance with the criteria established for such programs by the Department of Education. The educational program shall be provided by a school district or educational service center, or by the residential facility itself. Maximum flexibility shall be given to the residential treatment facility to determine the provider. In the event that a voluntary agreement cannot be reached and the residential facility does not choose to provide the educational program, the educational service center in the county in which the facility is located shall provide the educational program at the treatment center to children under the age of twenty-two years residing in the treatment center.

(C) Any school district responsible for tuition for a residential child shall, notwithstanding any conflicting provision of the Revised Code regarding tuition payment, pay tuition for the child for fiscal years 2000 and 2001 to the education program provider and in the amount specified in this division. If there is no school district responsible for tuition for a residential child and if the participating residential treatment center to which the child is assigned is located in the city, exempted village, or local school district that, if the child were not a resident of that treatment center, would be the school district where the child is entitled to attend school under sections 3313.64 and 3313.65 of the Revised Code, that school district shall, notwithstanding any conflicting provision of the Revised Code, pay tuition for the child for fiscal years 2000 and 2001 under this division unless that school district is providing the educational program to the child under division (B) of this section.

A tuition payment under this division shall be made to the school district, educational service center, or residential treatment facility providing the educational program to the child.

The amount of tuition paid shall be:

(1) The amount of tuition determined for the district under division (A) of section 3317.08 of the Revised Code;

(2) In addition, for any student receiving special education pursuant to an individualized education program as defined in section 3323.01 of the Revised Code, a payment for excess costs. This payment shall equal the actual cost to the school district, educational service center, or residential treatment facility of providing special education and related services to the student pursuant to the student's individualized education program, minus the tuition paid for the child under division (C)(1) of this section.

A school district paying tuition under this division shall not include the child for whom tuition is paid in the district's average daily membership certified under division (A) of section 3317.03 of the Revised Code.

(D) In each of fiscal years 2000 and 2001, the Department of Education shall reimburse, from appropriations made for the purpose, a school district, educational service center, or residential treatment facility, whichever is providing the service, which has demonstrated that it is in compliance with the funding criteria for each served child for whom a school district must pay tuition under division (C) of this section. The amount of this reimbursement in either fiscal year shall be the formula amount specified in section 3317.022 of the Revised Code except that the department shall proportionately reduce this reimbursement if sufficient funds are not available to pay this amount to all qualified providers.

(E) Funds provided to a school district, educational service center, or residential treatment facility under this section shall be used to supplement, not supplant, funds from other public sources for which the school district, service center, or residential treatment facility is entitled or eligible.

(F) The Department of Education shall track the utilization of funds provided to school districts, educational service centers, and residential treatment facilities under this section and monitor the effect of the funding on the educational programs they provide in participating residential treatment facilities. The department shall monitor the programs for educational accountability.

Section 4.30. School District Participation in National Assessment of Education Progress

The General Assembly intends for the Superintendent of Public Instruction to provide for school district participation in the administration of the National Assessment of Education Progress in fiscal years 2000 and 2001 in accordance with section 3301.27 of the Revised Code.

Section 4.31. Notwithstanding Chapter 3318. of the Revised Code, for purposes of complying with the local share and repayment tax requirements of section 3318.05 of the Revised Code, any school district given conditional approval for classroom facilities assistance under section 3318.04 of the Revised Code as of January 1, 1993, that approved a replacement permanent improvement levy at the November 5, 1996, election shall be permitted to use the proceeds of such levy, and any notes issued or to be issued in anticipation thereof, as available funds, within the meaning specified under section 3318.03 of the Revised Code, to pay the local share of the cost of the approved classroom facilities project. Notwithstanding the local share as previously determined for purposes of the conditional approval of the project, the local share shall be equal to the amount of proceeds to be obtained by the district under such replacement permanent improvement levy. Such school districts shall not be required to obtain approval of either of the propositions described in divisions (A) or (B) of section 3318.051 of the Revised Code. The agreement required under section 3318.08 of the Revised Code for the construction and sale of the project shall include provisions for the transfer of the proceeds of the replacement permanent improvement levy, and any notes issued in anticipation thereof, to the school district's project construction account, and for the levy of the replacement permanent improvement levy.

Section 4.32. Study of EDFLEX ACT

Staff members from the Legislative Service Commission, the Legislative Budget Office of the Legislative Service Commission, and the Legislative Office of Education Oversight shall jointly study the Department of Education's current pilot implementation of the federal "EDFLEX" concept and the new opportunities and options now available under the federal EDFLEX Act. The study shall also examine and recommend courses of action on how duties, responsibilities, and funding could best be redivided between the state and school districts under the law and what federal regulations or other requirements might be lessened or abolished. In making recommendations, the authors shall utilize information and recommendations from the department's reorganization review. The report to the leaders of the Ohio House of Representatives and the Ohio Senate and the education committee chairs and ranking minority members of the two chambers shall be completed one year after the federal regulations on the federal EDFLEX Act are promulgated, but no later than November 15, 2000.

Section 4.33. Statewide Study of Professional Development Delivery

The Legislative Office of Education Oversight shall conduct a statewide assessment of professional development in the state. The assessment shall include, but not be limited to, the following:

- (A) An examination of how professional development funds are spent;
- (B) A study of the types of professional development programs funded with state moneys;
- (C) A study of the role of local professional development committees, established under section 3319.22 of the Revised Code, in determining the expenditure of professional development moneys;
- (D) A study of whether Ohio school districts are using the professional development strategies most likely to be effective in improving student achievement.

The study shall encompass all facets of professional development, including the role of higher education in assisting with inservice training for veteran educators.

The study shall be completed and presented to the General Assembly and the Governor not later than November 15, 2000.

Section 4.34. The Superintendent of Public Instruction shall contract with an independent research entity to develop a methodology and research design for an evaluation of the pilot project approved pursuant to section 3313.975 of the Revised Code. The independent research entity shall consult with the Legislative Office of Education Oversight in the development of the methodology and research for the evaluation. The evaluation shall consist of two parts. The first part shall be a formative evaluation examining the implementation of the program, which shall be completed by December 31, 1997. The second part shall be a comprehensive evaluation of the results of the program, which shall be completed by September 1, 1999. The comprehensive evaluation shall include at a minimum a study of the impact of scholarships on student attendance, conduct, commitment to education, and standardized test scores; parental involvement; the school district's ability to provide services to district students; and the availability of alternative educational opportunities. The evaluation shall also study the economic impact of scholarships on the school district.

Section 4.35. Prior to October 1, 2000, the Superintendent of Public Instruction shall submit a report to the chairpersons of the committees of the House of Representatives and the Senate that consider education legislation, making recommendations about the Pilot Project Scholarship Program and funding levels for scholarships for the ensuing biennium. If the superintendent requests any input prior to making such report, the superintendent shall include representatives of private schools and private providers of instructional services among those whose input is sought.

Section 7.01. Instructional Subsidy Formula

As soon as practicable during each fiscal year of the 1999-2001 biennium in accordance with instructions of the Ohio Board of Regents, each state-assisted institution of higher education shall report its actual enrollment to the Ohio Board of Regents.

The Ohio Board of Regents shall establish procedures required by the system of formulas set out below and for the assignment of individual institutions to categories described in the formulas. The system of formulas establishes the manner in which aggregate expenditure requirements shall be determined for each of the three components of institutional operations. In addition to other adjustments and calculations described below, the subsidy entitlement of an institution shall be determined by subtracting from the institution's aggregate expenditure requirements income to be derived from the local contributions assumed in calculating the subsidy entitlements. The local contributions for purposes of determining subsidy support shall not limit the authority of the individual boards of trustees to establish fee levels.

The General Studies and Technical models shall be adjusted by the Board of Regents so that the share of state subsidy earned by those models is not altered by changes in the overall local share. A lower-division fee differential shall be used to maintain the relationship that would have occurred between these models and the Baccalaureate models had an assumed share of thirty-seven per cent been funded.

In defining the number of full-time equivalent students for state subsidy purposes, the Ohio Board of Regents shall exclude all undergraduate students who are not residents of Ohio, except those charged in-state fees in accordance with reciprocity agreements made pursuant to section 3333.17 of the Revised Code.

All Expenditure Models	\$ 556	\$ 594

(B) Plant Operation and Maintenance (POM)

(1) Determination of the Square-Foot Based POM Subsidy

Space undergoing renovation shall be funded at the rate allowed for storage space.

