

AN ACT

To amend sections 4723.28, 4730.25, 4731.22, and 4761.09 and to enact sections 3795.01, 3795.02, and 3795.03 of the Revised Code to declare that assisted suicide is against the public policy of the state and to create the Compassionate Care Task Force to study and make recommendations on treatment of intractable pain.

Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. That sections 4723.28, 4730.25, 4731.22, and 4761.09 be amended and sections 3795.01, 3795.02, and 3795.03 of the Revised Code be enacted to read as follows:

Sec. 3795.01. As used in sections 3795.01, 3795.02, and 3795.03 of the Revised Code:

(A) "Assist suicide" or "assisting suicide" means knowingly doing either of the following, with the purpose of helping another person to commit or attempt suicide:

(1) Providing the physical means by which the person commits or attempts to commit suicide;

(2) Participating in a physical act by which the person commits or attempts to commit suicide.

(B) "Certified nurse practitioner," "certified nurse-midwife," and "clinical nurse specialist" have the same meanings as in section 4723.01 of the Revised Code.

(C) "CPR" has the same meaning as in section 2133.21 of the Revised Code.

(D) "Health care" means any care, treatment, service, or procedure to maintain, diagnose, or treat a person's physical or mental condition.

(E) "Health care decision" means informed consent, refusal to give informed consent, or withdrawal of informed consent to health care.

(F) "Health care facility" means any of the following:

(1) A hospital;

(2) A hospice care program as defined in section 3712.01 of the Revised Code;

(3) A nursing home;

(4) A home health agency;

(5) An intermediate care facility for the mentally retarded.

(G) "Health care personnel" means physicians, nurses, physician assistants, emergency medical technicians-basic, emergency medical technicians-intermediate, emergency medical technicians-paramedic, medical technicians, dietitians, other authorized persons acting under the direction of an attending physician, and administrators of health care facilities.

(H) "Physician" means a person who is authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

Sec. 3795.02. (A) Assisting suicide is hereby declared to be against the public policy of the state.

(B) A court of common pleas shall grant an injunction enjoining any action related to assisting suicide if it finds there is reason to believe that the person enjoined is preparing to assist a suicide, is in the course of assisting a suicide, or has assisted a suicide. The injunction shall prohibit the person from assisting any suicide in this state regardless of who is being assisted. The injunction may be granted at the request of any of the following:

(1) A person who has prepared or attempted to commit suicide with the assistance of the person sought to be enjoined;

(2) The guardian, spouse, parent, child, or sibling of a person who is preparing or has prepared to commit, who is attempting or has attempted to commit, or who committed suicide with the assistance of the person sought to be enjoined;

(3) A person entitled to inherit from a person who is preparing or has prepared to commit, who is attempting or has attempted to commit, or who committed suicide with the assistance of the person sought to be enjoined;

(4) A person who has inherited from a person who has prepared or attempted to commit or who committed suicide with the assistance of the person sought to be enjoined;

(5) An individual who is providing or has provided health care to a person who is preparing or has prepared to commit or who is attempting or has attempted to commit suicide with the assistance of the person sought to be enjoined;

(6) An individual who has provided health care to a person who committed suicide with the assistance of the person sought to be enjoined;

(7) A prosecuting attorney;

(8) The attorney general.

If an injunction is granted, the court may award the party requesting the injunction all reasonable attorney's fees, which shall be considered damages.

Sec. 3795.03. Nothing in section 3795.01 or 3795.02 of the Revised Code shall do any of the following:

(A) Prohibit or preclude a physician, certified nurse practitioner, certified nurse-midwife, or clinical nurse specialist who carries out the responsibility to provide comfort care to a patient in good faith and while acting within the scope of the physician's or nurse's authority from prescribing, dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the patient, including, but not limited to, prescribing, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the patient's pain or discomfort and not for the purpose of postponing or causing the patient's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the patient's death;

