Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. That sections 145.297, 145.323, 742.37, 742.3711, 742.3716, 742.3717, 742.3718, 742.63, 3307.67, 3309.374, and 5505.174 of the Revised Code be amended to read as follows:

Sec. 145.297. (A) As used in this section, "employing unit" means:

(1) A municipal corporation, agency of a municipal corporation designated by the legislative authority, park district, conservancy district, sanitary district, health district, township, <u>department of a township designated by the board of township trustees,</u> metropolitan housing authority, public library, county law library, union cemetery, joint hospital, or other political subdivision or unit of local government.

(2) With respect to state employees, any entity of the state including any department, agency, institution of higher education, board, bureau, commission, council, office, or administrative body or any part of such entity that is designated by the entity as an employing unit.

(3)(a) With respect to employees of a board of alcohol, drug addiction, and mental health services, that board.

(b) With respect to employees of a county board of mental retardation and developmental disabilities, that board.

(c) With respect to other county employees, the county or any county

agency designated by the board of county commissioners.

(4) In the case of an employee whose employing unit is in question, the employing unit is the unit through whose payroll the employee is paid.

(B) An employing unit may establish a retirement incentive plan for its eligible employees. In the case of a county or county agency, decisions on whether to establish a retirement incentive plan for any employees other than employees of a board of alcohol, drug addiction, and mental health services or county board of mental retardation and developmental disabilities and on the terms of the plan shall be made by the board of county commissioners. In the case of a municipal corporation or an agency of a municipal corporation, decisions on whether to establish a retirement incentive plan and on the terms of the plan shall be made by the legislative authority.

All terms of a retirement incentive plan shall be in writing.

A retirement incentive plan shall provide for purchase by the employing unit of service credit for eligible employees who elect to participate in the plan and for payment by the employing unit of the entire cost of the service credit purchased.

Every retirement incentive plan shall remain in effect for at least one year. The employing unit shall give employees at least thirty days' notice before terminating the plan.

Every retirement incentive plan shall include provisions for the timely and impartial resolution of grievances and disputes arising under the plan.

No employing unit shall have more than one retirement incentive plan in effect at any time.

(C) Any classified or unclassified employee of the employing unit who is a member of the public employees retirement system shall be eligible to participate in the retirement incentive plan established by the employee's employing unit if the employee meets the following criteria:

(1) The employee is not any of the following:

(a) An elected official;

(b) A member of a board or commission;

(c) A person elected to serve a term of fixed length;

(d) A person appointed to serve a term of fixed length, other than a person appointed and employed by the person's employing unit.

(2) The employee is or will be eligible to retire under section 145.32, 145.34, 145.37, or division (A) of section 145.33 of the Revised Code on or before the date of termination of the retirement incentive plan. Service credit to be purchased for the employee under the retirement incentive plan shall be included in making such determination.

(3) The employee agrees to retire under section 145.32, 145.34, 145.37, or division (A) of section 145.33 of the Revised Code within ninety days after receiving notice from the public employees retirement system that service credit has been purchased for the employee under this section.

Participation in the plan shall be available to all eligible employees except that the employing unit may limit the number of participants in the plan to a specified percentage of its employees who are members of the public employees retirement system on the date the plan goes into effect. The percentage shall not be less than five per cent of such employees. If participation is limited, employees with more total service credit have the right to elect to participate before employees with less total service credit. In the case of employees with the same total service credit, employees with a greater length of service with the employing unit have the right to elect to participate before employees with less service with the employing unit. Employees with less than eighteen months of service with the employing unit have the right to elect to participate only after all other eligible employees have been given the opportunity to elect to participate. For the purpose of determining which employees may participate in a plan, total service credit includes service credit purchased by the employee under this chapter after the date on which the plan is established.

A retirement incentive plan that limits participation may provide that an employee who does not notify the employing unit of the employee's decision to participate in the plan within a specified period of time will lose priority to participate in the plan ahead of other employees with less seniority. The time given to an employee to elect to participate ahead of other employees shall not be less than thirty days after the employee receives written notice that the employee may participate in the plan.

(D) A retirement incentive plan shall provide for purchase of the same amount of service credit for each participating employee, except that the employer may not purchase more service credit for any employee than the lesser of the following:

(1) Five years of service credit;

(2) An amount of service credit equal to one-fifth of the total service credited to the participant under this chapter, exclusive of service credit purchased under this section.