In the calculation of square footage for each campus, square footage shall be weighted to reflect differences in space utilization.

The space inventories for each campus shall be those determined in the fiscal year 1997 instructional subsidy, adjusted for changes attributable to the construction or renovation of facilities for which state appropriations were made or local commitments were made prior to January 1, 1995.

Only fifty per cent of the space permanently taken out of operation in fiscal year 2000 or fiscal year 2001 that is not otherwise replaced by a campus shall be deleted from the fiscal year 1997 inventory.

The square-foot based plant operation and maintenance subsidy for each campus shall be determined as follows:

(a) For each standard room type category shown below, the subsidy-eligible net assignable square feet (NASF) for each campus shall be multiplied by the following rates, and the amounts summed for each campus to determine the total gross square-foot based POM expenditure requirement:

	<u>FY 2000</u>	<u>FY 2001</u>
Classrooms	\$5.18	\$5.33
Laboratories	\$6.45	\$6.64
Offices	\$5.18	\$5.33
Audio Visual Data Processing	\$6.45	\$6.64
Storage	\$2.30	\$2.36
Circulation	\$6.53	\$6.72
Other	\$5.18	\$5.33

(b) The total gross square-foot POM expenditure requirement shall be allocated to models in proportion to full-time equivalent (FTE) enrollments as reported in enrollment data for all models except Doctoral I and Doctoral II.

(c) The amounts allocated to models in division (B)(1)(b) above shall be multiplied by the ratio of subsidy-eligible FTE students to total FTE students reported in each model, and the amounts summed for all models. To this total amount shall be added an amount to support roads and grounds expenditures to produce the total square-foot based POM subsidy.

(2) Determination of the Activity-Based POM Subsidy

(a) The number of subsidy-eligible FTE students in each model shall be multiplied by the following rates for each campus for each fiscal year.

	<u>FY 2000</u>	<u>FY 2001</u>
General Studies I	\$ 488	\$ 488
General Studies II	\$ 563	\$ 584
General Studies III	\$1,237	\$1,217
Technical I	\$ 555	\$ 553
Technical II	\$1,128	\$1,175
Baccalaureate I	\$ 641	\$ 655
Baccalaureate II	\$1,067	\$1,109
Baccalaureate III	\$1,578	\$1,598
Masters & Professional I	\$ 995	\$1,022
Masters & Professional II	\$1,742	\$1,895
Masters & Professional III	\$2,620	\$2,614
Doctoral I	\$1,433	\$1,382
Doctoral II	\$2,502	\$2,613
Medical I	\$2,389	\$2,485
Medical II	\$3,458	\$3,362

(b) The sum of the products for each campus determined in division (B)(2)(a) for each fiscal year shall be weighted by a factor to reflect sponsored research activity and job-training related public services expenditures to determine the total activity-based POM subsidy.

(C) Calculation of Core Subsidy Entitlements and Adjustments

(1) Calculation of Core Subsidy Entitlements

The calculation of the core subsidy entitlement shall consist of the following components:

(a) For each campus and for each fiscal year, the core subsidy entitlement shall be determined by multiplying the amounts listed above in divisions (A)(1) and (2) and (B)(2) less assumed local contributions, by (i) average subsidy-eligible full-time equivalents for the two-year period ending in the prior year for all models except Doctoral I and Doctoral II; and (ii) average subsidy-eligible full-time equivalents for the five-year period ending in the prior year for all models except Doctoral I and Doctoral II.

(b) In calculating the core subsidy entitlements for Medical II models only, the board shall use the following count of full-time equivalent students in place of the two-year average and five-year average of subsidy-eligible students.

(i) For those medical schools whose current year enrollment is below the base enrollment, the Medical II full-time equivalent enrollment shall equal: 65 per cent of the base enrollment plus 35 per cent of the current year enrollment, where the base enrollment is:

The Ohio State University	1010
University of Cincinnati	833
Medical College of Ohio at Toledo	650
Wright State University	433
Ohio University	433
Northeastern Ohio Universities College of Medicine	433

(ii) For those medical schools whose current year enrollment is equal to or greater than the base enrollment, the Medical II full-time equivalent enrollment shall equal the current enrollment.

(c) For all FTE-based subsidy calculations involving all-terms FTE data, FTE-based allowances shall be converted from annualized to annual rates to ensure equity and consistency of subsidy determination.

(d) The Board of Regents shall compute the sum of the two calculations listed in division (C)(1)(a) above and use the greater sum as the core subsidy entitlement.

The POM subsidy for each campus shall equal the greater of the square-foot-based subsidy or the activity-based POM subsidy component of the core subsidy entitlement, except that the total activity-based POM subsidy shall not exceed 161 per cent of the square-foot based POM subsidy in fiscal year 2000 and shall not exceed 177 per cent of the square-foot-based subsidy in fiscal year 2001.

(e) In fiscal year 2000, no more than 10.94 per cent of the total instructional subsidy shall be reserved to implement the recommendations of the Graduate Funding Commission. In fiscal year 2001, no more than 10.75 per cent of the total instructional subsidy shall be reserved for this same

purpose. It is the intent of the General Assembly that the doctoral reserve be reduced 0.25 percentage points each year thereafter until no more than 10.0 per cent of the total instructional subsidy is reserved to implement the recommendations of the Graduate Funding Commission. In fiscal year 2001, the Board of Regents shall reallocate 2 per cent of the reserve among the state-assisted universities on the basis of a quality review as specified in the recommendations of the Graduate Funding Commission.

The amount so reserved shall be allocated to universities in proportion to their share of the total number of Doctoral I equivalent FTEs as calculated on an institutional basis using fiscal year 1998 annualized FTEs as adjusted to reflect the effects of doctoral review. For the purposes of this calculation, a doctoral equivalent FTE shall equal one Doctoral I FTE, or 1.5 Doctoral II FTEs.

(2) Annual Guaranteed Funding Increase

For the purposes of this section, for each year and for each campus "Challenge subsidies" shall equal the sum of the following allocations:

- (a) Access Challenge, less amounts attributed to tuition restraint;
- (b) Research Challenge;
- (c) Priorities in Graduate Education;
- (d) Success Challenge;
- (e) Jobs Challenge, less amounts earmarked for "strategically related industries."

In addition to and after the other adjustments noted above, in fiscal year 2000 each campus shall have its subsidy adjusted to the extent necessary to provide an amount from the instructional subsidy and Challenge subsidies that is not less than 103 per cent of the sum of the instructional subsidy and the Challenge subsidies received by the campus in fiscal year 1999. In fiscal year 2001 each campus shall have its subsidy adjusted to the extent necessary to provide an amount from the instructional subsidy and Challenge subsidies that is not less than 103 per cent of the sum of the instructional subsidy and the Challenge subsidies received by the campus in fiscal year 2000.

(3) Capital Component Deduction

After all other adjustments have been made, instructional subsidy earnings shall be reduced for each campus by the amount, if any, by which debt service charged in Am. H.B. No. 748 of the 121st General Assembly and Am. Sub. H.B. No. 850 of the 122nd General Assembly for that campus exceeds that campus' capital component earnings.

(D) Reductions in Earnings

If total systemwide instructional subsidy earnings in any fiscal year exceed total appropriations available for such purposes, the Board of Regents shall proportionately reduce the instructional subsidy earnings for all campuses by a uniform percentage so that the systemwide sum equals available appropriations.

(E) Exceptional Circumstances

Adjustments may be made to instructional subsidy payments and other subsidies distributed by the Ohio Board of Regents to state-assisted colleges and universities for exceptional circumstances. No adjustments for exceptional circumstances may be made without the recommendation of the chancellor and the approval of the Controlling Board.

Distribution of Instructional Subsidy

The instructional subsidy payments to the institutions shall be in substantially equal monthly amounts during the fiscal year, unless otherwise determined by the Director of Budget and Management pursuant to the provisions of section 126.09 of the Revised Code. Payments during the first six months of the fiscal year shall be based upon the instructional subsidy appropriation estimates made for the various institutions of higher education according to the Ohio Board of Regents enrollment estimates. Payments during the last six months of the fiscal year shall be distributed after approval of the Controlling Board upon the request of the Ohio Board of Regents.

Law School Subsidy

The instructional subsidy to state supported universities for students enrolled in law schools in fiscal year 2000 and fiscal year 2001 shall be calculated by using the number of subsidy eligible full-time equivalent law school students funded by state subsidy in fiscal year 1995 or the actual number of subsidy eligible full-time equivalent law school students at the institution in the fiscal year, whichever is less.