(B) Prohibit or preclude health care personnel acting under the direction of a person authorized to prescribe a patient's treatment and who carry out the responsibility to provide comfort care to the patient in good faith and while acting within the scope of their authority from dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the patient, including, but not limited to, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the patient's pain or discomfort and not for the purpose of postponing or causing the patient's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the patient's death;

(C) Prohibit or affect the use or continuation, or the withholding or withdrawal, of life-sustaining treatment, CPR, or comfort care under Chapter 2133. of the Revised Code;

(D) Prohibit or affect the provision or withholding of health care, life-sustaining treatment, or comfort care to a principal under a durable power of attorney for health care or any other health care decision made by an attorney in fact under sections 1337.11 to 1337.17 of the Revised Code;

(E) Affect or limit the authority of a physician, a health care facility, a person employed by or under contract with a health care facility, or emergency service personnel to provide or withhold health care to a person in accordance with reasonable medical standards applicable in an emergency

situation:

(F) Affect or limit the authority of a person to refuse to give informed consent to health care, including through the execution of a durable power of attorney for health care under sections 1337.11 to 1337.17 of the Revised Code, the execution of a declaration under sections 2133.01 to 2133.15 of the Revised Code, or authorizing the withholding or withdrawal of CPR under sections 2133.21 to 2133.26 of the Revised Code.

Sec. 4723.28. (A) The board of nursing, by a vote of a quorum, may revoke or may refuse to grant a nursing license, certificate of authority, or dialysis technician certificate to a person found by the board to have committed fraud in passing an examination required to obtain the license, certificate of authority, or dialysis technician certificate or to have committed fraud, misrepresentation, or deception in applying for or securing any nursing license, certificate of authority, or dialysis technician certificate issued by the board.

(B) Subject to division (N) of this section, the board of nursing, by a vote of a quorum, may impose one or more of the following sanctions: deny, revoke, suspend, or place restrictions on any nursing license, certificate of authority, or dialysis technician certificate issued by the board; reprimand or otherwise discipline a holder of a nursing license, certificate of authority, or dialysis technician certificate; or impose a fine of not more than five hundred dollars per violation. The sanctions may be imposed for any of the following:

(1) Denial, revocation, suspension, or restriction of authority to practice a health care occupation, including nursing or practice as a dialysis technician, for any reason other than a failure to renew, in Ohio or another state or jurisdiction;

(2) Engaging in the practice of nursing or engaging in practice as a dialysis technician, having failed to renew a nursing license or dialysis technician certificate issued under this chapter, or while a nursing license or dialysis technician certificate is under suspension;

(3) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(4) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, any felony or of any crime involving gross immorality or moral turpitude;

(5) Selling, giving away, or administering drugs or therapeutic devices

for other than legal and legitimate therapeutic purposes; or conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, violating any municipal, state, county, or federal drug law;

(6) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, an act in another jurisdiction that would constitute a felony or a crime of moral turpitude in Ohio;

(7) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, an act in the course of practice in another jurisdiction that would constitute a misdemeanor in Ohio;

(8) Self-administering or otherwise taking into the body any dangerous drug, as defined in section 4729.01 of the Revised Code, in any way not in accordance with a legal, valid prescription issued for that individual;

(9) Habitual indulgence in the use of controlled substances, other habit-forming drugs, or alcohol or other chemical substances to an extent that impairs ability to practice;

(10) Impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of habitual or excessive use of drugs, alcohol, or other chemical substances that impair the ability to practice;

(11) Impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of a physical or mental disability;

(12) Assaulting or causing harm to a patient or depriving a patient of the means to summon assistance;

(13) Obtaining or attempting to obtain money or anything of value by intentional misrepresentation or material deception in the course of practice;

(14) Adjudication by a probate court of being mentally ill or mentally incompetent. The board may restore the person's nursing license or dialysis technician certificate upon adjudication by a probate court of the person's restoration to competency or upon submission to the board of other proof of competency.