For each year of service credit purchased under this section, the employing unit shall pay an amount equal to the additional liability resulting from the purchase of that year of service credit, as determined by an actuary employed by the public employees retirement board.

(E) Upon the election by an eligible employee to participate in the

retirement incentive plan, the employee and the employing unit shall agree upon a date for payment or contracting for payment in installments to the public employees retirement system of the cost of the service credit to be purchased. The employing unit shall submit to the public employees retirement system a written request for a determination of the cost of the service credit, and within forty-five days after receiving the request, the board shall give the employing unit written notice of the cost.

The employing unit shall pay or contract to pay in installments the cost of the service credit to be purchased to the public employees retirement system on the date agreed to by the employee and the employing unit. The payment shall be made in accordance with rules adopted by the public employees retirement board. The rules may provide for payment in installments and for crediting the purchased credit to the employee's account upon the employer's contracting to pay the cost in installments. The board shall notify the member when the member is credited with service purchased under this section. If the employee does not retire within ninety days after receiving notice that the employee has been credited with the purchased service credit, the system shall refund to the employing unit the amount paid for the service credit.

No payment made to the public employees retirement system under this section shall affect any payment required by section 145.48 of the Revised Code.

Sec. 145.323. (A) ~~Beginning April 1, 1971, and each year thereafter, the board of the~~ The public employees retirement ~~system shall determine the average percentage change in the consumer price index prepared by the United States bureau of labor statistics (U.S. City Average for Urban Wage Earners and Clerical Workers: "All Items 1982-84=100") for the twelve-calendar-month period prior to the first day of January over the next preceding twelve-calendar-month period, as reported by the bureau.~~

~~Upon a determination by the board in any year that the change in the consumer price index is an increase or that the change plus the accumulation described in division (B) of this section is an increase, the~~ board shall annually increase each allowance, pension, or benefit payable under this chapter by ~~a percentage equal to the percentage increase in the consumer price index or to that increase plus the accumulation, except that the increase shall not exceed~~ three per cent ~~and~~, except that no allowance, pension, or benefit shall exceed the limit established by section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 415, as amended.

The first increase is payable to all persons becoming eligible after June 30, 1971, upon such persons receiving an allowance for twelve months. The

increased amount is payable for the ensuing twelve-month period or until the next increase is granted under this section, whichever is later. Subsequent increases shall be determined from the date of the first increase paid to the former member in the case of an allowance being paid a beneficiary under an option, or from the date of the first increase to the survivor first receiving an allowance or benefit in the case of an allowance or benefit being paid to the subsequent survivors of the former member.

The date of the first increase under this section becomes the anniversary date for any future increases.

The allowance or benefit used in the first calculation of an increase under this section shall remain as the base for all future increases, unless a new base is established.

(B) ~~Any percentage of change in the consumer price index in any year that is in excess of three per cent shall be accumulated and used to determine increases under this section in subsequent years. Any percentage of change in the consumer price index accumulated by an eligible person prior to the effective date of this amendment shall be used in determining any future increases under this section.~~

~~(C)~~ The board shall make all rules necessary to carry out this section.

Sec. 742.37. The board of trustees of the Ohio police and fire pension fund shall adopt rules for the management of the fund and for the disbursement of benefits and pensions as set forth in this section and section 742.39 of the Revised Code. Any payment of a benefit or pension under this section is subject to the provisions of section 742.461 of the Revised Code. Notwithstanding any other provision of this section, no pension or benefit paid or determined under division (B) or (C) of this section or section 742.39 of the Revised Code shall exceed the limit established by section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 415, as amended.

(A) Persons who were receiving benefit or pension payments from a police relief and pension fund established under former section 741.32 of the Revised Code, or from a firemen's relief and pension fund established under former section 521.02 or 741.02 of the Revised Code, at the time the assets of the fund were transferred to the Ohio police and fire pension fund, known at that time as the police and firemen's disability and pension fund, shall receive benefit and pension payments from the Ohio police and fire pension fund in the same amount and subject to the same conditions as such payments were being made from the former fund on the date of the transfer.