Section 7.02. Mission-Based Core Funding for Higher Education

Jobs Challenge

Funds appropriated to appropriation item 235-415, Jobs Challenge, shall be distributed to state-assisted community and technical colleges, regional campuses of state-assisted universities, and other organizationally distinct and identifiable member campuses of the EnterpriseOhio Network in support of noncredit job-related training. In fiscal years 2000 and 2001, \$3,543,864 and \$4,000,000, respectively, shall be

distributed to campuses in proportion to each campus' share of noncredit job-related training revenues received by all campuses for the previous fiscal year. It is the intent of the General Assembly that this workforce development incentive component of the Jobs Challenge Program reward campus noncredit job-related training efforts in the same manner that the Research Challenge Program rewards campuses for their ability to obtain sponsored research revenues.

In fiscal years 2000 and 2001, \$2,700,000 and \$2,781,000, respectively, shall be distributed equally to these same EnterpriseOhio Network campuses to fulfill a performance contract with the Ohio Board of Regents demonstrating their capability to provide accessible and affordable training services to Ohio companies, and particularly to improve the business performance of smaller firms.

In fiscal years 2000 and 2001, \$2,500,000 and \$4,198,694, respectively, shall be allocated to attract, develop, and retain companies strategically important to the state's economy through training and assessment services provided by EnterpriseOhio Network campuses. These funds shall be used in conjunction with funds appropriated to the Department of Development in H.B. No. 283 of the 123rd General Assembly for the purpose of attracting, developing, and retaining companies strategically important to the state's economy. Strategically related industries and companies shall be selected by the Ohio Board of Regents and the Ohio Department of Development.

Access Challenge

In each fiscal year, the foregoing appropriation item 235-418, Access Challenge, shall be distributed to Ohio's state-assisted access colleges and universities in proportion to each campus' share of full-time equivalent enrollments at the General Studies level as determined in the subsidy calculation process in the previous fiscal year. For the purposes of this allocation, "access campuses" includes state-assisted community colleges, state community colleges, technical colleges, Shawnee State University, Central State University, Cleveland State University, the regional campuses of state-assisted universities, and, where they are organizationally distinct and identifiable, the community-technical colleges located at the University of Toledo, the University of Cincinnati, Youngstown State University, and the University of Akron.

For the purposes of this calculation, Cleveland State University's share of full-time equivalent subsidy-eligible General Studies students shall equal its total full-time equivalent subsidy-eligible General Studies students multiplied by the ratio of the sum of full-time equivalent subsidy-eligible General Studies students enrolled in the community-technical colleges at the University of Toledo, the University of Cincinnati, Youngstown State University, and the University of Akron divided by the sum of full-time equivalent subsidy-eligible General Studies students enrolled at those same four universities. However, Cleveland State University shall not receive less in each year of the 1999-2001 biennium than the amount received in fiscal year 1999.

(A) Of the total appropriation item 235-418, Access Challenge, \$2,500,000 in fiscal year 2000 and \$17,943,665 in fiscal year 2001 shall be used solely to restrain the growth of or reduce in-state undergraduate tuition and fees.

(B) Of the remaining appropriation of \$32,813,691 in fiscal year 2000 and \$47,324,335 in fiscal year 2001, 50 per cent of all new subsidies received by each campus in each fiscal year shall be used in combination with campus shares of the amounts determined in division (A) above to restrain the growth of or reduce in-state undergraduate tuition and fees. For the purposes of this distribution, "new subsidies" in fiscal year 2000 shall equal a campus's share of the \$32,813,691 allocation for fiscal year 2000 minus the campus-share of the \$20,000,000 allocation distributed for this purpose by the Board of Regents from appropriations in Am. Sub. H.B. No. 215 of the 122nd General Assembly. In fiscal year 2001, "new subsidies" shall equal a campus-share of the \$47,324,335 allocation for fiscal year 2001 minus the campus-share of the \$32,813,691 allocation for fiscal year 2000. In both fiscal years, negative differences between the current and previous year shall default to zero.

(C) In each fiscal year, the statewide average fee restraint or reduction percentage shall be applied uniformly to all campuses receiving Access Challenge appropriations according to a methodology to be determined by the Board of Regents. The approach determined by the Board of Regents shall restrain tuition increases to zero per cent in fiscal year 2000 and achieve tuition reductions of five per cent in fiscal year 2001.

Success Challenge

The foregoing appropriation item 235-420, Success Challenge, shall be used by the Ohio Board of Regents to promote degree completion by students enrolled at a main campus of a state-assisted university.

In each fiscal year, two-thirds of the appropriations shall be distributed to state-assisted university main campuses in proportion to each campus' share of the total statewide bachelor's degrees granted by university main campuses to "at-risk" students. In fiscal year 2000 and fiscal year 2001, an "at-risk" student shall be defined to mean any undergraduate student who had received an Ohio Instructional Grant during the past ten years. An eligible institution shall not receive its share of this distribution until it has submitted a plan that addresses how the subsidy will be used to better serve at-risk students and increase their likelihood of successful completion of a bachelor's degree program. The Board of Regents shall disseminate to all state-supported institutions of higher education all such plans submitted by institutions that received Success Challenge funds.

In each fiscal year, one-third of the appropriations shall be distributed to university main campuses in proportion to each campus' share of the total bachelor's degrees granted by university main campuses to undergraduate students who completed their bachelor's degrees in a "timely manner" in the previous fiscal year. For the purposes of this section, "timely manner" means the normal time it would take for a full-time degree-seeking undergraduate student to complete the student's degree. Generally, for such students pursuing a bachelor's degree, "timely manner" means four years. Exceptions to this general rule shall be permitted for students enrolled in programs specifically designed to be completed in a longer time period. The Board of Regents shall collect base-line data beginning with the 1998-99 academic year to assess the timely completion statistics by university main campuses.

Eminent Scholars Program

The foregoing appropriation item 235-451, Eminent Scholars, shall be used by the Ohio Board of Regents to establish an Ohio Eminent Scholars Program, the purpose of which is to invest educational resources to address problems that are of vital statewide significance while fostering the growth in eminence of Ohio's academic programs. Endowment grants of \$750,000 to state colleges and universities and nonprofit Ohio institutions of higher education holding certificates of authorization issued under section 1713.02 of the Revised Code to match endowment gifts from nonstate sources may be made in accordance with a plan established by the Ohio Board of Regents. Matching gifts in science and technology programs shall be \$750,000, and in all other program areas, \$500,000. The grants shall have as their purpose attracting and sustaining in Ohio scholar-leaders of national or international prominence who will assist the state in one of the following three areas: (1) improving the state's economic development; (2) strengthening the state's system of K-12 education; or (3) improving public health and safety. Such scholar-leaders shall, among their duties, share broadly the benefits and knowledge unique to their field of scholarship to the betterment of Ohio and its people.

Research Challenge

The foregoing appropriation item 235-454, Research Challenge, shall be used to enhance the basic research capabilities of public colleges and universities and accredited Ohio institutions of higher education holding certificates of authorization issued pursuant to section 1713.02 of the Revised Code, in order to strengthen the academic research for pursuing Ohio's economic redevelopment goals. The Ohio Board of Regents, in consultation with the colleges and universities, shall administer the Research Challenge Program and utilize a means of matching, on a fractional basis, external funds attracted in the previous year by institutions for basic research. The program may include incentives for increasing the amount of external research funds coming to such eligible institutions and for focusing research efforts upon critical state needs. Colleges and universities shall submit for review and approval to the Ohio Board of Regents plans for the institutional allocation of state dollars received through this program. Such institutional plans shall provide the rationale for the allocation in terms of the strategic targeting of funds for academic and state purposes, for strengthening research programs, and for increasing the amount of external research funds, and shall include an evaluation process to provide results of the increased support. It is the intent of the General Assembly that increases in funding for appropriation item 235-454, Research Challenge, in the 1999-2001 biennium, over the 1993-1995 biennium levels, be used by campuses as unrestricted funding for research, in the same way that Instructional Subsidy allocations are used.

The Ohio Board of Regents shall submit a biennial report of progress to the General Assembly.

Priorities in Graduate Education

The foregoing appropriation item 235-554, Priorities in Graduate Education, shall be used by the Ohio Board of Regents to support improvements in graduate programs in computer science at state-assisted universities. In each fiscal year, up to \$200,000 may be used to support collaborative efforts in graduate education in this program area.

