(C) If the governor determines that necessary expenditure reductions and budget cuts cannot be made without closing one or more state institutional facilities, all of the following apply:

(1) The governor shall determine which state agency's institutional facility or facilities the governor believes should be closed, shall notify the general assembly and that agency of that determination, and shall specify in the notice the number of facilities of that agency that the governor believes should be closed and the anticipated savings to be obtained through that closure or those closures.

(2) Upon the governor's provision of the notice described in division (C)(1) of this section, a state facilities closure commission shall be created as described in division (D) of this section regarding the target state agency. (3) Upon receipt of the report of the state facilities closure commission under division (C)(2) of this section for a target state agency, if the governor still believes that necessary expenditure reductions and budget cuts cannot be made without closing one or more state institutional facilities, the governor may close state institutional facilities of the target state agency that are identified in the commission's recommendation contained in the report. Except as otherwise provided in this division, the governor shall not close any state institutional facility of the target state agency that is not listed in the commission's recommendation, and shall not close multiple institutions in any order other than the order of the commission's preference as specified in the recommendation. governor determines that a significant change in circumstances makes the recommendation unworkable.

(D) A state facilities closure commission shall be created at the time and in the manner specified in division (C)(2) of this section. If more than one state agency or department is a target state agency, a separate state facilities closure commission shall be created for each such target state agency. One member shall be a representative of the Ohio civil service employees' association or other representative association of the employees of the target state agency, appointed by the speaker of the house of representatives. The officials with the duties to appoint members of the commission shall make the appointments, and the commission shall meet, within the time periods specified in division (C)(2) of this section. The members of the commission shall serve without compensation. At the commission's first meeting, the members shall organize, and appoint a chairperson and vice-chairperson.

The commission shall determine which state institutional facility or facilities under the control of the target state agency for which the commission was created should be closed. In making this determination, the commission shall, at a minimum, consider the following factors:

Sec. 122.17. (A) As used in this section:

(1) "Full-time employee" means an individual who is employed for consideration for at least thirty-five hours a week, or who renders any other standard of service generally accepted by custom or specified by contract as full-time employment.

(2) "New employee" means one of the following:

(a) A full-time employee first employed by a taxpayer in the project that is the subject of the agreement after the taxpayer enters into a tax credit agreement with the tax credit authority under this section;

(b) A full-time employee first employed by a taxpayer in the project that is the subject of the tax credit after the tax credit authority approves a project for a tax credit under this section in a public meeting, as long as the taxpayer enters into the tax credit agreement prepared by the department of development after such meeting within sixty days after receiving the agreement from the department. If the taxpayer fails to enter into the agreement within sixty days, "new employee" has the same meaning as under division (A)(2)(a) of this section.

Under division (A)(2)(a) or (b) of this section, if the tax credit authority determines it appropriate, "new employee" also may include an employee re-hired or called back from lay-off to work in a new facility or on a new product or service established or produced by the taxpayer after entering into the agreement under this section or after the tax credit authority approves the tax credit in a public meeting. "New employee" does not include any employee of the taxpayer who was previously employed in this state by a related member of the taxpayer and whose employment was shifted to the taxpayer after the taxpayer entered into the tax credit agreement or after the tax credit authority approved the credit in a public meeting, or any employee of the taxpayer for which the taxpayer has been granted a certificate under division (B) of section 5709.66 of the Revised Code. "New employee" also does not include an employee of the taxpayer who is employed in an employment position that was relocated to a project from other operations of the taxpayer in this state or from operations of a related member of the taxpayer in this state. In addition, "new employee" does not include a child, grandchild, parent, or spouse, other than a spouse who is legally separated from the individual, of any individual who is an employee of the taxpayer and who has a direct or indirect ownership interest of at least five per cent in the profits, capital, or value of the taxpayer. Such ownership interest shall be determined in accordance with section 1563 of the Internal Revenue Code and regulations prescribed thereunder.

(3) "New income tax revenue" means the total amount withheld under section 5747.06 of the Revised Code by the taxpayer during the taxable year from the compensation of new employees for the tax levied under Chapter 5747. of the Revised Code.

(4) "Related member" has the same meaning as under division (A)(6) of section 5733.042 of the Revised Code without regard to division (B) of that

section.

(B) The tax credit authority may make grants under this section to foster job creation in this state. Such a grant shall take the form of a refundable credit allowed against the tax imposed by section 5733.06 or 5747.02 of the Revised Code. The credit shall be claimed for the taxable years specified in the taxpayer's agreement with the tax credit authority under division (D) of this section. The credit shall be claimed after the allowance of all other credits provided by Chapter 5733. or 5747. of the Revised Code. The amount of the credit equals the new income tax revenue for the taxable year multiplied by the percentage specified in the agreement with the tax credit authority.

(C) A taxpayer or potential taxpayer who proposes a project to create new jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section. The director of development shall prescribe the form of the application. After receipt of an application, the authority may enter into an agreement with the taxpayer for a credit under this section if it determines all of the following:

(1) The taxpayer's project will create new jobs in this state;

(2) The taxpayer's project is economically sound and will benefit the people of this state by increasing opportunities for employment and strengthening the economy of this state;

(3) Receiving the tax credit is a major factor in the taxpayer's decision to go forward with the project.

(D) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;

(2) The term of the tax credit, which shall not exceed ~~ten~~ fifteen years, and the first taxable year for which the credit may be claimed;

(4) The percentage, as determined by the tax credit authority, of new income tax revenue that will be allowed as the amount of the credit for each taxable year;

(5) A specific method for determining how many new employees are employed during a taxable year;

(6) A requirement that the taxpayer annually shall report to the director of development the number of new employees, the new income tax revenue withheld in connection with the new employees, and any other information the director needs to perform ~~his~~ the director's duties under this section;

(7) A requirement that the director of development annually shall verify the amounts reported under division (D)(6) of this section, and after doing so shall issue a certificate to the taxpayer stating that the amounts have been verified;

(8)(a) A provision requiring that the taxpayer, except as otherwise provided in division (D)(8)(b) of this section, shall not relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement for the lesser of five years from the date the agreement is entered into or the number of years the taxpayer is entitled to claim the tax credit.

(b) The taxpayer may relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement if the director of development determines both of the following:

(i) That the site from which the employment positions would be relocated is inadequate to meet market and industry conditions, expansion plans, consolidation plans, or other business considerations affecting the taxpayer;

(ii) That the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position, but the transfer of an individual employee from one political subdivision to another political subdivision shall not be considered a relocation of an employment position as long as the individual's employment position in the first political subdivision is refilled.

(E) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction of the percentage or term shall take effect in the taxable year immediately following the taxable year in which the authority amends the agreement. If the taxpayer relocates employment positions in violation of the provision required under division (D)(8)(a) of this section, the taxpayer shall not claim the tax credit under section 5733.0610 of the Revised Code for any tax years following the calendar year in which the relocation occurs, or shall not claim the tax credit under section 5747.058 of the Revised Code for the taxable year in which the relocation occurs and any subsequent taxable years.

(F) Projects that consist solely of point-of-final-purchase retail facilities

are not eligible for a tax credit under this section. If a project consists of both point-of-final-purchase retail facilities and nonretail facilities, only the portion of the project consisting of the nonretail facilities is eligible for a tax credit and only the new income tax revenue from new employees of the nonretail facilities shall be considered when computing the amount of the tax credit. If a warehouse facility is part of a point-of-final-purchase retail facility and supplies only that facility, the warehouse facility is not eligible for a tax credit. Catalog distribution centers are not considered point-of-final-purchase retail facilities for the purposes of this division, and are eligible for tax credits under this section.

(G) Financial statements and other information submitted to the department of development or the tax credit authority by an applicant or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax credit agreements under this section. Upon the request of the tax commissioner, the chairperson of the authority shall provide to the commissioner any statement or information submitted by an applicant or recipient of a tax credit in connection with the credit. The commissioner shall preserve the confidentiality of the statement or information.

(H) A taxpayer claiming a credit under this section shall submit to the tax commissioner a copy of the director of development's certificate of verification under division (D)(7) of this section for the taxable year. However, failure to submit a copy of the certificate does not invalidate a claim for a credit.

(I) The director of development, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(J) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its

owners. A credit received under this section by a partnership, S-corporation, or other such business entity shall be apportioned among the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed, in the same proportions as those in which the income or profit is distributed.

(K) If the director of development determines that a taxpayer who has received a credit under this section is not complying with the requirement under division (D)(3) of this section, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the tax credit authority may require the taxpayer to refund to this state a portion of the credit in accordance with the following:

(1) If the taxpayer maintained operations at the project location for at least one and one-half times the number of years of the term of the tax credit, an amount not exceeding twenty-five per cent of the sum of any previously allowed credits under this section;

(2) If the taxpayer maintained operations at the project location for at least the number of years of the term of the tax credit, an amount not exceeding fifty per cent of the sum of any previously allowed credits under this section;

(3) If the taxpayer maintained operations at the project location for less than the number of years of the term of the tax credit, an amount not exceeding one hundred per cent of the sum of any previously allowed credits under this section.

In determining the portion of the tax credit to be refunded to this state, the tax credit authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner. The commissioner shall make an assessment for that amount against the taxpayer under Chapter 5733. or 5747. of the Revised Code. The time limitations on assessments under Chapter 5733. or 5747. of the Revised Code do not apply to an assessment under this division, but the commissioner shall make the assessment within one year after the date the authority certifies to the commissioner the amount to be refunded.

(L) On or before the thirty-first day of March each year, the director of development shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the

preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding calendar year.

During the fifth year of the tax credit program, the director of development in conjunction with the director of budget and management shall conduct an evaluation of it. The evaluation shall include assessments of the effectiveness of the program in creating new jobs in this state and of the revenue impact of the program, and may include a review of the practices and experiences of other states with similar programs. The director of development shall submit a report on the evaluation to the governor, the president of the senate, and the speaker of the house of representatives on or before January 1, 1998.

Of the initial appointees, the members appointed by the governor shall serve a term of two years; the members appointed by the president of the senate and the speaker of the house of representatives shall serve a term of four years. Thereafter, terms of office shall be for four years. Initial appointments to the authority shall be made within thirty days after January 13, 1993. Each member shall serve on the authority until the end of the term for which the member was appointed. Vacancies shall be filled in the same manner provided for original appointments. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. Members may be reappointed to the authority. Members of the authority shall receive their necessary and actual expenses while engaged in the business of the authority. The director of development shall serve as chairperson of the authority, and the members annually shall elect a vice-chairperson from among themselves. Three members of the authority constitute a quorum to transact and vote on the business of the authority. The majority vote of the membership of the authority is necessary to approve any such business, including the election of the vice-chairperson.

The director of development may appoint a professional employee of the department of development to serve as the director's substitute at a meeting of the authority. The director shall make the appointment in writing. In the absence of the director from a meeting of the authority, the appointed substitute shall serve as chairperson. The Unless otherwise specified by the tax credit authority in a resolution and included as part of the agreement, the director shall not issue a certificate for any year in which the total number of filled full-time employment positions for each day of the calendar year divided by three hundred sixty-five is less than ninety per cent of the full-time employment positions specified in division (E)(5) of this section. In determining the number of full-time employment positions, no position shall be counted that is filled by an employee who is included in the calculation of a tax credit under section 122.17 of the Revised Code.

(8)(a) A provision requiring that the taxpayer, except as otherwise provided in division (E)(8)(b) of this section, shall not relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement for the lesser of five years from the date the agreement is entered into or the number of years the taxpayer is entitled to claim the credit.

(ii) That the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the movement is confined to the project site. (H) A taxpayer claiming a tax credit under this section shall submit to the tax commissioner a copy of the director of development's certificate of verification under division (E)(7) of this section for the taxable year. (3) If the taxpayer maintained operations at the project site for at least one and one-half times the term of the credit but less than twice the term of the credit, the amount required to be refunded shall not exceed twenty-five per cent of the sum of any tax credits previously allowed and received under this section.

In determining the portion of the credit to be refunded to this state, the authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner. The commissioner shall make an assessment for that amount against the taxpayer under Chapter 5733. or 5747. of the Revised Code. The time limitations on assessments under Chapter 5733. or 5747. of the Revised Code do not apply to an assessment under this division, but the commissioner shall make the assessment within one year after the date the authority certifies to the commissioner the amount to be refunded.

If the director of development determines that a taxpayer that received a tax credit under this section has reduced the number of employees agreed to under division (E)(5) of this section by more than ten per cent, the director shall notify the tax credit authority of the noncompliance. After receiving such notice, and after providing the taxpayer an opportunity to explain the noncompliance, the authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction in the percentage or term shall take effect in the taxable year in which the authority amends the

agreement.

The last publication shall be at least eight days preceding the day for opening the bids. The bids shall contain the terms upon which the builder would propose to lease the building, structure, or other improvement to the state agency. The form of the bid approved by the department shall be used, and a bid is invalid and shall not be considered unless that form is used without change, alteration, or addition. Before submitting bids pursuant to this section, any builder shall comply with Chapter 153. of the Revised Code.

(c) On the day and at the place named for receiving bids for entering into lease agreements with a state agency, the director of administrative services shall open the bids and shall publicly proceed immediately to tabulate the bids upon duplicate sheets. Within ten days of the completion of the investigation of the bids, the department shall award the lease agreement to the builder who has submitted the lowest and best bid and who has been certified by the bureau and secretary of state as required by this section. If bidding for the lease agreement has been conducted upon the basis of basic plans, specifications, bills of materials, and estimates of costs, upon the award to the builder the department, or the builder with the approval of the department, shall appoint an architect or engineer licensed in this state to prepare such further detailed plans, specifications, and bills of materials as are required to construct the building, structure, or improvement. (B) The pay schedule of all employees shall be on a biweekly basis, with amounts computed on an hourly basis.

(C) Part-time employees shall be compensated on an hourly basis for time worked, at the rates shown in division (A) of this section or in section 124.152 of the Revised Code.

(D) The salary and wage rates in division (A) of this section or in section 124.152 of the Revised Code represent base rates of compensation and may be augmented by the provisions of section 124.181 of the Revised Code. In those cases where lodging, meals, laundry, or other personal services are furnished an employee, the actual costs or fair market value of the personal services shall be paid by the employee in such amounts and manner as determined by the director of administrative services and approved by the director of budget and management, and those personal services shall not be considered as a part of the employee's compensation. An appointing authority, with the approval of the director of administrative services and the director of budget and management, may establish payments to employees for uniforms, tools, equipment, and other requirements of the department and payments for the maintenance of them.

The director of administrative services may review collective bargaining agreements entered into under Chapter 4117. of the Revised Code that cover state employees and determine whether certain benefits or payments provided to state employees covered by those agreements should also be provided to employees who are exempt from collective bargaining coverage and are paid in accordance with section 124.152 of the Revised Code or are listed in division (B)(2) or (4) of section 124.14 of the Revised Code. On completing the review, the director of administrative services, with the

approval of the director of budget and management, may provide to some or all of these employees any payment or benefit, except for salary, contained in such a collective bargaining agreement even if it is similar to a payment or benefit already provided by law to some or all of these employees. Any payment or benefit so provided shall not exceed the highest level for that payment or benefit specified in such a collective bargaining agreement. The director of administrative services shall not provide, and the director of budget and management shall not approve, any payment or benefit to such an employee under this division unless the payment or benefit is provided pursuant to a collective bargaining agreement to a state employee who is in a position with similar duties as, is supervised by, or is employed by the same appointing authority as, the employee to whom the benefit or payment is to be provided.

As used in this division, "payment or benefit already provided by law" includes, but is not limited to, bereavement, personal, vacation, administrative, and sick leave, disability benefits, holiday pay, and pay supplements provided under the Revised Code, but does not include wages or salary.

(E) New employees paid under schedule B of division (A) of this section or under schedule E-1 of section 124.152 of the Revised Code shall be employed at the minimum rate established for the range unless otherwise provided. Employees with qualifications that are beyond the minimum normally required for the position and that are determined by the director to be exceptional may be employed in, or may be transferred or promoted to, a position at an advanced step of the range. Further, in time of a serious labor market condition when it is relatively impossible to recruit employees at the minimum rate for a particular classification, the entrance rate may be set at an advanced step in the range by the director of administrative services. This rate may be limited to geographical regions of the state. Appointments made to an advanced step under the provision regarding exceptional qualifications shall not affect the step assignment of employees already serving. However, anytime the hiring rate of an entire classification is advanced to a higher step, all incumbents of that classification being paid at a step lower than that being used for hiring, shall be advanced beginning at the start of the first pay period thereafter to the new hiring rate, and any time accrued at the lower step will be used to calculate advancement to a succeeding step. If the hiring rate of a classification is increased for only a geographical region of the state, only incumbents who work in that geographical region shall be advanced to a higher step. When an employee in the unclassified service changes from one state position to another or is appointed to a position in

the classified service, or if an employee in the classified service is appointed to a position in the unclassified service, the employee's salary or wage in the new position shall be determined in the same manner as if the employee were an employee in the classified service. When an employee in the unclassified service who is not eligible for step increases is appointed to a classification in the classified service under which step increases are provided, future step increases shall be based on the date on which the employee last received a pay increase. If the employee has not received an increase during the previous year, the date of the appointment to the classified service shall be used to determine the employee's annual step advancement eligibility date. In reassigning any employee to a classification resulting in a pay range increase or to a new pay range as a result of a promotion, an increase pay range adjustment, or other classification change resulting in a pay range increase, the director shall assign such employee to the step in the new pay range that will provide an increase of approximately four per cent if the new pay range can accommodate the increase. When an employee is being assigned to a classification or new pay range as the result of a class plan change, if the employee has completed a probationary period, the employee shall be placed in a step no lower than step two of the new pay range. If the employee has not completed a probationary period, the employee may be placed in step one of the new pay range. Such new salary or wage shall become effective on such date as the director determines.

(F) If employment conditions and the urgency of the work require such action, the director of administrative services may, upon the application of a department head, authorize payment at any rate established within the range for the class of work, for work of a casual or intermittent nature or on a project basis. Payment at such rates shall not be made to the same individual for more than three calendar months in any one calendar year. Any such action shall be subject to the approval of the director of budget and management as to the availability of funds. This section and sections 124.14 and 124.152 of the Revised Code do not repeal any authority of any department or public official to contract with or fix the compensation of professional persons who may be employed temporarily for work of a casual nature or for work on a project basis.

(G) ~~Each~~ (1) Except as provided in division (G)(2) of this section, each state employee paid under schedule B of this section or under schedule E-1 of section 124.152 of the Revised Code shall be eligible for advancement to succeeding steps in the range for the employee's class according to the schedule established in this division. Beginning on the first day of the pay period within which the employee completes the prescribed probationary

period in the employee's classification with the state, each employee shall receive an automatic salary adjustment equivalent to the next higher step within the pay range for the employee's class or grade.

Each employee paid under schedule E-1 of section 124.152 of the Revised Code shall be eligible to advance to the next higher step until the employee reaches step six, if the employee has maintained satisfactory performance in accordance with criteria established by the employee's appointing authority. Those step ~~increases~~ advancements shall not occur more frequently than once in any twelve-month period. An employee only may advance to step seven upon performing at an exemplary level as determined in the employee's performance evaluation. An employee's advancement to step seven is at the discretion of the employee's appointing authority. An employee may not appeal the denial of advancement to step seven to the state personnel board of review.

When an employee is promoted or reassigned to a higher pay range, the employee's step indicator shall return to "0" or be adjusted to account for a probationary period, as appropriate. Step advancement shall not be affected by demotion. A promoted employee shall advance to the next higher step of the pay range on the first day of the pay period in which the required probationary period is completed. Step advancement shall become effective at the beginning of the pay period within which the employee attains the necessary length of service. Time spent on authorized leave of absence shall be counted for this purpose.

If determined to be in the best interest of the state service, the director of administrative services may, either statewide or in selected agencies, adjust the dates on which annual step ~~increases~~ advancements are received by employees paid under schedule E-1 of section 124.152 of the Revised Code.

(2)(a)(i) Except as provided in division (G)(2)(a)(ii) of this section, there shall be a moratorium on step advancements under division (G)(1) of this section from the pay period beginning June 29, 2003, through the pay period ending June 25, 2005. Step advancements shall resume with the pay period beginning June 26, 2005. Upon the resumption of step advancements, there shall be no retroactive step advancements for the period the moratorium was in effect. The moratorium shall not affect an employee's performance evaluation schedule.

(ii) During the moratorium under division (G)(2)(a)(i) of this section, an employee who is hired or promoted and serves a probationary period in the employee's new position shall advance to the next step in the employee's pay range upon successful completion of the employee's probationary period. Thereafter, the employee is subject to the moratorium.

(b) The moratorium under division (G)(2)(a)(i) of this section shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2003.

(H) Employees in appointive managerial or professional positions paid under salary schedule C of this section or under salary schedule E-2 of section 124.152 of the Revised Code may be appointed at any rate within the appropriate pay range. This rate of pay may be adjusted higher or lower within the respective pay range at any time the appointing authority so desires as long as the adjustment is based on the employee's ability to successfully administer those duties assigned to the employee. Salary adjustments shall not be made more frequently than once in any six-month period under this provision to incumbents holding the same position and classification.

(I) When an employee is assigned to duty outside this state, the employee may be compensated, upon request of the department head and with the approval of the director of administrative services, at a rate not to exceed fifty per cent in excess of the employee's current base rate for the period of time spent on that duty.

(J) Unless compensation for members of a board or commission is otherwise specifically provided by law, the director of administrative services shall establish the rate and method of payment for members of boards and commissions pursuant to the pay schedules listed in section 124.152 of the Revised Code.

(K) Regular full-time employees in positions assigned to classes within the instruction and education administration series under the rules of the director of administrative services, except certificated employees on the instructional staff of the state school for the blind or the state school for the deaf, whose positions are scheduled to work on the basis of an academic year rather than a full calendar year, shall be paid according to the pay range assigned by such rules but only during those pay periods included in the academic year of the school where the employee is located.

(1) Part-time or substitute teachers or those whose period of employment is other than the full academic year shall be compensated for the actual time worked at the rate established by this section.

(2) Employees governed by this division are exempt from sections 124.13 and 124.19 of the Revised Code.

(3) Length of service for the purpose of determining eligibility for step ~~increases~~ advancements as provided by division (G) of this section and for the purpose of determining eligibility for longevity pay supplements as provided by division ~~(F)~~(E) of section 124.181 of the Revised Code shall be computed on the basis of one full year of service for the completion of each academic year.

(L) The superintendent of the state school for the deaf and the superintendent of the state school for the blind shall, subject to the approval of the superintendent of public instruction, carry out both of the following:

(1) Annually, between the first day of April and the last day of June, establish for the ensuing fiscal year a schedule of hourly rates for the compensation of each certificated employee on the instructional staff of that superintendent's respective school constructed as follows:

(a) Determine for each level of training, experience, and other professional qualification for which an hourly rate is set forth in the current schedule, the per cent that rate is of the rate set forth in such schedule for a teacher with a bachelor's degree and no experience. If there is more than one such rate for such a teacher, the lowest rate shall be used to make the computation.

(b) Determine which six city, local, and exempted village school districts with territory in Franklin county have in effect on, or have adopted by, the first day of April for the school year that begins on the ensuing first day of July, teacher salary schedules with the highest minimum salaries for a teacher with a bachelor's degree and no experience;

(c) Divide the sum of such six highest minimum salaries by ten thousand five hundred sixty;

(d) Multiply each per cent determined in division (L)(1)(a) of this section by the quotient obtained in division (L)(1)(c) of this section;

(e) One hundred five per cent of each product thus obtained shall be the hourly rate for the corresponding level of training, experience, or other professional qualification in the schedule for the ensuing fiscal year.

(2) Annually, assign each certificated employee on the instructional staff of the superintendent's respective school to an hourly rate on the schedule that is commensurate with the employee's training, experience, and other professional qualifications.

If an employee is employed on the basis of an academic year, the employee's annual salary shall be calculated by multiplying the employee's assigned hourly rate times one thousand seven hundred sixty. If an employee is not employed on the basis of an academic year, the employee's annual salary shall be calculated in accordance with the following formula:

(a) Multiply the number of days the employee is required to work pursuant to the employee's contract by eight;

(b) Multiply the product of division (L)(2)(a) of this section by the employee's assigned hourly rate.

Each employee shall be paid an annual salary in biweekly installments. The amount of each installment shall be calculated by dividing the employee's annual salary by the number of biweekly installments to be paid during the year.

Sections 124.13 and 124.19 of the Revised Code do not apply to an employee who is paid under this division.

As used in this division, "academic year" means the number of days in each school year that the schools are required to be open for instruction with pupils in attendance. Upon completing an academic year, an employee paid under this division shall be deemed to have completed one year of service. An employee paid under this division is eligible to receive a pay supplement under division (L)(1), (2), or (3) of section 124.181 of the Revised Code for which the employee qualifies, but is not eligible to receive a pay supplement under division (L)(4) or (5) of that section. An employee paid under this division is eligible to receive a pay supplement under division (L)(6) of section 124.181 of the Revised Code for which the employee qualifies, except that the supplement is not limited to a maximum of five per cent of the employee's regular base salary in a calendar year.

(M) Division (A) of this section does not apply to "exempt employees," as defined in section 124.152 of the Revised Code, who are paid under that section.

Notwithstanding any other provisions of this chapter, when an employee transfers between bargaining units or transfers out of or into a bargaining unit, the director shall establish the employee's compensation and adjust the maximum leave accrual schedule as the director deems equitable.

Sec. 124.152. (A) ~~Beginning on the first day of the pay period that includes July 1, 2000, each exempt employee shall be paid a salary or wage in accordance with the following schedule of rates:~~

(C) As used in this section, "exempt employee" means a permanent full-time or permanent part-time employee paid directly by warrant of the auditor of state whose position is included in the job classification plan established under division (A) of section 124.14 of the Revised Code but who is not considered a public employee for the purposes of Chapter 4117. of the Revised Code. As used in this section, "exempt employee" also includes a permanent full-time or permanent part-time employee of the secretary of state, auditor of state, treasurer of state, or attorney general who has not been placed in an appropriate bargaining unit by the state employment relations board.

Sec. 124.181. (A) Except as provided in division (M) of this section, any employee paid under schedule B of section 124.15 or under schedule E-1 of section 124.152 of the Revised Code is eligible for the pay supplements provided in this section upon application by the appointing authority substantiating the employee's qualifications for the supplement and with the approval of the director of administrative services except as provided in division (E) of this section.

(B) ~~In~~ Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section, the classification salary base shall be the minimum hourly rate of the pay range, provided in section 124.15 or 124.152 of the Revised Code, in which the employee is assigned at the time of computation.

(C) The effective date of any pay supplement, except as provided in section 124.183 of the Revised Code or unless otherwise provided in this section, shall be determined by the director.

(D) The director shall, by rule, establish standards regarding the administration of this section.

(E)(1) Except as otherwise provided in this division, beginning on the first day of the pay period within which the employee completes five years of total service with the state government or any of its political subdivisions, each employee in positions paid under salary schedule B of section 124.15 or under salary schedule E-1 of section 124.152 of the Revised Code shall receive an automatic salary adjustment equivalent to two and one-half per cent of the classification salary base, to the nearest whole cent. Each employee shall receive thereafter an annual adjustment equivalent to one-half of one per cent of the employee's classification salary base, to the nearest whole cent, for each additional year of qualified employment until a maximum of ten per cent of the employee's classification salary base is reached. The granting of longevity adjustments shall not be affected by

promotion, demotion, or other changes in classification held by the employee, nor by any change in pay range for the employee's class. Longevity pay adjustments shall become effective at the beginning of the pay period within which the employee completes the necessary length of service, except that when an employee requests credit for prior service, the effective date of the prior service credit and of any longevity adjustment shall be the first day of the pay period following approval of the credit by the director of administrative services. No employee, other than an employee who submits proof of prior service within ninety days after the date of the employee's hiring, shall receive any longevity adjustment for the period prior to the director's approval of a prior service credit. Time spent on authorized leave of absence shall be counted for this purpose.

(2) An employee who has retired in accordance with the provisions of any retirement system offered by the state and who is employed by the state or any political subdivision of the state on or after June 24, 1987, shall not have prior service with the state or any political subdivision of the state counted for the purpose of determining the amount of the salary adjustment provided under this division.

(3) There shall be a moratorium on employees' receipt under this division of credit for service with the state government or any of its political subdivisions during the period from July 1, 2003, through June 30, 2005. In calculating the number of years of total service under this division, no credit shall be included for service during the moratorium. The moratorium shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2003.

If an employee is exempt from the moratorium, receives credit for a period of service during the moratorium, and takes a position with another entity in the state government or any of its political subdivisions, either during or after the moratorium, and if that entity's employees are or were subject to the moratorium, the employee shall continue to retain the credit. However, if the moratorium is in effect upon the taking of the new position, the employee shall cease receiving additional credit as long as the employee is in the position, until the moratorium expires.

(F) When an exceptional condition exists that creates a temporary or a permanent hazard for one or more positions in a class paid under schedule B of section 124.15 or under salary schedule E-1 of section 124.152 of the

Revised Code, a special hazard salary adjustment may be granted for the time the employee is subjected to the hazardous condition. All special hazard conditions shall be identified for each position and incidence from information submitted to the director on an appropriate form provided by the director and categorized into standard conditions of: some unusual hazard not common to the class; considerable unusual hazard not common to the class; and exceptional hazard not common to the class.

(1) A hazardous salary adjustment of five per cent of the employee's classification salary base may be applied in the case of some unusual hazardous condition not common to the class for those hours worked, or a fraction thereof, while the employee was subject to the unusual hazard condition.

(2) A hazardous salary adjustment of seven and one-half per cent of the employee's classification salary base may be applied in the case of some considerable hazardous condition not common to the class for those hours worked, or a fraction thereof, while the employee was subject to the considerable hazard condition.