(B) A member of the fund who, pursuant to law, elected to receive benefits and pensions from a police relief and pension fund established

under former section 741.32 of the Revised Code, or from a firemen's relief and pension fund established under former section 741.02 of the Revised Code, in accordance with the rules of the fund governing the granting of benefits or pensions therefrom in force on April 1, 1947, shall receive benefits and pensions from the Ohio police and fire pension fund in accordance with such rules; provided, that any member of the fund who is not receiving a benefit or pension from the fund on August 12, 1975, may, upon application for a benefit or pension to be received on or after August 12, 1975, elect to receive a benefit or pension in accordance with division (C) of this section.

(C) Members of the fund who have not elected to receive benefits and pensions from a police relief and pension fund or a firemen's relief and pension fund in accordance with the rules of the fund in force on April 1, 1947, shall receive pensions and benefits in accordance with the following provisions:

(1) A member of the fund who has completed twenty-five years of active service in a police or fire department and has attained forty-eight years of age may, at the member's election, retire from the police or fire department, and upon notifying the board in writing of the election, shall receive an annual pension, payable in twelve monthly installments, in an amount equal to a percentage of the member's average annual salary. The annual pension shall not exceed seventy-two per cent of the member's average annual salary.

A member who completed twenty-five years of active service, has resigned or been discharged, and has left the sum deducted from the member's salary on deposit in the pension fund shall, upon attaining forty-eight years of age, be entitled to receive a normal service pension benefit computed and paid under division (C)(1) of this section.

(2) A member of the fund who has served fifteen or more years as an active member of a police or fire department and who voluntarily resigns or is discharged from the department for any reason other than dishonesty, cowardice, intemperate habits, or conviction of a felony, shall receive an annual pension, payable in twelve monthly installments, in an amount equal to one and one-half per cent of the member's average annual salary multiplied by the number of full years the member was in the active service

of the department. The pension payments shall not commence until the member has attained the age of forty-eight years and until twenty-five years have elapsed from the date on which the member became a full-time regular police officer or firefighter in the department.

The annual pension shall not exceed seventy-two per cent of the member's average annual salary.

(4) With the exception of those persons who may make application for benefits as provided in section 742.26 of the Revised Code, no person receiving a pension or other benefit under division (C) of this section on or after July 24, 1986, shall be entitled to apply for any new, changed, or different benefit.

If a member covered by division (C) of this section or section 742.38 of the Revised Code dies prior to the time the member has received a payment and leaves a surviving spouse or dependent child, the surviving spouse or dependent child shall receive a pension under division (D) or (E) of this section.

(3) A pension paid under this division shall continue during the natural life of the surviving spouse. Benefits to a deceased member's surviving spouse that were terminated under a former version of this section that required termination due to remarriage and were not resumed prior to September 16, 1998, shall resume on the first day of the month immediately following receipt by the board of an application on a form provided by the board.

Sec. 742.3711. (A) On application for retirement as provided in section 742.37 of the Revised Code, a member of the fund may elect to receive a retirement allowance payable throughout the member's life, or may elect, on

the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in a lesser amount payable for life and continuing after death to a surviving designated beneficiary under one of the following optional plans, provided the amount payable to the beneficiary shall not exceed the amount payable to the retiring member of the fund, and is certified by the actuary engaged by the board of trustees of the Ohio police and fire pension fund to be the actuarial equivalent of the member's retirement allowance and is approved by the board.

(1) Option 1. The member's lesser retirement allowance shall be paid for life to the sole beneficiary designated at the time of the member's retirement.

(2) Option 2. One-half or some other portion of the member's lesser retirement allowance shall be paid for life to the sole beneficiary designated at the time of the member's retirement.

(3) Option 3. Upon the member's death before the expiration of a certain period from the retirement date and elected by the member and approved by the retirement board, the member's lesser retirement allowance shall be continued for the remainder of that period to the beneficiary the member has nominated by written designation and filed with the retirement board.

Should the nominated beneficiary designated in writing become deceased prior to the expiration of the guarantee period, then for the purpose of completing payment for the remainder of the guarantee period, the present value of such payments shall be paid to the estate of the beneficiary last receiving.

(B)(1) On or after February 28, 1980, the death of a spouse nominated as beneficiary or the death of any other nominated beneficiary following retirement shall cancel any optional plan of payment to provide continuing lifetime benefits to such nominated beneficiary and return the member of the fund to the member's single lifetime benefit equivalent, as determined by the board, to be effective the month following receipt by the board of notice of the death.