Section 7.03. Higher Education--Board of Trustees

Funds appropriated for instructional subsidies at colleges and universities may be used to provide such branch or other off-campus undergraduate courses of study and such master's degree courses of study as may be approved by the Ohio Board of Regents.

In providing instructional and other services to students, boards of trustees of state-assisted institutions of higher education shall supplement state subsidies by income from charges to students. Each board shall establish the fees to be charged to all students, including an instructional fee for educational and associated operational support of the institution and a general fee for noninstructional services, including locally financed student services facilities used for the benefit of enrolled students. The instructional fee and the general fee shall encompass all charges for services assessed uniformly to all enrolled students. Each board may also establish special purpose fees, service charges, and fines as required; such special purpose fees and service charges shall be for services or benefits furnished individual students or specific categories of students and shall not be applied uniformly to all enrolled students. A tuition surcharge shall be paid by all students who are not residents of Ohio.

The board of trustees of a state-assisted institution of higher education shall not authorize a waiver or nonpayment of instructional fees nor general fees for any particular student or any class of students other than waivers specifically authorized by law or approved by the chancellor. This prohibition is not intended to limit the authority of boards of trustees to provide for payments to students for services rendered the institution, nor to prohibit the budgeting of income for staff benefits or for student assistance in the form of payment of such instructional and general fees.

Each state-assisted institution of higher education in its statement of charges to students shall separately identify the instructional fee, the general fee, the tuition charge, and the tuition surcharge. Fee charges to students for instruction shall not be considered to be a price of service but shall be considered to be an integral part of the state government financing program in support of higher educational opportunity for students.

In providing the appropriations in support of instructional services at state-assisted institutions of higher education and the appropriations for other instruction it is the intent of the General Assembly that faculty members shall devote a proper and judicious part of their work week to the actual instruction of students. Total class credit hours of production per quarter per full-time faculty member is expected to meet the standards set forth in the budget data submitted by the Ohio Board of Regents.

No state-assisted college or university shall contract additional debt to finance additional student housing or permit the construction of additional student housing on land owned or leased by such institution without the approval of the Board of Regents. In granting or denying approval, the board shall consider demographic projections and established service districts, as well as the current strength of enrollment patterns throughout the state and in the public and private institutions that have historically drawn students from the same markets as the institution requesting additional housing. The board shall also consider statewide dormitory occupancy patterns and any debt burden that would be incurred by the institution. The board shall monitor demographic trends and shall recommend that the General Assembly modify this section when there is no longer a significant

risk of future enrollment decline.

The board shall have no authority to prohibit the construction of privately financed housing constructed on land that is not owned or leased by the institution, even if the institution has entered or intends to enter into some type of contractual agreement with the developers or owners of such housing.

The authority of government vested by law in the boards of trustees of state-assisted institutions of higher education shall in fact be exercised by those boards. Boards of trustees may consult extensively with appropriate student and faculty groups. Administrative decisions about the utilization of available resources, about organizational structure, about disciplinary procedure, about the operation and staffing of all auxiliary facilities, and about administrative personnel shall be the exclusive prerogative of boards of trustees. Any delegation of authority by a board of trustees in other areas of responsibility shall be accompanied by appropriate standards of guidance concerning expected objectives in the exercise of such delegated authority and shall be accompanied by periodic review of the exercise of this delegated authority to the end that the public interest, in contrast to any institutional or special interest, shall be served.

Performance Standards for Medical Education

The Ohio Board of Regents, in consultation with the state-assisted medical colleges, shall develop performance standards for medical education. Special emphasis in the standards shall be placed on attempting to ensure that at least 50 per cent of the aggregate number of students enrolled in state-assisted medical colleges continue to enter residency as primary care physicians. Primary care physicians are defined as general family practice physicians, general internal medicine practitioners, and general pediatric care physicians. The Board of Regents shall be responsible for monitoring medical school performance in relation to their plans for reaching the 50 per cent systemwide standard for primary care physicians.

The foregoing appropriation item 235-526, Primary Care Residencies, shall be distributed in each fiscal year of the biennium based on whether the institution has submitted and gained approval for a plan. If the institution does not have an approved plan then it shall receive five per cent less funding per student than it would have received from its annual allocation. The remaining funding shall be distributed among those institutions that meet or exceed their targets.

Appropriations to CAP-622 shall not be increased as a result of reestablishing such encumbrances. An amount equal to the canceled encumbrances in CAP-770 shall be appropriated to CAP-775.

Disability Access Projects

The unencumbered and unallotted balances as of June 30, 1999, in appropriation item 230-649, Disability Access Project, are hereby reappropriated. The unencumbered and unallotted balances of the appropriation at the end of fiscal year 2000 are hereby reappropriated in fiscal year 2001 to fund capital projects pursuant to this section.

(A) As used in this section:

(1) "Percentile" means the percentile in which a school district is ranked according to the fiscal year 1998 ranking of school districts with regard to income and property wealth under division (B) of section 3318.011 of the Revised Code.

(2) "School district" means a city, local, or exempted village school district, but excluding a school district that is one of the state's 21 urban school

districts as defined in division (O) of section 3317.02 of the Revised Code, as that section existed prior to July 1, 1998.

(3) "Valuation per pupil" means a district's total taxable value as defined in section 3317.02 of the Revised Code divided by the district's ADM as defined in division (A) of section 3317.02 of the Revised Code as that section existed prior to July 1, 1998.

(B) The School Facilities Commission shall adopt rules for awarding grants to school districts with a valuation per pupil of less than \$200,000, to be used for construction, reconstruction, or renovation projects in classroom facilities, the purpose of which is to improve access to such facilities by physically handicapped persons. The rules shall include application procedures. No school district shall be awarded a grant under this section in excess of \$100,000. In addition, any school district shall be required to pay a percentage of the cost of the project or which the grant is being awarded equal to the percentile in which the district is ranked.

(C) The School Facilities Commission is hereby authorized to use a portion of appropriation item CAP-622, Public School Buildings, contained in Am. Sub. H.B. No. 283 of the 123rd General Assembly, to provide funds to make payments resulting from the approval of applications for disability access granted received prior to January 1, 1999.

SchoolNet Plus Program

(A) The foregoing appropriation item 228-698, SchoolNet Plus, shall be used as follows:

(1) Up to \$28,600,000 to purchase network telecommunications equipment for each public school building in this state to provide classroom and building access to existing and potential statewide voice, video, and data telecommunication services. As used in this section, "public school building" means a school building of any city, local, exempted village, or joint vocational school district or any community school established under Chapter 3314. of the Revised Code. The Ohio SchoolNet Commission, in consultation with the Department of Education, Department of Administrative Services, and Ohio Education Computer Network, shall define the standards and equipment configurations necessary to maximize the efficient use of the existing and potential statewide voice, video, and data telecommunication services.

(2) Up to \$53,300,000 to establish and equip at least one interactive computer workstation for each five children enrolled in the fifth grade based on the number of children each qualifying school district has enrolled in the fifth grade as reported in October 1999 pursuant to division (A) of section 3317.03 of the Revised Code.

To the extent the Ohio SchoolNet Commission can reduce the purchase cost of an interactive computer workstation through efficient purchasing methods, the commission may utilize any cost savings to begin a subsequent round of funding to provide interactive computer workstations to qualifying school districts. The commission may select qualifying school districts to receive the proceeds of any savings based on district readiness to utilize interactive computer workstations. The commission may determine readiness on either a district-wide or individual classroom or grade-level basis or by such other criteria deemed appropriate by the commission.

(3) Up to \$1,000,000 to pay for the cost of an independent review of all the agencies in this state that deliver education technology, as called for in Recommendation One of the Report of the Ohio School Technology Implementation Task Force;

(4) Up to \$1,500,000 to pay for the cost of a statewide educational technology strategic planning process as called for in Recommendation Two of the Report of the Ohio Schools Technology Implementation Task Force;

(5) Up to \$4,600,000 in fiscal year 2000 and \$10,000,000 in fiscal year 2001 to extend the Interactive Video Distance Learning Program in accordance with the statewide educational technology strategic plan. The commission shall adopt procedures for the administration and implementation of the Interactive Video Distance Learning Program. The procedures shall include application procedures, specifications for distance learning technology, and terms and conditions for participation in the program. The commission shall not approve any application for participation in the program unless it has determined that the applicant can effectively and efficiently integrate the requested distance learning technology into schools or the selected schools or classrooms for the phase of the program. The commission shall consider the Interactive Video Distance Learning Pilot established in Am. Sub. H.B. 215 of the 122nd General Assembly, and the Ohio SchoolNet Telecommunity program in Am. Sub. H.B. 627 of the 121st General Assembly, in developing the application procedures and criteria for the Interactive Distance Learning Program. The commission shall give preference to lower wealth districts or consortia of such districts that do not have existing video teleconferencing technology.