(3) A hazardous salary adjustment of ten per cent of the employee's classification salary base may be applied in the case of some exceptional hazardous condition not common to the class for those hours worked, or a fraction thereof, when the employee was subject to the exceptional hazard condition.

(4) Each claim for temporary hazard pay shall be submitted as a separate payment and shall be subject to an administrative audit by the director as to the extent and duration of the employee's exposure to the hazardous condition.

(G) When a full-time employee whose salary or wage is paid directly by warrant of the auditor of state and who also is eligible for overtime under the "Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended, is ordered by the appointing authority to report back to work after termination of the employee's regular work schedule and the employee reports, the employee shall be paid for such time. The employee shall be entitled to four hours at the employee's total rate of pay or overtime compensation for the actual hours worked, whichever is greater. This division does not apply to work that is a continuation of or immediately preceding an employee's regular work schedule.

(H) When a certain position or positions paid under schedule B of section 124.15 or under salary schedule E-1 of section 124.152 of the Revised Code require the ability to speak or write a language other than English, a special pay supplement may be granted to attract bilingual

individuals, to encourage present employees to become proficient in other languages, or to retain qualified bilingual employees. The bilingual pay supplement provided in this division may be granted in the amount of five per cent of the employee's classification salary base for each required foreign language and shall remain in effect as long as the bilingual requirement exists.

(I) The director may establish a shift differential for employees. Such differential shall be paid to employees in positions working in other than the regular or first shift. In those divisions or agencies where only one shift prevails, no shift differential shall be paid regardless of the hours of the day that are worked. The director and the appointing authority shall designate which positions shall be covered by this division.

(J) Whenever an employee is assigned to work in a higher level position for a continuous period of more than two weeks but no more than two years because of a vacancy, the employee's pay may be established at a rate that is approximately four per cent above the employee's current base rate for the period the employee occupies the position, provided that this temporary occupancy is approved by the director. Employees paid under this division shall continue to receive any of the pay supplements due them under other divisions of this section based on the step one base rate for their normal classification.

(K) If a certain position, or positions, within a class paid under schedule B of section 124.15 or under salary schedule E-1 of section 124.152 of the Revised Code are mandated by state or federal law or regulation or other regulatory agency or other certification authority to have special technical certification, registration, or licensing to perform the functions which are under the mandate, a special professional achievement pay supplement may be granted. This special professional achievement pay supplement shall not be granted when all incumbents in all positions in a class require license as provided in the classification description published by the department of administrative services; to licensees where no special or extensive training is required; when certification is granted upon completion of a stipulated term of in-service training; when an appointing authority has required certification; or any other condition prescribed by the director.

(1) Before this supplement may be applied, evidence as to the requirement must be provided by the agency for each position involved, and certification must be received from the director as to the director's concurrence for each of the positions so affected.

(2) The professional achievement pay supplement provided in this division shall be granted in an amount up to ten per cent of the employee's

classification salary base and shall remain in effect as long as the mandate exists.

(L) Those employees assigned to teaching supervisory, principal, assistant principal, or superintendent positions who have attained a higher educational level than a basic bachelor's degree may receive an educational pay supplement to remain in effect as long as the employee's assignment and classification remain the same.

(1) An educational pay supplement of two and one-half per cent of the employee's classification salary base may be applied upon the achievement of a bachelor's degree plus twenty quarter hours of postgraduate work.

(2) An educational pay supplement of an additional five per cent of the employee's classification salary base may be applied upon achievement of a master's degree.

(3) An educational pay supplement of an additional two and one-half per cent of the employee's classification salary base may be applied upon achievement of a master's degree plus thirty quarter hours of postgraduate work.

(4) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a master teacher.

(5) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a special education teacher.

(6) Those employees in teaching supervisory, principal, assistant principal, or superintendent positions who are responsible for specific extracurricular activity programs shall receive overtime pay for those hours worked in excess of their normal schedule, at their straight time hourly rate up to a maximum of five per cent of their regular base salary in any calendar year.

(M)(1) A state agency, board, or commission may establish a supplementary compensation schedule for those licensed physicians employed by the agency, board, or commission in positions requiring a licensed physician. The supplementary compensation schedule, together with the compensation otherwise authorized by this chapter, shall provide for the total compensation for these employees to range appropriately, but not necessarily uniformly, for each classification title requiring a licensed physician, in accordance with a schedule approved by the state controlling board. The individual salary levels recommended for each such physician employed shall be approved by the director. Notwithstanding section 124.11 of the Revised Code, such personnel are in the unclassified civil service.

(2) The director of administrative services may approve supplementary compensation for the director of health, if the director is a licensed physician, in accordance with a supplementary compensation schedule approved under division (M)(1) of this section or in accordance with another supplementary compensation schedule the director of administrative services considers appropriate. The supplementary compensation shall not exceed twenty per cent of the director of health's base rate of pay.

(N) Notwithstanding sections 117.28, 117.30, 117.33, 117.36, 117.42, and 131.02 of the Revised Code, the state shall not institute any civil action to recover and shall not seek reimbursement for overpayments made in violation of division (E) of this section or division (C) of section 9.44 of the Revised Code for the period starting after June 24, 1987, and ending on October 31, 1993.

(O) Employees of the office of the treasurer of state who are exempt from collective bargaining coverage may be granted a merit pay supplement of up to one and one-half per cent of their step rate. The rate at which this supplement is granted shall be based on performance standards established by the treasurer of state. Any supplements granted under this division shall be administered on an annual basis.

Sec. 124.183. (A) As used in this section, "active payroll" means when an employee is actively working; on military, worker's compensation, occupational injury, or disability leave; or on an approved leave of absence.

(B) Each permanent employee paid under schedule E-1 of section 124.152 of the Revised Code who was appointed on or before March 6, 2003, and is on the active payroll as of November 14, 2004, shall receive a one-time pay supplement. The supplement shall be a two per cent lump sum payment that is based on the annualization of the top step of the pay range that the employee is in on November 14, 2004.

Each permanent employee paid under schedule E-2 of section 124.152 of the Revised Code who was appointed on or before March 6, 2003, and is on the active payroll as of November 14, 2004, shall receive a one-time pay supplement. The supplement shall be a two per cent lump sum payment that is based upon the annualization of the maximum hourly rate of the pay range that the employee is in on November 14, 2004.

(C) Each permanent employee who is exempt from collective bargaining, is not covered by division (B) of this section, was appointed on or before March 6, 2003, and is on the active payroll as of November 14, 2004, shall receive a one-time pay supplement. The supplement shall be a two per cent lump sum payment that is based upon the annualization of the base rate of the employee's pay on November 14, 2004.

(D) A part-time employee who is eligible to receive a one-time pay supplement under division (B) or (C) of this section shall have the employee's one-time pay supplement pro-rated based on the number of hours worked in the twenty-six pay periods prior to November 14, 2004.

An employee who is eligible to receive a one-time pay supplement under division (B) or (C) of this section and was on a voluntary leave of absence shall have the employee's one-time pay supplement pro-rated based on the number of hours worked in the twenty-six pay periods prior to November 14, 2004.

(E) A one-time pay supplement under this section shall be paid in the employee's first paycheck in December of 2004.

(F) Notwithstanding any provision of law to the contrary, a one-time pay supplement under this section shall not be subject to withholding for deposit into any state retirement system. Notwithstanding any provision of law to the contrary, a one-time pay supplement under this section shall not be used for calculation purposes in determining an employee's retirement benefits in any state retirement system.

(G)(1) This section does not apply to employees of the general assembly, legislative agencies, the supreme court, or state boards or commissions.

(2) This section does not apply to employees of the secretary of state, the auditor of state, the treasurer of state, or the attorney general unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides that the office's employees should be eligible for the one-time pay supplement and so notifies the director of administrative services in writing on or before July 1, 2004.

Sec. 125.05. Except as provided in division (E) of this section, no state agency shall purchase any supplies or services except as provided in divisions (A) to (C) of this section.

(A) Subject to division (D) of this section, a state agency may, without competitive selection, make any purchase of services that cost fifty thousand dollars or less or any purchase of supplies that cost twenty-five thousand dollars or less. The agency may make the purchase directly or may make the purchase from or through the department of administrative services, whichever the agency determines. The department shall establish written procedures to assist state agencies when they make direct purchases. If the agency makes the purchase directly, it shall make the purchase by a term contract whenever possible.

(B) ~~Subject~~ (1) Except as provided in division (B)(2) of this section and subject to division (D) of this section, a state agency wanting to purchase

services that cost more than fifty thousand dollars or supplies that cost more than twenty-five thousand dollars shall, unless otherwise authorized by law, make the purchase from or through the department. The department shall make the purchase by competitive selection under section 125.07 of the Revised Code. If the director of administrative services determines that it is not possible or not advantageous to the state for the department to make the purchase, the department shall grant the agency a release and permit under section 125.06 of the Revised Code to make the purchase. Section 127.16 of the Revised Code does not apply to purchases the department makes under this section.

(2) Subject to division (D) of this section, a state agency desiring to purchase services that cost more than fifty thousand dollars or supplies that cost more than twenty-five thousand dollars shall solicit, pursuant to the competitive selection requirements specified in section 125.07 of the Revised Code, at least three bids or proposals for the services or supplies and make the purchase directly from the lowest bidder or offeror instead of from or through the department, but only if the state agency determines that it is possible to purchase the services or supplies directly from that bidder or offeror at a lower price than making the purchase from or through the department. If the agency makes a purchase pursuant to division (B)(2) of this section, it shall provide the department with written notification of the subject and amount of the purchase.

(C) An agency that has been granted a release and permit to make a purchase may make the purchase without competitive selection if after making the purchase the cumulative purchase threshold as computed under division (F) of section 127.16 of the Revised Code would:

- (1) Be exceeded and the controlling board approves the purchase; or
- (2) Not be exceeded and the department of administrative services approves the purchase.

(D) Not later than January 31, 1997, the amounts specified in divisions (A) and (B) of this section and, not later than the thirty-first day of January of each second year thereafter, any amounts computed by adjustments made under this division, shall be increased or decreased by the average percentage increase or decrease in the consumer price index prepared by the United States bureau of labor statistics (U.S. City Average for Urban Wage Earners and Clerical Workers: "All Items 1982-1984=100") for the twenty-four calendar month period prior to the immediately preceding first day of January over the immediately preceding twenty-four calendar month period, as reported by the bureau. The director of administrative services shall make this determination and adjust the appropriate amounts

accordingly.

(E) If the Ohio SchoolNet commission, the department of education, or the Ohio education computer network determines that it can purchase software services or supplies for specified school districts at a price less than the price for which the districts could purchase the same software services or supplies for themselves, the office, department, or network shall certify that fact to the department of administrative services and, acting as an agent for the specified school districts, shall make that purchase without following the provisions in divisions (A) to (D) of this section.

Sec. 125.06. The department of administrative services may, pursuant to division (B)(1) of section 125.05 of the Revised Code and subject to such rules as the director of administrative services may adopt, issue a release and permit to ~~the~~ a state agency to secure supplies or services. A release and permit shall specify the supplies or services to which it applies, the time during which it is operative, and the reason for its issuance. A release and permit for computer services ~~shall~~ shall also specify the type of services to be rendered; and the number and type of machines to be employed, and may specify the amount of ~~such~~ the services to be performed. One copy of every release and permit shall be filed with the agency to which it is issued, and one copy shall be retained by the department.

Sec. 125.07. The department of administrative services, in making a purchase by competitive selection pursuant to division (B)(1) of section 125.05 of the Revised Code, or a state agency, in making a purchase by competitive selection pursuant to division (B)(2) of section 125.02 of the Revised Code, shall give notice in the following manner:

(A) The department or state agency shall advertise the intended purchases by notice that is posted by mail or electronic means and that is for the benefit of competing persons producing or dealing in the supplies or services to be purchased, including, but not limited to, the persons whose names appear on the appropriate list provided for in section 125.08 of the Revised Code. The notice may be in the form of the bid or proposal document or of a listing in a periodic bulletin, or in any other form the director of administrative services or state agency head considers appropriate to sufficiently notify qualified competing persons of the intended purchases.

(B) The notice required under division (A) of this section shall include the time and place where bids or proposals will be accepted and opened, or, when bids are made in a reverse auction, the time when bids will be accepted; the conditions under which bids or proposals will be received; the terms of the proposed purchases; and an itemized list of the supplies or

services to be purchased and the estimated quantities or amounts of them.

(C) The posting of the notice required under division (A) of this section shall be completed by the number of days the director or state agency head determines preceding the day when the bids or proposals will be opened or accepted.

(D) The department or state agency also shall maintain, in a public place in its office, a bulletin board upon which it shall post and maintain a copy of the notice required under division (A) of this section for at least the number of days the director or state agency head determines under division (C) of this section preceding the day of the opening or acceptance of the bids or proposals. The failure to so additionally post the notice shall invalidate all proceedings had and any contract entered into pursuant to the proceedings.

Sec. 125.073. (A) The department of administrative services shall actively promote and accelerate the use of electronic procurement, including reverse auctions as defined by section 125.072 of the Revised Code, by implementing the relevant recommendations concerning electronic procurement from the "2000 Management Improvement Commission Report to the Governor" when exercising its statutory powers.

(1) "Applicant" or "recipient" means an applicant for or participant in the Ohio works first program established under Chapter 5107. of the Revised Code or an applicant for or recipient of disability financial assistance under Chapter 5115. of the Revised Code.

(2) "Voluntary direct deposit" means a system established pursuant to this section under which cash assistance payments to recipients who agree to direct deposit are made by direct deposit by electronic transfer to an account in a financial institution designated under this section.

(3) "Mandatory direct deposit" means a system established pursuant to this section under which cash assistance payments to all participants in the Ohio works first program or recipients of disability financial assistance, other than those exempt under division (E) of this section, are made by direct deposit by electronic transfer to an account in a financial institution designated under this section.

(B) A board of county commissioners may by adoption of a resolution require the county department of job and family services to establish a direct deposit system for distributing cash assistance payments under Ohio works first, disability financial assistance, or both, unless the director of job and

family services has provided for those payments to be made by electronic benefit transfer pursuant to section 5101.33 of the Revised Code. Voluntary or mandatory direct deposit may be applied to either of the programs. The resolution shall specify for each program for which direct deposit is to be established whether direct deposit is voluntary or mandatory. The board may require the department to change or terminate direct deposit by adopting a resolution to change or terminate it. The director of job and family services may adopt rules governing establishment of direct deposit by county departments of job and family services.

Under mandatory direct deposit, the county department of job and family services shall pay all charges imposed by a financial institution for establishing and maintaining such an account. No financial institution shall impose any charge for such an account that the institution does not impose on its other customers for the same type of account. (C) The county department of job and family services shall, within sixty days after a resolution requiring the establishment of direct deposit is adopted, establish procedures governing direct deposit.

(2) Obtain from each applicant or recipient an authorization form to designate a financial institution equipped for and authorized by law to accept direct deposits by electronic transfer and the account into which the applicant or recipient wishes the payments to be made, or in the case of

voluntary direct deposit states the applicant's or recipient's election to receive such payments in the form of a paper warrant.

The department may require a recipient to complete a new authorization form whenever the department considers it necessary.

A recipient's designation of a financial institution and account shall remain in effect until withdrawn in writing or dishonored by the financial institution, except that no change may be made in the authorization form until the next eligibility redetermination of the recipient unless the department feels that good grounds exist for an earlier change.

(D) An applicant or recipient without an account who either agrees or is required to receive payments by direct deposit shall have ten days after receiving the authorization form to designate an account suitable for direct deposit. If within the required time the applicant or recipient does not make the designation or requests that the department make the designation, the department shall designate a financial institution and help the recipient to open an account.

Under mandatory direct deposit, an applicant or recipient who wishes to receive payments in the form of a paper warrant shall record on the authorization form a request for exemption under this division and the basis for the exemption.

The department shall exempt from mandatory direct deposit any recipient who requests exemption and is any of the following:

A recipient granted an exemption under this division shall receive payments for which the recipient is eligible in the form of paper warrants.

(F) The county department of job and family services shall bear the full cost of the amount of any replacement warrant issued to a recipient for whom an authorization form as provided in this section has not been obtained within one hundred eighty days after the later of the date the board of county commissioners adopts a resolution requiring payments of financial assistance by direct deposit to accounts of recipients of Ohio works first or disability financial assistance or the date the recipient made application for assistance, and shall not be reimbursed by the state for any part of the cost.

Thereafter, the county department of job and family services shall continue to bear the full cost of each replacement warrant issued until the board of county commissioners requires the county department of job and family services to obtain from each such recipient the authorization forms as provided in this section.

Sec. 329.04. (A) The county department of job and family services shall have, exercise, and perform the following powers and duties:

In the absence of such records Except as otherwise provided in division (D) of this section, net profit from a business or profession conducted both within and without the boundaries of a municipal corporation shall be considered as having a taxable situs in such municipal corporation for purposes of municipal income taxation in the same proportion as the average ratio of the following:~~

As used in the preceding paragraph, real property shall include property rented or leased by the taxpayer and the value of such property shall be

determined by multiplying the annual rental thereon by eight;

(2) Wages, salaries, and other compensation paid during the taxable period to persons employed in the business or profession for services performed in such municipal corporation to wages, salaries, and other compensation paid during the same period to persons employed in the business or profession, wherever their services are performed, excluding compensation that is not taxable by the municipal corporation under section 718.011 of the Revised Code;

(3) Gross receipts of the business or profession from sales made and services performed during the taxable period in such municipal corporation to gross receipts of the business or profession during the same period from sales and services, wherever made or performed.

If the foregoing ~~allocation~~ apportionment formula does not produce an equitable result, another basis may be substituted, under uniform regulations, so as to produce an equitable result.

(1) All sales of tangible personal property delivered within such municipal corporation regardless of where title passes if shipped or delivered from a stock of goods within such municipal corporation;

(D) This section does not apply to individuals who are residents of the municipal corporation and, except as otherwise provided in section 718.01 of the Revised Code, a municipal corporation may impose a tax on all income earned by residents of the municipal corporation to the extent allowed by the United States Constitution.

Sec. 718.021. (A) As used in this section:

(1) "Nonqualified deferred compensation plan" means a compensation plan described in section 3121(v)(2)(C) of the Internal Revenue Code.

(2)(a) Except as provided in division (A)(2)(b) of this section, "qualifying loss" means the excess, if any, of the total amount of compensation the payment of which is deferred pursuant to a nonqualified deferred compensation plan over the total amount of income the taxpayer has recognized for federal income tax purposes for all taxable years on a cumulative basis as compensation with respect to the taxpayer's receipt of money and property attributable to distributions in connection with the nonqualified deferred compensation plan.

(b) If, for one or more taxable years, the taxpayer has not paid to one or more municipal corporations income tax imposed on the entire amount of compensation the payment of which is deferred pursuant to a nonqualified deferred compensation plan, then the "qualifying loss" is the product of the amount resulting from the calculation described in division (A)(2)(a) of this section computed without regard to division (A)(2)(b) of this section and a fraction the numerator of which is the portion of such compensation on which the taxpayer has paid income tax to one or more municipal corporations and the denominator of which is the total amount of compensation the payment of which is deferred pursuant to a nonqualified deferred compensation plan.

(c) With respect to a nonqualified deferred compensation plan, the taxpayer sustains a qualifying loss only in the taxable year in which the taxpayer receives the final distribution of money and property pursuant to that nonqualified deferred compensation plan.

(3) "Qualifying tax rate" means the applicable tax rate for the taxable year for the which the taxpayer paid income tax to a municipal corporation with respect to any portion of the total amount of compensation the payment of which is deferred pursuant to a nonqualified deferred compensation plan. If different tax rates applied for different taxable years, then the "qualifying tax rate" is a weighted average of those different tax rates. The weighted average shall be based upon the tax paid to the municipal corporation each year with respect to the nonqualified deferred compensation plan.

(B)(1) Except as provided in division (D) of this section, a refundable credit shall be allowed against the income tax imposed by a municipal corporation for each qualifying loss sustained by a taxpayer during the taxable year. The amount of the credit shall be equal to the product of the qualifying loss and the qualifying tax rate.

(2) A taxpayer shall claim the credit allowed under this section from

each municipal corporation to which the taxpayer paid municipal income tax with respect to the nonqualified deferred compensation plan in one or more taxable years.

(3) If a taxpayer has paid tax to more than one municipal corporation with respect to the nonqualified deferred compensation plan, the amount of the credit that a taxpayer may claim from each municipal corporation shall be calculated on the basis of each municipal corporation's proportionate share of the total municipal corporation income tax paid by the taxpayer to all municipal corporations with respect to the nonqualified deferred compensation plan.

(4) In no case shall the amount of the credit allowed under this section exceed the cumulative income tax that a taxpayer has paid to a municipal corporation for all taxable years with respect to the nonqualified deferred compensation plan.

(C)(1) For purposes of this section, municipal corporation income tax that has been withheld with respect to a nonqualified deferred compensation plan shall be considered to have been paid by the taxpayer with respect to the nonqualified deferred compensation plan.

(2) Any municipal income tax that has been refunded or otherwise credited for the benefit of the taxpayer with respect to a nonqualified deferred compensation plan shall not be considered to have been paid to the municipal corporation by the taxpayer.

(D) The credit allowed under this section is allowed only to the extent the taxpayer's qualifying loss is attributable to:

(1) The insolvency or bankruptcy of the employer who had established the nonqualified deferred compensation plan; or

(2) The employee's failure or inability to satisfy all of the employer's terms and conditions necessary to receive the nonqualified deferred compensation.

Sec. 718.03. (A) As used in this section:

(1) "Other payer" means any person, other than an individual's employer or the employer's agent, that pays an individual any amount included in the federal gross income of the individual.

(2) "Qualifying wages" means wages, as defined in section 3121(a) of the Internal Revenue Code, without regard to any wage limitations, adjusted as follows:

(a) Deduct any amount included in wages if the amount constitutes compensation attributable to a plan or program described in section 125 of the Internal Revenue Code.

(b) Add the following amounts:

(i) Any amount not included in wages solely because the employee was employed by the employer prior to April 1, 1986;

(ii) Any amount not included in wages because the amount arises from the sale, exchange, or other disposition of a stock option, the exercise of a stock option, or the sale, exchange, or other disposition of stock purchased under a stock option and the municipal corporation has not, by resolution or ordinance, exempted the amount from withholding and tax. Division (A)(2)(b)(ii) of this section applies only to those amounts constituting ordinary income.

(iii) Any amount not included in wages if the amount is an amount described in section 401(k) or 457 of the Internal Revenue Code. Division (A)(2)(b)(iii) of this section applies only to employee contributions and employee deferrals.

(iv) Any amount that is supplemental unemployment compensation benefits described in section 3402(o)(2) of the Internal Revenue Code and not included in wages.

(c) Deduct any amount attributable to a nonqualified deferred compensation plan or program described in section 3121(v)(2)(C) of the Internal Revenue Code if the compensation is included in wages and has, by resolution or ordinance, been exempted from taxation by the municipal corporation.

(d) Deduct any amount included in wages if the amount arises from the sale, exchange, or other disposition of a stock option, the exercise of a stock option, or the sale, exchange, or other disposition of stock purchased under a stock option and the municipal corporation has, by resolution or ordinance, exempted the amount from withholding and tax.

(B) For taxable years beginning after 2003, no municipal corporation shall require any employer or any agent of any employer or any other payer, to withhold tax with respect to any amount other than qualifying wages. Nothing in this section prohibits an employer from withholding tax on a basis greater than qualifying wages.

(C) An employer is not required to make any withholding with respect to an individual's disqualifying disposition of an incentive stock option if, at the time of the disqualifying disposition, the individual is not an employee of the corporation with respect to whose stock the option has been issued.

(D)(1) An employee is not relieved from liability for a tax by the failure of the employer to withhold the tax as required by a municipal corporation or by the employer's exemption from the requirement to withhold the tax.

(2) The failure of an employer to remit to the municipal corporation the tax withheld relieves the employee from liability for that tax unless the

employee colluded with the employer in connection with the failure to remit the tax withheld.

(E) Compensation deferred before the effective date of this amendment is not subject to any municipal corporation income tax or municipal income tax withholding requirement to the extent the deferred compensation does not constitute qualifying wages at the time the deferred compensation is paid or distributed.

Sec. 718.05. (A) As used in this section:

(1) "Generic form" means an electronic or paper form designed for reporting estimated municipal income taxes and annual municipal income tax liability or for filing a refund claim that is not prescribed by a particular municipal corporation for the reporting of that municipal corporation's tax on income.

(2) "Return preparer" means any person other than a taxpayer that is authorized by a taxpayer to complete or file an income tax return, report, or other document for or on behalf of the taxpayer.

(B) A municipal corporation shall not require a taxpayer to file an annual income tax return or report prior to the filing date for the corresponding tax reporting period as prescribed for such a taxpayer under the Internal Revenue Code. For taxable years beginning after 2003, except as otherwise provided in section 718.051 of the Revised Code and division (D) of this section, a municipal corporation shall not require a taxpayer to file an annual income tax return or report on any date other than the fifteenth day of the fourth month following the end of the taxpayer's taxable year.

(C) On and after January 1, 2001, any municipal corporation that requires taxpayers to file income tax returns, reports, or other documents shall accept for filing a generic form of such a return, report, or document if the generic form, once completed and filed, contains all of the information required to be submitted with the municipal corporation's prescribed returns, reports, or documents, and if the taxpayer or return preparer filing the generic form otherwise complies with rules or ordinances of the municipal corporation governing the filing of returns, reports, or documents.

~~(D) Beginning~~ Except as otherwise provided in section 718.051 of the Revised Code, beginning January 1, 2001, any taxpayer that has requested an extension for filing a federal income tax return may request an extension for the filing of a municipal income tax return. The taxpayer shall make the request by filing a copy of the taxpayer's request for a federal filing extension with the individual or office charged with the administration of the municipal income tax. The request for extension shall be filed not later than the last day for filing the municipal income tax return as prescribed by

ordinance or rule of the municipal corporation. A municipal corporation shall grant such a request for extension filed before January 1, 2004, for a period not less than the period of the federal extension request. For taxable years beginning after 2003, the extended due date of the municipal income tax return shall be the last day of the month following the month to which the due date of the federal income tax return has been extended. A municipal corporation may deny a taxpayer's request for extension only if the taxpayer fails to timely file the request, fails to file a copy of the request for the federal extension, owes the municipal corporation any delinquent income tax or any penalty, interest, assessment, or other charge for the late payment or nonpayment of income tax, or has failed to file any required income tax return, report, or other related document for a prior tax period. The granting of an extension for filing a municipal corporation income tax return does not extend the last date for paying the tax without penalty unless the municipal corporation grants an extension of that date.

Sec. 718.051. (A) As used in this section, "Ohio business gateway" means the online computer network system, initially created by the department of administrative services under section 125.30 of the Revised Code, that allows private businesses to electronically file business reply forms with state agencies and includes any successor electronic filing and payment system.

(B) Notwithstanding section 718.05 of the Revised Code, on and after January 1, 2005, any taxpayer that is subject to any municipal corporation's tax on the net profit from a business or profession and has received an extension to file the federal income tax return shall not be required to notify the municipal corporation of the federal extension and shall not be required to file any municipal income tax return until the last day of the month to which the due date for filing the federal return has been extended, provided that, on or before the date for filing the municipal income tax return, the person notifies the tax commissioner of the federal extension through the Ohio business gateway. An extension of time to file is not an extension of the time to pay any tax due.

(C) For taxable years beginning on or after January 1, 2005, a taxpayer subject to any municipal corporation's tax on the net profit from a business or profession may file any municipal income tax return or estimated municipal income return, and may make payment of amounts shown to be due on such returns, by using the Ohio business gateway.

(D)(1) As used in this division, "qualifying wages" has the same meaning as in section 718.03 of the Revised Code.

(2) Any employer may report the amount of municipal income tax

withheld from qualifying wages paid on or after January 1, 2007, and may make remittance of such amounts, by using the Ohio business gateway.

(E) Nothing in this section affects the due dates for filing employer withholding tax returns.

(F) No municipal corporation shall be required to pay any fee or charge for the operation or maintenance of the Ohio business gateway.

(G) The use of the Ohio business gateway by municipal corporations, taxpayers, or other persons pursuant to this section does not affect the legal rights of municipalities or taxpayers as otherwise permitted by law. This state shall not be a party to the administration of municipal income taxes or to an appeal of a municipal income tax matter, except as otherwise specifically provided by law.

(H)(1) The tax commissioner shall adopt rules establishing:

(a) The format of documents to be used by taxpayers to file returns and make payments through the Ohio business gateway; and

(b) The information taxpayers must submit when filing municipal income tax returns through the Ohio business gateway.

(2) The commissioner shall consult with the Ohio business gateway steering committee before adopting the rules described in division (H)(1) of this section.

(I) Nothing in this section shall be construed as limiting or removing the ability of any municipal corporation to administer, audit, and enforce the provisions of its municipal income tax.

~~Sec. 718.11. As used in this section, "tax administrator" means the individual charged with direct responsibility for administration of a tax levied by a municipal corporation on income.~~

~~Not later than one hundred eighty days after the effective date of this section, the~~ The legislative authority of each municipal corporation that imposes a tax on income ~~on that effective date shall establish by ordinance~~ maintain a board to hear appeals as provided in this section. The legislative authority of any municipal corporation that does not impose a tax on income on the effective date of this ~~section~~ amendment, but that imposes such a tax after that date, shall establish such a board by ordinance not later than one hundred eighty days after the tax takes effect.

Whenever a tax administrator issues a decision regarding a municipal income tax obligation that is subject to appeal as provided in this section or in an ordinance or regulation of the municipal corporation, the tax administrator shall notify the taxpayer in writing at the same time of the taxpayer's right to appeal the decision and of the manner in which the taxpayer may appeal the decision.