(15) The suspension or termination of employment by the department of defense or the veterans administration of the United States for any act that violates or would violate this chapter;

- (16) Violation of this chapter or any rules adopted under it;
- (17) Violation of any restrictions placed on a nursing license or dialysis technician certificate by the board;
- (18) Failure to use universal blood and body fluid precautions established by rules adopted under section 4723.07 of the Revised Code;
- (19) Failure to practice in accordance with acceptable and prevailing standards of safe nursing care or safe dialysis care;
- (20) In the case of a registered nurse, engaging in activities that exceed the practice of nursing as a registered nurse;
- (21) In the case of a licensed practical nurse, engaging in activities that exceed the practice of nursing as a licensed practical nurse;
- (22) In the case of a dialysis technician, engaging in activities that exceed those permitted under section 4723.72 of the Revised Code;
- (23) Aiding and abetting a person in that person's practice of nursing without a license or practice as a dialysis technician without a certificate issued under this chapter;
- (24) In the case of a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, certified nurse practitioner, or advanced practice nurse, except as provided in division (M) of this section, either of the following:
 - (a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers such nursing services, would otherwise be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that provider;
 - (b) Advertising that the nurse will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers such nursing services, would otherwise be required to pay.
- (25) Failure to comply with the terms and conditions of participation in the chemical dependency monitoring program established under section 4723.35 of the Revised Code;
- (26) Failure to comply with the terms and conditions required under the practice intervention and improvement program established under section 4723.282 of the Revised Code;
- (27) In the case of a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner:
 - (a) Engaging in activities that exceed those permitted for the nurse's nursing specialty under section 4723.43 of the Revised Code;
 - (b) Failure to meet the quality assurance standards established under

section 4723.07 of the Revised Code.

(28) In the case of a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner, failure to maintain a standard care arrangement in accordance with section 4723.431 of the Revised Code or to practice in accordance with the standard care arrangement;

(29) In the case of a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who holds a certificate to prescribe issued under section 4723.48 of the Revised Code, failure to prescribe drugs and therapeutic devices in accordance with section 4723.481 of the Revised Code;

(30) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(31) Failure to establish and maintain professional boundaries with a patient, as specified in rules adopted under section 4723.07 of the Revised Code;

(32) Regardless of whether the contact or verbal behavior is consensual, engaging with a patient other than the spouse of the registered nurse, licensed practical nurse, or dialysis technician in any of the following:

(a) Sexual contact, as defined in section 2907.01 of the Revised Code;

(b) Verbal behavior that is sexually demeaning to the patient or may be reasonably interpreted by the patient as sexually demeaning.

(33) Assisting suicide as defined in section 3795.01 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication conducted under Chapter 119. of the Revised Code, except that in lieu of a hearing, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by a vote of a quorum, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the agreement shall be of no effect.

(D) The hearings of the board shall be conducted in accordance with Chapter 119. of the Revised Code, the board may appoint a hearing examiner, as provided in section 119.09 of the Revised Code, to conduct any hearing the board is authorized to hold under Chapter 119. of the Revised Code.

In any instance in which the board is required under Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and the applicant or license holder does not make a timely request for a hearing in

accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by a vote of a quorum, a final order that contains the board's findings. In the final order, the board may order any of the sanctions listed in division (A) or (B) of this section.

(E) If a criminal action is brought against a registered nurse, licensed practical nurse, or dialysis technician for an act or crime described in divisions (B)(3) to (7) of this section and the action is dismissed by the trial court other than on the merits, the board shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the action was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed the act, or if the registered nurse, licensed practical nurse, or dialysis technician fails to participate in the adjudication, the board may take action as though the registered nurse, licensed practical nurse, or dialysis technician had been convicted of the act.

If the board takes action on the basis of a conviction, plea, or a judicial finding as described in divisions (B)(3) to (7) of this section that is overturned on appeal, the registered nurse, licensed practical nurse, or dialysis technician may, on exhaustion of the appeal process, petition the board for reconsideration of its action. On receipt of the petition and supporting court documents, the board shall temporarily rescind its action. If the board determines that the decision on appeal was a decision on the merits, it shall permanently rescind its action. If the board determines that the decision on appeal was not a decision on the merits, it shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the original conviction, plea, or judicial finding was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed such act, or if the registered nurse, licensed practical nurse, or dialysis technician does not request an adjudication, the board shall reinstate its action; otherwise, the board shall permanently rescind its action.