(2) On divorce, annulment, or marriage dissolution, a member receiving a retirement allowance under a plan that provides for continuation of all or part of the allowance after death for the lifetime of the member's surviving spouse may, with the written consent of the spouse or pursuant to an order of the court with jurisdiction over the termination of the marriage, elect to cancel the plan and receive the member's single lifetime benefit equivalent as determined by the board. The election shall be made on a form provided by the board and shall be effective the month following its receipt by the board.

(C) Following marriage or remarriage, a member of the fund may elect

not later than one year after the date of marriage or remarriage a new optional plan of payment based on the actuarial equivalent of the member's single lifetime benefit as determined by the board. The plan and the member's lesser retirement allowance shall become effective on the date the election is made on a form approved by the board.

(D)(1) Unless one of the following occurs, an application for retirement by a married person shall be considered an election of a benefit under option 2 as provided for in division (A)(2) of this section under which one-half of the lesser retirement allowance payable during the life of the retirant will be paid after death to the retirant's spouse for life as sole beneficiary:

(a) The retirant selects an optional plan under division (A) of this section providing for payment after death to the retirant's spouse for life as sole beneficiary of more than one-half of the lesser retirement allowance payable during the life of the retirant;

(b) The retirant submits to the retirement board a written statement signed by the spouse attesting that the spouse consents to the retirant's election to receive a single lifetime retirement allowance or a payment under an optional benefit plan under which after the death of the retirant the surviving spouse will receive less than one-half of the lesser retirement allowance payable during the life of the retirant.

(2) An application for retirement shall include an explanation of all of the following:

(a) That, if the member is married, unless the spouse consents to another plan of payment, the member's retirement allowance will be paid under "option 2" and consist of the actuarial equivalent of the member's retirement allowance in a lesser amount payable for life and one-half of the lesser allowance continuing after death to the surviving spouse for the life of the spouse;

(b) A description of the alternative plans of payment available with the consent of the spouse;

(c) That the spouse may consent to another plan of payment and the procedure for giving consent;

(d) That consent is irrevocable once notice of consent is filed with the board.

Consent shall be valid only if it is signed, in writing, and witnessed by an employee of the board or a notary public.

(3) If the retirant does not select an optional plan as described in division (D)(1)(a) of this section and the board does not receive the written statement provided for in division (D)(1)(b) of this section, it shall determine and pay the retirement allowance in accordance with division

(A)(2) of this section, except that the board may provide by rule for waiver by the board of the statement and payment of the allowance other than in accordance with division (A)(2) of this section if the retirant is unable to obtain the statement due to absence or incapacity of the spouse or other cause specified by the board.

(E) A member of the fund who has elected an optional plan under this section or section 742.3715 of the Revised Code may, with the consent of the designated beneficiary, cancel the optional plan and receive the retirement allowance payable throughout life the member would have received had the member not elected the optional plan, if the member makes a request to cancel the optional plan not later than one year after the later of September 9, 1988, or the date on which the member first receives a payment under this section or section 742.3715 of the Revised Code. Cancellation of the optional plan shall be effective the month after acceptance of the request by the trustees of the fund. No payment or adjustment shall be made in the retirement allowance payable throughout the member's life to compensate for the lesser allowance the member received under the optional plan.

The request to cancel the optional plan shall be made on a form provided by the fund and shall be valid only if the completed form includes a signed statement of the designated beneficiary's understanding of and consent to the cancellation. The signature shall be verified by the trustees of the fund prior to their acceptance of the cancellation.

(F) Any option elected and payments made under this section shall be in addition to any benefit payable under divisions (D), (E), and (F) of section 742.37 of the Revised Code.

(G) A person is eligible to receive a benefit increase under this division if the person is receiving a retirement allowance or benefit under an optional plan elected under this section or section 742.3715 of the Revised Code based on an award made prior to July 24, 1986. A person is not eligible to receive an increase under this division if the person is receiving a pension or benefit in accordance with rules in force on April 1, 1947, that govern the granting of pensions and benefits and that provide an increase in the original pension or benefit from time to time pursuant to changes in the salaries of active members.