Any person who is aggrieved by a decision by the tax administrator and who has filed with the municipal corporation the required returns or other documents pertaining to the municipal income tax obligation at issue in the decision may appeal the decision to the board created pursuant to this section by filing a request with the board. The request shall be in writing, shall state why the decision should be deemed incorrect or unlawful, and shall be filed within thirty days after the tax administrator issues the decision complained of.

The board shall schedule a hearing within forty-five days after receiving the request, unless the taxpayer waives a hearing. If the taxpayer does not waive the hearing, the taxpayer may appear before the board and may be represented by an attorney at law, certified public accountant, or other representative.

The board may affirm, reverse, or modify the tax administrator's decision or any part of that decision. The board shall issue a final decision on the appeal within ninety days after the board's final hearing on the appeal, and send ~~notice~~ a copy of its final decision by ordinary mail to ~~the petitioner~~ all of the parties to the appeal within fifteen days after issuing the decision. The taxpayer or the tax administrator may appeal the board's decision as provided in section 5717.011 of the Revised Code.

Each board of appeal created pursuant to this section shall adopt rules governing its procedures and shall keep a record of its transactions. Such records are not public records available for inspection under section 149.43 of the Revised Code. Hearings requested by a taxpayer before a board of appeal created pursuant to this section are not meetings of a public body subject to section 121.22 of the Revised Code.

Sec. 718.121. (A) Except as provided in division (B) of this section, if tax or withholding is paid to a municipal corporation on income or wages, and if a second municipal corporation imposes a tax on that income or wages after the time period allowed for a refund of the tax or withholding paid to the first municipal corporation, the second municipal corporation shall allow a nonrefundable credit, against the tax or withholding the second municipality claims is due with respect to such income or wages, equal to the tax or withholding paid to the first municipal corporation with respect to such income or wages.

(B) If the tax rate in the second municipal corporation is less than the tax rate in the first municipal corporation, then the credit described in division (A) of this section shall be calculated using the tax rate in effect in the second municipal corporation.

(C) Nothing in this section permits any credit carryforward.

(5) "Owner's proportionate share," with respect to each owner of a pass-through entity, means the ratio of (a) the owner's income from the pass-through entity that is subject to taxation by the municipal corporation, to (b) the total income from that entity of all owners whose income from the entity is subject to taxation by that municipal corporation.

(B) On and after January 1, 2003, any municipal corporation imposing a tax that applies to income from a pass-through entity shall grant a credit to each owner who is domiciled in the municipal corporation for taxes paid to another municipal corporation by a pass-through entity that does not conduct business in the municipal corporation. The amount of the credit shall equal the lesser of the following amounts, subject to division (C) of this section:

(1) The owner's proportionate share of the amount, if any, of tax paid by the pass-through entity to another municipal corporation in this state;

The certification shall be on a form prescribed by the attorney general and shall be filed not later than the thirtieth day of April in each year.

(2) Each participating manufacturer shall include in its certification a list of its brand families. Thirty days before making any additions to or modifications of its brand families, a participating manufacturer shall update its brand family list by executing and delivering a supplemental certification

The list shall identify by name and address any other manufacturer in the preceding or current year of the brand families included on the list. (c) A certification that the nonparticipating manufacturer has established and continues to maintain a qualified escrow fund under section 1346.02 of the Revised Code and that the qualified escrow fund is governed by a qualified escrow agreement executed by the nonparticipating manufacturer and reviewed and approved by the attorney general;

(d) All of the following information regarding the qualified escrow fund the nonparticipating manufacturer is required to establish and maintain under section 1346.02 of the Revised Code and the rules adopted under that section:

(iv) The amount and date of any withdrawal or transfer of funds the nonparticipating manufacturer made at any time from any qualified escrow fund into which it ever made payments under section 1346.02 of the Revised Code and the rules adopted under that section.

(e) A statement that the nonparticipating manufacturer is in full compliance with this section and sections 1346.02, 1346.06, and 1346.07 of the Revised Code and any rules adopted under those sections.

(4)(a) No tobacco product manufacturer shall include a brand family in its certification unless either of the following applies:

(i) In the case of a participating manufacturer, the participating manufacturer affirms that the cigarettes in the brand family shall be deemed to be its cigarettes for the purpose of calculating its payments under the Master Settlement Agreement for the relevant year in the volume and shares determined pursuant to that agreement.

(ii) In the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the cigarettes in the brand family shall be deemed to be its cigarettes for the purpose of section 1346.02 of the Revised Code.

(b) Nothing in this section limits or shall be construed to limit the state's authority to determine that the cigarettes in a brand family constitute the cigarettes of another tobacco product manufacturer for the purpose of calculating payments under the Master Settlement Agreement or for the purpose of section 1346.02 of the Revised Code.

(5) Each tobacco product manufacturer shall maintain all invoices and documentations of sales and other information relied upon for its certification for a period of at least five years.

(B)(1) Except as otherwise provided in division (B)(3) of this section, the attorney general shall develop and publish on its web site a directory listing all tobacco product manufacturers that have provided current and accurate certifications under division (A) of this section and all brand families listed in those certifications.

(2)(a) The attorney general shall update the directory as necessary to correct mistakes or to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this section. At least ten days before such addition or removal, the tax commissioner shall transmit by electronic mail or other practicable means to each stamping agent notice of the pending addition or removal.

(b) Unless an agreement between a stamping agent and a tobacco product manufacturer provides otherwise, a tobacco product manufacturer that is removed from the directory or whose brand family is removed from the directory shall refund to the stamping agent any money paid by the

stamping agent to the tobacco product manufacturer for cigarettes of that tobacco product manufacturer that are in the possession of the stamping agent at the time the stamping agent receives notice of the pending removal of the tobacco product manufacturer or a brand family of that tobacco product manufacturer from the directory under division (B)(2)(a) of this section.

(c) The tax commissioner shall notify the attorney general of any tobacco product manufacturer that fails to refund money to a stamping agent under division (B)(2)(b) of this section. The attorney general shall not restore to the directory any tobacco product manufacturer or brand family of a tobacco product manufacturer until the tobacco product manufacturer has paid the stamping agent any required refund. Once a required refund has been so paid, the tax commissioner shall notify the attorney general of that payment.

(3) The attorney general shall not include or retain in the directory a nonparticipating manufacturer or a brand family of a nonparticipating manufacturer if any of the following applies:

(a) The nonparticipating manufacturer fails to provide the required certification under this section, or the attorney general determines that the certification is not in compliance with the requirements of this section, unless the attorney general determines that the violation has been cured to the attorney general's satisfaction.

(b) The attorney general determines that any escrow payment required under section 1346.02 of the Revised Code for any period for any brand family of the nonparticipating manufacturer, regardless of whether the brand family is listed by the nonparticipating manufacturer in its certification under this section, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general.

(c) The attorney general determines that the nonparticipating manufacturer has not fully satisfied any outstanding final judgment, including interest, for a violation of section 1346.02 of the Revised Code.

(4) Each stamping agent shall provide an electronic mail address to the tax commissioner for the purpose of receiving notifications under division (B)(2) of this section. As necessary, each stamping agent shall update the agent's electronic mail address with the tax commissioner.

(3) Any cigarettes sold, offered for sale, or possessed for sale in violation of division (C)(1) of this section shall be considered contraband under section 5743.21 of the Revised Code, and those cigarettes shall be subject to seizure and forfeiture under that section. Cigarettes so seized and forfeited shall not be resold and shall be destroyed.

Sec. 1346.06. (A)(1) Any nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity, as a condition precedent to having its brand families included or retained in the directory developed and published by the attorney general under section 1346.05 of the Revised Code, shall appoint, and continually engage without interruption the services of, an agent in the state to act as agent for the service, in any manner authorized by law, of all process pertaining to any action or proceeding in the courts of this state against the manufacturer concerning or arising out of the enforcement of this chapter.

(2) Service on a nonparticipating manufacturer's agent shall constitute legal and valid service of process on the manufacturer.

(3) A nonparticipating manufacturer shall provide the attorney general, to the satisfaction of the attorney general, with proof of the appointment of, and notice of the name, address, telephone number, and availability of, the manufacturer's agent.

(B)(1) If a nonparticipating manufacturer decides to terminate its agent's appointment, the manufacturer shall provide notice of the termination to the attorney general thirty calendar days prior to the termination and shall provide proof, to the satisfaction of the attorney general, of the appointment of a new agent not less than five calendar days prior to the termination.

(2) If a nonparticipating manufacturer's agent terminates the agent's appointment, the manufacturer shall provide notice of the termination to the attorney general and include proof, to the satisfaction of the attorney general, of the appointment of a new agent within five calendar days of the termination.

(C)(1) Any nonparticipating manufacturer whose cigarettes are sold in the state and who has not appointed and continually engaged an agent in accordance with divisions (A) and (B) of this section shall be deemed to have appointed the secretary of state as the manufacturer's agent and may be proceeded against in any action or proceeding in the courts of the state described in division (A) of this section by service of process on the secretary of state.

(2) The deemed appointment of the secretary of state as a nonparticipating manufacturer's agent does not satisfy the requirements of divisions (A)(3)(b) and (B)(1) of section 1346.05 of the Revised Code that a nonparticipating manufacturer that has not registered to do business in the state shall appoint an agent for service of process as a condition precedent to the existence of an accurate certification permitting the manufacturer's brand families to be included or retained in the directory.

Sec. 1346.07. (A) Not later than the last day of each month or less frequently if so directed by the tax commissioner, each stamping agent shall submit information for the previous month or for the relevant time period, if directed by the tax commissioner to make the submission less frequently, which the tax commissioner requires to facilitate compliance with sections 1346.05 to 1346.10 of the Revised Code. The stamping agent shall maintain and make available to the tax commissioner all invoices and documentations of sales of all nonparticipating manufacturer cigarettes and any other information the agent relies upon in submitting information under this division to the tax commissioner. This duty shall be for a period of five years from the date of each submission of information under this division.

(B) The attorney general at any time may require a nonparticipating manufacturer to provide proof, from the financial institution in which the manufacturer has established a qualified escrow fund under section 1346.02 of the Revised Code, of the amount of money in the fund, exclusive of interest, the amount and date of each deposit in the fund, and the amount and date of each withdrawal from the fund.

(C) In addition to the information required to be submitted or provided to the tax commissioner and the attorney general under divisions (A) and (B) of this section, the attorney general may require a stamping agent or tobacco product manufacturer to submit any additional information necessary to enable the attorney general to determine whether a manufacturer is in compliance with sections 1346.05 to 1346.10 of the Revised Code. The information shall include, but is not limited to, samples of the packaging or labeling of each brand family.

(D) The tax commissioner and the attorney general shall share information received under sections 1346.05 to 1346.10 of the Revised Code for purposes of determining compliance with and enforcement of those sections. The tax commissioner and the attorney general also may share information received under these sections with federal, state, or local agencies for purposes of the enforcement of this chapter or corresponding laws of other states.

Sec. 1346.08. (A) The tax commissioner and the attorney general may adopt administrative rules necessary to implement sections 1346.05 to 1346.10 of the Revised Code.

(B) Subject to the requirements of section 1346.05 of the Revised Code, the attorney general may adopt an administrative rule requiring a tobacco product manufacturer to make required escrow deposits in quarterly installments during the year in which the sales covered by the deposits are made. If the attorney general adopts such a rule, the tax commissioner may require a tobacco product manufacturer or a stamping agent to produce information sufficient to enable the tax commissioner and the attorney general to determine the adequacy of the amount of an installment deposit.

Sec. 1346.09. (A) The attorney general, on behalf of the tax commissioner, may seek an injunction to restrain a threatened or actual violation of division (C)(1) of section 1346.05 of the Revised Code or division (A) or (C) of section 1346.07 of the Revised Code by a stamping agent and to compel the stamping agent to comply with those divisions.

(B) In any action brought by the state to enforce sections 1346.05 to 1346.10 of the Revised Code, the state shall be entitled to recover the costs of the investigation, expert witness fees, court costs, and reasonable

attorney's fees.

(C) If a court determines that a person has violated any prohibition or other provision of sections 1346.05 to 1346.10 of the Revised Code, the court shall order that the person's profits, gain, gross receipts, or other benefit from the violation be disgorged and paid to the general revenue fund of the state.

(D) Unless otherwise expressly provided, the remedies or penalties provided by this chapter are cumulative to each other and to the remedies or penalties available under all other laws of the state.

Sec. 1346.10. (A) In lieu of or in addition to any other remedy provided by law, upon a determination that a stamping agent has violated division (C)(1) of section 1346.05 of the Revised Code or any administrative rule adopted under sections 1346.05 to 1346.10 of the Revised Code, the tax commissioner may revoke the license of the stamping agent in the manner provided by section 5743.18 of the Revised Code.

The fine shall be imposed in the manner provided by section 5743.081 of the Revised Code.

For the purpose of this division, each stamp affixed to a package of cigarettes and each sale or offer for sale of cigarettes in violation of division (C)(1) of section 1346.05 of the Revised Code shall constitute a separate violation.

Sec. 1503.05. (A) The chief of the division of forestry may sell timber and other forest products from the state forest and state forest nurseries whenever the chief considers such a sale desirable and, with the approval of the attorney general and the director of natural resources, may sell portions of the state forest lands when such a sale is advantageous to the state.

(B) Except as otherwise provided in this section, a timber sale agreement shall not be executed unless the person or governmental entity bidding on the sale executes and files a surety bond conditioned on completion of the timber sale in accordance with the terms of the agreement in an amount equal to twenty-five per cent of the highest value cutting section. All bonds shall be given in a form prescribed by the chief and shall run to the state as obligee.

The chief shall not approve any bond until it is personally signed and acknowledged by both principal and surety, or as to either by the attorney in fact thereof, with a certified copy of the power of attorney attached. The chief shall not approve the bond unless there is attached a certificate of the superintendent of insurance that the company is authorized to transact a fidelity and surety business in this state.

In lieu of a bond, the bidder may deposit any of the following:

- (1) Cash in an amount equal to the amount of the bond;
- (2) United States government securities having a par value equal to or greater than the amount of the bond;
- (3) Negotiable certificates of deposit or irrevocable letters of credit issued by any bank organized or transacting business in this state having a par value equal to or greater than the amount of the bond.

A bidder making a deposit of cash, securities, certificates of deposit, or letters of credit may withdraw and receive from the treasurer of state, on the

written order of the chief, all or any portion of the cash, securities, certificates of deposit, or letters of credit upon depositing with the treasurer of state cash, other United States government securities, or other negotiable certificates of deposit or irrevocable letters of credit issued by any bank organized or transacting business in this state, equal in par value to the par value of the cash, securities, certificates of deposit, or letters of credit withdrawn.

A bidder may demand and receive from the treasurer of state all interest or other income from any such securities or certificates as it becomes due. If securities so deposited with and in the possession of the treasurer of state mature or are called for payment by their issuer, the treasurer of state, at the request of the bidder who deposited them, shall convert the proceeds of the redemption or payment of the securities into other United States government securities, negotiable certificates of deposit, or cash as the bidder designates.

When the chief finds that a person or governmental agency has failed to comply with the conditions of the person's or governmental agency's bond, the chief shall make a finding of that fact and declare the bond, cash, securities, certificates, or letters of credit forfeited. The chief thereupon shall certify the total forfeiture to the attorney general, who shall proceed to collect the amount of the bond, cash, securities, certificates, or letters of credit.

In lieu of total forfeiture, the surety, at its option, may cause the timber sale to be completed or pay to the treasurer of state the cost thereof.

All moneys collected as a result of forfeitures of bonds, cash, securities, certificates, and letters of credit under this section shall be credited to the state forest fund created in this section.

(C) The chief may grant easements and leases on portions of the state forest lands and state forest nurseries under terms that are advantageous to the state, and the chief may grant mineral rights on a royalty basis on those lands and nurseries, with the approval of the attorney general and the director.

(D) All moneys received from the sale of state forest lands, or in payment for easements or leases on or as rents from those lands or from state forest nurseries, shall be paid into the state treasury to the credit of the state forest fund, which is hereby created. All moneys received from the sale of standing timber taken from the state forest lands shall be deposited into the state treasury. Twenty-five per cent of the moneys so deposited shall be credited to the state forest fund. Seventy-five per cent of the moneys so deposited shall be credited to the general revenue fund. All moneys received from the sale of forest products, other than standing timber, and minerals

taken from the state forest lands and state forest nurseries, together with royalties from mineral rights, shall be paid into the state treasury to the credit of the state forest fund.

At the time of making such a ~~payment or~~ deposit into the state treasury to the credit of the general revenue fund, the chief shall determine the amount and ~~gross net~~ value of all such ~~products~~ standing timber sold ~~or royalties received~~ from lands and nurseries in each county, in each township within the county, and in each school district within the county. Afterward the chief shall send to each county treasurer a copy of the determination and shall provide for payment to the county treasurer, for the use of the general fund of that county from the amount so received as provided in this division, an amount equal to ~~eighty~~ sixty-five per cent of the ~~gross net~~ value of the ~~products~~ standing timber sold ~~or royalties received~~ from lands and nurseries located in that county. (3) Request the board of education of any school district located within the county and containing such lands and nurseries to identify which fund or funds of the district should receive the moneys available to the school district under division (D)(3) of this section. After receiving notice from the board, the county auditor shall pay into the fund or funds so identified one-half of the amount received by the county from ~~products~~ standing timber sold ~~or royalties received~~ from lands and nurseries located in the school district, distributed proportionately as identified by the board.

The division of forestry shall not supply logs, lumber, or other forest products or minerals, taken from the state forest lands or state forest nurseries, to any other agency or subdivision of the state unless payment is made therefor in the amount of the actual prevailing value thereof. This section is applicable to the moneys so received. All moneys received from the sale of reforestation tree stock or other revenues derived from the operation of the state forests, facilities, or equipment shall be paid into the state forest fund.

The fund shall not be expended for any purpose other than the administration, operation, maintenance, development, or utilization of the state forests, forest nurseries, and forest programs, for facilities or equipment incident to them, or for the further purchase of lands for state

forest or forest nursery purposes.

The two additional members of the commission who are appointed specifically to hear appeals that involve mine safety issues shall be individuals who, because of previous vocation, employment, or affiliation,

can be classified as representatives of employees currently engaged in mining operations. One shall be a representative of coal miners, and one shall be a representative of aggregates miners. Prior to making the appointment, the governor shall request the highest ranking officer in the major employee organization representing coal miners in this state to submit to the governor the names and qualifications of three nominees and shall request the highest ranking officer in the major employee organization representing aggregates miners in this state to do the same. The governor shall appoint one person nominated by each organization to the commission. The nominees shall have not less than five years of practical experience in dealing with mine health and safety issues and at the time of the nomination shall be employed in positions that involve the protection of the health and safety of miners. The major employee organization representing coal miners and the major employee organization representing aggregates miners shall represent a membership consisting of the largest number of coal miners and aggregates miners, respectively, in this state compared to other employee organizations in the year prior to the year in which the appointments are made.

When the commission hears an appeal that involves a coal mining safety issue, one of the commission members who owns and operates a farm or is a retired farmer shall be replaced by the additional member who is a representative of coal miners. When the commission hears an appeal that involves an aggregates mining safety issue, one of the commission members who owns and operates a farm or is a retired farmer shall be replaced by the additional member who is a representative of aggregates miners. Neither of the additional members who are appointed specifically to hear appeals that involve mine safety issues shall be considered to be members of the commission for any other purpose, and they shall not participate in any other matters that come before the commission.

The commission may appoint a secretary to hold office at its pleasure. A commission member may serve as secretary. The secretary shall perform such duties as the commission prescribes, and shall receive such compensation as the commission fixes in accordance with such schedules as are provided by law for the compensation of state employees.

The commission shall appoint one or more hearing officers who shall be attorneys at law admitted to practice in this state to conduct hearings under this chapter.

Four members constitute a quorum, and no action of the commission shall be valid unless it has the concurrence of at least four members. The commission shall keep a record of its proceedings.

Each member shall be paid as compensation for work as a member one hundred fifty dollars per day when actually engaged in the performance of work as a member and when engaged in travel necessary in connection with such work. In addition to such compensation each member shall be reimbursed for all traveling, hotel, and other expenses, in accordance with the current travel rules of the office of budget and management, necessarily incurred in the performance of the member's work as a member.

Annually one member shall be elected as chairperson and another member shall be elected as vice-chairperson for terms of one year.

The governor may remove any member of the commission from office for inefficiency, neglect of duty, malfeasance, misfeasance, or nonfeasance, after delivering to the member the charges against the member in writing with at least ten days' written notice of the time and place at which the governor will publicly hear the member, either in person or by counsel, in defense of the charges against the member. If the member is removed from office, the governor shall file in the office of the secretary of state a complete statement of the charges made against the member and a complete report of the proceedings. The action of the governor removing a member from office is final.

The commission shall adopt rules governing procedure of appeals under section 1513.13 of the Revised Code and may, for its own internal management, adopt rules that do not affect private rights.

Money in the clean Ohio trail fund shall not be used for the appropriation of land, rights, rights-of-way, franchises, easements, or other property through the exercise of the right of eminent domain.

The director shall use moneys in the fund exclusively to provide matching grants to nonprofit organizations and to local political subdivisions for the purposes of purchasing land or interests in land for recreational trails and for the construction of such trails. A matching grant may provide up to seventy-five per cent of the cost of a recreational trail project, and the recipient of the matching grant shall provide not less than twenty-five per cent of that cost.

(C) The director shall establish policies for the purposes of this section. The policies shall establish all of the following:

- (f) The purchase of rail lines that are linked to the statewide trail plan;
- (g) The preservation of natural corridors.

(4) Items of value, such as in-kind contributions of land, easements or other interests in land, labor, or materials, that may be considered as contributing toward the percentage of the cost of a recreational trails project that must be provided by a matching grant recipient.

Sec. 1521.06. (A) No dam may be constructed for the purpose of storing, conserving, or retarding water, or for any other purpose, nor shall any dike or levee be constructed for the purpose of diverting or retaining flood water, unless the person or governmental agency desiring the construction has a construction permit for the dam, dike, or levee issued by the chief of the division of water.

A construction permit is not required under this section for:

(1) A dam ~~which~~ that is or will be less than ten feet in height and ~~which~~ that has or will have a storage capacity of not more than fifty acre-feet at the elevation of the top of the dam, as determined by the chief. For the purposes of this section, the height of a dam shall be measured from the natural stream bed or lowest ground elevation at the downstream or outside limit of the dam to the elevation of the top of the dam.

(2) A dam, regardless of height, ~~which~~ that has or will have a storage capacity of not more than fifteen acre-feet at the elevation of the top of the dam, as determined by the chief;

(3) A dam, regardless of storage capacity, ~~which~~ that is or will be six feet or less in height, as determined by the chief;

(4) A dam, dike, or levee ~~which~~ that belongs to a class exempted by the chief;

(5) The repair, maintenance, improvement, alteration, or removal of a dam, dike, or levee ~~which~~ that is subject to section 1521.062 of the Revised Code, unless the construction constitutes an enlargement of the structure as determined by the chief;

(6) A dam or impoundment constructed under Chapter 1513. of the Revised Code.

(B) Before a construction permit may be issued, three copies of the plans and specifications, including a detailed cost estimate, for the proposed construction, prepared by a registered professional engineer, together with the filing fee specified by this section and the bond or other security required by section 1521.061 of the Revised Code, shall be filed with the chief. The detailed estimate of the cost shall include all costs associated with the construction of the dam, dike, or levee, including supervision and inspection of the construction by a registered professional engineer. ~~Except for a political subdivision, the~~ The filing fee shall be based on the detailed cost estimate for the proposed construction as filed with and approved by the chief, and shall be determined by the following schedule unless otherwise provided by rules adopted under this section:

(1) For the first one hundred thousand dollars of estimated cost, a fee of ~~two~~ four per cent;

(2) For the next four hundred thousand dollars of estimated cost, a fee of ~~one and one-half~~ three per cent;

(3) For the next five hundred thousand dollars of estimated cost, a fee of ~~one~~ two per cent;

(4) For all costs in excess of one million dollars, a fee of ~~one-quarter~~ one-half of one per cent.

In no case shall the filing fee be less than ~~two hundred~~ one thousand dollars or more than ~~fifty~~ one hundred thousand dollars. If the actual cost exceeds the estimated cost by more than fifteen per cent, an additional filing fee shall be required equal to the fee determined by the preceding schedule less the original filing fee. ~~The filing fee for a political subdivision shall be two hundred dollars.~~ All fees collected pursuant to this section, and all fines collected pursuant to section 1521.99 of the Revised Code, shall be deposited in the state treasury to the credit of the dam safety fund, which is hereby created. Expenditures from the fund shall be made by the chief for the purpose of administering this section and sections 1521.061 and 1521.062 of the Revised Code.

(C) The chief shall, within thirty days from the date of the receipt of the application, fee, and bond or other security, issue or deny a construction permit for the construction or may issue a construction permit conditioned upon the making of such changes in the plans and specifications for the construction as ~~he~~ the chief considers advisable if ~~he~~ the chief determines that the construction of the proposed dam, dike, or levee, in accordance with the plans and specifications filed, would endanger life, health, or property.

(D) The chief may deny a construction permit ~~if he finds~~ after finding that a dam, dike, or levee built in accordance with the plans and specifications would endanger life, health, or property, because of improper or inadequate design, or for such other reasons as the chief may determine.

In the event the chief denies a permit for the construction of the dam, dike, or levee, or issues a permit conditioned upon a making of changes in the plans or specifications for the construction, ~~he~~ the chief shall state ~~his~~ the reasons therefor and so notify, in writing, the person or governmental agency making the application for a permit. If the permit is denied, the chief shall return the bond or other security to the person or governmental agency making application for the permit.

The decision of the chief conditioning or denying a construction permit is subject to appeal as provided in Chapter 119. of the Revised Code. A dam, dike, or levee built substantially at variance from the plans and specifications upon which a construction permit was issued is in violation of this section. The chief may at any time inspect any dam, dike, or levee, or site upon which any dam, dike, or levee is to be constructed, in order to determine whether it complies with this section.

(E) A registered professional engineer shall inspect the construction for which the permit was issued during all phases of construction and shall furnish to the chief such regular reports of ~~his~~ the engineer's inspections as the chief may require. When the chief finds that construction has been fully completed in accordance with the terms of the permit and the plans and specifications approved by ~~him~~ the chief, ~~he~~ the chief shall approve the construction. When one year has elapsed after approval of the completed construction, and the chief finds that within this period no fact has become apparent to indicate that the construction was not performed in accordance with the terms of the permit and the plans and specifications approved by the chief, or that the construction as performed would endanger life, health, or property, ~~he~~ the chief shall release the bond or other security. No bond or other security shall be released until one year after final approval by the chief, unless the dam, dike, or levee has been modified so that it will not retain water and has been approved as nonhazardous after determination by the chief that the dam, dike, or levee as modified will not endanger life, health, or property.

(F) When inspections required by this section are not being performed, the chief shall notify the person or governmental agency to which the permit has been issued that inspections are not being performed by the registered professional engineer and that the chief will inspect the remainder of the construction. Thereafter, the chief shall inspect the construction and the cost

of inspection shall be charged against the owner. Failure of the registered professional engineer to submit required inspection reports shall be deemed notice that ~~his~~ the engineer's inspections are not being performed.

(G) The chief may order construction to cease on any dam, dike, or levee ~~which that~~ is being built in violation of ~~the provisions of this section,~~ and may prohibit the retention of water behind any dam, dike, or levee ~~which that~~ has been built in violation of ~~the provisions of this section.~~ The attorney general, upon written request of the chief, may bring an action for an injunction against any person who violates this section or to enforce an order or prohibition of the chief made pursuant to this section.

(H) The chief may adopt rules in accordance with Chapter 119. of the Revised Code, for the design and construction of dams, dikes, and levees for which a construction permit is required by this section or for which periodic inspection is required by section 1521.062 of the Revised Code, for establishing a filing fee schedule in lieu of the schedule established under division (B) of this section, for deposit and forfeiture of bonds and other securities required by section 1521.061 of the Revised Code, for the periodic inspection, operation, repair, improvement, alteration, or removal of all dams, dikes, and levees, as specified in section 1521.062 of the Revised Code, and for establishing classes of dams, dikes, or levees ~~which that~~ are exempt from the requirements of sections 1521.06 and 1521.062 of the Revised Code as being of a size, purpose, or situation ~~which that~~ does not present a substantial hazard to life, health, or property. The chief may, by rule, limit the period during which a construction permit issued under this section is valid. If a construction permit expires before construction is completed, the person or agency shall apply for a new permit, and shall not continue construction until the new permit is issued.

~~(I) As used in this section and section 1521.063 of the Revised Code, "political subdivision" includes townships, municipal corporations, counties, school districts, municipal universities, park districts, sanitary districts, and conservancy districts and subdivisions thereof.~~

Sec. 1521.063. (A) Except for ~~a political subdivision~~ the federal government, the owner of any dam subject to section 1521.062 of the Revised Code shall pay an annual fee, based upon the height of the dam, to the division of water on or before June 30, 1988, and on or before the thirtieth day of June of each succeeding year. The annual fee shall be as follows until otherwise provided by rules adopted under this section:

(1) For any dam classified as a class I dam under rules adopted by the chief of the division of water under section 1521.06 of the Revised Code, thirty dollars plus ~~three~~ ten dollars per foot of height of dam;

(2) For any dam classified as a class II dam under those rules, thirty dollars plus one dollar per foot of height of dam;

(3) For any dam classified as a class III dam under those rules, thirty dollars.

For purposes of this section, the height of a dam is the vertical height, to the nearest foot, as determined by the division under section 1521.062 of the Revised Code. All fees collected under this section shall be deposited in the dam safety fund created in section 1521.06 of the Revised Code. Any owner who fails to pay any annual fee required by this section within sixty days after the due date shall be assessed a penalty of ten per cent of the annual fee plus interest at the rate of one-half per cent per month from the due date until the date of payment.