Notwithstanding the provision of division (C)(2) of section 2953.32 of the Revised Code specifying that if records pertaining to a criminal case are sealed under that section the proceedings in the case shall be deemed not to have occurred, sealing of the records of a conviction on which the board has based an action under this section shall have no effect on the board's action or any sanction imposed by the board under this section.

The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) The board may investigate an individual's criminal background in performing its duties under this section.

(G) During the course of an investigation conducted under this section, the board may compel any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter to submit to a mental or physical examination, or both, as required by the board and at the expense of the individual, if the board finds reason to believe that the individual under investigation may have a physical or mental impairment that may affect the individual's ability to provide safe nursing care. Failure of any individual to submit to a mental or physical examination when directed constitutes an admission of the allegations, unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence.

If the board finds that an individual is impaired, the board shall require the individual to submit to care, counseling, or treatment approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. The individual shall be afforded an opportunity to demonstrate to the board that the individual can begin or resume the individual's occupation in compliance with acceptable and prevailing standards of care under the provisions of the individual's authority to practice.

For purposes of this division, any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(H) The board shall investigate evidence that appears to show that any person has violated any provision of this chapter or any rule of the board. Any person may report to the board any information the person may have that appears to show a violation of any provision of this chapter or rule of the board. In the absence of bad faith, any person who reports such information or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of the report or testimony.

(I) All of the following apply under this chapter with respect to the confidentiality of information:

(1) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action, except that the board may disclose information to law enforcement officers and government

entities investigating a registered nurse, licensed practical nurse, or dialysis technician or a person who may have engaged in the unauthorized practice of nursing. No law enforcement officer or government entity with knowledge of any information disclosed by the board pursuant to this division shall divulge the information to any other person or government entity except for the purpose of an adjudication by a court or licensing or registration board or officer to which the person to whom the information relates is a party.

(2) If an investigation requires a review of patient records, the investigation and proceeding shall be conducted in such a manner as to protect patient confidentiality.

(3) All adjudications and investigations of the board shall be considered civil actions for the purposes of section 2305.251 of the Revised Code.

(4) Any board activity that involves continued monitoring of an individual as part of or following any disciplinary action taken under this section shall be conducted in a manner that maintains the individual's confidentiality. Information received or maintained by the board with respect to the board's monitoring activities is confidential and not subject to discovery in any civil action.

(J) Any action taken by the board under this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the person may be reinstated to practice.

(K) When the board refuses to grant a license or certificate to an applicant, revokes a license or certificate, or refuses to reinstate a license or certificate, the board may specify that its action is permanent. An individual subject to permanent action taken by the board is forever ineligible to hold a license or certificate of the type that was refused or revoked and the board shall not accept from the individual an application for reinstatement of the license or certificate or for a new license or certificate.

(L) No unilateral surrender of a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter shall be effective unless accepted by majority vote of the board. No application for a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter may be withdrawn without a majority vote of the board. The board's jurisdiction to take disciplinary action under this section is not removed or limited when an individual has a license or certificate classified as inactive or fails to renew a license or certificate.

(M) Sanctions shall not be imposed under division (B)(24) of this section against any licensee who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person licensed pursuant to this chapter to the extent allowed by this chapter and the rules of the board.

(N)(1) Any person who enters a prelicensure nursing education program on or after June 1, 2003, and who subsequently applies under division (A) of section 4723.09 of the Revised Code for licensure to practice as a registered nurse or as a licensed practical nurse and any person who applies under division (B) of that section for license by endorsement to practice nursing as a registered nurse or as a licensed practical nurse shall submit a request to the bureau of criminal identification and investigation for the bureau to conduct a criminal records check of the applicant and to send the results to the board, in accordance with section 4723.09 of the Revised Code.