(6) Up to \$1,000,000 in fiscal year 2000 shall be used for the INFOhio Network of library resources to support the provision of library catalog automation software to elementary school libraries to share building, school district, and public library resources. In determining the distribution of these moneys, INFOhio shall give consideration to the relative property wealth of the districts applying for assistance and may reduce the amount of assistance to any district if that district has received moneys awarded under the federal Library Services and Technology Act.

(B)(1) Not later than November 30, 1999, the Executive Director of the Ohio SchoolNet Commission shall allocate to school districts pursuant to division (B)(2) of this section the amount authorized under division (A)(2) of this section. A school district's allocation shall remain available until the district is ready to use it, and the school district may use its allocation in phases. A school district may use a portion of its allocation for training and staff development related to the project if approved by the Ohio SchoolNet Commission under division (C) of this section.

(2) The commission shall allocate total subsidy amounts to qualifying school districts as follows:

(a) In the case of qualifying school districts with taxable value per pupil equal to or less than the statewide median district taxable value per pupil or qualifying school districts with a formula ADM of less than 150, the per pupil subsidy shall be \$500.

(b) In the case of qualifying school districts with taxable value per pupil greater than the statewide median district taxable value per pupil, but less than \$200,000 per pupil, the per pupil subsidy shall be \$500 minus the amount yielded by the following formula:

\$500 multiplied by [(district's taxable value per pupil minus statewide median district taxable value per pupil) divided by (200,000 minus statewide median district taxable value per pupil)]

(3) As used in division (B)(2) of this section:

(a) "District's taxable value per pupil" and "state taxable value per pupil" have the same meanings as in section 3317.0215 of the Revised Code.

(b) "Total subsidy" means per pupil subsidy as determined under division (B)(2)(a) or (b) of this section multiplied by the number of fifth grade students reported by the qualifying school district under division (A) of section 3317.03 of the Revised Code.

(c) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(C) The Ohio SchoolNet Commission shall adopt procedures for the administration and implementation of the SchoolNet Plus Program. The procedures shall include application procedures, specifications for education technology, and terms and conditions for participation in the program. The commission shall not approve any application for participation in the program unless it has determined that the applicant can effectively and efficiently integrate the requested education technology into schools or the selected schools or classrooms for the phase of the program.

(D) Educational technology made available to school districts under division (B) of this section shall be used as an integrated part of the curriculum in fifth grade classrooms. However, if the commission determines that a school district already has at least one interactive computer workstation for each five children enrolled in the fifth grade, and the district meets other minimum requirements that may be established by the commission concerning staff training and other education technology for such grades, the commission may permit the school district to use educational technology made available to it through the SchoolNet Plus Program for children in grades six through twelve. Any funds not allocated by the commission in division (B) of this section shall be allocated as a first priority to community schools as established under Chapter 3314. of the Revised Code. The commission shall develop community schools application procedures, specifications for education technology, and terms and conditions for participation in the program. The commission shall not approve any application for participation in the program unless it has determined that the applicant can effectively and efficiently integrate the requested education technology into schools or the selected schools or classrooms for the phase of the program.

(E) As used in this section:

(1) "Qualifying school district" means any city, local, or exempted village school district.

(2) "Educational technology" includes, but is not limited to, project-related computer hardware, equipment, training, and services; equipment used for two-way audio or video; software; and textbooks.

(F) Within thirty days of the effective date of this section, the Director of Budget and Management shall transfer any unencumbered and unallotted balance in appropriation item 228-698, SchoolNet Plus, for fiscal year 1999 to appropriation item 228-698, SchoolNet Plus, for fiscal year 2000. The amount so transferred is hereby appropriated. The foregoing transfer item is discretionary funding for the Ohio SchoolNet Commission as provided in paragraph two of division (L) of Section 45.36 of Am. S.B. 230 of the 121st General Assembly, which permits the use of these discretionary moneys for planning, development, demonstration projects, and other commission-related activities. All appropriations that are unencumbered and unallotted in appropriation item 228-698, SchoolNet Plus, as of June 30, 2000, are hereby appropriated for the same purpose in fiscal year 2001 upon the request of the Executive Director of the Ohio SchoolNet Commission and the approval of the Director of Budget and Management.

Section 11.01. Technical and Instructional Professional Development

The foregoing appropriation item 228-406, Technical and Instructional Professional Development, shall be used by the Ohio SchoolNet Commission, to make grants to qualifying schools, including the State School for the Blind and the Ohio School for the Deaf for the provision of hardware, software, telecommunications services, and staff development to support educational uses of technology in the classroom.

The Ohio SchoolNet Commission shall consider the professional development needs associated with the OhioReads Program when making funding allocations and program decisions.

The Ohio Educational Telecommunications Network Commission, with the advice of the Ohio SchoolNet Commission, shall make grants totaling up to \$1,400,000 in each year of the biennium for research development and production of interactive instructional programming series and teleconferences to support SchoolNet. Up to \$50,000 of this amount shall be used in each year of the biennium to provide for the administration of these activities by the Ohio Educational Telecommunications Network Commission. The programming shall be targeted to the needs of the poorest 200 school districts as determined by the district's adjusted valuation per pupil as defined in section 3317.0213 of the Revised Code.

Of the foregoing appropriation item 228-406, Technical and Instructional Professional Development, \$3,300,000 in each fiscal year shall be distributed by the Ohio SchoolNet Commission to low-wealth districts or consortia including low-wealth school districts, as determined by the district's adjusted valuation per pupil as defined in section 3317.0213 of the Revised Code, or the State School for the Blind or the Ohio School for the Deaf.

The remaining appropriation allocated under this section shall be used by the Ohio SchoolNet Commission for professional development for teachers and administrators for the use of educational technology. The commission shall make grants to provide technical assistance and professional development on the use of educational technology to school districts.

Eligible recipients of grants include regional training centers, county offices of education, data collection sites, instructional technology centers, institutions of higher education, public television stations, special education resource centers, area media centers, or other nonprofit educational organizations. Services provided through these grants may include use of private entities subcontracting through the grant recipient.

Grants shall be made to entities on a contractual basis with the Ohio SchoolNet Commission. Contracts shall include provisions that demonstrate how services will benefit technology use in the schools, and in particular will support SchoolNet efforts to support technology in the schools. Contracts shall specify the scope of assistance being offered and the potential number of professionals who will be served. Contracting entities may be awarded more than one grant at a time.

Grants shall be awarded in a manner consistent with the goals of SchoolNet. Special emphasis in the award of grants shall be placed on collaborative efforts among service providers.

Application for grants from this appropriation shall be consistent with a school district's technology plan that shall meet the minimum specifications for school district technology plans as prescribed by the Ohio SchoolNet Commission. Funds allocated through these grants may be combined with funds received through other state or federal grants for technology as long as the school district's technology plan specifies the use of these funds. The commission may combine the application for these grants with the SchoolNet application process authorized in Am. Sub. H.B. 790 of the 120th General Assembly.

Education Technology

The foregoing appropriation item 228-539, Education Technology, shall be used to provide funding to suppliers of information services to school districts for the provision of hardware, software, and staff development in support of educational uses of technology in the classroom as prescribed by the State Plan for Technology pursuant to section 3301.07 of the Revised Code, and to support assistive technology for children and youth with disabilities.

Up to \$5,776,929 in each fiscal year shall be used by the Ohio SchoolNet Commission to contract with instructional television and \$930,492 in fiscal year 2000, and \$956,546 in fiscal year 2001 shall be used by the commission to contract with education media centers to provide Ohio schools with instructional resources and services.