(B) The chief shall, in accordance with Chapter 119. of the Revised Code, adopt, and may amend or rescind, rules for the collection of fees and the administration, implementation, and enforcement of this section and for the establishment of an annual fee schedule in lieu of the schedule established under division (A) of this section.

(C)(1) No person, political subdivision, or state governmental agency shall violate or fail to comply with this section or any rule or order adopted or issued under it.

(2) The attorney general, upon written request of the chief, may commence an action against any such violator. Any action under division (C)(2) of this section is a civil action.

(D) As used in this section, "political subdivision" includes townships, municipal corporations, counties, school districts, municipal universities, park districts, sanitary districts, and conservancy districts and subdivisions thereof.

Sec. 1531.26. There is hereby created in the state treasury the nongame and endangered wildlife fund, which shall consist of moneys paid into it by the tax commissioner under section 5747.113 of the Revised Code, moneys deposited in the fund from the issuance of wildlife conservation license plates under section 4503.57 of the Revised Code, moneys deposited in the fund from the issuance of bald eagle license plates under section 4503.572 of the Revised Code, moneys credited to the fund under section 1533.151 of the Revised Code, and ~~of~~ contributions made directly to it. Any person may contribute directly to the fund in addition to or independently of the income tax refund contribution system established in section 5747.113 of the Revised Code. Moneys in the fund shall be disbursed pursuant to vouchers approved by the director of natural resources for use by the division of wildlife solely for the purchase, management, preservation, propagation,

protection, and stocking of wild animals that are not commonly taken for sport or commercial purposes, including the acquisition of title and easements to lands, biological investigations, law enforcement, production of educational materials, sociological surveys, habitat development, and personnel and equipment costs; and for carrying out section 1531.25 of the Revised Code. Moneys in the fund also may be used to promote and develop nonconsumptive wildlife recreational opportunities involving wild animals. Moneys in the fund from the issuance of bald eagle license plates under section 4503.572 of the Revised Code shall be expended by the division only to pay the costs of acquiring, developing, and restoring habitat for bald eagles within this state. Moneys in the fund from any other source also may be used to pay the costs of acquiring, developing, and restoring habitat for bald eagles within this state.

All investment earnings of the fund shall be credited to the fund. Subject to the approval of the director, the chief of the division of wildlife may enter into agreements that the chief considers appropriate to obtain additional moneys for the protection of nongame native wildlife under the "Endangered Species Act of 1973," 87 Stat. 884, 16 U.S.C.A. 1541-1543, as amended, and the "Fish and Wildlife Conservation Act of 1980," 94 Stat. 1322, 16 U.S.C.A. 2901-2911, as amended. Moneys appropriated from the fund are not intended to replace other moneys appropriated for these purposes.

Sec. 1533.08. Except as otherwise provided by division rule, any person desiring to collect wild animals that are protected by law or their nests or eggs for scientific study, school instruction, other educational uses, or rehabilitation shall make application to the chief of the division of wildlife for a wild animal collecting permit on a form furnished by the chief. Each applicant for a wild animal collecting permit, other than an applicant desiring to rehabilitate wild animals, shall pay an annual fee of ~~ten~~ twenty-five dollars for each permit. No fee shall be charged to an applicant desiring to rehabilitate wild animals. When it appears that the application is made in good faith, the chief shall issue to the applicant a permit to take, possess, and transport at any time and in any manner specimens of wild animals protected by law or their nests and eggs for scientific study, school instruction, other educational uses, or rehabilitation and under any additional rules recommended by the wildlife council. Upon the receipt of a permit, the holder may take, possess, and transport those wild animals in accordance with the permit.

Each holder of a permit engaged in collecting such wild animals shall carry the permit at all times and shall exhibit it upon demand to any wildlife

Each permit holder shall keep a daily record of all specimens collected under the permit and the disposition of the specimens and shall exhibit the daily record to any official of the division upon demand.

Each permit shall remain in effect for one year from the date of issuance unless it is revoked sooner by the chief.

All moneys received as fees for the issuance of a wild animal collecting permit shall be transmitted to the director of natural resources to be paid into the state treasury to the credit of the fund created by section 1533.15 of the Revised Code.

Sec. 1533.10. Except as provided in this section or division (A) of section 1533.12 of the Revised Code, no person shall hunt any wild bird or wild quadruped without a hunting license. Except as provided in rules adopted under division (B)(2) of that section, each applicant who is a resident of this state and who at the time of application is sixty-six years of age or older shall procure a special senior hunting license, the fee for which shall be one-half of the regular hunting license fee. Every applicant who is a ~~resident of the state and~~ under the age of sixteen years shall procure a special youth hunting license, the fee for which shall be one-half of the regular hunting license fee. The owner of lands in the state and the owner's children of any age and grandchildren under eighteen years of age may hunt on the lands without a hunting license. The tenant ~~or manager~~ and children of the tenant ~~or manager~~, residing on lands in the state, may hunt on them without a hunting license. Every applicant for a hunting license who is a nonresident of the state and who is sixteen years of age or older shall procure a nonresident hunting license, the fee for which shall be ninety one hundred twenty-four dollars, unless the applicant is a resident of a state that is a party to an agreement under section 1533.91 of the Revised Code, in which case the fee shall be ~~fourteen~~ eighteen dollars.

The chief of the division of wildlife may issue a ~~tourist's~~ small game

No civil action may be brought in any court in the state for the value or agreed price of fish that have escheated to the state under this section.

No person shall fail to comply with any provision of this section or a division rule adopted pursuant thereto.

Sec. 1548.06. Application for a certificate of title for a watercraft or outboard motor shall be made upon a form prescribed by the chief of the division of watercraft and shall be sworn to before a notary public or other officer empowered to administer oaths. The application shall be filed with the clerk of any court of common pleas. An application for a certificate of title may be filed electronically by any electronic means approved by the chief in any county with the clerk of the court of common pleas of that county. The application shall be accompanied by the fee prescribed in section 1548.10 of the Revised Code. The fee shall be retained by the clerk who issues the certificate of title and shall be distributed in accordance with that section. If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

If a certificate of title previously has been issued for the watercraft or outboard motor, the application for a certificate of title also shall be accompanied by the certificate of title duly assigned unless otherwise provided in this chapter. If a certificate of title previously has not been issued for the watercraft or outboard motor in this state, the application, unless otherwise provided in this chapter, shall be accompanied by a manufacturer's or importer's certificate; by a sworn statement of ownership if the watercraft or outboard motor was purchased by the applicant on or before October 9, 1963, or if the watercraft is less than fourteen feet long with a permanently affixed mechanical means of propulsion and was purchased by the applicant on or before January 1, 2000; or by a certificate of title, bill of sale, or other evidence of ownership required by the law of another state from which the watercraft or outboard motor was brought into this state. Evidence of ownership of a watercraft or outboard motor for

which an Ohio certificate of title previously has not been issued and which watercraft or outboard motor does not have permanently affixed to it a manufacturer's serial number shall be accompanied by the certificate of assignment of a hull identification number assigned by the chief as provided in section 1548.07 of the Revised Code.

The clerk shall retain the evidence of title presented by the applicant and on which the certificate of title is issued, except that, if an application for a certificate of title is filed electronically, by a vendor on behalf of a purchaser of a watercraft or outboard motor, the clerk shall retain the completed electronic record to which the vendor converted the certificate of title application and other required documents. ~~The vendor shall forward the actual application and all other documents relating to the sale of the watercraft or outboard motor to any clerk within thirty days after the certificate of title is issued.~~ The chief, after consultation with the attorney general, shall adopt rules that govern the location at which, and the manner in which, are stored the actual application and all other documents relating to the sale of a watercraft or outboard motor when a vendor files the application for a certificate of title electronically on behalf of a purchaser.

The clerk shall use reasonable diligence in ascertaining whether the facts in the application are true by checking the application and documents accompanying it or the electronic record to which a vendor converted the application and accompanying documents with the records of watercraft and outboard motors in the clerk's office. If the clerk is satisfied that the applicant is the owner of the watercraft or outboard motor and that the application is in the proper form, the clerk shall issue a physical certificate of title over the clerk's signature and sealed with the clerk's seal unless the applicant specifically requests the clerk not to issue a physical certificate of title and instead to issue an electronic certificate of title. However, if the evidence indicates and an investigation shows that one or more Ohio titles already exist for the watercraft or outboard motor, the chief may cause the redundant title or titles to be canceled.

In the case of the sale of a watercraft or outboard motor by a vendor to a general purchaser or user, the certificate of title shall be obtained in the name of the purchaser by the vendor upon application signed by the purchaser. In all other cases, the certificate shall be obtained by the purchaser. In all cases of transfer of watercraft or outboard motors, the application for certificate of title shall be filed within thirty days after the later of the date of purchase or assignment of ownership of the watercraft or outboard motor. If the application for certificate of title is not filed within thirty days after the later of the date of purchase or assignment of ownership

of the watercraft or outboard motor, the clerk shall charge a late penalty fee of five dollars in addition to the fee prescribed by section 1548.10 of the Revised Code. The clerk shall retain the entire amount of each late penalty fee.

The clerk shall refuse to accept an application for certificate of title unless the applicant either tenders with the application payment of all taxes levied by or pursuant to Chapter 5739. or 5741. of the Revised Code based on the applicant's county of residence less, in the case of a sale by a vendor, any discount to which the vendor is entitled under section 5739.12 of the Revised Code, or submits any of the following:

(A) A receipt issued by the tax commissioner or a clerk of courts showing payment of the tax;

(B) A copy of the unit certificate of exemption completed by the purchaser at the time of sale as provided in section 5739.03 of the Revised Code;

(C) An exemption certificate, in a form prescribed by the tax commissioner, that specifies why the purchase is not subject to the tax imposed by Chapter 5739. or 5741. of the Revised Code.

Payment of the tax shall be in accordance with rules issued by the tax commissioner, and the clerk shall issue a receipt in the form prescribed by the tax commissioner to any applicant who tenders payment of the tax with the application for the certificate of title.

For receiving and disbursing the taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent of the taxes collected, which shall be paid into the certificate of title administration fund created by section 325.33 of the Revised Code. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The chief of the division of watercraft, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

In the case of casual sales of watercraft or outboard motors that are subject to the tax imposed by Chapter 5739. or 5741. of the Revised Code, the purchase price for the purpose of determining the tax shall be the

purchase price on an affidavit executed and filed with the clerk by the vendor on a form to be prescribed by the chief, which shall be prima-facie evidence of the price for the determination of the tax. In addition to the information required by section 1548.08 of the Revised Code, each certificate of title shall contain in bold lettering the following notification and statements: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER). You are required by law to state the true selling price. A false statement is a violation of section 2921.13 of the Revised Code and is punishable by six months imprisonment or a fine of up to one thousand dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

The clerk shall forward all payments of taxes, less poundage fees, to the treasurer of state in a manner to be prescribed by the tax commissioner and shall furnish information to the commissioner as the commissioner may require. For purposes of a transfer of a certificate of title, if the clerk is satisfied that a secured party has discharged a lien but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

Every clerk shall have the capability to transact by electronic means all procedures and transactions relating to the issuance of watercraft or outboard motor certificates of title that are described in the Revised Code as being accomplished by electronic means.

The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the commissioners of the sinking fund may determine, of the moneys credited to the coal research and development bond service fund to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments and may be made to secure the obligations on a parity with obligations theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The moneys so pledged and thereafter received by the state are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement or other document with respect thereto; and the pledge of such moneys is effective and the money therefrom and thereof may be applied to the purposes for which pledged without necessity for any act of appropriation. Every pledge, and every covenant and agreement made with respect thereto, made in the bond proceedings may therein be extended to the benefit of the owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.

(D) The bond proceedings may contain additional provisions as to:

(1) The redemption of obligations prior to maturity at the option of the commissioners of the sinking fund at such price or prices and under such terms and conditions as are provided in the bond proceedings;

(2) Other terms of the obligations;

(3) Limitations on the issuance of additional obligations;

(4) The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued;

(5) The deposit, investment, and application of the coal research and development bond service fund, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131. or 135. of the Revised Code, but subject to any special provisions of this chapter, with respect to particular moneys; provided, that any bank or trust company which acts as depository of any moneys in the fund may furnish such indemnifying bonds or may pledge such securities as required by the commissioners of the sinking fund;

(7) Any provision which may be made in a trust agreement or indenture;

(8) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor, including the assignment of mortgages or other security obtained or to be obtained for loans under this chapter.

(E) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations shall be signed by such members of the commissioners of the sinking fund as are designated in the resolution authorizing the obligations or bear the facsimile signatures of such members. Any coupons attached to the obligations shall bear the facsimile signature of the treasurer of state. Any obligations may be executed by the persons who, on the date of execution, are the commissioners although on the date of such bonds the persons were not the commissioners. Any coupons may be executed by the person who, on the date of execution, is the treasurer of state although on the date of such coupons the person was not the treasurer of state. In case any officer or commissioner whose signature or a facsimile of whose signature appears on any such obligations or any coupons ceases to be such officer or commissioner before delivery thereof, such signature or facsimile is nevertheless valid and sufficient for all purposes as if the individual had remained such officer or commissioner until such delivery; and in case the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(F) All obligations except loan guarantees are negotiable instruments and securities under Chapter 1308. of the Revised Code, subject to the provisions of the bond proceedings as to registration. The obligations may be issued in coupon or in registered form, or both, as the commissioners of the sinking fund determine. Provision may be made for the registration of any obligations with coupons attached thereto as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached thereto of any obligations registered as to both principal and interest, and for reasonable charges for such registration, exchange, conversion, and reconversion.

(G) Obligations may be sold at public sale or at private sale, as determined in the bond proceedings.

(H) Pending preparation of definitive obligations, the commissioners of the sinking fund may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(I) In the discretion of the commissioners of the sinking fund, obligations may be secured additionally by a trust agreement or indenture between the commissioners and a corporate trustee, which may be any trust company or bank having its principal place of business within the state. Any such agreement or indenture may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions that are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the commissioners of the sinking fund made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

sinking fund agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(J) Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the commissioners of the sinking fund, the ~~director of development~~ Ohio air quality development authority, or the Ohio coal development office required by this chapter and Chapter 1551. of the Revised Code or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the commissioners, the ~~director~~ authority, or the office in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the moneys pledged, other than those in the custody of the treasurer of state, that are pledged to the payment of the bond service charges on such obligations or that are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the commissioners of the sinking fund or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any property.

Each duty of the commissioners of the sinking fund and their employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any grant, loan, or loan guarantee agreement made under authority of this chapter, and in every agreement by or with the commissioners, is hereby established as a duty of the commissioners, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The persons who are at the time the commissioners of the sinking fund, or their employees, are not liable in their personal capacities on any obligations issued by the commissioners or any agreements of or with the commissioners.

(L) If the law or the instrument creating a trust pursuant to division (I) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no-front-end-load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds established in accordance with section 1111.14 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (A)(1)(c) of that section. The income from such investments shall be credited to such funds as the commissioners of the sinking fund determine, and such investments may be sold at such times as the commissioners determine or authorize.

pledged receipts as authorized by this chapter, which provisions control notwithstanding any other provisions of law pertaining thereto.

(O) The commissioners of the sinking fund may covenant in the bond proceedings, and any such covenants control notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(2) Take or permit no action, by statute or otherwise, that would impair the exemption from federal income taxation of the interest on the obligations.

During the period beginning with the date of the first issuance of obligations and continuing during such time as any such obligations are outstanding, and so long as moneys in the bond service fund are insufficient to pay all bond service charges on such obligations becoming due in each year, a sufficient amount of moneys of the state are committed and shall be paid to the bond service fund in each year for the purpose of paying the bond service charges becoming due in that year without necessity for further act of appropriation for such purpose. The bond service fund is a trust fund and is hereby pledged to the payment of bond service charges to the extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation. The superintendent shall notify the health insuring corporation of the disapproval, and it shall thereafter be unlawful for the health insuring corporation to use the contractual periodic prepayment or premium rate, or amendment.

(2) No contractual periodic prepayment for group policies for health care services shall be used until the contractual periodic prepayment has been filed with the superintendent. The filing shall be accompanied by an actuarial certification in the form prescribed by the superintendent. The superintendent may reject a filing made under division (A)(2) of this section at any time, with at least thirty days' written notice to a health insuring corporation, if the contractual periodic prepayment is not in accordance with

sound actuarial principles or is not reasonably related to the applicable coverage and characteristics of the applicable class of enrollees.

(3) At any time, the superintendent, upon at least thirty days' written notice to a health insuring corporation, may withdraw the approval given under division (A)(1) of this section, deemed or actual, of any contractual periodic prepayment or premium rate, or amendment, based on information that either of the following applies:

(a) The contractual periodic prepayment or premium rate, or amendment, is not in accordance with sound actuarial principles.

(b) The contractual periodic prepayment or premium rate, or amendment, is not reasonably related to the applicable coverage and characteristics of the applicable class of enrollees.

(4) Any disapproval under division (A)(1) of this section, any rejection of a filing made under division (A)(2) of this section, or any withdrawal of approval under division (A)(3) of this section, shall be effected by a written notice, which shall state the specific basis for the disapproval, rejection, or withdrawal and shall be issued in accordance with Chapter 119. of the Revised Code.

(B) Notwithstanding division (A) of this section, a health insuring corporation may use a contractual periodic prepayment or premium rate for policies used for the coverage of beneficiaries enrolled in Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, pursuant to a medicare risk contract or medicare cost contract, or for policies used for the coverage of beneficiaries enrolled in the federal employees health benefits program pursuant to 5 U.S.C.A. 8905, or for policies used for the coverage of beneficiaries enrolled in Title XIX of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, known as the medical assistance program or medicaid, provided by the department of job and family services under Chapter 5111. of the Revised Code, or for policies used for the coverage of beneficiaries under any other federal health care program regulated by a federal regulatory body, or for policies used for the coverage of beneficiaries under any contract covering officers or employees of the state that has been entered into by the department of administrative services, if both of the following apply:

(1) The contractual periodic prepayment or premium rate has been approved by the United States department of health and human services, the United States office of personnel management, the department of job and family services, or the department of administrative services.

(2) The contractual periodic prepayment or premium rate is filed with the superintendent prior to use and is accompanied by documentation of

approval from the United States department of health and human services, the United States office of personnel management, the department of job and family services, or the department of administrative services.

(C) The administrative expense portion of all contractual periodic prepayment or premium rate filings submitted to the superintendent for review must reflect the actual cost of administering the product. The superintendent may require that the administrative expense portion of the filings be itemized and supported.

(D)(1) Copayments must be reasonable and must not be a barrier to the necessary utilization of services by enrollees.

(2) A health insuring corporation, in order to ensure that copayments are reasonable and not a barrier to the necessary utilization of basic health care services by enrollees, may ~~not impose~~ do one of the following:

(a) Impose copayment charges on any single covered basic health care services service that does not exceed thirty forty per cent of the total average cost to the health insuring corporation of providing any single covered health care the service, except for physician office visits, emergency health services, and urgent care services;

(b) Impose copayment charges that annually do not exceed twenty per cent of the total annual cost to the health insuring corporation of providing all covered basic health care services, including physician office visits, urgent care services, and emergency health services, when aggregated as to all persons covered under the filed product in question. In addition, annual copayment charges as to each enrollee shall not exceed twenty per cent of the total annual cost to the health insuring corporation of providing all covered basic health care services, including physician office visits, urgent care services, and emergency health services, as to such enrollee. The total annual cost of providing a health care service is the cost to the health insuring corporation of providing the health care service to its enrollees as reduced by any applicable provider discount. An open panel plan may not impose copayments on out-of-network benefits that exceed fifty per cent of the total cost of providing any single covered health care service.

(3) To ensure that copayments are reasonable and not a barrier to the utilization of basic health care services, a health insuring corporation may not impose, in any contract year, on any subscriber or enrollee, copayments that exceed two hundred per cent of the total average annual premium rate to the subscriber subscribers or enrollees. ~~This limitation of two hundred per cent does not include any reasonable copayments that are not a barrier to the necessary utilization of health care services by enrollees and that are imposed on physician office visits, emergency health services, urgent care~~

~~services, supplemental health care services, or specialty health care services.~~

(E) A health insuring corporation shall not impose lifetime maximums on basic health care services. However, a health insuring corporation may establish a benefit limit for inpatient hospital services that are provided pursuant to a policy, contract, certificate, or agreement for supplemental health care services.

(F) A health insuring corporation may require that an enrollee pay an annual deductible that does not exceed one thousand dollars per enrollee or two thousand dollars per family. The superintendent may adopt rules defining different annual deductible amounts for plans with an employer-sponsored medical savings account, health reimbursement arrangement, or flexible spending account.

Sec. 1751.13. (A)(1)(a) A health insuring corporation shall, either directly or indirectly, enter into contracts for the provision of health care services with a sufficient number and types of providers and health care facilities to ensure that all covered health care services will be accessible to enrollees from a contracted provider or health care facility.

(b) A health insuring corporation shall not refuse to contract with a physician for the provision of health care services or refuse to recognize a physician as a specialist on the basis that the physician attended an educational program or a residency program approved or certified by the American osteopathic association. A health insuring corporation shall not refuse to contract with a health care facility for the provision of health care services on the basis that the health care facility is certified or accredited by the American osteopathic association or that the health care facility is an osteopathic hospital as defined in section 3702.51 of the Revised Code.

(c) Nothing in division (A)(1)(b) of this section shall be construed to require a health insuring corporation to make a benefit payment under a closed panel plan to a physician or health care facility with which the health insuring corporation does not have a contract, provided that none of the bases set forth in that division are used as a reason for failing to make a benefit payment.

(2) When a health insuring corporation is unable to provide a covered health care service from a contracted provider or health care facility, the health insuring corporation must provide that health care service from a noncontracted provider or health care facility consistent with the terms of the enrollee's policy, contract, certificate, or agreement. The health insuring corporation shall either ensure that the health care service be provided at no greater cost to the enrollee than if the enrollee had obtained the health care service from a contracted provider or health care facility, or make other

arrangements acceptable to the superintendent of insurance.

(3) Nothing in this section shall prohibit a health insuring corporation from entering into contracts with out-of-state providers or health care facilities that are licensed, certified, accredited, or otherwise authorized in that state.

(B)(1) A health insuring corporation shall, either directly or indirectly, enter into contracts with all providers and health care facilities through which health care services are provided to its enrollees.

(2) A health insuring corporation, upon written request, shall assist its contracted providers in finding stop-loss or reinsurance carriers.

(C) A health insuring corporation shall file an annual certificate with the superintendent certifying that all provider contracts and contracts with health care facilities through which health care services are being provided contain the following:

(1) A description of the method by which the provider or health care facility will be notified of the specific health care services for which the provider or health care facility will be responsible, including any limitations or conditions on such services;

(2) The specific hold harmless provision specifying protection of enrollees set forth as follows:

"[Provider/Health Care Facility] agrees that in no event, including but not limited to nonpayment by the health insuring corporation, insolvency of the health insuring corporation, or breach of this agreement, shall [Provider/Health Care Facility] bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse against, a subscriber, enrollee, person to whom health care services have been provided, or person acting on behalf of the covered enrollee, for health care services provided pursuant to this agreement. This does not prohibit [Provider/Health Care Facility] from collecting co-insurance, deductibles, or copayments as specifically provided in the evidence of coverage, or fees for uncovered health care services delivered on a fee-for-service basis to persons referenced above, nor from any recourse against the health insuring corporation or its successor."

(3) Provisions requiring the provider or health care facility to continue to provide covered health care services to enrollees in the event of the health insuring corporation's insolvency or discontinuance of operations. The provisions shall require the provider or health care facility to continue to provide covered health care services to enrollees as needed to complete any medically necessary procedures commenced but unfinished at the time of the health insuring corporation's insolvency or discontinuance of operations.

The completion of a medically necessary procedure shall include the rendering of all covered health care services that constitute medically necessary follow-up care for that procedure. If an enrollee is receiving necessary inpatient care at a hospital, the provisions may limit the required provision of covered health care services relating to that inpatient care in accordance with division (D)(3) of section 1751.11 of the Revised Code, and may also limit such required provision of covered health care services to the period ending thirty days after the health insuring corporation's insolvency or discontinuance of operations.

The provisions required by division (C)(3) of this section shall not require any provider or health care facility to continue to provide any covered health care service after the occurrence of any of the following:

(a) The end of the thirty-day period following the entry of a liquidation order under Chapter 3903. of the Revised Code;

(b) The end of the enrollee's period of coverage for a contractual prepayment or premium;

(c) The enrollee obtains equivalent coverage with another health insuring corporation or insurer, or the enrollee's employer obtains such coverage for the enrollee;

(d) The enrollee or the enrollee's employer terminates coverage under the contract;

(e) A liquidator effects a transfer of the health insuring corporation's obligations under the contract under division (A)(8) of section 3903.21 of the Revised Code.

(4) A provision clearly stating the rights and responsibilities of the health insuring corporation, and of the contracted providers and health care facilities, with respect to administrative policies and programs, including, but not limited to, payments systems, utilization review, quality assurance, assessment, and improvement programs, credentialing, confidentiality requirements, and any applicable federal or state programs;

(5) A provision regarding the availability and confidentiality of those health records maintained by providers and health care facilities to monitor and evaluate the quality of care, to conduct evaluations and audits, and to determine on a concurrent or retrospective basis the necessity of and appropriateness of health care services provided to enrollees. The provision shall include terms requiring the provider or health care facility to make these health records available to appropriate state and federal authorities involved in assessing the quality of care or in investigating the grievances or complaints of enrollees, and requiring the provider or health care facility to comply with applicable state and federal laws related to the confidentiality

of medical or health records.

(6) A provision that states that contractual rights and responsibilities may not be assigned or delegated by the provider or health care facility without the prior written consent of the health insuring corporation;

(7) A provision requiring the provider or health care facility to maintain adequate professional liability and malpractice insurance. The provision shall also require the provider or health care facility to notify the health insuring corporation not more than ten days after the provider's or health care facility's receipt of notice of any reduction or cancellation of such coverage.

(8) A provision requiring the provider or health care facility to observe, protect, and promote the rights of enrollees as patients;

(9) A provision requiring the provider or health care facility to provide health care services without discrimination on the basis of a patient's participation in the health care plan, age, sex, ethnicity, religion, sexual preference, health status, or disability, and without regard to the source of payments made for health care services rendered to a patient. This requirement shall not apply to circumstances when the provider or health care facility appropriately does not render services due to limitations arising from the provider's or health care facility's lack of training, experience, or skill, or due to licensing restrictions.

(10) A provision containing the specifics of any obligation on the primary care provider to provide, or to arrange for the provision of, covered health care services twenty-four hours per day, seven days per week;

(11) A provision setting forth procedures for the resolution of disputes arising out of the contract;

(12) A provision stating that the hold harmless provision required by division (C)(2) of this section shall survive the termination of the contract with respect to services covered and provided under the contract during the time the contract was in effect, regardless of the reason for the termination, including the insolvency of the health insuring corporation;

(13) A provision requiring those terms that are used in the contract and that are defined by this chapter, be used in the contract in a manner consistent with those definitions.

This division does not apply to the coverage of beneficiaries enrolled in Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, pursuant to a medicare risk contract or medicare cost contract, or to the coverage of beneficiaries enrolled in the federal employee health benefits program pursuant to 5 U.S.C.A. 8905, or to the coverage of beneficiaries enrolled in Title XIX of the "Social Security Act," 49 Stat. 620

(1935), 42 U.S.C.A. 301, as amended, known as the medical assistance program or medicaid, provided by the department of job and family services under Chapter 5111. of the Revised Code, or to the coverage of beneficiaries under any federal health care program regulated by a federal regulatory body, or to the coverage of beneficiaries under any contract covering officers or employees of the state that has been entered into by the department of administrative services.

(D)(1) No health insuring corporation contract with a provider or health care facility shall contain any of the following:

(a) A provision that directly or indirectly offers an inducement to the provider or health care facility to reduce or limit medically necessary health care services to a covered enrollee;

(b) A provision that penalizes a provider or health care facility that assists an enrollee to seek a reconsideration of the health insuring corporation's decision to deny or limit benefits to the enrollee;

(c) A provision that limits or otherwise restricts the provider's or health care facility's ethical and legal responsibility to fully advise enrollees about their medical condition and about medically appropriate treatment options;

(d) A provision that penalizes a provider or health care facility for principally advocating for medically necessary health care services;

(e) A provision that penalizes a provider or health care facility for providing information or testimony to a legislative or regulatory body or agency. This shall not be construed to prohibit a health insuring corporation from penalizing a provider or health care facility that provides information or testimony that is libelous or slanderous or that discloses trade secrets which the provider or health care facility has no privilege or permission to disclose.

(2) Nothing in this division shall be construed to prohibit a health insuring corporation from doing either of the following:

(a) Making a determination not to reimburse or pay for a particular medical treatment or other health care service;

(b) Enforcing reasonable peer review or utilization review protocols, or determining whether a particular provider or health care facility has complied with these protocols.

(E) Any contract between a health insuring corporation and an intermediary organization shall clearly specify that the health insuring corporation must approve or disapprove the participation of any provider or health care facility with which the intermediary organization contracts.

(F) If an intermediary organization that is not a health delivery network contracting solely with self-insured employers subcontracts with a provider

or health care facility, the subcontract with the provider or health care facility shall do all of the following:

(1) Contain the provisions required by divisions (C) and (G) of this section, as made applicable to an intermediary organization, without the inclusion of inducements or penalties described in division (D) of this section;

(2) Acknowledge that the health insuring corporation is a third-party beneficiary to the agreement;

(3) Acknowledge the health insuring corporation's role in approving the participation of the provider or health care facility, pursuant to division (E) of this section.

(G) Any provider contract or contract with a health care facility shall clearly specify the health insuring corporation's statutory responsibility to monitor and oversee the offering of covered health care services to its enrollees.

(H)(1) A health insuring corporation shall maintain its provider contracts and its contracts with health care facilities at one or more of its places of business in this state, and shall provide copies of these contracts to facilitate regulatory review upon written notice by the superintendent of insurance.