The board shall refuse to grant a license to practice nursing as a registered nurse or as a licensed practical nurse under section 4723.09 of the Revised Code to a person who entered a prelicensure nursing education program on or after June 1, 2003, and applied under division (A) of section 4723.09 of the Revised Code for the license or a person who applied under division (B) of that section for the license, if the criminal records check performed in accordance with division (C) of that section indicates that the person has pleaded guilty to, been convicted of, or has had a judicial finding of guilt for violating section 2903.01, 2903.02, 2903.03, 2903.11, 2905.01, 2907.02, 2907.03, 2907.05, 2909.02, 2911.01, or 2911.11 of the Revised Code or a substantially similar law of another state, the United States, or another country.

(2) Any person who enters a dialysis training program on or after June 1, 2003, and who subsequently applies for a certificate to practice as a dialysis technician shall submit a request to the bureau of criminal identification and investigation for the bureau to conduct a criminal records check of the applicant and to send the results to the board, in accordance with section 4723.75 of the Revised Code.

The board shall refuse to issue a certificate to practice as a dialysis technician under section 4723.75 of the Revised Code to a person who entered a dialysis training program on or after June 1, 2003, and whose criminal records check performed in accordance with division (C) of that section indicates that the person has pleaded guilty to, been convicted of, or

has had a judicial finding of guilt for violating section 2903.01, 2903.02, 2903.03, 2903.11, 2905.01, 2907.02, 2907.03, 2907.05, 2909.02, 2911.01, or 2911.11 of the Revised Code or a substantially similar law of another state, the United States, or another country.

Sec. 4730.25. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a certificate of registration as a physician assistant to a person found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the certificate.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate of registration as a physician assistant, refuse to issue a certificate to an applicant, refuse to reinstate a certificate, or reprimand or place on probation the holder of a certificate for any of the following reasons:

(1) Failure to practice in accordance with the conditions under which the supervising physician's supervision agreement with the physician assistant was approved, including the requirement that when practicing under a particular supervising physician, the physician assistant must practice only according to the standard or supplemental utilization plan the board approved for that physician;

(2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

(3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;

(4) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(5) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(6) Administering drugs for purposes other than those authorized under this chapter;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for patients, in relation to the practice of medicine as it pertains to physician assistants, or in securing or attempting to secure a certificate of registration to practice as a physician assistant or approval of a

supervision agreement.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for treatment in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for treatment in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for treatment in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for treatment in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of physician assistants in another state, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) A departure from, or failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances, regardless of whether actual injury to a patient is established;

(20) Violation of the conditions placed by the board on a certificate of registration, physician assistant utilization plan, or supervision agreement;

(21) Violation of the conditions on which a temporary certificate of registration is issued;

(22) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(23) Failure to cooperate in an investigation conducted by the board under section 4730.26 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(24) Assisting suicide as defined in section 3795.01 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a physician assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or certificate holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the certificate holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon

the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for treatment in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) For purposes of this division, any individual who holds a certificate of registration issued under this chapter, or applies for a certificate of registration, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(4) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a certificate of registration issued under this chapter or who has applied for a certificate of registration pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a physician assistant unable to practice because of the reasons set forth in division (B)(4) of this section, the board shall require the physician assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed certificate of registration. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(5) of this section, if the board has reason to believe that any individual who holds a certificate of registration issued under this chapter or any applicant for a certificate of registration suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate suspended under this division, the physician assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a certificate suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired physician assistant resumes practice, the board shall require continued monitoring of the physician assistant. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the physician assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that a physician assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's certificate to practice without a prior hearing.

Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the physician assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the physician assistant requests the hearing, unless otherwise agreed to by both the board and the certificate holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for treatment in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the certificate of registration. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions identified under division (B) of this section.