Resources may include, but not be limited to, the following: pre-recorded video materials (including videotape, laser discs, and CD-ROM discs); computer software for student use and/or student access to electronic communication, databases, spreadsheet, and word processing capability; live student courses or courses delivered electronically; automated media systems; and instructional and professional development materials for teachers. The commission shall cooperate with such agencies in the acquisition, development, and delivery of such educational resources to ensure high-quality and educational soundness at the lowest possible cost. Delivery of such resources may utilize a variety of technologies, with preference given to a high-speed integrated information network that can transport video, voice, data, and graphics simultaneously.

Services shall include presentations and technical assistance that will help students and teachers integrate educational materials that support curriculum objectives, match specific learning styles, and are appropriate for individual interests and ability levels.

Such instructional resources and services shall be made available for purchase by chartered nonpublic schools or by public school districts for the benefit of pupils attending chartered nonpublic schools.

Section 11.02. Interactive Parenting Program

The foregoing appropriation item 228-559, Interactive Parenting Program, shall be used by the Ohio SchoolNet Commission to fund a grant to RISE, Inc., as partial support to train preschool staff members and parents.

It is the intent of the General Assembly that the commission, in conjunction with RISE, Inc., shall develop a program which may be conducted in conjunction with state-supported technology programs including, but not limited to, SchoolNet appropriation item 228-406, and Education Technology appropriation item 228-539, designed to educate preschool staff members and providers on developmentally appropriate teaching methods and to involve parents more closely in the education and development of their children. The project shall include an interactive instructional program, which shall be distributed to program participants at up to twenty-six locations throughout the state. The interactive instructional program shall be developed to enhance the professional development, training, and performance of preschool staff members; the education and care-giving skills of the parents of preschool children; and the preparation of preschool-aged children for learning.

The project shall utilize the grant and matching nonpublic funds to continue a direct-service program that shall include at least three teleconferences to be distributed by Ohio-based public television utilizing satellite or microwave technology in a manner designed to promote interactive communications between the program participants located at sub-sites within the Ohio Educational Broadcast Network or as determined by the commission. Program participants shall communicate with trainers and participants at other program sites through telecommunications and facsimile and on-line computer technology. To the maximum extent possible, the project shall utilize systems currently available in state-supported technology programs and conduct the program in a manner that promotes innovative, interactive communications between the program participants at all the sites. Parent support groups and teacher training sessions shall supplement the teleconferences and shall occur on a local basis.

RISE, Inc., may subcontract components of the project.

Individuals eligible to participate in the program shall include those children, their parents, custodians, or guardians, and preschool staff members who are eligible to participate in a preschool program as defined in division (A) of section 3301.52 and section 5104.02 of the Revised Code.

(A) In addition to the foregoing, up to \$400,000 each fiscal year may be used by RISE, Inc., to enter into a competitively bid contract with a not-for-profit entity or entities to conduct a series of training programs for adult volunteers who work with adolescent youths in after school mentoring programs, including youth-serving organizations such as Boy Scouts, Girl Scouts, Big Brothers, Big Sisters, 4-H, and public school mentor programs. The series of programs shall be designed to:

(1) Improve the quality and effectiveness of adult volunteers so that they would sustain their involvement with youths over time. Specifically, the adult volunteers would improve their ability to motivate, supervise, and communicate with young people.

- (2) Improve the quality and effectiveness of adult volunteers so that the children they mentor, coach, teach, or befriend would sustain their involvement with youth-serving organizations over time;
- (3) Encourage collaboration between all Ohio youth-serving organizations, including 4-H, Boy Scouts, Girls Scouts, Big Brothers, Big Sisters, and others;
- (4) Provide cost-efficient, sustainable distance learning to both rural and urban sites.

(B) In order to be eligible for the contract with RISE, Inc., the program participants shall be able to demonstrate that leading national experts in adolescent development intervention programs will be utilized and that such program will make use of a variety of media to engage participants and assist them in learning the goals of the program. The program shall be designed to focus on the adult volunteers who assist in youth development. Training content shall focus on:

- (1) Development issues for youth;
- (2) Best practices to motivate, guide, and communicate with these youths;
- (3) Strategies for successful adult-to-adult interpersonal relationships that are necessary for ongoing learning and support.

The program may include: two broadcast seminars of three hours in length from a central up-link station, distributed in up to 88 counties; corporate settings and extension offices with on-site facilitated discussion and exercises; high production-value video sought in various locations; and direct interactive adult learning activities. The program shall develop program workbooks. The program shall also involve at least three small group facilitated follow-up discussion workshops and development and distribution of at least two home videos. The program shall also provide Internet access, interactive lines, bulletin board, and CD-ROM.

Private sector supporters or RISE, Inc., subcontractors shall match 50 per cent of the contract amount awarded under this program. Upon completion of the program, a study and report shall be made by The Ohio State University with measurable outcome variables.

Upon completion of each of the school years for which the grant was made, RISE, Inc., shall issue a report to the commission and the members of the General Assembly explaining the goals and objectives determined, the activities implemented, the progress made toward the achievement of the goals and objectives, and the outcome of the project.

Distance Learning

Appropriation item 228-634, Distance Learning, shall be distributed by the Ohio SchoolNet Commission on a grant basis to eligible school districts to establish "distance learning" in the school district. Per the agreement with Ameritech, school districts are eligible for funds if they are within an Ameritech service area. Funds to administer the program shall be expended by the commission up to the amount specified in the agreement with Ameritech.

Within 30 days of the effective date of this section, the Director of Budget and Management shall transfer from fund 4XI in the State Special Revenue Fund Group any investment earnings from moneys paid to the office or to the SchoolNet Commission by any telephone company as part of a settlement agreement between the company and the Public Utilities Commission in fiscal year 1995.

Electrical Infrastructure

The unencumbered and unallotted balances of June 30, 1999, in appropriation item 228-690, SchoolNet Electrical Infrastructure, are hereby reappropriated to fund projects pursuant to this section. The foregoing appropriation item may be distributed by the Ohio SchoolNet Commission for use by school districts to renovate existing buildings with sufficient electrical service to safely operate educational technology consistent with their SchoolNet and SchoolNet Plus technology plans. The Executive Director of the Ohio SchoolNet Commission shall review grant proposals from school districts for the use of these funds. In evaluating grant proposals, the executive director shall consider the ability and commitment of school districts to contribute local public and private resources to upgrade their electrical service and shall give consideration to consortia of school districts that have formed to optimize resources to upgrade electrical service. In no case shall grant awards exceed \$1,000,000 for a single school district. Section 20. That existing Section 45.32 of Am. Sub. H.B. 117 of the 121st General Assembly, as amended by Am. Sub. H.B. 215 and Am. Sub. H.B. 770 of the 122nd General Assembly, is hereby repealed.

Section 21. That Section 50.52.2 of Am. Sub. H.B. 215 of the 122nd General Assembly be amended to read as follows:

"Sec. 50.52.2. (A) As used in this section:

(1) "Lucas County area" includes the entire territory of any school district having the majority of its territory in Lucas County.

(2) "Start-up school" means a community school other than one created by converting all or part of an existing public school, as designated in the school's contract pursuant to division (P) of Subsection 5 of this section.

(B) The General Assembly finds that the establishment of independent community schools throughout the state has potential desirable effects, including providing parents a choice of academic environments for their children and providing the education community with the opportunity to establish limited experimental educational programs in a deregulated setting. However, the potential effects of a statewide system of community schools could also generate some adverse results. Therefore, the General Assembly finds it advisable to establish a pilot project in the Lucas County area which will permit the operation of community schools in a limited area of the state in order to provide for the evaluation and measurement of the effects of these schools.

No more than twenty start-up school contracts may be in effect at any time under this section. The Superintendent of the Lucas County Educational Service Center shall be responsible for ensuring that the twenty start-up schools represent diverse educational missions, are intended to serve a number of different grade levels, and will appeal to students with a variety of interests or characteristics in order to provide for a range of educational experiments within the pilot project schools. Upon entering into a preliminary agreement pursuant to Subsection 4 of this section, the potential sponsor of a community school shall file a copy of the preliminary agreement with the Superintendent of the Lucas County Educational Service Center. Within twenty-four hours of receipt of the preliminary agreement for a start-up school, the Superintendent shall determine whether the proposed school will add to the diversity of the pilot project schools through offering a unique educational mission, serving grade levels of students or students with certain characteristics or interests not yet being served by other community schools, or offering innovative instructional methods. If the school will not add to the diversity of the pilot project schools and would be overserving students of a certain type or grade level, the Superintendent may reject the school's preliminary agreement and shall immediately notify the sponsor and the proposing group or individual. Upon entering into a community school contract, the sponsor shall file a copy of the approved contract with that Superintendent. Within twenty-four hours of the filing of the contract, the Superintendent shall notify the sponsor whether twenty start-up school contracts were already in effect at the time of the filing. If twenty such contracts were in effect, the contract filed by the sponsor shall be voided.