(2) Any contract with an intermediary organization that accepts compensation shall include provisions requiring the intermediary organization to provide the superintendent with regulatory access to all books, records, financial information, and documents related to the provision of health care services to subscribers and enrollees under the contract. The contract shall require the intermediary organization to maintain such books, records, financial information, and documents at its principal place of business in this state and to preserve them for at least three years in a manner that facilitates regulatory review.

(I)(1) A health insuring corporation shall notify its affected enrollees of the termination of a contract for the provision of health care services between the health insuring corporation and a primary care physician or hospital, by mail, within thirty days after the termination of the contract.

(a) Notice shall be given to subscribers of the termination of a contract with a primary care physician if the subscriber, or a dependent covered under the subscriber's health care coverage, has received health care services from the primary care physician within the previous twelve months or if the subscriber or dependent has selected the physician as the subscriber's or dependent's primary care physician within the previous twelve months.

(b) Notice shall be given to subscribers of the termination of a contract

with a hospital if the subscriber, or a dependent covered under the subscriber's health care coverage, has received health care services from that hospital within the previous twelve months.

(2) The health insuring corporation shall pay, in accordance with the terms of the contract, for all covered health care services rendered to an enrollee by a primary care physician or hospital between the date of the termination of the contract and five days after the notification of the contract termination is mailed to a subscriber at the subscriber's last known address.

(J) Divisions (A) and (B) of this section do not apply to any health insuring corporation that, on June 4, 1997, holds a certificate of authority or license to operate under Chapter 1740. of the Revised Code.

(K) Nothing in this section shall restrict the governing body of a hospital from exercising the authority granted it pursuant to section 3701.351 of the Revised Code.

Sec. 1751.16. (A) Except as provided in division (F) of this section, every group contract issued by a health insuring corporation shall provide an option for conversion to an individual contract issued on a direct-payment basis to any subscriber covered by the group contract who terminates employment or membership in the group, unless:

(1) Termination of the conversion option or contract is based upon nonpayment of premium after reasonable notice in writing has been given by the health insuring corporation to the subscriber.

(2) The subscriber is, or is eligible to be, covered for benefits at least comparable to the group contract under any of the following:

(a) Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended;

(b) Any act of congress or law under this or any other state of the United States providing coverage at least comparable to the benefits under division (A)(2)(a) of this section;

(c) Any policy of insurance or health care plan providing coverage at least comparable to the benefits under division (A)(2)(a) of this section.

(B)(1) The direct-payment contract offered by the health insuring corporation pursuant to division (A) of this section shall provide the following:

(a) In the case of an individual who is not a federally eligible individual, benefits comparable to benefits in any of the individual contracts then being issued to individual subscribers by the health insuring corporation;

(b) In the case of a federally eligible individual, a basic and standard plan established by the board of directors of the Ohio health reinsurance program or plans substantially similar to the basic and standard plan in

benefit design and scope of covered services. For purposes of division (B)(1)(b) of this section, the superintendent of insurance shall determine whether a plan is substantially similar to the basic or standard plan in benefit design and scope of covered services. The contractual periodic prepayments charged for such plans may not exceed an amount that is two times the midpoint of the standard rate charged any other individual of a group to which the organization is currently accepting new business and for which similar copayments and deductibles are applied.

(2) The direct payment contract offered pursuant to division (A) of this section may include a coordination of benefits provision as approved by the superintendent.

(3) For purposes of division (B) of this section "federally eligible individual" means an eligible individual as defined in 45 C.F.R. 148.103.

(C) The option for conversion shall be available:

(1) Upon the death of the subscriber, to the surviving spouse with respect to such of the spouse and dependents as are then covered by the group contract;

(2) To a child solely with respect to the child upon the child's attaining the limiting age of coverage under the group contract while covered as a dependent under the contract;

(3) Upon the divorce, dissolution, or annulment of the marriage of the subscriber, to the divorced spouse, or, in the event of annulment, to the former spouse of the subscriber.

(D) No health insuring corporation shall use age as the basis for refusing to renew a converted contract.

(E) Written notice of the conversion option provided by this section shall be given to the subscriber by the health insuring corporation by mail. The notice shall be sent to the subscriber's address in the records of the employer upon receipt of notice from the employer of the event giving rise to the conversion option. If the subscriber has not received notice of the conversion privilege at least fifteen days prior to the expiration of the thirty-day conversion period, then the subscriber shall have an additional period within which to exercise the privilege. This additional period shall expire fifteen days after the subscriber receives notice, but in no event shall the period extend beyond sixty days after the expiration of the thirty-day conversion period.

(F) This section does not apply to any group contract offering only supplemental health care services or specialty health care services.

Sec. 1751.60. (A) Except as provided for in divisions (E) and (F) of this section, every provider or health care facility that contracts with a health

insuring corporation to provide health care services to the health insuring corporation's enrollees or subscribers shall seek compensation for covered services solely from the health insuring corporation and not, under any circumstances, from the enrollees or subscribers, except for approved copayments and deductibles.

(B) No subscriber or enrollee of a health insuring corporation is liable to any contracting provider or health care facility for the cost of any covered health care services, if the subscriber or enrollee has acted in accordance with the evidence of coverage.

(C) Except as provided for in divisions (E) and (F) of this section, every contract between a health insuring corporation and provider or health care facility shall contain a provision approved by the superintendent of insurance requiring the provider or health care facility to seek compensation solely from the health insuring corporation and not, under any circumstances, from the subscriber or enrollee, except for approved copayments and deductibles.

(D) Nothing in this section shall be construed as preventing a provider or health care facility from billing the enrollee or subscriber of a health insuring corporation for noncovered services.

(E) Upon application by a health insuring corporation and a provider or health care facility, the superintendent may waive the requirements of divisions (A) and (C) of this section when, in addition to the reserve requirements contained in section 1751.28 of the Revised Code, the health insuring corporation provides sufficient assurances to the superintendent that the provider or health care facility has been provided with financial guarantees. No waiver of the requirements of divisions (A) and (C) of this section is effective as to enrollees or subscribers for whom the health insuring corporation is compensated under a provider agreement or risk contract entered into pursuant to Chapter 5111. or 5115. of the Revised Code.

(F) The requirements of divisions (A) to (C) of this section apply only to health care services provided to an enrollee or subscriber prior to the effective date of a termination of a contract between the health insuring corporation and the provider or health care facility.

(d) A sole owner of an unincorporated business that employed, or a partnership, corporation, association, or organization that employed, more than five hundred persons at the time the action or appeal was filed.

(3) "Fees" means reasonable attorney's fees, in an amount not to exceed seventy-five dollars per hour or a higher hourly fee approved by the court.

(5) "Prevailing eligible party" means an eligible party that prevails in an action or appeal involving the state.

(6) "State" has the same meaning as in section 2743.01 of the Revised Code.

(B)(1) Except as provided in divisions (B)(2) and (F) of this section, in a civil action, or appeal of a judgment in a civil action, to which the state is a party, or in an appeal of an adjudication order of an agency pursuant to section 119.12 of the Revised Code, the prevailing eligible party is entitled, upon filing a motion in accordance with this division, to compensation for fees incurred by that party in connection with the action or appeal. Compensation, when payable to a prevailing eligible party under this section, is in addition to any other costs and expenses that may be awarded to that party by the court pursuant to law or rule.

A prevailing eligible party that desires an award of compensation for fees shall file a motion requesting the award with the court within thirty days after the court enters final judgment in the action or appeal. The motion shall do all of the following:

- (a) Identify the party;
- (b) Indicate that the party is the prevailing eligible party and is entitled to receive an award of compensation for fees;
- (c) Include a statement that the state's position in initiating the matter in controversy was not substantially justified;
- (d) Indicate the amount sought as an award;
- (e) Itemize all fees sought in the requested award. The itemization shall include a statement from any attorney who represented the prevailing eligible party, that indicates the fees charged, the actual time expended, and the rate at which the fees were calculated.

(2) Upon the filing of a motion under this section, the court shall review the request for the award of compensation for fees and determine whether the position of the state in initiating the matter in controversy was substantially justified, whether special circumstances make an award unjust, and whether the prevailing eligible party engaged in conduct during the course of the action or appeal that unduly and unreasonably protracted the final resolution of the matter in controversy. The court shall issue an order, in writing, on the motion of the prevailing eligible party, which order shall include a statement indicating whether an award has been granted, the findings and conclusions underlying it, the reasons or bases for the findings and conclusions, and, if an award has been granted, its amount. The order shall be included in the record of the action or appeal, and the clerk of the court shall mail a certified copy of it to the state and the prevailing eligible party.

With respect to a motion under this section, the state has the burden of

proving that its position in initiating the matter in controversy was substantially justified, that special circumstances make an award unjust, or that the prevailing eligible party engaged in conduct during the course of the action or appeal that unduly and unreasonably protracted the final resolution of the matter in controversy.

A court considering a motion under this section may deny an award entirely, or reduce the amount of an award that otherwise would be payable, to a prevailing eligible party only as follows:

(a) If the court determines that the state has sustained its burden of proof that its position in initiating the matter in controversy was substantially justified or that special circumstances make an award unjust, the motion shall be denied;

(b) If the court determines that the state has sustained its burden of proof that the prevailing eligible party engaged in conduct during the course of the action or appeal that unduly and unreasonably protracted the final resolution of the matter in controversy, the court may reduce the amount of an award, or deny an award, to that party to the extent of that conduct.

An order of a court considering a motion under this section is appealable as in other cases, by a prevailing eligible party that is denied an award or receives a reduced award. If the case is an appeal of the adjudication order of an agency pursuant to section 119.12 of the Revised Code, the agency may appeal an order granting an award. The order of the court may be modified by the appellate court only if it finds that the grant or the failure to grant an award, or the calculation of the amount of an award, involved an abuse of discretion.

(C) Compensation for fees awarded to a prevailing eligible party under this section may be paid by the specific branch of the state government or the state department, board, office, commission, agency, institution, or other instrumentality over which the party prevailed in the action or appeal from any funds available to it for payment of such compensation. If compensation is not paid from such funds or such funds are not available, upon the filing of the court's order in favor of the prevailing eligible party with the clerk of the court of claims, the order shall be treated as if it were a judgment under Chapter 2743. of the Revised Code and be payable in accordance with the procedures specified in section 2743.19 of the Revised Code, except that interest shall not be paid in relation to the award.

(D) If compensation for fees is awarded under this section to a prevailing eligible party that is appealing an agency adjudication order pursuant to section 119.12 of the Revised Code, it shall include the fees incurred in the appeal and, if requested in the motion, the fees incurred by

the party in the adjudication hearing conducted under Chapter 119. of the Revised Code. A motion containing such a request shall itemize, in the manner described in division (B)(1)(e) of section 119.092 of the Revised Code, the fees, as defined in that section, that are sought in an award.

(E) Each court that orders during any fiscal year compensation for fees to be paid to a prevailing eligible party pursuant to this section shall prepare a report for that year. The report shall be completed no later than the first day of October of the fiscal year following the fiscal year covered by the report, and copies of it shall be filed with the general assembly. It shall contain the following information:

WARNING: IF YOU DO NOT DELIVER THIS REQUEST FOR HEARING OR A REQUEST IN A SUBSTANTIALLY SIMILAR FORM TO THE OFFICE OF THE CLERK OF THIS COURT WITHIN FIVE (5) BUSINESS DAYS OF YOUR RECEIPT OF IT, YOU WAIVE YOUR RIGHT TO A HEARING AT THIS TIME AND YOU MAY BE REQUIRED TO GIVE UP THE PROPERTY SOUGHT WITHOUT A HEARING."

(C) The notice required by division (A) of this section shall be served on the defendant in duplicate not less than seven business days prior to the date on which the hearing is scheduled, together with a copy of the complaint and summons, if not previously served, and a copy of the motion for the attachment of property and the affidavit attached to the motion, in the same manner as provided in the Rules of Civil Procedure for the service of process. Service may be effected by publication as provided in the Rules of Civil Procedure except that the number of weeks for publication may be reduced by the court to the extent appropriate.

Sec. 2715.045. (A) Upon the filing of a motion for attachment, a court may issue an order of attachment without issuing notice to the defendant against whom the motion was filed and without conducting a hearing if the court finds that there is probable cause to support the motion and that the plaintiff that filed the motion for attachment will suffer irreparable injury if

the order is delayed until the defendant against whom the motion has been filed has been given the opportunity for a hearing. The court's findings shall be based upon the motion and affidavit filed pursuant to section 2715.03 of the Revised Code and any other relevant evidence that it may wish to consider.

(B) A finding by the court that the plaintiff will suffer irreparable injury may be made only if the court finds the existence of either of the following circumstances:

(2) The value of the property will be impaired substantially if the issuance of an order of attachment is delayed.

The clerk then immediately shall serve upon the defendant, in the manner provided by the Rules of Civil Procedure for service of process, a copy of the complaint and summons, if not previously served, a copy of the motion, affidavit, and order of attachment, and the following notice:

(D) The defendant may receive a hearing in accordance with section 2715.043 of the Revised Code by delivering a written request for hearing to the court within five business days after receipt of the notice provided pursuant to division (C) of this section. The request may set forth the defendant's reasons for disputing the plaintiff's claim for possession of property. However, neither the defendant's inclusion of nor failure to include such reasons upon the request constitutes a waiver of any defense of the defendant or affects the defendant's right to produce evidence at any hearing or at the trial of the action. If the request is made by the defendant, the court shall schedule a hearing within three business days after the request is made, send notice to the parties of the date, time, and place of the hearing, and hold the hearing accordingly.

(E) If, after hearing, the court finds that there is not probable cause to support the motion, it shall order that the property be redelivered to the defendant without the condition of bond.

WARNING: IF YOU DO NOT DELIVER THIS REQUEST FOR HEARING OR A REQUEST IN A SUBSTANTIALLY SIMILAR FORM TO THE OFFICE OF THE CLERK OF THIS COURT WITHIN FIVE (5) BUSINESS DAYS OF YOUR RECEIPT OF IT, YOU WAIVE YOUR RIGHT TO A HEARING AND SOME OF YOUR MONEY, PROPERTY, OR CREDITS, OTHER THAN PERSONAL EARNINGS, NOW IN THE POSSESSION OF (GARNISHEE'S NAME) WILL BE PAID TO (JUDGMENT CREDITOR'S NAME) TO SATISFY SOME OF YOUR DEBT TO (JUDGMENT CREDITOR'S NAME)."

(2) The judgment debtor may receive a hearing in accordance with this division by delivering a written request for hearing to the court within five business days after receipt of the notice provided pursuant to division (C)(1) of this section. The request may set forth the judgment debtor's reasons for disputing the judgment creditor's right to garnish the money, property, or credits, other than personal earnings; however, neither the judgment debtor's inclusion of nor failure to include those reasons upon the request constitutes a waiver of any defense of the judgment debtor or affects the judgment debtor's right to produce evidence at the hearing. If the request is made by the judgment debtor within the prescribed time, the hearing shall be limited to a consideration of the amount of money, property, or credits, other than personal earnings, of the judgment debtor in the hands of the garnishee, if any, that can be used to satisfy all or part of the debt owed by the judgment debtor to the judgment creditor. If a request for a hearing is not received by

the court within the prescribed time, the hearing scheduled pursuant to division (A) of this section shall be canceled unless the court grants the judgment debtor a continuance in accordance with division (C)(3) of this section.

(3) If the judgment debtor does not request a hearing in the action within the prescribed time pursuant to division (C)(2) of this section, the court nevertheless may grant a continuance of the scheduled hearing if the judgment debtor, prior to the time at which the hearing was scheduled, as indicated on the notice to the judgment debtor required by division (C)(1) of this section, establishes a reasonable justification for failure to request the hearing within the prescribed time. If the court grants a continuance of the hearing, it shall cause the matter to be set for hearing as soon as practicable thereafter. The continued hearing shall be conducted in accordance with division (C)(2) of this section.

(4) The court may conduct the hearing on the matter prior to the time at which the hearing was scheduled, as indicated on the notice to the judgment debtor required by division (C)(1) of this section, upon the request of the judgment debtor. The parties shall be sent notice, by the clerk of the court, by regular mail, of any change in the date, time, or place of the hearing.

(5) If the scheduled hearing is canceled and no continuance is granted, the court shall issue an order to the garnishee to pay all or some of the money, property, or credits, other than personal earnings, of the judgment debtor in the possession of the garnishee at the time of service of the notice and order into court if they have not already been paid to the court. This order shall be based on the answer of the garnishee filed pursuant to this section. If the scheduled hearing is conducted or if it is continued and conducted, the court shall determine at the hearing the amount of the money, property, or credits, other than personal earnings, of the judgment debtor in the possession of the garnishee at the time of service of the notice and order, if any, that can be used to satisfy all or part of the debt owed by the judgment debtor to the judgment creditor, and issue an order, accordingly, to the garnishee to pay that amount into court if it has not already been paid to the court.

(D) The notice to the judgment debtor form and the request for hearing form described in division (C) of this section shall be sent by the clerk by ordinary or regular mail service unless the judgment creditor requests that service be made in accordance with the Rules of Civil Procedure, in which case the forms shall be served in accordance with the Rules of Civil Procedure. Any court of common pleas that issues an order of garnishment of property, other than personal earnings, under this section has jurisdiction

to serve process pursuant to this section upon a garnishee who does not reside within the jurisdiction of the court. Any county court or municipal court that issues an order of garnishment of property, other than personal earnings, under this section has jurisdiction to serve process pursuant to this section upon a garnishee who does not reside within the jurisdiction of the court.

Sec. 2743.02. (A)(1) The state hereby waives its immunity from liability, except as provided for the office of the state fire marshal in division (G)(1) of section 9.60 and division (B) of section 3737.221 of the Revised Code and subject to division (H) of this section, and consents to be sued, and have its liability determined, in the court of claims created in this chapter in accordance with the same rules of law applicable to suits between private parties, except that the determination of liability is subject to the limitations set forth in this chapter and, in the case of state universities or colleges, in section 3345.40 of the Revised Code, and except as provided in division (A)(2) of this section. To the extent that the state has previously consented to be sued, this chapter has no applicability.

Except in the case of a civil action filed by the state, filing a civil action in the court of claims results in a complete waiver of any cause of action, based on the same act or omission, which the filing party has against any officer or employee, as defined in section 109.36 of the Revised Code. The waiver shall be void if the court determines that the act or omission was manifestly outside the scope of the officer's or employee's office or employment or that the officer or employee acted with malicious purpose, in bad faith, or in a wanton or reckless manner.

(2) If a claimant proves in the court of claims that an officer or employee, as defined in section 109.36 of the Revised Code, would have personal liability for the officer's or employee's acts or omissions but for the fact that the officer or employee has personal immunity under section 9.86 of the Revised Code, the state shall be held liable in the court of claims in any action that is timely filed pursuant to section 2743.16 of the Revised Code and that is based upon the acts or omissions.

(B) The state hereby waives the immunity from liability of all hospitals owned or operated by one or more political subdivisions and consents for them to be sued, and to have their liability determined, in the court of common pleas, in accordance with the same rules of law applicable to suits between private parties, subject to the limitations set forth in this chapter. This division is also applicable to hospitals owned or operated by political subdivisions which have been determined by the supreme court to be subject to suit prior to July 28, 1975.

(C) Any hospital, as defined in section 2305.113 of the Revised Code, may purchase liability insurance covering its operations and activities and its agents, employees, nurses, interns, residents, staff, and members of the governing board and committees, and, whether or not such insurance is purchased, may, to such extent as its governing board considers appropriate, indemnify or agree to indemnify and hold harmless any such person against expense, including attorney's fees, damage, loss, or other liability arising out of, or claimed to have arisen out of, the death, disease, or injury of any person as a result of the negligence, malpractice, or other action or inaction of the indemnified person while acting within the scope of the indemnified person's duties or engaged in activities at the request or direction, or for the benefit, of the hospital. Any hospital electing to indemnify such persons, or to agree to so indemnify, shall reserve such funds as are necessary, in the exercise of sound and prudent actuarial judgment, to cover the potential expense, fees, damage, loss, or other liability. The superintendent of insurance may recommend, or, if such hospital requests the superintendent to do so, the superintendent shall recommend, a specific amount for any period that, in the superintendent's opinion, represents such a judgment. This authority is in addition to any authorization otherwise provided or permitted by law.

(D) Recoveries against the state shall be reduced by the aggregate of insurance proceeds, disability award, or other collateral recovery received by the claimant. This division does not apply to civil actions in the court of claims against a state university or college under the circumstances described in section 3345.40 of the Revised Code. The collateral benefits provisions of division (B)(2) of that section apply under those circumstances.

(E) The only defendant in original actions in the court of claims is the state. The state may file a third-party complaint or counterclaim in any civil action, except a civil action for two thousand five hundred dollars or less, that is filed in the court of claims.

(F) A civil action against an officer or employee, as defined in section 109.36 of the Revised Code, that alleges that the officer's or employee's conduct was manifestly outside the scope of the officer's or employee's employment or official responsibilities, or that the officer or employee acted with malicious purpose, in bad faith, or in a wanton or reckless manner shall first be filed against the state in the court of claims, which has exclusive, original jurisdiction to determine, initially, whether the officer or employee is entitled to personal immunity under section 9.86 of the Revised Code and whether the courts of common pleas have jurisdiction over the civil action.

The filing of a claim against an officer or employee under this division tolls the running of the applicable statute of limitations until the court of claims determines whether the officer or employee is entitled to personal immunity under section 9.86 of the Revised Code.

(G) Whenever a claim lies against an officer or employee who is a member of the Ohio national guard, and the officer or employee was, at the time of the act or omission complained of, subject to the "Federal Tort Claims Act," 60 Stat. 842 (1946), 28 U.S.C. 2671, et seq., then the Federal Tort Claims Act is the exclusive remedy of the claimant and the state has no liability under this section.

(H) If an inmate of a state correctional institution has a claim against the state for the loss of or damage to property and the amount claimed does not exceed three hundred dollars, before commencing an action against the state in the court of claims, the inmate shall file a claim for the loss or damage under the rules adopted by the director of rehabilitation and correction pursuant to this division. The inmate shall file the claim within the time allowed for commencement of a civil action under section 2743.16 of the Revised Code. If the state admits or compromises the claim, the director shall make payment from a fund designated by the director for that purpose. If the state denies the claim or does not compromise the claim at least sixty days prior to expiration of the time allowed for commencement of a civil action based upon the loss or damage under section 2743.16 of the Revised Code, the inmate may commence an action in the court of claims under this chapter to recover damages for the loss or damage.

The director of rehabilitation and correction shall adopt rules pursuant to Chapter 119. of the Revised Code to implement this division.

Sec. 2743.191. (A)(1) There is hereby created in the state treasury the reparations fund, which shall be used only for the following purposes:

(a) The payment of awards of reparations that are granted by the attorney general;

(b) The compensation of any personnel needed by the attorney general to administer sections 2743.51 to 2743.72 of the Revised Code;

(c) The compensation of witnesses as provided in division ~~(B)~~(J) of section 2743.65 of the Revised Code;

(d) Other administrative costs of hearing and determining claims for an award of reparations by the attorney general;

(e) The costs of administering sections 2907.28 and 2969.01 to 2969.06 of the Revised Code;

(f) The costs of investigation and decision-making as certified by the attorney general;

(g) The provision of state financial assistance to victim assistance programs in accordance with sections 109.91 and 109.92 of the Revised Code;

(h) The costs of paying the expenses of sex offense-related examinations and antibiotics pursuant to section 2907.28 of the Revised Code;

(i) The cost of printing and distributing the pamphlet prepared by the attorney general pursuant to section 109.42 of the Revised Code;

(j) Subject to division (D) of section 2743.71 of the Revised Code, the costs associated with the printing and providing of information cards or other printed materials to law enforcement agencies and prosecuting authorities and with publicizing the availability of awards of reparations pursuant to section 2743.71 of the Revised Code;

(k) The payment of costs of administering a DNA specimen collection procedure pursuant to section 2152.74 of the Revised Code in relation to any act identified in division (E)(1) to (5) of that section and pursuant to section 2901.07 of the Revised Code in relation to any act identified in division (E)(1) to (5) of that section, of performing DNA analysis of those DNA specimens, and of entering the resulting DNA records regarding those analyses into the DNA database pursuant to section 109.573 of the Revised Code.

(2) All costs paid pursuant to section 2743.70 of the Revised Code, the portions of license reinstatement fees mandated by division (L)(2)(b) of section 4511.191 of the Revised Code to be credited to the fund, the portions of the proceeds of the sale of a forfeited vehicle specified in division (D)(2) of section 4503.234 of the Revised Code, payments collected by the department of rehabilitation and correction from prisoners who voluntarily participate in an approved work and training program pursuant to division (C)(8)(b)(ii) of section 5145.16 of the Revised Code, and all moneys collected by the state pursuant to its right of subrogation provided in section 2743.72 of the Revised Code shall be deposited in the fund.

(B) In making an award of reparations, the attorney general shall render the award against the state. The award shall be accomplished only through the following procedure, and the following procedure may be enforced by writ of mandamus directed to the appropriate official:

(1) The attorney general shall provide for payment of the claimant or providers in the amount of the award only if the amount of the award is fifty dollars or more.

(2) The expense shall be charged against all available unencumbered moneys in the fund.

(3) If sufficient unencumbered moneys do not exist in the fund, the attorney general shall make application for payment of the award out of the emergency purposes account or any other appropriation for emergencies or contingencies, and payment out of this account or other appropriation shall be authorized if there are sufficient moneys greater than the sum total of then pending emergency purposes account requests or requests for releases from the other appropriations.

(4) If sufficient moneys do not exist in the account or any other appropriation for emergencies or contingencies to pay the award, the attorney general shall request the general assembly to make an appropriation sufficient to pay the award, and no payment shall be made until the appropriation has been made. The attorney general shall make this appropriation request during the current biennium and during each succeeding biennium until a sufficient appropriation is made. If, prior to the time that an appropriation is made by the general assembly pursuant to this division, the fund has sufficient unencumbered funds to pay the award or part of the award, the available funds shall be used to pay the award or part of the award, and the appropriation request shall be amended to request only sufficient funds to pay that part of the award that is unpaid.

An award of reparations shall not be

made to a claimant if the criminally injurious conduct upon which the claimant bases a claim was not reported to a law enforcement officer or agency within seventy-two hours after the occurrence of the conduct, unless it is determined that good cause existed for the failure to report the conduct within the seventy-two-hour period.

(B)(1) The attorney general, a panel of commissioners, or a judge of the court of claims shall not make or order an award of reparations to a claimant if any of the following apply:

(a) The claimant is the offender or an accomplice of the offender who committed the criminally injurious conduct, or the award would unjustly benefit the offender or accomplice.

If an award is reduced or a claim is

denied because of the expected recoupment of all or part of the economic loss of the claimant from a collateral source, the amount of the award or the denial of the claim shall be conditioned upon the claimant's economic loss being recouped by the collateral source. If the award or denial is conditioned upon the recoupment of the claimant's economic loss from a collateral source and it is determined that the claimant did not unreasonably fail to present a timely claim to the collateral source and will not receive all or part of the expected recoupment, the claim may be reopened and an award may be made in an amount equal to the amount of expected recoupment that it is determined the claimant will not receive from the collateral source.

If the claimant recoups all or part of the economic loss upon which the claim is based from any other person or entity, including a collateral source, the attorney general may recover pursuant to section 2743.72 of the Revised Code the part of the award that represents the economic loss for which the claimant received the recoupment from the other person or entity.

~~(3)~~ (c) It is proved by a preponderance of the evidence that the victim or the claimant engaged, within ten years prior to the criminally injurious conduct that gave rise to the claim or during the pendency of the claim, in an offense of violence, a violation of section 2925.03 of the Revised Code, or any substantially similar offense that also would constitute a felony under the laws of this state, another state, or the United States.

~~(4)~~ (d) The claimant was convicted of a violation of section 2919.22 or 2919.25 of the Revised Code, or of any state law or municipal ordinance substantially similar to either section, within ten years prior to the criminally injurious conduct that gave rise to the claim or during the pendency of the claim.

(e) It is proved by a preponderance of the evidence that the victim at the time of the criminally injurious conduct that gave rise to the claim engaged in conduct that was a felony violation of section 2925.11 of the Revised Code or engaged in any substantially similar conduct that would constitute a

felony under the laws of this state, another state, or the United States.

(2) The attorney general, a panel of commissioners, or a judge of the court of claims may make an award to a minor dependent of a deceased victim for dependent's economic loss or for counseling pursuant to division (F)(2) of section 2743.51 of the Revised Code if the minor dependent is not ineligible under division (E)(1) of this section due to the minor dependent's criminal history and if the victim was not killed while engaging in illegal conduct that contributed to the criminally injurious conduct that gave rise to the claim. The attorney general, a panel of commissioners, or a judge of the court of claims shall reduce an award of reparations or deny a claim for an award of reparations to the extent it is determined to be reasonable because of the contributory misconduct of the claimant or the victim.

When the attorney general decides whether a claim should be denied because of an allegation of contributory misconduct, the burden of proof on the issue of that alleged contributory misconduct shall be upon the claimant, if either of the following apply:

(1) The victim was convicted of a felony more than ten years prior to the criminally injurious conduct that is the subject of the claim or has a record of felony arrests under the laws of this state, another state, or the United States.

(2) There is good cause to believe that the victim engaged in an ongoing course of criminal conduct within five years or less of the criminally injurious conduct that is the subject of the claim.

(G) The attorney general, a panel of commissioners, or a judge of the court of claims shall not make an award of reparations to a claimant if the criminally injurious conduct that caused the injury or death that is the subject of the claim occurred to a victim who was an adult and while the victim, after being convicted of or pleading guilty to an offense, was serving

a sentence of imprisonment in any detention facility, as defined in section 2921.01 of the Revised Code.