(I) The certificate of registration of a physician assistant and the physician assistant's practice in this state are automatically suspended as of the date the physician assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another state for any of the following criminal offenses

in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's certificate of registration.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the physician assistant's certificate may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant a certificate of registration as a physician assistant to an applicant, revokes an individual's certificate of registration, refuses to issue a certificate of registration, or refuses to reinstate an individual's certificate of registration, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate of registration as a physician assistant and the board shall not accept an application for reinstatement of the certificate or for issuance of a new certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a certificate of registration as a physician assistant issued under this chapter is not effective unless or until accepted by the

board. Reinstatement of a certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a certificate of registration, approval of a standard or supplemental utilization plan, or approval of a supervision agreement may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a certificate of registration in accordance with section 4730.12 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may revoke or may refuse to grant a certificate to a person found by the board to have committed fraud during the administration of the examination for a certificate to practice or to have committed fraud, misrepresentation, or deception in applying for or securing any certificate to practice or certificate of registration issued by the board.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate to practice, refuse to register an individual, refuse to reinstate a certificate, or reprimand or place on probation the holder of a certificate for one or more of the following reasons:

(1) Permitting one's name or one's certificate to practice or certificate of registration to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;

(3) Selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports to a child fatality review board under sections 307.621 to 307.629 of the Revised Code and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised

Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any certificate to practice or certificate of registration issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a

misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the

board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's certificate. For the purpose of this division, any individual who applies for or receives a certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except when civil penalties are imposed under section 4731.225 or 4731.281 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of any abortion rule adopted by the public health council pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by the agency responsible for regulating the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or the limited branches of medicine in another jurisdiction, for any reason other than the nonpayment of fees: the

limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (B)(2), (3), (6), (8), or (19) of this section;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the

board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to

pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure of a collaborating physician to fulfill the responsibilities agreed to by the physician and an advanced practice nurse participating in a pilot program under section 4723.52 of the Revised Code;

(31) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's file;

(32) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(33) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(34) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(35) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(36) Failure to supervise an acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for supervision of an acupuncturist;

(37) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board's rules for supervision of an anesthesiologist assistant;

(38) Assisting suicide as defined in section 3795.01 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by

the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is a person whose practice is authorized by this chapter, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for witnesses in civil cases in the courts of common pleas.

(4) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.251 of the Revised Code.

(5) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (a) The case number assigned to the complaint or alleged violation;
- (b) The type of certificate to practice, if any, held by the individual against whom the complaint is directed;
- (c) A description of the allegations contained in the complaint;
- (d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that an individual has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's certificate to practice without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. A failure to issue the order within sixty days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant a certificate to an applicant, revokes an individual's certificate to practice, refuses to register an applicant, or refuses to reinstate an individual's certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate to practice and the board shall not accept an application for reinstatement of the certificate or for issuance of a new certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the

following apply:

(1) The surrender of a certificate issued under this chapter shall not be effective unless or until accepted by the board. Reinstatement of a certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a certificate of registration in accordance with this chapter shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual

educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

Sec. 4761.09. (A) The Ohio respiratory care board may refuse to issue or renew a license or a limited permit, may issue a reprimand, may suspend or permanently revoke a license or limited permit, or may place a license or limited permit holder on probation, on any of the following grounds:

(1) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense involving moral turpitude or of a felony, in which case a certified copy of the court record shall be conclusive evidence of the matter;

(2) Violating any provision of this chapter or an order or rule of the board;

(3) Assisting another person in that person's violation of any provision of this chapter or an order or rule of the board;

(4) Obtaining a license or limited permit by means of fraud, false or misleading representation, or concealment of material facts or making any other material misrepresentation to the board;

(5) Being guilty of negligence or gross misconduct in the practice of respiratory care;

(6) Violating the standards of ethical conduct adopted by the board, in the practice of respiratory care;

(7) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(8) Using any dangerous drug, as defined in section 4729.01 of the Revised Code, or alcohol to the extent that the use impairs the ability to practice respiratory care at an acceptable level of competency;