Within twenty-four hours of a request of any person, the Superintendent shall indicate the number of preliminary agreements for start-up schools currently outstanding and the number of contracts currently in effect.

(C) No start-up or converted community school shall begin operation under this section after June 30, 2000.

(D) Not later than September 28, 1997, the Director of the Legislative Office of Education Oversight, in consultation with the Superintendent of the Lucas County Educational Service Center, a classroom teacher appointed by the board of the Ohio Education Association, a classroom teacher appointed by the board of the Ohio Federation of Teachers, and a classroom teacher who is a member of neither of these organizations selected by that Superintendent, shall develop a study design for the evaluation of the pilot project COMMUNITY schools and the overall effects of the community school-pilot project SCHOOLS. The study design shall include the criteria that the Office will use to determine the positive and negative effects of the project SCHOOLS overall, and the success or failure of individual community schools. The design shall include a description of the data that must be collected by the Superintendent and by each community school and sponsor and a timeline for the collection of the data. The director shall adapt the study design prepared under this subsection for use in evaluating community schools established under

~~Chapter 3314. of the Revised Code, as well as the Lucas County pilot project community schools.~~ The office shall notify each community school of the data that must be collected and the timeline for collection of the data. Data shall be collected at regular intervals, but no evaluation of the results of data collected shall be made by the Office prior to June 2001. A preliminary report, together with any recommendations to improve community schools, shall be issued to the Speaker of the House of Representatives and the President of the Senate by June 30, 2001. A final report, with recommendations as to the future of community schools in Ohio, shall be made to the Speaker and President by June 1, 2003."

Section 22. That existing Section 50.52.2 of Am. Sub. H.B. 215 of the 122nd General Assembly is hereby repealed.

The School Facilities Commission shall not commit at least \$300 million of the combined amounts of the foregoing appropriations items *CAP-622*, Public School Buildings (Fund 021), and *CAP-737*, Public School Building Assistance (Fund 032), until after June 30, 1999.

(B)(1) As used in this division:

(b) A "school district with an exceptional need for immediate CLASSROOM facility assistance" means a school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students. School districts reasonably expected to be served by the Classroom Facilities Assistance Program prior to June 30, 2002, in THE order provided under divisions (C)(1) and (2) of section ~~3318.06~~ 3318.02 of the Revised Code, are excluded from participating in this exceptional needs pilot program.

Section 28. * That existing Section 26 of Am. Sub. H.B. 850 of the 122nd General Assembly is hereby repealed.

Section 29. (A) That Sections 50.52.1, 50.52.3, 50.52.6, 50.52.8, 50.52.11, and 50.52.13 of Am. Sub. H.B. 215 of the 122nd General Assembly are hereby repealed.

(C) That Sections 50.52.5 and 50.52.10 of Am. Sub. H.B. 215 of the 122nd General Assembly, as amended by Am. Sub. H.B. 650 and Am. Sub. H.B. 770 of the 122nd General Assembly, are hereby repealed.

Section 30. (A) As used in this section, "pilot project area" means the school districts included in the territory of the former community school pilot project established by former Section 50.52 of Am. Sub. H.B. 215 of the 122nd General Assembly.

(B) Any teacher or nonteaching employee of a school district in the pilot project area who, on the effective date of this section, is taking a leave of absence from the district pursuant to a policy adopted under former Section 50.52.13 of that act to work at a community school established under the pilot project and located in another school district may continue the leave under the terms of that policy and former section. Upon termination of the leave, the district shall return the teacher or nonteaching employee to a position, salary, and level of seniority as required by that former section.

(C) During the first year of operation of a community school in the pilot project area, the Department of Education shall pay each school district in the pilot project area, for each student enrolled in the community school who is otherwise entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code, 50 per cent of the district's per pupil state funds. For this purpose, "per pupil state funds" means the sum of the amounts computed for the district under divisions (A), (C)(1), and (E) of section 3317.022 of the Revised Code plus any payments received under section 3317.0212 of the Revised Code, divided by the district's formula ADM certified under section 3317.03 of the Revised Code. The payments made under this division are in addition to all other payments made under Chapter 3317. of the Revised Code to any school district in the pilot project area. This division applies only in fiscal years 2000 and 2001.

Section 31. Every school district shall identify by November 15, 2000, any gifted student enrolled as of January 1, 2000, in grades kindergarten through eleven in the district.

Section 32. (A) The Ohio School Facilities Commission may commit up to thirty-five million dollars to the Canton City School District for construction of a facility described in this section, in lieu of a high school that would otherwise be authorized under Chapter 3318. of the Revised Code. The commission shall not commit funds under this section unless all of the following conditions are met:

- (1) The district has entered into a cooperative agreement with a state-assisted technical college;
- (2) The district has received an irrevocable commitment of additional funding from nonpublic sources;
- (3) The facility is intended to serve both secondary and postsecondary instructional purposes.

(B) The commission shall enter into an agreement with the district for the construction of the facility authorized under this section that is separate from and in addition to the agreement required for the district's participation in the Classroom Facilities Assistance Program under section 3318.08 of the Revised Code. Notwithstanding that section and sections 3318.03, 3318.04, and 3318.083 of the Revised Code, the additional agreement shall provide but not be limited to the following:

- (1) The commission shall not have any oversight responsibilities over the construction of the facility;
- (2) The facility need not comply with the specifications for plans and materials for high schools adopted by the commission;
- (3) The commission may decrease the basic project cost that would otherwise be calculated for a high school under Chapter 3318. of the Revised Code;
- (4) The state shall not share in any increases in the basic project cost for the facility above the amount authorized under this section.

All other provisions of Chapter 3318. of the Revised Code apply to the approval and construction of a facility authorized under this section.

The state funds committed to the facility authorized by this section shall be part of the total amount the state commits to the Canton City School District under Chapter 3318. of the Revised Code. All additional state funds committed to the Canton City School District for classroom facilities assistance shall be subject to all provisions of Chapter 3318. of the Revised Code.

Section 33.* Not later than four years after the effective date of this section, the Board of Regents shall determine the cost of upgrading facilities at public universities in this state that likely would be used if the City of Cincinnati were awarded the summer olympic games. Upon completion of the cost determination, the board shall submit a written report of its findings to the Governor, the President of the Senate, the Speaker of the House of Representatives, and to each member of the legislative authority of the City of Cincinnati.

Section 34.* On the effective date of this section, the Ohio SchoolNet Office is abolished and all of its functions, and assets and liabilities, are transferred to the Ohio SchoolNet Commission. The Ohio SchoolNet Commission is thereupon and thereafter successor to, assumes the obligations of, and otherwise constitutes the continuation of the Ohio SchoolNet Office.

Any business commenced but not completed by the Ohio SchoolNet Office or its director on the effective date of this section shall be completed by the Ohio SchoolNet Commission or its executive director in the same manner, and with the same effect, as if completed by the Ohio SchoolNet Office or its director. No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the transfer required by this section and shall be administered by the Ohio SchoolNet Commission. All of the Ohio SchoolNet Office's rules, orders, and determinations continue in effect as rules, orders, and determinations of the Ohio SchoolNet Commission, until modified or rescinded by the Ohio SchoolNet

Commission. If necessary to ensure the integrity of the numbering of the Administrative Code the Director of the Legislative Service Commission shall renumber the Ohio SchoolNet Office's rules to reflect their transfer to the Ohio SchoolNet Commission.

Subject to the lay-off provisions of sections 124.321 to 124.328 of the Revised Code, all of the employees of the Ohio SchoolNet Office are transferred to the Ohio SchoolNet Commission and retain their positions and all of the benefits accruing thereto.

Whenever the Ohio SchoolNet Office or its director is referred to in any law, contract, or other document, the reference shall be deemed to refer to the Ohio SchoolNet Commission or its executive director, whichever is appropriate.

No action or proceeding pending on the effective date of this section is affected by the transfer, and shall be prosecuted or defended in the name of the Ohio SchoolNet Commission or its executive director. In all such actions and proceedings, the Ohio SchoolNet Commission or its executive director upon application to the court shall be substituted as a party.