(H) If a claimant unreasonably fails to present a claim timely to a source of benefits or advantages that would have been a collateral source and that would have reimbursed the claimant for all or a portion of a particular expense, the attorney general, a panel of commissioners, or a judge of the court of claims may reduce an award of reparations or deny a claim for an award of reparations to the extent that it is reasonable to do so.

(I) Reparations payable to a victim and to all other claimants sustaining economic loss because of injury to or the death of that victim shall not exceed fifty thousand dollars in the aggregate. If the attorney general, a panel of commissioners, or a judge of the court of claims reduces an award under division (F) of this section, the maximum aggregate amount of reparations payable under this division shall be reduced proportionately to the reduction under division (F) of this section.

Sec. 2743.65. (A) The attorney general shall determine, and the state shall pay, in accordance with this section attorney's fees, commensurate with services rendered, to the attorney representing a claimant under sections 2743.51 to 2743.72 of the Revised Code. The attorney shall submit on an application form an itemized fee bill at the rate of sixty dollars per hour upon receipt of the final decision on the claim. Attorney's fees paid pursuant to this section are subject to the following maximum amounts:

(1) A maximum of seven hundred twenty dollars for claims resolved without the filing of an appeal to the panel of commissioners;

(4) A maximum of seven hundred twenty dollars for a supplemental reparations application;

(5) A maximum of two hundred dollars if the claim is denied on the

basis of a claimant's or victim's conviction of a felony offense prior to the filing of the claim. If the claimant or victim is convicted of a felony offense during the pendency of the claim, the two hundred dollars maximum does not apply. If the attorney had knowledge of the claimant's or victim's felony conviction prior to the filing of the application for the claim, the attorney general may determine that the filing of the claim was frivolous and may deny attorney's fees.

(B) The attorney general may determine that an attorney be reimbursed for fees incurred in the creation of a guardianship if the guardianship is required in order for an individual to receive an award of reparations, and those fees shall be reimbursed at a rate of sixty dollars per hour.

(C)(1) The attorney general shall forward an application form for attorney's fees to a claimant's attorney before or when the final decision on a claim is rendered. The application form for attorney's fees shall do all of the following:

- (a) Inform the attorney of the requirements of this section;
- (b) Require a verification statement comporting with the law prohibiting falsification;
- (c) Require an itemized fee statement;
- (d) Require a verification statement that the claimant was served a copy of the completed application form;
- (e) Include notice that the claimant may oppose the application by notifying the attorney general in writing within ten days.

(2) The attorney general shall forward a copy of this section to the attorney with the application form for attorney's fees. The attorney shall file the application form with the attorney general. The attorney general's decision with respect to an award of attorney's fees is final ten days after the attorney general renders the decision and mails a copy of the decision to the attorney at the address provided by the attorney. The attorney may request reconsideration of the decision on grounds that it is insufficient or calculated incorrectly. The attorney general's decision on the request for reconsideration is final.

(D) The attorney general shall review all application forms for attorney's fees that are submitted by a claimant's attorney and shall issue an order approving the amount of fees to be paid to the attorney within sixty days after receipt of the application form.

(E) No attorney's fees shall be paid for the following:

- (1) Estate work or representation of a claimant against a collateral source;
- (2) Duplication of investigative work required to be performed by the

attorney general;

(3) Performance of unnecessary criminal investigation of the offense;

(F)(1) The attorney general may reduce or deny the payment of attorney's fees to an attorney who has filed a frivolous claim. Subject to division (A)(5) of this section, the denial of a claim on the basis of a felony conviction, felony conduct, or contributory misconduct does not constitute a frivolous claim.

(2) As used in this section, "frivolous claim" means a claim in which there is clearly no legal grounds under the existing laws of this state to support the filing of a claim on behalf of the claimant or victim.

(G) The attorney general may determine that a lesser number of hours should have been required in a given case. Additional reimbursement may be made where the attorney demonstrates to the attorney general that the nature of the particular claim required the expenditure of an amount in excess of that allowed.

(H) No attorney shall receive payment under this section for assisting a claimant with an application for an award of reparations under sections 2743.51 to 2743.72 of the Revised Code if that attorney's fees have been allowed as an expense in accordance with division (F)(4) of section 2743.51 of the Revised Code.

If the attorney general fails to give the written notice or if there is a mistake in the written notice, the applicant may bring an action to compel the attorney general to comply with this division or to correct the mistake, but the attorney general's order refusing to grant, or revoking or suspending, a license shall not be enjoined during the pendency of the action.

- (d) Take any other action to protect the rights of innocent persons that is in the interest of justice and that is consistent with the purposes of sections 2923.31 to 2923.36 of the Revised Code.

(2) The court shall maintain an accurate record of the actions it takes under division (A)(1) of this section with respect to the property ordered forfeited or the fine or civil penalty. The record is a public record open for inspection under section 149.43 of the Revised Code.

(B)(1) After the application of division (A) of this section, any person who prevails in a civil action pursuant to section 2923.34 of the Revised Code has a right to any property, or the proceeds of any property, criminally forfeited to the state pursuant to section 2923.32 of the Revised Code or against which any fine under that section or civil penalty under division (I) of section 2923.34 of the Revised Code may be imposed.

The right of any person who prevails in a civil action pursuant to section 2923.34 of the Revised Code, other than a prosecuting attorney performing official duties under that section, to forfeited property, property against which fines and civil penalties may be imposed, and the proceeds of that property is superior to any right of the state, a municipal corporation, or a county to the property or the proceeds of the property, if the civil action is brought within one hundred eighty days after the entry of a sentence of forfeiture or a fine pursuant to section 2923.32 of the Revised Code or the entry of a civil penalty pursuant to division (I) of section 2923.34 of the

Revised Code.

The right is limited to the total value of the treble damages, civil penalties, attorney's fees, and costs awarded to the prevailing party in an action pursuant to section 2923.34 of the Revised Code, less any restitution received by the person.

(2) If the aggregate amount of claims of persons who have prevailed in a civil action pursuant to section 2923.34 of the Revised Code against any one defendant is greater than the total value of the treble fines, civil penalties, and forfeited property paid by the person against whom the actions were brought, all of the persons who brought their actions within one hundred eighty days after the entry of a sentence or disposition of forfeiture or a fine pursuant to section 2923.32 of the Revised Code or the entry of a civil penalty pursuant to division (I) of section 2923.34 of the Revised Code, first shall receive a pro rata share of the total amount of the fines, civil penalties, and forfeited property. After the persons who brought their actions within the specified one-hundred-eighty-day period have satisfied their claims out of the fines, civil penalties, and forfeited property, all other persons who prevailed in civil actions pursuant to section 2923.34 of the Revised Code shall receive a pro rata share of the total amount of the fines, civil penalties, and forfeited property that remains in the custody of the law enforcement agency or in the corrupt activity investigation and prosecution fund.

(C)(1) Subject to divisions (A) and (B) of this section and notwithstanding any contrary provision of section 2933.41 of the Revised Code, the prosecuting attorney shall order the disposal of property ordered forfeited in any proceeding under sections 2923.32 and 2923.34 of the Revised Code as soon as feasible, making due provisions for the rights of innocent persons, by any of the following methods:

(a) Transfer to any person who prevails in a civil action pursuant to section 2923.34 of the Revised Code, subject to the limit set forth in division (B)(1) of this section;

(b) Public sale;

(c) Transfer to a state governmental agency for official use;

(d) Sale or transfer to an innocent person;

(e) If the property is contraband and is not needed for evidence in any pending criminal or civil proceeding, pursuant to section 2933.41 or any other applicable section of the Revised Code.

(2) Any interest in personal or real property not disposed of pursuant to this division and not exercisable by, or transferable for value to, the state shall expire and shall not revert to the person found guilty of or adjudicated a delinquent child for a violation of section 2923.32 of the Revised Code.

No person found guilty of or adjudicated a delinquent child for a violation of that section and no person acting in concert with a person found guilty of or adjudicated a delinquent child for a violation of that section is eligible to purchase forfeited property from the state.

(3) Upon application of a person, other than the defendant, the adjudicated delinquent child, or a person acting in concert with or on behalf of either the defendant or the adjudicated delinquent child, the court may restrain or stay the disposal of the property pursuant to this division pending the conclusion of any appeal of the criminal case or delinquency case giving rise to the forfeiture or pending the determination of the validity of a claim to or interest in the property pursuant to division (E) of section 2923.32 of the Revised Code, if the applicant demonstrates that proceeding with the disposal of the property will result in irreparable injury, harm, or loss to the applicant.

(4) The prosecuting attorney shall maintain an accurate record of each item of property disposed of pursuant to this division, which record shall include the date on which each item came into the prosecuting attorney's custody, the manner and date of disposition, and, if applicable, the name of the person who received the item. The record shall not identify or enable the identification of the individual officer who seized the property, and the record is a public record open for inspection under section 149.43 of the Revised Code.

Each prosecuting attorney who disposes in any calendar year of any item of property pursuant to this division shall prepare a report covering the calendar year that cumulates all of the information contained in all of the records kept by the prosecuting attorney pursuant to this division for that calendar year and shall send the cumulative report, no later than the first day of March in the calendar year following the calendar year covered by the report, to the attorney general. Each report received by the attorney general is a public record open for inspection under section 149.43 of the Revised Code. Not later than the fifteenth day of April in the calendar year following the calendar year covered by the reports, the attorney general shall send to the president of the senate and the speaker of the house of representatives a written notification that does all of the following:

(a) Indicates that the attorney general has received from prosecuting attorneys reports of the type described in this division that cover the previous calendar year and indicates that the reports were received under this division;

(b) Indicates that the reports are open for inspection under section 149.43 of the Revised Code;

(c) Indicates that the attorney general will provide a copy of any or all of the reports to the president of the senate or the speaker of the house of representatives upon request.

(D)(1)(a) Ten per cent of the proceeds of all property ordered forfeited by a juvenile court pursuant to section 2923.32 of the Revised Code shall be applied to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code and that are specified in the order of forfeiture. A juvenile court shall not specify an alcohol or drug addiction treatment program in the order of forfeiture unless the program is a certified alcohol and drug addiction treatment program and, except as provided in division (D)(1)(a) of this section, unless the program is located in the county in which the court that orders the forfeiture is located or in a contiguous county. If no certified alcohol and drug addiction treatment program is located in any of those counties, the juvenile court may specify in the order a certified alcohol and drug addiction treatment program located anywhere within this state. The remaining ninety per cent of the proceeds shall be disposed of as provided in divisions (D)(1)(b) and (D)(2) of this section.

All of the proceeds of all property ordered forfeited by a court other than a juvenile court pursuant to section 2923.32 of the Revised Code shall be disposed of as provided in divisions (D)(1)(b) and (D)(2) of this section.

(b) The remaining proceeds of all property ordered forfeited pursuant to section 2923.32 of the Revised Code, after compliance with division (D)(1)(a) of this section when that division is applicable, and all fines and civil penalties imposed pursuant to sections 2923.32 and 2923.34 of the Revised Code shall be deposited into the state treasury and credited to the corrupt activity investigation and prosecution fund, which is hereby created.

(2) The proceeds, fines, and penalties credited to the corrupt activity investigation and prosecution fund pursuant to division (D)(1) of this section shall be disposed of in the following order:

(a) To a civil plaintiff in an action brought within the one-hundred-eighty-day time period specified in division (B)(1) of this section, subject to the limit set forth in that division;

(b) To the payment of the fees and costs of the forfeiture and sale, including expenses of seizure, maintenance, and custody of the property pending its disposition, advertising, and court costs;

(c) Except as otherwise provided in division (D)(2)(c) of this section, the remainder shall be paid to the law enforcement trust fund of the prosecuting attorney that is established pursuant to division (D)(1)(c) of section 2933.43 of the Revised Code and to the law enforcement trust fund

of the county sheriff that is established pursuant to that division if the county sheriff substantially conducted the investigation, to the law enforcement trust fund of a municipal corporation that is established pursuant to that division if its police department substantially conducted the investigation, to the law enforcement trust fund of a township that is established pursuant to that division if the investigation was substantially conducted by a township police department, township police district police force, or office of a township constable, or to the law enforcement trust fund of a park district created pursuant to section 511.18 or 1545.01 of the Revised Code that is established pursuant to that division if the investigation was substantially conducted by its park district police force or law enforcement department. The prosecuting attorney may decline to accept any of the remaining proceeds, fines, and penalties, and, if the prosecuting attorney so declines, they shall be applied to the fund described in division (D)(2)(c) of this section that relates to the appropriate law enforcement agency that substantially conducted the investigation.

If the state highway patrol substantially conducted the investigation, the director of budget and management shall transfer the remaining proceeds, fines, and penalties to the state highway patrol for deposit into the state highway patrol contraband, forfeiture, and other fund that is created by division (D)(1)(c) of section 2933.43 of the Revised Code. If the department of taxation substantially conducted the investigation, the director, after obtaining approval from the controlling board, shall transfer the remaining proceeds, fines, and penalties to the department for deposit into the department of taxation enforcement fund. If the controlling board does not approve deposit of the remaining proceeds, fines, and penalties into the department of taxation enforcement fund, the director shall transfer the remaining proceeds, fines, and penalties to the treasurer of state for deposit into the peace officer training commission fund created by division (D)(1)(c) of section 2933.43 of the Revised Code. If the state board of pharmacy substantially conducted the investigation, the director shall transfer the remaining proceeds, fines, and penalties to the board for deposit into the board of pharmacy drug law enforcement fund that is created by division (B)(1) of section 4729.65 of the Revised Code. If a state law enforcement agency, other than the state highway patrol, the department of taxation, or the state board of pharmacy, substantially conducted the investigation, the director shall transfer the remaining proceeds, fines, and penalties to the treasurer of state for deposit into the peace officer training commission fund ~~that is created by division (D)(1)(c) of section 2933.43 of the Revised Code.~~

The remaining proceeds, fines, and penalties that are paid to a law enforcement trust fund or that are deposited into the state highway patrol contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, or the peace officer training commission fund pursuant to division (D)(2)(c) of this section shall be allocated, used, and expended only in accordance with division (D)(1)(c) of section 2933.43 of the Revised Code, only in accordance with a written internal control policy adopted under division (D)(3) of that section, and, if applicable, only in accordance with division (B) of section 4729.65 of the Revised Code. The annual reports that pertain to the funds and that are required by divisions (D)(1)(c) and (3)(b) of section 2933.43 of the Revised Code also shall address the remaining proceeds, fines, and penalties that are paid or deposited into the funds pursuant to division (D)(2)(c) of this section.

(3) If more than one law enforcement agency substantially conducted the investigation, the court ordering the forfeiture shall equitably divide the remaining proceeds, fines, and penalties among the law enforcement agencies that substantially conducted the investigation, in the manner described in division (D)(2) of section 2933.43 of the Revised Code for the equitable division of contraband proceeds and forfeited moneys. The equitable shares of the proceeds, fines, and penalties so determined by the court shall be paid or deposited into the appropriate funds specified in division (D)(2)(c) of this section.

(E) As used in this section, "law enforcement agency" includes, but is not limited to, the state board of pharmacy and the department of taxation.

Sec. 2925.44. (A) If property is seized pursuant to section 2925.42 or 2925.43 of the Revised Code, it is deemed to be in the custody of the head of the law enforcement agency that seized it, and the head of that agency may do any of the following with respect to that property prior to its disposition in accordance with division (A)(4) or (B) of this section:

- (1) Place the property under seal;
- (2) Remove the property to a place that the head of that agency designates;
- (3) Request the issuance of a court order that requires any other appropriate municipal corporation, county, township, park district created pursuant to section 511.18 or 1545.01 of the Revised Code, or state law enforcement officer or other officer to take custody of the property and, if practicable, remove it to an appropriate location for eventual disposition in accordance with division (B) of this section;
- (4)(a) Seek forfeiture of the property pursuant to federal law. If the head

of that agency seeks its forfeiture pursuant to federal law, the law enforcement agency shall deposit, use, and account for proceeds from a sale of the property upon its forfeiture, proceeds from another disposition of the property upon its forfeiture, or forfeited moneys it receives, in accordance with the applicable federal law and otherwise shall comply with that law.

(b) If the state highway patrol seized the property and if the superintendent of the state highway patrol seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall deposit into the state highway patrol contraband, forfeiture, and other fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys. The state highway patrol shall use and account for that interest or other earnings in accordance with the applicable federal law.

(c) If the investigative unit of the department of public safety seized the property and if the director of public safety seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall deposit into the department of public safety investigative unit contraband, forfeiture, and other fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys. The department shall use and account for that interest or other earnings in accordance with the applicable federal law.

(d) If the enforcement division of the department of taxation seized the property and if the tax commissioner seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall, after obtaining approval from the controlling board, deposit into the department of taxation enforcement fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys. The department shall use and account for that interest or other earnings in accordance with the applicable federal law. If the controlling board does not approve deposit of interest or other earnings into the department of taxation enforcement fund, the appropriate governmental officials shall pay the interest or other earnings to the treasurer of state for deposit into the peace officer training commission fund.

(e) Division (B) of this section and divisions (D)(1) to (3) of section 2933.43 of the Revised Code do not apply to proceeds or forfeited moneys received pursuant to federal law or to the interest or other earnings that are derived from the investment of proceeds or forfeited moneys received

pursuant to federal law and that are described in division (A)(4)(b) or (d) of this section.

(B) In addition to complying with any requirements imposed by a court pursuant to section 2925.42 or 2925.43 of the Revised Code, and the requirements imposed by those sections, in relation to the disposition of property forfeited to the state under either of those sections, the prosecuting attorney who is responsible for its disposition shall dispose of the property as follows:

(1) Any vehicle, as defined in section 4501.01 of the Revised Code, that was used in a felony drug abuse offense or in an act that, if committed by an adult, would be a felony drug abuse offense shall be given to the law enforcement agency of the municipal corporation or county in which the offense occurred if that agency desires to have the vehicle, except that, if the offense occurred in a township or in a park district created pursuant to section 511.18 or 1545.01 of the Revised Code and a law enforcement officer employed by the township or the park district was involved in the seizure of the vehicle, the vehicle may be given to the law enforcement agency of that township or park district if that agency desires to have the vehicle, and except that, if the state highway patrol made the seizure of the vehicle, the vehicle may be given to the state highway patrol if it desires to have the vehicle.

(2) Any drug paraphernalia that was used, possessed, sold, or manufactured in a violation of section 2925.14 of the Revised Code that would be a felony drug abuse offense or in a violation of that section committed by a juvenile that, if committed by an adult, would be a felony drug abuse offense, may be given to the law enforcement agency of the municipal corporation or county in which the offense occurred if that agency desires to have and can use the drug paraphernalia, except that, if the offense occurred in a township or in a park district created pursuant to section 511.18 or 1545.01 of the Revised Code and a law enforcement officer employed by the township or the park district was involved in the seizure of the drug paraphernalia, the drug paraphernalia may be given to the law enforcement agency of that township or park district if that agency desires to have and can use the drug paraphernalia. If the drug paraphernalia is not so given, it shall be disposed of by sale pursuant to division (B)(8) of this section or disposed of in another manner that the court that issued the order of forfeiture considers proper under the circumstances.

(3) Drugs shall be disposed of pursuant to section 3719.11 of the Revised Code or placed in the custody of the secretary of the treasury of the United States for disposal or use for medical or scientific purposes under

applicable federal law.

(4) Firearms and dangerous ordnance suitable for police work may be given to a law enforcement agency for that purpose. Firearms suitable for sporting use, or as museum pieces or collectors' items, may be disposed of by sale pursuant to division (B)(8) of this section. Other firearms and dangerous ordnance shall be destroyed by a law enforcement agency or shall be sent to the bureau of criminal identification and investigation for destruction by it. As used in this division, "firearms" and "dangerous ordnance" have the same meanings as in section 2923.11 of the Revised Code.

(5) Computers, computer networks, computer systems, and computer software suitable for police work may be given to a law enforcement agency for that purpose. Other computers, computer networks, computer systems, and computer software shall be disposed of by sale pursuant to division (B)(8) of this section or disposed of in another manner that the court that issued the order of forfeiture considers proper under the circumstances. As used in this division, "computers," "computer networks," "computer systems," and "computer software" have the same meanings as in section 2913.01 of the Revised Code.

(6) Obscene materials shall be destroyed.

(7) Beer, intoxicating liquor, and alcohol shall be disposed of in accordance with division (D)(4) of section 2933.41 of the Revised Code.

(8) In the case of property not described in divisions (B)(1) to (7) of this section and of property described in those divisions but not disposed of pursuant to them, the property shall be sold in accordance with division (B)(8) of this section or, in the case of forfeited moneys, disposed of in accordance with division (B)(8) of this section. If the property is to be sold, the prosecuting attorney shall cause a notice of the proposed sale of the property to be given in accordance with law, and the property shall be sold, without appraisal, at a public auction to the highest bidder for cash. The proceeds of a sale and forfeited moneys shall be applied in the following order:

(a) First, to the payment of the costs incurred in connection with the seizure of, storage of, maintenance of, and provision of security for the property, the forfeiture proceeding or civil action, and, if any, the sale;

(b) Second, the remaining proceeds or forfeited moneys after compliance with division (B)(8)(a) of this section, to the payment of the value of any legal right, title, or interest in the property that is possessed by a person who, pursuant to division (F) of section 2925.42 of the Revised Code or division (E) of section 2925.43 of the Revised Code, established the

validity of and consequently preserved that legal right, title, or interest, including, but not limited to, any mortgage, perfected or other security interest, or other lien in the property. The value of these rights, titles, or interests shall be paid according to their record or other order of priority.

(c) Third, the remaining proceeds or forfeited moneys after compliance with divisions (B)(8)(a) and (b) of this section, as follows:

(i) If the forfeiture was ordered in a juvenile court, ten per cent to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code and that are specified in the order of forfeiture. A juvenile court shall not specify an alcohol or drug addiction treatment program in the order of forfeiture unless the program is a certified alcohol and drug addiction treatment program and, except as provided in division (B)(8)(c)(i) of this section, unless the program is located in the county in which the court that orders the forfeiture is located or in a contiguous county. If no certified alcohol and drug addiction treatment program is located in any of those counties, the juvenile court may specify in the order a certified alcohol and drug addiction treatment program located anywhere within this state.

(ii) If the forfeiture was ordered in a juvenile court, ninety per cent, and if the forfeiture was ordered in a court other than a juvenile court, one hundred per cent to appropriate funds in accordance with divisions (D)(1)(c) and (2) of section 2933.43 of the Revised Code. The remaining proceeds or forfeited moneys so deposited shall be used only for the purposes authorized by those divisions and division (D)(3)(a)(ii) of that section.

(C)(1) Sections 2925.41 to 2925.45 of the Revised Code do not preclude a financial institution that possessed a valid mortgage, security interest, or lien that is not satisfied prior to a sale under division (B)(8) of this section or following a sale by application of division (B)(8)(b) of this section, from commencing a civil action in any appropriate court in this or another state to obtain a deficiency judgment against the debtor if the financial institution otherwise would have been entitled to do so in this or another state.

(2) Any law enforcement agency that obtains any vehicle pursuant to division (B)(1) of this section shall take the vehicle subject to the outstanding amount of any security interest or lien that attaches to the vehicle.

(3) Nothing in this section impairs a mortgage, security interest, lien, or other interest of a financial institution in property that was the subject of a forfeiture order under section 2925.42 or 2925.43 of the Revised Code and that was sold or otherwise disposed of in a manner that does not conform to the requirements of division (B) of this section, or any right of a financial

institution of that nature to commence a civil action in any appropriate court in this or another state to obtain a deficiency judgment against the debtor.

(4) Following the sale under division (B)(8) of this section of any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to the purchaser of the property. Additionally, if, in a disposition of property pursuant to division (B) of this section, the state or a political subdivision is given any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to itself or to the political subdivision.

(D) Property that has been forfeited to the state pursuant to an order of criminal forfeiture under section 2925.42 of the Revised Code or an order of civil forfeiture under section 2925.43 of the Revised Code shall not be available for use to pay any fine imposed upon a person who is convicted of or pleads guilty to a felony drug abuse offense or upon any juvenile who is found by a juvenile court to be a delinquent child for an act that, if committed by an adult, would be a felony drug abuse offense.

(E) Sections 2925.41 to 2925.45 of the Revised Code do not prohibit a law enforcement officer from seeking the forfeiture of contraband associated with a felony drug abuse offense pursuant to section 2933.43 of the Revised Code.

Sec. 2929.38. (A) A board of commissioners of a county, in an agreement with the sheriff, a legislative authority of a municipal corporation, a corrections commission, a judicial corrections board, or any other public or private entity that operates a local detention facility described in division (A) of section 2929.37 of the Revised Code, may establish a policy that requires any prisoner who is confined in the facility as a result of pleading guilty to or having been convicted of an offense to pay a one-time reception fee for the costs of processing the prisoner into the facility at the time of the prisoner's initial entry into the facility under the confinement in question, to pay a reasonable fee for any medical or dental treatment or service requested by and provided to that prisoner, and to pay the fee for a random drug test assessed under division (E) of section 341.26, and division (E) of section 753.33 of the Revised Code. The fee for the medical treatment or service shall not exceed the actual cost of the treatment or service provided. No prisoner confined in the local detention facility shall be denied any necessary medical care because of inability to pay the fees.

(B) Upon assessment of a one-time reception fee as described in

division (A) of this section, the provision of the requested medical treatment or service, or the assessment of a fee for a random drug test, payment of the required fee may be automatically deducted from the prisoner's inmate account in the business office of the local detention facility in which the prisoner is confined. If there is no money in the account, a deduction may be made at a later date during the prisoner's confinement if the money becomes available in the account. If, after release, the prisoner has an unpaid balance of those fees, the sheriff, legislative authority of the municipal corporation, corrections commission, judicial corrections board, or other entity that operates the local detention facility described in division (A) of section 2929.37 of the Revised Code may bill the prisoner for the payment of the unpaid fees. Fees received for medical or dental treatment or services shall be paid to the commissary fund, if one exists for the facility, or if no commissary fund exists, to the general fund of the treasury of the political subdivision that incurred the expenses, in the same proportion as those expenses were borne by the political subdivision. Fees received for medical treatment or services that are placed in the commissary fund under this division shall be used for the same purposes as profits from the commissary fund, except that they shall not be used to pay any salary or benefits of any person who works in or is employed for the sole purpose of providing service to the commissary.

(C) Any fee paid by a person under this section shall be deducted from any medical or dental costs that the person is ordered to reimburse under section 2929.36 of the Revised Code or to repay under a policy adopted under section 2929.37 of the Revised Code.

(D) As used in this section, "inmate account" has the same meaning as in section 2969.21 of the Revised Code.

Sec. 2933.43. (A)(1) Except as provided in this division or in section 2913.34 or sections 2923.44 to 2923.47 or 2925.41 to 2925.45 of the Revised Code, a law enforcement officer shall seize any contraband that has been, is being, or is intended to be used in violation of division (A) of section 2933.42 of the Revised Code. A law enforcement officer shall seize contraband that is a watercraft, motor vehicle, or aircraft and that has been, is being, or is intended to be used in violation of division (A) of section 2933.42 of the Revised Code only if the watercraft, motor vehicle, or aircraft is contraband because of its relationship to an underlying criminal offense that is a felony.

Additionally, a law enforcement officer shall seize any watercraft, motor vehicle, aircraft, or other personal property that is classified as contraband under division (B) of section 2933.42 of the Revised Code if the

underlying offense involved in the violation of division (A) of that section that resulted in the watercraft, motor vehicle, aircraft, or personal property being classified as contraband, is a felony.

(2) If a law enforcement officer seizes property that is titled or registered under law, including a motor vehicle, pursuant to division (A)(1) of this section, the officer or the officer's employing law enforcement agency shall notify the owner of the seizure. The notification shall be given to the owner at the owner's last known address within seventy-two hours after the seizure, and may be given orally by any means, including telephone, or by certified mail, return receipt requested.

If the officer or the officer's agency is unable to provide the notice required by this division despite reasonable, good faith efforts to do so, the exercise of the reasonable, good faith efforts constitutes fulfillment of the notice requirement imposed by this division.

(B)(1) A motor vehicle seized pursuant to division (A)(1) of this section and the contents of the vehicle may be retained for a reasonable period of time, not to exceed seventy-two hours, for the purpose of inspection, investigation, and the gathering of evidence of any offense or illegal use.

At any time prior to the expiration of the seventy-two-hour period, the law enforcement agency that seized the motor vehicle may petition the court of common pleas of the county that has jurisdiction over the underlying criminal case or administrative proceeding involved in the forfeiture for an extension of the seventy-two-hour period if the motor vehicle or its contents are needed as evidence or if additional time is needed for the inspection, investigation, or gathering of evidence. Upon the filing of such a petition, the court immediately shall schedule a hearing to be held at a time as soon as possible after the filing, but in no event at a time later than the end of the next business day subsequent to the day on which the petition was filed, and upon scheduling the hearing, immediately shall notify the owner of the vehicle, at the address at which notification of the seizure was provided under division (A) of this section, of the date, time, and place of the hearing. If the court, at the hearing, determines that the vehicle or its contents, or both, are needed as evidence or that additional time is needed for the inspection, investigation, or gathering of evidence, the court may grant the petition and issue an order authorizing the retention of the vehicle or its contents, or both, for an extended period as specified by the court in its order. An order extending a period of retention issued under this division may be renewed.