(9) Practicing respiratory care while mentally incompetent;

(10) Accepting commissions, rebates, or other forms of remuneration for patient referrals;

(11) Practicing in an area of respiratory care for which the person is clearly untrained or incompetent or practicing in a manner that conflicts with section 4761.17 of the Revised Code;

(12) Employing, directing, or supervising a person who is not authorized to practice respiratory care under this chapter in the performance

of respiratory care procedures;

(13) Misrepresenting educational attainments or authorized functions for the purpose of obtaining some benefit related to the practice of respiratory care;

(14) Assisting suicide as defined in section 3795.01 of the Revised Code.

Before the board may take any action under this section, other than issuance of a summary suspension order under division (C) of this section, the executive director of the board shall prepare and file written charges with the board. Disciplinary actions taken by the board under this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no effect.

(B) If the board orders a license or limited permit holder placed on probation, the order shall be accompanied by a written statement of the conditions under which the person may be restored to practice.

The person may reapply to the board for original issuance of a license after one year following the date the license was denied.

A person may apply to the board for the reinstatement of a license or limited permit after one year following the date of suspension or refusal to renew. The board may accept or refuse the application for reinstatement and may require that the applicant pass a reexamination as a condition of eligibility for reinstatement.

(C) If the president and secretary of the board determine that there is clear and convincing evidence that a license or limited permit holder has committed an act that is grounds for board action under division (A) of this section and that continued practice by the license or permit holder presents a danger of immediate and serious harm to the public, the president and secretary may recommend that the board suspend the license or limited permit without a prior hearing. The president and secretary shall submit in writing to the board the allegations causing them to recommend the suspension.

On review of the allegations, the board, by a vote of not less than four of its members, may suspend a license or limited permit without a prior hearing. The board may review the allegations and vote on the suspension

by a telephone conference call.

If the board votes to suspend a license or limited permit under this division, the board shall issue a written order of summary suspension to the license or limited permit holder in accordance with section 119.07 of the Revised Code. If the license or limited permit holder requests a hearing by the board, the board shall conduct the hearing in accordance with Chapter 119. of the Revised Code. Notwithstanding section 119.12 of the Revised Code, a court of common pleas shall not grant a suspension of the board's order of summary suspension pending determination of an appeal filed under that section.

Any order of summary suspension issued under this division shall remain in effect until a final adjudication order issued by the board pursuant to division (A) of this section becomes effective. The board shall issue its final adjudication order regarding an order of summary suspension issued under this division not later than sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in immediate dissolution of the suspension order, but shall not invalidate any subsequent, final adjudication order.

SECTION 2. That existing sections 4723.28, 4730.25, 4731.22, and 4761.09 of the Revised Code are hereby repealed.

SECTION 3. (A) As used in this section:

(1) "Ohio Pain Advisory Committee" means the committee established by the Director of Health in 1996 that advises the Department of Health regarding, and educates medical professionals and the public about, treatment of intractable pain.

(2) "Physician" means a person who is authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(3) "Psychiatrist" means a physician who has satisfactorily completed a residency training program in psychiatry, as approved by the Residency Review Committee of the American Medical Association, the Committee on Post-graduate Education of the American Osteopathic Association, the American Board of Psychiatry and Neurology, or the American Osteopathic Board of Neurology and Psychiatry, or who on July 1, 1989, has been recognized as a psychiatrist by the Ohio State Medical Association or the Ohio Osteopathic Association on the basis of formal training and five or more years of medical practice limited to psychiatry.

(4) "Psychologist" means a licensed psychologist as defined in section 4732.01 of the Revised Code.