Section 35.* The Department of Education shall apply division (D) of section 3319.22 of the Revised Code to educational service centers and county boards of mental retardation and developmental disabilities as if it were effective July 1, 1998. The department shall accept a professional development plan and coursework that was approved on or after that date by a local professional development committee established by a service center or county board if the committee meets the requirements of that division and the plan and coursework meet the requirements of the rules adopted by the State Board of Education under section 3319.22 of the Revised Code.

Section 35.01. Sections 3313.974, 3313.975, 3313.976, 3313.977, 3313.978, and 3313.979 of the Revised Code contained within the purview of Sections 1 and 2 of this act, which establish the Pilot Project Scholarship and Tutorial Assistance Program, are repealed and reenacted with modifications in order to restore them to effectiveness as part of the law and to reinstate the program with modifications. The Supreme Court of Ohio, in Simmons-Harris v. Goff (1999), __Ohio St.3d __, invalidated the sections as they resulted from Am. Sub. H.B. 117 of the 121st General Assembly, 146 Ohio Laws 900, holding their enactment in that act to have been violative of the one-subject rule, Ohio Constitution, Article II, Section 15(D).

This reinstatement of the Pilot Project Scholarship and Tutorial Assistance Program is a continuation of the program operating in the 1998-1999 school year, with the modifications made in this act. Students who received scholarships and were enrolled in kindergarten through third grade that year may continue to receive scholarships in subsequent years, as provided in division (C)(1) of new section 3313.975 of the Revised Code, until they complete fourth grade, as long as they comply with the requirements of new sections 3313.974 to 3313.979 of the Revised Code and the General Assembly appropriates funds for the program.

Amendments to the Pilot Project Scholarship Program subsequent to Am. Sub. H.B. 117 also lost effectiveness because of the invalidation of the original enactment. The repeal and reenactment of section 3313.975 of the Revised Code contained within the purview of Sections 1 and 2 of this act also restore these subsequent amendments, by Am. Sub. H.B. 215 and Am. Sub. H.B. 770 of the 122nd General Assembly, to effectiveness as part of the law. The amendment of section 3313.975 of the Revised Code in Am. Sub. H.B. 215 corrected a constitutional deficiency noted in Simmons-Harris v. Goff, unreported, 10th District Court of Appeals (1997).

Section 3313.977 as repealed and reenacted within the purview of Sections 1 and 2 of this act omits original division (A)(1)(d) of that section to correct a constitutional deficiency noted in Simmons-Harris v. Goff (1999), __Ohio St.3d __.

Section 36. Except as otherwise specifically provided in this act, the codified sections of law amended or enacted in this act, and the items of law of which the codified sections of law amended or enacted in this act are composed, are subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1c and section 1.471 of the Revised Code, the codified sections of law amended or enacted by this act, and the items of law of which the codified sections of law as amended or enacted by this act are composed, take effect on the ninety-first day after this act is filed with the Secretary of State. If, however, a referendum petition is filed against any such codified section of law as amended or enacted by this act, or against any item of law of which any such codified section of law as amended or enacted by this act is composed, the codified section of law as amended or enacted, or item of law, unless rejected at the referendum, takes effect at the earliest time permitted by law.

Section 37. Except as otherwise specifically provided in this act, the repeal by this act of a codified section of law is subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1c and section 1.471 of the Revised Code, the repeal by this act of a codified section of law takes effect on the ninety-first day after this act is filed with the Secretary of State. If, however, a referendum petition is filed against any such repeal, the repeal, unless rejected at the referendum, takes effect at the earliest time permitted by law.

Section 38. Sections 3302.01, 3302.02, 3302.03, 3313.981, 3313.974, 3313.975, 3313.976, 3313.977, 3313.978, 3313.979, 3314.03, 3314.05, 3314.06, 3314.071, 3314.08, 3314.09, 3314.11, 3314.12, 3314.13, 3314.15, 3316.05, 3316.06, 3317.014, 3317.02, 3317.022, 3317.023, 3317.024, 3317.029, 3317.0212, 3317.0213, 3317.0216, 3317.03, 3317.033, 3317.05, 3317.051, 3317.11, 3317.16, 3317.162, 3318.33, 3332.05, 3332.07, 3333.12, 3333.27, 4117.101, and 5910.032 of the Revised Code as amended or enacted by this act, and the items of law of which such sections as amended or enacted by this act are composed, are not subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, such sections as amended or enacted by this act, and the items of law of which such sections as amended or enacted by this act are composed, go into immediate effect when this act becomes law.

Section 39. The repeal by this act of sections 3313.974, 3313.975, 3313.976, 3313.977, 3313.978, 3313.979, 3317.053, and 3317.16 of the Revised Code is not subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, the repeals go into immediate effect when this act becomes law.

Section 40. (A) The amendments by this act to division (F) of section 5919.34 of the Revised Code constitute an item of law that is subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1c and section 1.471 of the Revised Code, this item of law takes effect on the ninety-first day after this act is filed with the Secretary of State. If, however, a referendum petition is filed against the item of law, the item of law, unless rejected at the referendum, takes effect at the earliest time permitted by law.

(B) The amendments by this act to section 5919.34 of the Revised Code, except for the amendments to division (F) of the section, constitute an item of law that is not subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, this item of law goes into immediate effect when this act becomes law.

Section 41. Except as otherwise specifically provided in this act, the uncodified sections of law amended or enacted in this act, and the items of law of which the uncodified sections of law amended or enacted in this act are composed, are not subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, the uncodified sections of law amended or enacted in this act, and the items of law of which the uncodified sections of law amended or enacted in this act are composed, go into immediate effect when this act becomes law.

Section 42. Uncodified sections of law amended or enacted in this act, and items of law contained within the uncodified sections of law amended or enacted in this act, that are marked with an asterisk are subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1c and section 1.471 of the Revised Code, the uncodified sections and items of law marked with an asterisk take effect on the ninety-first day after this act is filed with the Secretary of State. If, however, a referendum petition is filed against an uncodified section or item of law marked with an asterisk, the uncodified section or item of law marked with an asterisk, unless rejected at the referendum, takes effect at the earliest time permitted by law.

If the amending and existing repeal clauses commanding an amendment of an uncodified section of law are both marked with asterisks, the uncodified section as amended is deemed also to have been marked with an asterisk.

An asterisk marking an uncodified section or item of law has the form *.

This section defines the meaning and form of, but is not itself to be considered marked with, an asterisk.

Section 43. If the amendment or enactment in this act of a codified or uncodified section of law is subject to the referendum, the corresponding indications in the amending, enacting, or existing repeal clauses commanding the amendment or enactment also are subject to the referendum, along with the amendment or enactment. If the amendment or enactment by this act of a codified or uncodified section of law is not subject to the referendum, the corresponding indications in the amending, enacting, or existing repeal clauses commanding the amendment or enactment also are not subject to the referendum, the same as the amendment or enactment.

Section 44. An item, other than an amending, enacting, or repealing clause, that composes the whole or part of an uncodified section contained in this act has no effect after June 30, 2001, unless its context clearly indicates otherwise.

Section 45. Section 3316.06 of the Revised Code is presented in this act as a composite of the section as amended by both Am. Sub. H.B. 56 and Am. Sub. S.B. 17 of the 122nd General Assembly, with the new language of neither of the acts shown in capital letters. This is in recognition of the principle stated in division (B) of section 1.52 of the Revised Code that such amendments are to be harmonized where not substantively irreconcilable and constitutes a legislative finding that such is the resulting version in effect prior to the effective date of this act.

Section 46. Section 3365.07 of the Revised Code is presented in this act as a composite of the section as amended by both Am. Sub. H.B. 434 and Am. Sub. H.B. 777 of the 118th General Assembly, with the new language of neither of the acts shown in capital letters. This is in recognition of the principle stated in division (B) of section 1.52 of the Revised Code that such amendments are to be harmonized where not substantively irreconcilable and constitutes a legislative finding that such is the resulting version in effect prior to the effective date of this act.

Section 47. If any item of law that constitutes the whole or part of a codified or uncodified section of law contained in this act, or if any application of any item of law that constitutes the whole or part of a codified or uncodified section of law contained in this act, is held invalid, the invalidity does not affect other items of law or applications of item of law that can be given effect without the invalid item of law or application. To this end, the items of law of which the codified and uncodified sections contained in this act are composed, and their applications, are independent and severable.