If no petition for the extension of the initial seventy-two-hour period has been filed, prior to the expiration of that period, under this division, if the

vehicle was not in the custody and control of the owner at the time of its seizure, and if, at the end of that seventy-two-hour period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the law enforcement agency that seized the vehicle may require proof of ownership of the vehicle, proof of ownership or legal possession of the contents, and an affidavit of the owner that the owner neither knew of nor expressly or impliedly consented to the use of the vehicle that resulted in its forfeiture as conditions precedent to release. If a petition for the extension of the initial seventy-two-hour period has been filed, prior to the expiration of that period, under this division but the court does not grant the petition, if the vehicle was not in the custody and control of the owner at the time of its seizure, and if, at the end of that seventy-two-hour period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the court may require the proof and affidavit described in the preceding sentence as conditions precedent to release. If the initial seventy-two-hour period has been extended under this division, the vehicle and its contents to which the extension applies may be retained in accordance with the extension order. If, at the end of that extended period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, and if the vehicle was not in the custody and control of the owner at the time of its seizure, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the court may require the proof and affidavit described in the third preceding sentence as conditions precedent to release. In cases in which the court may require proof and affidavits as conditions precedent to release, the court also may require the posting of a bond, with sufficient sureties approved by the court, in an amount equal to the value of the property to be released, as determined by the court, and conditioned upon the return of the property to the court if it is forfeited under this section, as a further condition to release. If, at the end of the initial seventy-two-hour period or at the end of any extended period

granted under this section, the owner has been charged with an offense or administrative violation that includes the use of the vehicle as an element or has been charged with another offense or administrative violation in the actual commission of which the motor vehicle was used, or if the vehicle was in the custody and control of the owner at the time of its seizure, the vehicle and its contents shall be retained pending disposition of the charge, provided that upon the filing of a motion for release by the owner, if the court determines that the motor vehicle or its contents, or both, are not needed as evidence in the underlying criminal case or administrative proceeding, the court may permit the release of the property that is not needed as evidence to the owner; as a condition precedent to a release of that nature, the court may require the owner to execute a bond with the court. Any bond so required shall be in an amount equal to the value of the property to be released, as determined by the court, shall have sufficient sureties approved by the court, and shall be conditioned upon the return of the property to the court to which it is forfeited under this section.

The final disposition of a motor vehicle seized pursuant to division (A)(1) of this section shall be determined in accordance with division (C) of this section.

(2) Pending a hearing pursuant to division (C) of this section, and subject to divisions (B)(1) and (C) of this section, any property lawfully seized pursuant to division (A) of this section because it was contraband of a type described in division (A)(13)(b), (d), (e), (f), (g), (h), (i), or (j) of section 2901.01 of the Revised Code shall not be subject to replevin or other action in any court and shall not be subject to release upon request of the owner, and no judgment shall be enforced against the property. Pending the hearing, and subject to divisions (B)(1) and (C) of this section, the property shall be kept in the custody of the law enforcement agency responsible for its seizure.

Pending a hearing pursuant to division (C) of this section, and notwithstanding any provisions of division (B)(1) or (C) of this section to the contrary, any property lawfully seized pursuant to division (A) of this section because it was contraband of a type described in division (A)(13)(a) or (c) of section 2901.01 of the Revised Code shall not be subject to replevin or other action in any court and shall not be subject to release upon request of the owner, and no judgment shall be enforced against the property. Pending the hearing, and notwithstanding any provisions of division (B)(1) or (C) of this section to the contrary, the property shall be kept in the custody of the law enforcement agency responsible for its seizure.

A law enforcement agency that seizes property under division (A) of

this section because it was contraband of any type described in division (A)(13) of section 2901.01 or division (B) of section 2933.42 of the Revised Code shall maintain an accurate record of each item of property so seized, which record shall include the date on which each item was seized, the manner and date of its disposition, and if applicable, the name of the person who received the item; however, the record shall not identify or enable the identification of the individual officer who seized the item. The record of property of that nature that no longer is needed as evidence shall be open to public inspection during the agency's regular business hours. Each law enforcement agency that, during any calendar year, seizes property under division (A) of this section because it was contraband shall prepare a report covering the calendar year that cumulates all of the information contained in all of the records kept by the agency pursuant to this division for that calendar year, and shall send a copy of the cumulative report, no later than the first day of March in the calendar year following the calendar year covered by the report, to the attorney general. Each report received by the attorney general is a public record open for inspection under section 149.43 of the Revised Code. Not later than the fifteenth day of April in the calendar year in which the reports are received, the attorney general shall send to the president of the senate and the speaker of the house of representatives a written notification that does all of the following:

- (a) Indicates that the attorney general has received from law enforcement agencies reports of the type described in this division that cover the previous calendar year and indicates that the reports were received under this division;

- (b) Indicates that the reports are open for inspection under section 149.43 of the Revised Code;

- (c) Indicates that the attorney general will provide a copy of any or all of the reports to the president of the senate or the speaker of the house of representatives upon request.

(C) The prosecuting attorney, village solicitor, city director of law, or similar chief legal officer who has responsibility for the prosecution of the underlying criminal case or administrative proceeding, or the attorney general if the attorney general has that responsibility, shall file a petition for the forfeiture, to the seizing law enforcement agency of the contraband seized pursuant to division (A) of this section. The petition shall be filed in the court that has jurisdiction over the underlying criminal case or administrative proceeding involved in the forfeiture. If the property was seized on the basis of both a criminal violation and an administrative regulation violation, the petition shall be filed by the officer and in the court

that is appropriate in relation to the criminal case.

The petitioner shall conduct or cause to be conducted a search of the appropriate public records that relate to the seized property for the purpose of determining, and shall make or cause to be made reasonably diligent inquiries for the purpose of determining, any person having an ownership or security interest in the property. The petitioner then shall give notice of the forfeiture proceedings by personal service or by certified mail, return receipt requested, to any persons known, because of the conduct of the search, the making of the inquiries, or otherwise, to have an ownership or security interest in the property, and shall publish notice of the proceedings once each week for two consecutive weeks in a newspaper of general circulation in the county in which the seizure occurred. The notices shall be personally served, mailed, and first published at least four weeks before the hearing. They shall describe the property seized; state the date and place of seizure; name the law enforcement agency that seized the property and, if applicable, that is holding the property; list the time, date, and place of the hearing; and state that any person having an ownership or security interest in the property may contest the forfeiture.

If the property seized was determined by the seizing law enforcement officer to be contraband because of its relationship to an underlying criminal offense or administrative violation, no forfeiture hearing shall be held under this section unless the person pleads guilty to or is convicted of the commission of, or an attempt or conspiracy to commit, the offense or a different offense arising out of the same facts and circumstances or unless the person admits or is adjudicated to have committed the administrative violation or a different violation arising out of the same facts and circumstances; a forfeiture hearing shall be held in a case of that nature no later than forty-five days after the conviction or the admission or adjudication of the violation, unless the time for the hearing is extended by the court for good cause shown. The owner of any property seized because of its relationship to an underlying criminal offense or administrative violation may request the court to release the property to the owner. Upon receipt of a request of that nature, if the court determines that the property is not needed as evidence in the underlying criminal case or administrative proceeding, the court may permit the release of the property to the owner. As a condition precedent to a release of that nature, the court may require the owner to execute a bond with the court. Any bond so required shall have sufficient sureties approved by the court, shall be in a sum equal to the value of the property, as determined by the court, and shall be conditioned upon the return of the property to the court if the property is forfeited under this

section. Any property seized because of its relationship to an underlying criminal offense or administrative violation shall be returned to its owner if charges are not filed in relation to that underlying offense or violation within thirty days after the seizure, if charges of that nature are filed and subsequently are dismissed, or if charges of that nature are filed and the person charged does not plead guilty to and is not convicted of the offense or does not admit and is not found to have committed the violation.

If the property seized was determined by the seizing law enforcement officer to be contraband other than because of a relationship to an underlying criminal offense or administrative violation, the forfeiture hearing under this section shall be held no later than forty-five days after the seizure, unless the time for the hearing is extended by the court for good cause shown.

Where possible, a court holding a forfeiture hearing under this section shall follow the Rules of Civil Procedure. When a hearing is conducted under this section, property shall be forfeited upon a showing, by a preponderance of the evidence, by the petitioner that the person from which the property was seized was in violation of division (A) of section 2933.42 of the Revised Code. If that showing is made, the court shall issue an order of forfeiture. If an order of forfeiture is issued in relation to contraband that was released to the owner or the owner's agent pursuant to this division or division (B)(1) of this section, the order shall require the owner to deliver the property, by a specified date, to the law enforcement agency that employed the law enforcement officer who made the seizure of the property, and the court shall deliver a copy of the order to the owner or send a copy of it by certified mail, return receipt requested, to the owner at the address to which notice of the seizure was given under division (A)(2) of this section. Except as otherwise provided in this division, all rights, interest, and title to the forfeited contraband vests in the state, effective from the date of seizure.

No property shall be forfeited pursuant to this division if the owner of the property establishes, by a preponderance of the evidence, that the owner neither knew, nor should have known after a reasonable inquiry, that the property was used, or was likely to be used, in a crime or administrative violation. No bona fide security interest shall be forfeited pursuant to this division if the holder of the interest establishes, by a preponderance of the evidence, that the holder of the interest neither knew, nor should have known after a reasonable inquiry, that the property was used, or likely to be used, in a crime or administrative violation, that the holder of the interest did not expressly or impliedly consent to the use of the property in a crime or administrative violation, and that the security interest was perfected

pursuant to law prior to the seizure. If the holder of the interest satisfies the court that these requirements are met, the interest shall be preserved by the court. In a case of that nature, the court shall either order that the agency to which the property is forfeited reimburse the holder of the interest to the extent of the preserved interest or order that the holder be paid for the interest from the proceeds of any sale pursuant to division (D) of this section.

(D)(1) Contraband ordered forfeited pursuant to this section shall be disposed of pursuant to divisions (D)(1) to (7) of section 2933.41 of the Revised Code or, if the contraband is not described in those divisions, may be used, with the approval of the court, by the law enforcement agency that has custody of the contraband pursuant to division (D)(8) of that section. In the case of contraband not described in any of those divisions and of contraband not disposed of pursuant to any of those divisions, the contraband shall be sold in accordance with this division or, in the case of forfeited moneys, disposed of in accordance with this division. If the contraband is to be sold, the prosecuting attorney shall cause a notice of the proposed sale of the contraband to be given in accordance with law, and the property shall be sold, without appraisal, at a public auction to the highest bidder for cash. The proceeds of a sale and forfeited moneys shall be applied in the following order:

(a) First, to the payment of the costs incurred in connection with the seizure of, storage of, maintenance of, and provision of security for the contraband, the forfeiture proceeding, and, if any, the sale;

(b) Second, the remaining proceeds or forfeited moneys after compliance with division (D)(1)(a) of this section, to the payment of the balance due on any security interest preserved pursuant to division (C) of this section;

(c) Third, the remaining proceeds or forfeited moneys after compliance with divisions (D)(1)(a) and (b) of this section, as follows:

(i) If the forfeiture was ordered in a juvenile court, ten per cent to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code and that are specified in the order of forfeiture. A juvenile court shall not certify an alcohol or drug addiction treatment program in the order of forfeiture unless the program is a certified alcohol and drug addiction treatment program and, except as provided in division (D)(1)(c)(i) of this section, unless the program is located in the county in which the court that orders the forfeiture is located or in a contiguous county. If no certified alcohol and drug addiction treatment program is located in any of those

counties, the juvenile court may specify in the order a certified alcohol and drug addiction treatment program located anywhere within this state.

(ii) If the forfeiture was ordered in a juvenile court, ninety per cent, and if the forfeiture was ordered in a court other than a juvenile court, one hundred per cent to the law enforcement trust fund of the prosecuting attorney and to the law enforcement trust fund of the county sheriff if the county sheriff made the seizure, to the law enforcement trust fund of a municipal corporation if its police department made the seizure, to the law enforcement trust fund of a township if the seizure was made by a township police department, township police district police force, or office of a township constable, to the law enforcement trust fund of a park district created pursuant to section 511.18 or 1545.01 of the Revised Code if the seizure was made by the park district police force or law enforcement department, to the state highway patrol contraband, forfeiture, and other fund if the state highway patrol made the seizure, to the department of public safety investigative unit contraband, forfeiture, and other fund if the investigative unit of the department of public safety made the seizure, to the department of taxation enforcement fund if the department of taxation made the seizure and the controlling board approves the deposit of the proceeds or forfeited moneys into the fund, to the board of pharmacy drug law enforcement fund created by division (B)(1) of section 4729.65 of the Revised Code if the board made the seizure, or to the treasurer of state for deposit into the peace officer training commission fund if the controlling board does not approve deposit of the proceeds or forfeited moneys into the department of taxation enforcement fund or if a state law enforcement agency, other than the state highway patrol, the investigative unit of the department of public safety, the enforcement division of the department of taxation, or the state board of pharmacy, made the seizure. The prosecuting attorney may decline to accept any of the remaining proceeds or forfeited moneys, and, if the prosecuting attorney so declines, the remaining proceeds or forfeited moneys shall be applied to the fund described in this division that relates to the law enforcement agency that made the seizure.

A law enforcement trust fund shall be established by the prosecuting attorney of each county who intends to receive any remaining proceeds or forfeited moneys pursuant to this division, by the sheriff of each county, by the legislative authority of each municipal corporation, by the board of township trustees of each township that has a township police department, township police district police force, or office of the constable, and by the board of park commissioners of each park district created pursuant to section 511.18 or 1545.01 of the Revised Code that has a park district police

force or law enforcement department, for the purposes of this division. There is hereby created in the state treasury the state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, and the peace officer training commission fund, for the purposes described in this division.

Proceeds or forfeited moneys distributed to any municipal corporation, township, or park district law enforcement trust fund shall be allocated from the fund by the legislative authority only to the police department of the municipal corporation, by the board of township trustees only to the township police department, township police district police force, or office of the constable, and by the board of park commissioners only to the park district police force or law enforcement department.

Additionally, no proceeds or forfeited moneys shall be allocated to or used by the state highway patrol, the department of public safety, the department of taxation, the state board of pharmacy, or a county sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department unless the state highway patrol, department of public safety, department of taxation, state board of pharmacy, sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department has adopted a written internal control policy under division (D)(3) of this section that addresses the use of moneys received from the state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, or the appropriate law enforcement trust fund.

The state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, and a law enforcement trust fund shall be expended only in accordance with the written internal control policy so adopted by the recipient, and, subject to the requirements specified in division (D)(3)(a)(ii) of this section, only to pay the costs of protracted or complex investigations or prosecutions, to provide reasonable technical training or expertise, to provide matching funds to obtain federal grants to aid law enforcement, in the support of DARE programs or other programs designed to educate adults or children

with respect to the dangers associated with the use of drugs of abuse, to pay the costs of emergency action taken under section 3745.13 of the Revised Code relative to the operation of an illegal methamphetamine laboratory if the forfeited property or money involved was that of a person responsible for the operation of the laboratory, or for other law enforcement purposes that the superintendent of the state highway patrol, department of public safety, department of taxation, prosecuting attorney, county sheriff, legislative authority, board of township trustees, or board of park commissioners determines to be appropriate. The board of pharmacy drug law enforcement fund shall be expended only in accordance with the written internal control policy so adopted by the board and only in accordance with section 4729.65 of the Revised Code, except that it also may be expended to pay the costs of emergency action taken under section 3745.13 of the Revised Code relative to the operation of an illegal methamphetamine laboratory if the forfeited property or money involved was that of a person responsible for the operation of the laboratory. The state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, and a law enforcement trust fund shall not be used to meet the operating costs of the state highway patrol, of the investigative unit of the department of public safety, of the department of taxation enforcement division, of the state board of pharmacy, of any political subdivision, or of any office of a prosecuting attorney or county sheriff that are unrelated to law enforcement.

Proceeds and forfeited moneys that are paid into the state treasury to be deposited into the peace officer training commission fund shall be used by the commission only to pay the costs of peace officer training.

Any sheriff or prosecuting attorney who receives proceeds or forfeited moneys pursuant to this division during any calendar year shall file a report with the county auditor, no later than the thirty-first day of January of the next calendar year, verifying that the proceeds and forfeited moneys were expended only for the purposes authorized by this division and division (D)(3)(a)(ii) of this section and specifying the amounts expended for each authorized purpose. Any municipal corporation police department that is allocated proceeds or forfeited moneys from a municipal corporation law enforcement trust fund pursuant to this division during any calendar year shall file a report with the legislative authority of the municipal corporation, no later than the thirty-first day of January of the next calendar year, verifying that the proceeds and forfeited moneys were expended only for the

purposes authorized by this division and division (D)(3)(a)(ii) of this section and specifying the amounts expended for each authorized purpose. Any township police department, township police district police force, or office of the constable that is allocated proceeds or forfeited moneys from a township law enforcement trust fund pursuant to this division during any calendar year shall file a report with the board of township trustees of the township, no later than the thirty-first day of January of the next calendar year, verifying that the proceeds and forfeited moneys were expended only for the purposes authorized by this division and division (D)(3)(a)(ii) of this section and specifying the amounts expended for each authorized purpose. Any park district police force or law enforcement department that is allocated proceeds or forfeited moneys from a park district law enforcement trust fund pursuant to this division during any calendar year shall file a report with the board of park commissioners of the park district, no later than the thirty-first day of January of the next calendar year, verifying that the proceeds and forfeited moneys were expended only for the purposes authorized by this division and division (D)(3)(a)(ii) of this section and specifying the amounts expended for each authorized purpose. The superintendent of the state highway patrol shall file a report with the attorney general, no later than the thirty-first day of January of each calendar year, verifying that proceeds and forfeited moneys paid into the state highway patrol contraband, forfeiture, and other fund pursuant to this division during the prior calendar year were used by the state highway patrol during the prior calendar year only for the purposes authorized by this division and specifying the amounts expended for each authorized purpose. The executive director of the state board of pharmacy shall file a report with the attorney general, no later than the thirty-first day of January of each calendar year, verifying that proceeds and forfeited moneys paid into the board of pharmacy drug law enforcement fund during the prior calendar year were used only in accordance with section 4729.65 of the Revised Code and specifying the amounts expended for each authorized purpose. The peace officer training commission shall file a report with the attorney general, no later than the thirty-first day of January of each calendar year, verifying that proceeds and forfeited moneys paid into the peace officer training commission fund pursuant to this division during the prior calendar year were used by the commission during the prior calendar year only to pay the costs of peace officer training and specifying the amount used for that purpose.

The tax commissioner shall file a report with the attorney general, not later than the thirty-first day of January of each calendar year, verifying that

proceeds and forfeited moneys paid into the department of taxation enforcement fund pursuant to this division during the prior calendar year were used by the enforcement division during the prior calendar year to pay only the costs of enforcing the tax laws and specifying the amount used for that purpose.

(2) If more than one law enforcement agency is substantially involved in the seizure of contraband that is forfeited pursuant to this section, the court ordering the forfeiture shall equitably divide the proceeds or forfeited moneys, after calculating any distribution to the law enforcement trust fund of the prosecuting attorney pursuant to division (D)(1)(c) of this section, among any county sheriff whose office is determined by the court to be substantially involved in the seizure, any legislative authority of a municipal corporation whose police department is determined by the court to be substantially involved in the seizure, any board of township trustees whose law enforcement agency is determined by the court to be substantially involved in the seizure, any board of park commissioners of a park district whose police force or law enforcement department is determined by the court to be substantially involved in the seizure, the state board of pharmacy if it is determined by the court to be substantially involved in the seizure, the investigative unit of the department of public safety if it is determined by the court to be substantially involved in the seizure, the enforcement division of the department of taxation if it is determined by the court to be substantially involved in the seizure and the controlling board approves the deposit of the proceeds or forfeited moneys into the fund, and the state highway patrol if it is determined by the court to be substantially involved in the seizure. The proceeds or forfeited moneys shall be deposited in the respective law enforcement trust funds of the county sheriff, municipal corporation, township, and park district, the board of pharmacy drug law enforcement fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, or the state highway patrol contraband, forfeiture, and other fund, in accordance with division (D)(1)(c) of this section. If the controlling board does not approve deposit of the proceeds or forfeited moneys into the department of taxation enforcement fund or if a state law enforcement agency, other than the state highway patrol, the investigative unit of the department of public safety, the department of taxation, or the state board of pharmacy, is determined by the court to be substantially involved in the seizure, the state agency's equitable share of the proceeds and forfeited moneys shall be paid to the treasurer of state for deposit into the peace officer training commission fund.

(3)(a)(i) Prior to being allocated or using any proceeds or forfeited moneys out of the state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, or a law enforcement trust fund under division (D)(1)(c) of this section, the state highway patrol, the department of public safety, the department of taxation, the state board of pharmacy, and a county sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department shall adopt a written internal control policy that addresses the state highway patrol's, department of public safety's, department of taxation's, state board of pharmacy's, sheriff's, prosecuting attorney's, police department's, police force's, office of the constable's, or law enforcement department's use and disposition of all the proceeds and forfeited moneys received and that provides for the keeping of detailed financial records of the receipts of the proceeds and forfeited moneys, the general types of expenditures made out of the proceeds and forfeited moneys, the specific amount of each general type of expenditure, and the amounts, portions, and programs described in division (D)(3)(a)(ii) of this section. The policy shall not provide for or permit the identification of any specific expenditure that is made in an ongoing investigation.

All financial records of the receipts of the proceeds and forfeited moneys, the general types of expenditures made out of the proceeds and forfeited moneys, the specific amount of each general type of expenditure by the state highway patrol, by the department of public safety, by the department of taxation, by the state board of pharmacy, and by a sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department, and the amounts, portions, and programs described in division (D)(3)(a)(ii) of this section are public records open for inspection under section 149.43 of the Revised Code. Additionally, a written internal control policy adopted under this division is a public record of that nature, and the state highway patrol, the department of public safety, the department of taxation, the state board of pharmacy, or the sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department that adopted it shall comply with it.

(ii) The written internal control policy of a county sheriff, prosecuting

attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department shall provide that at least ten per cent of the first one hundred thousand dollars of proceeds and forfeited moneys deposited during each calendar year in the sheriff's, prosecuting attorney's, municipal corporation's, township's, or park district's law enforcement trust fund pursuant to division (B)(7)(c)(ii) of section 2923.46 or division (B)(8)(c)(ii) of section 2925.44 of the Revised Code, and at least twenty per cent of the proceeds and forfeited moneys exceeding one hundred thousand dollars that are so deposited, shall be used in connection with community preventive education programs. The manner in which the described percentages are so used shall be determined by the sheriff, prosecuting attorney, department, police force, or office of the constable after the receipt and consideration of advice on appropriate community preventive education programs from the county's board of alcohol, drug addiction, and mental health services, from the county's alcohol and drug addiction services board, or through appropriate community dialogue. The financial records described in division (D)(3)(a)(i) of this section shall specify the amount of the proceeds and forfeited moneys deposited during each calendar year in the sheriff's, prosecuting attorney's, municipal corporation's, township's, or park district's law enforcement trust fund pursuant to division (B)(7)(c)(ii) of section 2923.46 or division (B)(8)(c)(ii) of section 2925.44 of the Revised Code, the portion of that amount that was used pursuant to the requirements of this division, and the community preventive education programs in connection with which the portion of that amount was so used.

As used in this division, "community preventive education programs" includes, but is not limited to, DARE programs and other programs designed to educate adults or children with respect to the dangers associated with the use of drugs of abuse.

(b) Each sheriff, prosecuting attorney, municipal corporation police department, township police department, township police district police force, office of the constable, or park district police force or law enforcement department that receives in any calendar year any proceeds or forfeited moneys out of a law enforcement trust fund under division (D)(1)(c) of this section or uses any proceeds or forfeited moneys in its law enforcement trust fund in any calendar year shall prepare a report covering the calendar year that cumulates all of the information contained in all of the public financial records kept by the sheriff, prosecuting attorney, municipal corporation police department, township police department, township police

The department shall send a copy of the cumulative report to the attorney general no later than the first day of August in the fiscal year following the fiscal year covered by the report. The director of public safety shall include in the report a verification that proceeds and forfeited moneys paid into the department of public safety investigative unit contraband, forfeiture, and other fund under division (D)(1)(c) of this section during the preceding fiscal year were used by the department during that fiscal year only for the purposes authorized by that division and shall specify the amount used for each authorized purpose.

The state highway patrol shall use and account for that interest or other earnings in accordance with the applicable federal law.

Not more than three temporary one-year exemptions may be granted to any student. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice tests. If any achievement tests in reading and math are adopted by the state board of education for administration in the eighth grade, the district also shall consider the scores received by ninth grade students on those tests in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose test results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio Graduation Tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's test performance. primary election held at least seventy-five days after the board of elections certifies the validity and sufficiency of signatures on the petition. The election shall be conducted and canvassed and the results shall be certified in the same manner as in regular elections for the election of members of a board of education.

If a majority of the electors voting on the question disapprove the resolution, the resolution shall not become effective. If a majority of the electors voting on the question approve the resolution, the resolution shall become effective as provided in division (B) of this section.

(D) Upon the effective date of the severance of the local school district from one educational service center and its annexation to another educational service center as provided in division (B) of this section, the governing board of each educational service center shall take such steps for the election of members of the governing board and for organization of the governing board as prescribed in Chapter 3313. of the Revised Code.

(E) If a school district is severed from one educational service center and annexed to another service center under this section, the board of education of that school district shall not propose a subsequent severance and annexation action under this section that would be effective sooner than five years after the effective date of the next previous severance and annexation action under this section.

Sec. 3311.24. (A) Except as provided in division (B) of this section, if the board of education of a city, exempted village, or local school district deems it advisable to transfer territory from such district to an adjoining city, exempted village, or local school district, or if a petition, signed by seventy-five per cent of the qualified electors residing within that portion of a city, exempted village, or local school district proposed to be transferred voting at the last general election, requests such a transfer, the board of education of the district in which such proposal originates shall file such proposal, together with a map showing the boundaries of the territory proposed to be transferred, with the state board of education prior to the first day of April in any even-numbered year. The state board of education may, if it is advisable, provide for a hearing in any suitable place in any of the school districts affected by such proposed transfer of territory. The state board of education or its representatives shall preside at any such hearing.

A board of education of a city, exempted village, or local school district that receives a petition of transfer under this division shall cause the board of elections to check the sufficiency of signatures on the petition.

Not later than the first day of September the state board of education shall either approve or disapprove a proposed transfer of territory filed with

it as provided by this section and shall notify, in writing, the boards of education of the districts affected by such proposed transfer of territory of its decision.

If the decision of the state board of education is an approval of the proposed transfer of territory then the board of education of the district in which the territory is located shall, within thirty days after receiving the state board of education's decision, adopt a resolution transferring the territory and shall forthwith submit a copy of such resolution to the treasurer of the board of education of the city, exempted village, or local school district to which the territory is transferred. Such transfer shall not be complete however, until:

(1) A resolution accepting the transfer has been passed by a majority vote of the full membership of the board of education of the city, exempted village, or local school district to which the territory is transferred;

(2) An equitable division of the funds and indebtedness between the districts involved has been made by the board of education making the transfer;

(3) A map showing the boundaries of the territory transferred has been filed, by the board of education accepting the transfer, with the county auditor of each county affected by the transfer.

When such transfer is complete the legal title of the school property in the territory transferred shall be vested in the board of education or governing board of the school district to which the territory is transferred.

(B) Whenever the transfer of territory pursuant to this section is initiated by a board of education, the board shall, before filing a proposal for transfer with the state board of education under this section, make a good faith effort to negotiate the terms of transfer with any other school district whose territory would be affected by the transfer. Before the state board may hold a hearing on the transfer, or approve or disapprove any such transfer, it must receive the following:

(1) A resolution requesting approval of the transfer, passed by the school district submitting the proposal;

(2) Evidence determined to be sufficient by the state board to show that good faith negotiations have taken place or that the district requesting the transfer has made a good faith effort to hold such negotiations;

(3) If any negotiations took place, a statement signed by all boards that participated in the negotiations, listing the terms agreed on and the points on which no agreement could be reached.

Negotiations held pursuant to this section shall be governed by the rules adopted by the state board under division (D) of section 3311.06 of the

Revised Code. Districts involved in a transfer under division (B) of this section may agree to share revenues from the property included in the territory to be transferred, establish cooperative programs between the participating districts, and establish mechanisms for the settlement of any future boundary disputes.

Sec. 3311.26. ~~A governing board of an educational service center~~ The state board of education may, by resolution adopted by majority vote of its full membership, propose the creation of a new local school district from one or more local school districts or parts thereof, including the creation of a local district with noncontiguous territory from one or more local school districts if one of those districts has entered into an agreement under section 3313.42 of the Revised Code. Such proposal shall include an accurate map showing the territory affected. After the adoption of the resolution, the ~~governing~~ state board shall file a copy of such proposal with the board of education of each school district whose boundaries would be altered by such proposal.

~~A governing board of a service center proposing~~ Upon the creation of a new district under this section, the state board shall at its next regular meeting that occurs not earlier than thirty days after the adoption by the ~~governing~~ state board of the resolution proposing such creation, adopt a resolution making the creation effective prior to the next succeeding first day of July, unless, prior to the expiration of such thirty-day period, qualified electors residing in the area included in such proposed new district, equal in number to thirty-five per cent of the qualified electors voting at the last general election, file a petition of referendum against the creation of the proposed new district.

A petition of referendum filed under this section shall be filed at the office of the ~~educational service center~~ state superintendent of public instruction. The person presenting the petition shall be given a receipt containing thereon the time of day, the date, and the purpose of the petition.

If a petition of referendum is filed, the ~~governing~~ state board shall, at the next regular meeting of the ~~governing~~ state board, certify the proposal to the board of elections for the purpose of having the proposal placed on the ballot at the next general or primary election which occurs not less than seventy-five days after the date of such certification, or at a special election, the date of which shall be specified in the certification, which date shall not be less than seventy-five days after the date of such certification.

Upon certification of a proposal to the board or boards of elections pursuant to this section, the board or boards of elections shall make the necessary arrangements for the submission of such question to the electors

of the county or counties qualified to vote thereon, and the election shall be conducted and canvassed and the results shall be certified in the same manner as in regular elections for the election of members of a board of education.

The persons qualified to vote upon a proposal are the electors residing in the proposed new districts.