(B) There is hereby created the Compassionate Care Task Force consisting of the following members:

(1) All members of the Ohio Pain Advisory Committee;

(2) All of the following persons, to be appointed by the Governor, who are not members of the Ohio Pain Advisory Committee:

(a) Two physicians certified in the specialty of pain medicine by a national professional organization, at least one of whom is a pediatrician;

(b) A psychiatrist and a psychologist, both of whom have experience in treating depression in persons with terminal illness or severe chronic pain;

(c) A representative of the Ohio State Medical Association;

(d) A representative of the Ohio Osteopathic Association;

(e) A physician representing the State Medical Board;

(f) A representative of the Ohio Hospital Association;

(g) A representative of the Ohio Nurses Association;

(h) A representative of the Board of Nursing;

(i) A representative of the Ohio Hospice and Palliative Care Organization;

(j) A representative of the Ohio Council for Home Care;

(k) Three persons representing the accredited medical schools in this state;

(l) Three persons representing the public, at least one of whom has been diagnosed with severe chronic pain.

(3) Two members of the House of Representatives from the majority party, appointed by the Speaker of the House;

(4) Two members of the House from the minority party, appointed by the House Minority Leader;

(5) Two members of the Senate from the majority party, appointed by the Senate President;

(6) Two members of the Senate from the minority party, appointed by the Senate Minority Leader;

(7) The Director of Health or the Director's designee.

(C) All appointments and designations to the Task Force shall be made not later than thirty days after the effective date of this section. The Director of Health or the Director's designee shall be the chairperson of the Task Force. The Task Force shall meet on the call of the chairperson and may conduct one or more public hearings to permit public comment on the matters about which the Task Force is required to study and make recommendations.

Task Force members receive no compensation for performing their duties as members of the Task Force, but shall be reimbursed for reasonable expenses incurred in conducting their duties, if the expenses are approved by the chairperson.

(D) The Task Force shall study and make recommendations about all of the following:

(1) The need and availability in all areas of the state of health care, including nursing services and hospice visits, counseling, and social services resources for persons with terminal illness or severe chronic pain and their families;

(2) The use in this state of pain and symptom control treatment for patients with terminal illness or severe chronic pain;

(3) Ways to improve the delivery in this state of pain and symptom control treatment to patients with terminal illness or severe chronic pain including the following:

(a) Increasing awareness by health care professionals of the best types of pain and symptom control treatment for various types of terminal illness and severe chronic pain;

(b) Removing any existing impediments to the delivery of the best possible pain and symptom control treatment to all patients with terminal illness or severe chronic pain.

(4) Ways to better inform the public about both of the following:

(a) The existence of entities that provide services for persons with terminal illness or severe chronic pain;

(b) The ability to control pain and depression experienced by persons with terminal illness or severe chronic pain.

(5) Ways to improve the ability of health care and social service professionals to identify and obtain treatment for depression and other emotional problems experienced by persons with terminal illness or severe chronic pain.

(E) The Task Force shall not study or make recommendations about euthanasia, assisted suicide, advance directives, or the use, continuation, withholding, or withdrawal of life-sustaining treatment.

(F)(1) Not later than one year after the effective date of this act, the Task Force shall make a written report of its recommendations under division (D) of this section to the Governor, the Speaker of the House of Representatives, the President of the Senate, and the House and Senate Minority Leaders.

(2) In making the report of its recommendations, the Task Force shall focus on the development of a public-private partnership to provide the most

compassionate and life-affirming treatment possible to all persons with terminal illness or severe chronic pain.

(3) The Task Force shall cease to exist one year after the date it makes the report of its recommendations. During the period beginning after the making of the report and the date it ceases to exist, the Task Force shall review the progress of any attempt to implement its recommendations. Not later than its last day in existence, the Task Force shall issue a written report on the progress of implementation of its recommendations. The report shall be provided to the persons described in division (F)(1) of this section.

(G) The Department of Health shall provide the staff resources and meeting facilities for the Task Force to conduct its duties. Reimbursement for Task Force member expenses shall be made from amounts appropriated to the Department of Health. The Department shall seek Controlling Board approval of any fund transfers necessary to make the reimbursements.

SECTION 4. Section 4730.25 of the Revised Code is presented in this act as a composite of the section as amended by both Sub. H.B. 606 of the 122nd General Assembly and Am. Sub. S.B. 107 of the 123rd General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.