If the proposed district be approved by at least a majority of the electors voting on the proposal, the governing state board shall then create such new district prior to the next succeeding first day of July, ~~and shall so notify the state board of education.~~

Upon the creation of such district, the indebtedness of each former district becoming in its entirety a part of the new district shall be assumed in full by the new district. Upon the creation of such district, that part of the net indebtedness of each former district becoming only in part a part of the new district shall be assumed by the new district which bears the same ratio to the entire net indebtedness of the former district as the assessed valuation of the part taken by the new district bears to the entire assessed valuation of the former district as fixed on the effective date of transfer. As used in this section, "net indebtedness" means the difference between the par value of the outstanding and unpaid bonds and notes of the school district and the amount held in the sinking fund and other indebtedness retirement funds for their redemption. Upon the creation of such district, the funds of each former district becoming in its entirety a part of the new district shall be paid over in full to the new district. Upon the creation of such district, the funds of each former district becoming only in part a part of the new district shall be divided equitably by the governing state board between the new district and that part of the former district not included in the new district as such funds existed on the effective date of the creation of the new district.

The governing state board shall, following the election, file with the county auditor of each county affected by the creation of a new district an accurate map showing the boundaries of such newly created district.

When a new local school district is so created ~~within an educational service center,~~ a board of education for such newly created district shall be appointed by the ~~educational service center governing state~~ governing state board. The members of such appointed board of education shall hold their office until their successors are elected and qualified. A board of education shall be elected for such newly created district at the next general election held in an odd numbered year occurring more than thirty days after the appointment of the board of education of such newly created district. At such election two members shall be elected for a term of two years and three members shall be

elected for a term of four years, and, thereafter, their successors shall be elected in the same manner and for the same terms as members of the board of education of a local school district.

When the new district consists of territory lying in two or more counties, the state board shall determine to which educational service center the new district shall be assigned.

The legal title of all property of the board of education in the territory taken shall become vested in the board of education of the newly created school district.

Foundation program moneys accruing to a district created under the provisions of this section or previous section 3311.26 of the Revised Code, shall not be less, in any year during the next succeeding three years following the creation, than the sum of the amounts received by the districts separately in the year in which the creation of the district became effective.

If, prior to the effective date of this amendment, a local school district board of education or a group of individuals requests the governing board of an educational service center to consider proposing the creation of a new local school district, the governing board, at any time during the one-year period following the date that request is made, may adopt a resolution proposing the creation of a new local school district in response to that request and in accordance with the first paragraph of the version of this section in effect prior to the effective date of this amendment. If the governing board so proposes within that one-year period, the governing board may proceed to create the new local school district as it proposed, in accordance with the version of this section in effect prior to the effective date of this amendment, subject to the provisions of that version authorizing a petition and referendum on the matter.

Consolidations of school districts which include all of the schools of a county and which become effective on or after July 1, 1959, shall be governed and included under this section.

Sec. 3313.843. (A) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to either of the following:

(2) Any city or exempted village school district with a total student count of thirteen thousand or more determined pursuant to section 3317.03 of the Revised Code that has not entered into one or more agreements pursuant to this section prior to July 1, 1993, unless the district's total student count did not exceed thirteen thousand at the time it entered into an initial agreement under this section.

(B) The board of education of a city or exempted village school district

and the governing board of an educational service center with territory in a county in which the city or exempted village school district also has territory may enter into an agreement, through adoption of identical resolutions, under which the educational service center governing board will provide services to the city or exempted village school district.

Services provided under the agreement shall be specified in the agreement, and may include any one or a combination of the following: supervisory teachers; in-service and continuing education programs for city or exempted village school district personnel; curriculum services as provided to the local school districts under the supervision of the service center governing board; research and development programs; academic instruction for which the governing board employs teachers pursuant to section 3319.02 of the Revised Code; and assistance in the provision of special accommodations and classes for handicapped students. Services included in the agreement shall be provided to the city or exempted village district in the same manner they are provided to local school districts under the governing board's supervision, unless otherwise specified in the agreement. The city or exempted village board of education shall reimburse the educational service center governing board pursuant to section 3317.11 of the Revised Code.

(C)(1) If an educational service center received funding under division (B) of former section 3317.11 or division (F) of section 3317.11 of the Revised Code for an agreement under this section involving a city school district whose total student count was less than thirteen thousand, the service center may continue to receive funding under that division for such an agreement in any subsequent year if the city district's total student count exceeds thirteen thousand. However, only the first thirteen thousand pupils in the formula ADM of such district shall be included in determining the amount of the per pupil subsidy the service center shall receive under division ~~(B)~~(F) of section 3317.11 of the Revised Code.

(2) If, prior to ~~the effective date of this amendment~~ July 1, 1998, an educational service center received funding under division (B) of former section 3317.11 of the Revised Code for a period of at least three years, for a good faith agreement under this section involving a city school district with no territory in the county in which the educational service center has territory, that educational service center and that city school district may enter into an agreement under this section, and the service center shall receive funding under division ~~(B)~~(F) of section 3317.11 of the Revised Code for any such agreement, notwithstanding the territorial boundaries of the service center and the city school district.

(D) Any agreement entered into pursuant to this section shall be valid only if a copy is filed with the department of education by the first day of the school year for which the agreement is in effect.

Sec. 3313.975. As used in this section and in sections 3313.975 to 3313.979 of the Revised Code, "the pilot project school district" or "the district" means any school district included in the pilot project scholarship program pursuant to this section.

(A) The superintendent of public instruction shall establish a pilot project scholarship program and shall include in such program any school districts that are or have ever been under federal court order requiring supervision and operational management of the district by the state superintendent. The program shall provide for a number of students residing in any such district to receive scholarships to attend alternative schools, and for an equal number of students to receive tutorial assistance grants while attending public school in any such district.

(B) The state superintendent shall establish an application process and deadline for accepting applications from students residing in the district to participate in the scholarship program. In the initial year of the program students may only use a scholarship to attend school in grades kindergarten through third.

The state superintendent shall award as many scholarships and tutorial assistance grants as can be funded given the amount appropriated for the program. In no case, however, shall more than fifty per cent of all scholarships awarded be used by students who were enrolled in a nonpublic school during the school year of application for a scholarship.

(C)(1) The pilot project program shall continue in effect each year that the general assembly has appropriated sufficient money to fund scholarships and tutorial assistance grants. In each year the program continues, no new students may receive scholarships unless they are enrolled in grade kindergarten, one, two, or three. However, any student who has received a scholarship the preceding year may continue to receive one until the student has completed grade eight. Beginning in the 2003-2004 academic year, a student who previously has received a scholarship may receive a scholarship in grade nine. Beginning in the 2004-2005 academic year, a student who previously has received a scholarship may receive a scholarship in grade ten.

(2) If the general assembly discontinues the scholarship program, all students who are attending an alternative school under the pilot project shall be entitled to continued admittance to that specific school through all grades up to the ~~eighth~~ tenth grade that are provided in such school, under the same

conditions as when they were participating in the pilot project. The state superintendent shall continue to make scholarship payments in accordance with division (A) or (B) of section 3313.979 of the Revised Code for students who remain enrolled in an alternative school under this provision in any year that funds have been appropriated for this purpose.

If funds are not appropriated, the tuition charged to the parents of a student who remains enrolled in an alternative school under this provision shall not be increased beyond the amount equal to the amount of the scholarship plus any additional amount charged that student's parent in the most recent year of attendance as a participant in the pilot project, except that tuition for all the students enrolled in such school may be increased by the same percentage.

(D) Notwithstanding sections 124.39, 3307.54, and 3319.17 of the Revised Code, if the pilot project school district experiences a decrease in enrollment due to participation in a state-sponsored scholarship program pursuant to sections 3313.974 to 3313.979 of the Revised Code, the district board of education may enter into an agreement with any teacher it employs to provide to that teacher severance pay or early retirement incentives, or both, if the teacher agrees to terminate the employment contract with the district board, provided any collective bargaining agreement in force pursuant to Chapter 4117. of the Revised Code does not prohibit such an agreement for termination of a teacher's employment contract.

Sec. 3313.976. (3) The school meets all state minimum standards for chartered nonpublic schools in effect on July 1, 1992, except that the state superintendent at the superintendent's discretion may register nonchartered nonpublic schools meeting the other requirements of this division;

(4) The school does not discriminate on the basis of race, religion, or ethnic background;

(5) The school enrolls a minimum of ten students per class or a sum of at least twenty-five students in all the classes offered;

The school shall permit any such tuition, at the discretion of the parent, to be satisfied by the low-income family's provision of in-kind contributions or services.

(9) For students in grades kindergarten through eight, the school agrees not to charge any tuition to low-income families receiving a seventy-five per cent scholarship amount through the scholarship program, pursuant to division (A) of section 3313.978 of the Revised Code, in excess of the difference between the actual tuition charge of the school and seventy-five per cent of the scholarship amount established pursuant to division (C)(1) of section 3313.978 of the Revised Code, excluding any increase described in division (C)(2) of that section. The school shall permit such tuition, at the discretion of the parent, to be satisfied by the low-income family's provision of in-kind contributions or services.

(10) The school agrees not to charge any tuition to families of students in grades nine and ten receiving a scholarship in excess of the actual tuition charge of the school less seventy-five or ninety per cent of the scholarship amount established pursuant to division (C)(1) of section 3313.978 of the Revised Code, as applicable, excluding any increase described in division (C)(2) of that section.

(B) The state superintendent shall revoke the registration of any school if, after a hearing, the superintendent determines that the school is in violation of any of the provisions of division (A) of this section.

(C) Any public school located in a school district adjacent to the pilot project district may receive scholarship payments on behalf of parents pursuant to section 3313.979 of the Revised Code if the superintendent of the district in which such public school is located notifies the state superintendent prior to the first day of March that the district intends to

(C) If a scholarship student who has been accepted in accordance with this section fails to enroll in the school for any reason or withdraws from the school during the school year for any reason, the school may elect to replace such student with another scholarship student only by first offering the admission to any low-income scholarship students who filed applications by the preceding fifteenth day of February and who were not accepted at that

time due to space limitations.

Sec. 3313.978. (A) Annually by the first day of November, the superintendent of public instruction shall notify the pilot project school district of the number of initial scholarships that the state superintendent will be awarding in each of grades kindergarten through third.

The state superintendent shall provide information about the scholarship program to all students residing in the district, shall accept applications from any such students until such date as shall be established by the state superintendent as a deadline for applications, and shall establish criteria for the selection of students to receive scholarships from among all those applying prior to the deadline, which criteria shall give preference to students from low-income families. Sec. 3317.012. (A)(1) The general assembly, having analyzed school district expenditure and cost data for fiscal year 1999, performed the calculation described in division (B) of this section, adjusted the results for inflation, and added the amounts described in division (A)(2) of this section, hereby determines that the base cost of an adequate education per pupil for the fiscal year beginning July 1, 2001, is \$4,814. ~~For the five following fiscal years, the~~ The base cost per pupil for each of those years, reflecting an annual rate of inflation of two and eight-tenths per cent, is \$4,949 for fiscal year 2003, \$5,088. The base cost per pupil, reflecting an annual rate of inflation of two and two-tenths per cent, is \$5,058 for fiscal year 2004; \$5,230 and \$5,169 for fiscal year 2005; \$5,376 for fiscal year 2006, and \$5,527 for fiscal year 2007.

(2) The base cost per pupil amounts specified in division (A)(1) of this section include amounts to reflect the cost to school districts of increasing the minimum number of high school academic units required for graduation beginning September 15, 2001, under section 3313.603 of the Revised Code. Analysis of fiscal year 1999 data revealed that the school districts meeting the requirements of division (B) of this section on average required high school students to complete a minimum of nineteen and eight-tenths units to graduate. The general assembly determines that the cost of funding the additional two-tenths unit required by section 3313.603 of the Revised Code is \$12 per pupil in fiscal year 2002. This amount was added after the calculation described in division (B) of this section and the adjustment for inflation from fiscal year 1999 to fiscal year 2002. It is this total amount, the calculated base cost plus the supplement to pay for the additional partial

unit, that constitutes the base cost amount specified in division (A)(1) of this section for fiscal year 2002 and that is inflated to produce the base cost amounts for fiscal years 2003 through ~~2007~~ 2005.

(B) In determining the base cost stated in division (A) of this section, capital and debt costs, costs paid for by federal funds, and costs covered by funds provided for disadvantaged pupil impact aid and transportation were excluded, as were the effects on the districts' state funds of the application of the cost-of-doing-business factors, assuming a seven and one-half per cent variance.

The base cost for fiscal year 1999 was calculated as the unweighted average cost per student, on a school district basis, of educating students who were not receiving vocational education or services pursuant to Chapter 3323. of the Revised Code and who were enrolled in a city, exempted village, or local school district that in fiscal year 1999 met all of the following criteria:

(1) The district met at least twenty of the following twenty-seven performance indicators:

(a) A ninety per cent or higher graduation rate;

(b) At least seventy-five per cent of fourth graders proficient on the mathematics test prescribed under former division (A)(1) of section 3301.0710 of the Revised Code;

(c) At least seventy-five per cent of fourth graders proficient on the reading test prescribed under former division (A)(1) of section 3301.0710 of the Revised Code;

(i) At least seventy-five per cent of sixth graders proficient on the

writing test prescribed under former division (A)(2) of section 3301.0710 of the Revised Code;

(j) At least seventy-five per cent of sixth graders proficient on the citizenship test prescribed under former division (A)(2) of section 3301.0710 of the Revised Code;

(k) At least seventy-five per cent of sixth graders proficient on the science test prescribed under former division (A)(2) of section 3301.0710 of the Revised Code;

(m) At least seventy-five per cent of ninth graders proficient on the reading test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(n) At least seventy-five per cent of ninth graders proficient on the writing test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(o) At least seventy-five per cent of ninth graders proficient on the citizenship test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(p) At least seventy-five per cent of ninth graders proficient on the science test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(q) At least eighty-five per cent of tenth graders proficient on the mathematics test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(r) At least eighty-five per cent of tenth graders proficient on the reading test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(s) At least eighty-five per cent of tenth graders proficient on the writing test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(t) At least eighty-five per cent of tenth graders proficient on the citizenship test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(u) At least eighty-five per cent of tenth graders proficient on the science test prescribed under Section 4 of Am. Sub. S.B. 55 of the 122nd general assembly;

(v) At least sixty per cent of twelfth graders proficient on the mathematics test prescribed under former division (A)(3) of section

3301.0710 of the Revised Code;

(w) At least sixty per cent of twelfth graders proficient on the reading test prescribed under former division (A)(3) of section 3301.0710 of the Revised Code;

(x) At least sixty per cent of twelfth graders proficient on the writing test prescribed under former division (A)(3) of section 3301.0710 of the Revised Code;

(y) At least sixty per cent of twelfth graders proficient on the citizenship test prescribed under former division (A)(3) of section 3301.0710 of the Revised Code;

(z) At least sixty per cent of twelfth graders proficient on the science test prescribed under former division (A)(3) of section 3301.0710 of the Revised Code;

(aa) An attendance rate for the year of at least ninety-three per cent as defined in section 3302.01 of the Revised Code.

In determining whether a school district met any of the performance standards specified in divisions (B)(1)(a) to (aa) of this section, the general assembly used a rounding procedure previously recommended by the department of education. It is the same rounding procedure the general assembly used in 1998 to determine whether a district had met the standards of former divisions (B)(1)(a) to (r) of this section for purposes of constructing the previous model based on fiscal year 1996 data.

(2) The district was not among the five per cent of all districts with the highest income, nor among the five per cent of all districts with the lowest income.

(3) The district was not among the five per cent of all districts with the highest valuation per pupil, nor among the five per cent of all districts with the lowest valuation per pupil.

This model for calculating the base cost of an adequate education is expenditure-based. The general assembly recognizes that increases in state funding to school districts since fiscal year 1996, the fiscal year upon which the general assembly based its model for calculating state funding to school districts for fiscal years 1999 through 2001, has increased school district base cost expenditures for fiscal year 1999, the fiscal year upon which the general assembly based its model for calculating state funding for fiscal years 2002 through ~~2007~~ 2005. In the case of school districts included in the fiscal year 1999 model that also had met the fiscal year 1996 performance criteria of former division (B)(1) of this section, the increased state funding may have driven the districts' expenditures beyond the expenditures that were actually needed to maintain their educational programs at the level

necessary to maintain their ability to meet the fiscal year 1999 performance criteria of current division (B)(1) of this section. The general assembly has determined to control for this effect by stipulating in the later model that the fiscal year 1999 base cost expenditures of the districts that also met the performance criteria of former division (B)(1) of this section equals their base cost expenditures per pupil for fiscal year 1996, inflated to fiscal year 1999 using an annual rate of inflation of two and eight-tenths per cent. However, if this inflated amount exceeded the district's actual fiscal year 1999 base cost expenditures per pupil, the district's actual fiscal year 1999 base cost expenditures per pupil were used in the calculation. For districts in the 1999 model that did not also meet the performance criteria of former division (B)(1) of this section, the actual 1999 base cost per pupil expenditures were used in the calculation of the average district per pupil costs of the model districts.

~~(C) In July of 2005, and in July of every six years thereafter, the speaker of the house of representatives and the president of the senate shall each appoint three members to a committee to reexamine the cost of an adequate education. No more than two members from any political party shall represent each house. The director of budget and management and the superintendent of public instruction shall serve as nonvoting ex officio members of the committee.~~

~~The committee shall select a rational methodology for calculating the costs of an adequate education system for the ensuing six year period, and shall report the methodology and the resulting costs to the general assembly. In performing its function, the committee is not bound by any method used by previous general assemblies to examine and calculate costs and instead may utilize any rational method it deems suitable and reasonable given the educational needs and requirements of the state at that time.~~

~~The methodology for determining the cost of an adequate education system shall take into account the basic educational costs that all districts incur in educating regular students, the unique needs of special categories of students, and significant special conditions encountered by certain classifications of school districts.~~

~~The committee also shall redetermine, for purposes of updating the parity aid calculation under section 3317.0217 of the Revised Code, the average number of effective operating mills that school districts in the seventieth to ninetieth percentiles of valuations per pupil collect above the revenues required to finance their attributed local shares of the calculated cost of an adequate education.~~

~~Any committee appointed pursuant to this section shall make its report~~

~~to the office of budget and management and the general assembly within one year of its appointment so that the information is available for use by the office and the general assembly in preparing the next biennial appropriations act.~~

~~(D)(1) For purposes of this division, an "update year" is the first fiscal year for which the per pupil base cost of an adequate education is in effect after being recalculated by the general assembly. The first update year is fiscal year 2002. The second update year is fiscal year 2008.~~

~~(2) The general assembly shall recalculate the per pupil base cost of an adequate education every six years after considering the recommendations of the committee appointed under division (C) of this section. At the time of the recalculation, for each of the five fiscal years following the update year, the general assembly shall adjust the base cost recalculated for the update year using an annual rate of inflation that the general assembly determines appropriate.~~

~~(3) The general assembly shall include, in the act appropriating state funds for education programs for a fiscal biennium that begins with an update year, a statement of its determination of the total state share percentage of base cost and parity aid funding for the update year.~~

~~(4) During its biennial budget deliberations, the general assembly shall determine the total state share percentage of base cost and parity aid funding for each fiscal year of the upcoming biennium. This determination shall be based on the latest projections and data provided by the department of education under division (D)(6) of this section prior to the enactment of education appropriations for the upcoming biennium. If, based on those latest projections and data, the general assembly determines that the total state share percentage for either or both nonupdate fiscal years varies more than two and one half percentage points more or less than the total state share percentage for the most recent update year, as previously stated by the general assembly under division (D)(3) of this section, the general assembly shall determine and enact a method that it considers appropriate to restrict the estimated variance for each year to within two and one half percentage points. The general assembly's methods may include, but are not required to include and need not be limited to, reexamining the rate of millage charged off as the local share of base cost funding under divisions (A)(1) and (2) of section 3317.022 of the Revised Code. Regardless of any changes in charge-off millage rates in years between update years, however, the charge-off millage rate for update years shall be twenty three mills, unless the general assembly determines that a different millage rate is more appropriate to share the total calculated base cost between the state and~~

school districts.

~~(5) The total state share percentage of base cost and parity aid funding for any fiscal year is calculated as follows:~~

~~$$\frac{[(\text{Total state base cost} + \text{total state parity aid funding}) - \text{statewide charge-off amount}]}{(\text{Total state base cost} + \text{total state parity aid funding})}$$~~

~~Where:~~

~~(a) The total state base cost equals the sum of the base costs for all school districts for the fiscal year.~~

~~(b) The base cost for each school district equals:~~

~~formula amount X cost-of-doing-business factor X~~

~~the greater of formula ADM or~~

~~three-year average formula ADM~~

~~(c) The total state parity aid funding equals the sum of the amounts paid to all school districts for the fiscal year under section 3317.0217 of the Revised Code.~~

~~(d) The statewide charge-off amount equals the sum of the charge-off amounts for all school districts.~~

~~(e) The charge-off amount for each school district is the amount calculated as its local share of base cost funding and deducted from the total calculated base cost to determine the amount of its state payment under divisions (A)(1) and (2) of section 3317.022 of the Revised Code. The charge-off amount for each school district in fiscal year 2002 is the product of twenty three mills multiplied by the district's recognized valuation as adjusted, if applicable, under division (A)(2) of section 3317.022 of the Revised Code. If however, in any fiscal year, including fiscal year 2002, a school district's calculated charge-off amount exceeds its base cost calculated as described in division (D)(5)(b) of this section, the district's charge-off amount shall be deemed to equal its calculated base cost.~~

~~(6) Whenever requested by the chairperson of the standing committee of the house or representatives or the senate having primary jurisdiction over appropriations, the legislative budget officer, or the director of budget and management, the department of education shall report its latest projections for total base cost, total parity aid funding, and the statewide charge-off amount, as those terms are defined in division (D)(5) of this section, for each year of the upcoming fiscal biennium, and all data it used to make the projections.~~

Sec. 3317.013. This section does not apply to handicapped preschool students.

Analysis of special education cost data has resulted in a finding that the average special education additional cost per pupil, including the costs of

related services, can be expressed as a multiple of the base cost per pupil calculated under section 3317.012 of the Revised Code. The multiples for the following categories of special education programs, as these programs are defined for purposes of Chapter 3323. of the Revised Code, and adjusted as provided in this section, are as follows:

(A) A multiple of 0.2892 for students whose primary or only identified handicap is a speech and language handicap, as this term is defined pursuant to Chapter 3323. of the Revised Code;

(B) A multiple of 0.3691 for students identified as specific learning disabled or developmentally handicapped, as these terms are defined pursuant to Chapter 3323. of the Revised Code, or other health handicapped-minor;

(C) A multiple of 1.7695 for students identified as hearing handicapped, vision impaired, or severe behavior handicapped, as these terms are defined pursuant to Chapter 3323. of the Revised Code;

(D) A multiple of 2.3646 for students identified as orthopedically handicapped, as this term is defined pursuant to Chapter 3323. of the Revised Code or other health handicapped - major;

(E) A multiple of 3.1129 for students identified as multihandicapped, as this term is defined pursuant to Chapter 3323. of the Revised Code;

(F) A multiple of 4.7342 for students identified as autistic, having traumatic brain injuries, or as both visually and hearing disabled, as these terms are defined pursuant to Chapter 3323. of the Revised Code.

In fiscal year ~~2002~~ 2004, the multiples specified in divisions (A) to (F) of this section shall be adjusted by multiplying them by ~~0.825~~ 0.88. In fiscal year ~~2003~~ 2005, the multiples specified in those divisions shall be adjusted by multiplying them by ~~0.875~~ 0.90.

Not later than May 30, 2004, and May 30, 2005, the department shall submit to the office of budget and management a report that specifies for each city, local, exempted village, and joint vocational school district the fiscal year allocation of the state and local shares of special education and related services additional weighted funding and federal special education funds passed through to the district.

Sec. 3317.014. The average vocational education additional cost per pupil can be expressed as a multiple of the base cost per pupil calculated under section 3317.012 of the Revised Code. the multiples for the following categories of vocational education programs are as follows:

(A) A multiple of 0.57 for students enrolled in vocational education job-training and workforce development programs approved by the department of education in accordance with rules adopted under section

3313.90 of the Revised Code.

(B) A multiple of 0.28 for students enrolled in vocational education classes other than job-training and workforce development programs.

Vocational education associated services costs can be expressed as a multiple of 0.05 of the base cost per pupil calculated under section 3317.012 of the Revised Code.

The general assembly has adjusted the multiples specified in this section for calculating payments beginning in fiscal year 2002 in recognition that its policy change regarding the application of the cost-of-doing-business factor produces a higher base cost amount than would exist if no change were made to its application. The adjustment maintains the same weighted costs as would exist if no change were made to the application of the cost-of-doing-business factor.

The department of education shall annually report to the governor and the general assembly the amount of weighted funding for vocational education and associated services that is spent by each city, local, exempted village, and joint vocational school district specifically for vocational educational and associated services.

Sec. 3317.02. As used in this chapter:

In fiscal years 2000 and 2001, the three-year average for joint

vocational school districts shall be determined utilizing the average daily membership reported in fiscal years 1998 and 1999 under division (D) of section 3317.03 of the Revised Code in lieu of formula ADM for fiscal years 1998 and 1999.

(E) "FY 1997 ADM" or "FY 1998 ADM" means the school district's average daily membership reported for the applicable fiscal year under the version of division (A) of section 3317.03 of the Revised Code in effect during that fiscal year, adjusted as follows:

(5) Minus the average daily membership receiving educational services from the district in approved units but entitled under section 3313.64 or 3313.65 of the Revised Code to attend school in another school district, as determined by the department.

(F)(1) "Category one special education ADM" means the average daily membership of handicapped children receiving special education services for the handicap specified in division (A) of section 3317.013 of the Revised Code and reported under division (B)(5) or (D)(2)(b) of section 3317.03 of the Revised Code.

(O) "Tax exempt value" of a school district means the amount certified for a school district under division (A)(4) of section 3317.021 of the Revised Code.

(P) "Potential value" of a school district means the recognized valuation of a school district plus the tax exempt value of the district.

(Q) "District median income" means the median Ohio adjusted gross income certified for a school district. On or before the first day of July of each year, the tax commissioner shall certify to the department of education for each city, exempted village, and local school district the median Ohio adjusted gross income of the residents of the school district determined on the basis of tax returns filed for the second preceding tax year by the residents of the district.

(R) "Statewide median income" means the median district median income of all city, exempted village, and local school districts in the state.

(S) "Income factor" for a city, exempted village, or local school district means the quotient obtained by dividing that district's median income by the statewide median income.

(T) "Medically fragile child" means a child to whom all of the following apply:

- (1) The child requires the services of a doctor of medicine or

osteopathic medicine at least once a week due to the instability of the child's medical condition.

(2) The child requires the services of a registered nurse on a daily basis.

(3) The child is at risk of institutionalization in a hospital, skilled nursing facility, or intermediate care facility for the mentally retarded.

(U) A child may be identified as "other health handicapped-major" if the child's condition meets the definition of "other health impaired" established in rules adopted by the state board of education prior to ~~the effective date of this amendment~~ July 1, 2001, and if either of the following apply:

(1) The child is identified as having a medical condition that is among those listed by the superintendent of public instruction as conditions where a substantial majority of cases fall within the definition of "medically fragile child." The superintendent of public instruction shall issue an initial list no later than September 1, 2001.

(2) The child is determined by the superintendent of public instruction to be a medically fragile child. A school district superintendent may petition the superintendent of public instruction for a determination that a child is a medically fragile child.

(V) A child may be identified as "other health handicapped-minor" if the child's condition meets the definition of "other health impaired" established in rules adopted by the state board of education prior to ~~the effective date of this amendment~~ July 1, 2001, but the child's condition does not meet either of the conditions specified in division (U)(1) or (2) of this section.

Sec. 3317.022. (A)(1) The department of education shall compute and distribute state base cost funding to each school district for the fiscal year in accordance with the following formula, making any adjustment required by division (A)(2) of this section and using the information obtained under section 3317.021 of the Revised Code in the calendar year in which the fiscal year begins.

Compute the following for each eligible district:

$$\{(\text{cost-of-doing-business factor} \times \text{the formula amount} \times (\text{the greater of formula ADM or three-year average formula ADM})\} - (.023 \times \text{recognized valuation})$$

If the difference obtained is a negative number, the district's computation shall be zero.

(2)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department of education shall calculate the difference between

the district's tax exempt value and twenty-five per cent of the district's potential value.

(b) For each school district to which division (A)(2)(a) of this section applies, the department shall adjust the recognized valuation used in the calculation under division (A)(1) of this section by subtracting from it the amount calculated under division (A)(2)(a) of this section.

(B) As used in this section:

(1) The "total special education weight" for a district means the sum of the following amounts:

(a) The district's category one special education ADM multiplied by the multiple specified in division (A) of section 3317.013 of the Revised Code;

(b) The district's category two special education ADM multiplied by the multiple specified in division (B) of section 3317.013 of the Revised Code;

(c) The district's category three special education ADM multiplied by the multiple specified in division (C) of section 3317.013 of the Revised Code;

(d) The district's category four special education ADM multiplied by the multiple specified in division (D) of section 3317.013 of the Revised Code;

(e) The district's category five special education ADM multiplied by the multiple specified in division (E) of section 3317.013 of the Revised Code;

(f) The district's category six special education ADM multiplied by the multiple specified in division (F) of section 3317.013 of the Revised Code.

(2) "State share percentage" means the percentage calculated for a district as follows:

(a) Calculate the state base cost funding amount for the district for the fiscal year under division (A) of this section. If the district would not receive any state base cost funding for that year under that division, the district's state share percentage is zero.

(b) If the district would receive state base cost funding under that division, divide that amount by an amount equal to the following:

$$\frac{\text{Cost-of-doing-business factor X}}{\text{the formula amount X (the greater of formula ADM or three-year average formula ADM)}}$$

The resultant number is the district's state share percentage.

(3) "Related services" includes:

(a) Child study, special education supervisors and coordinators, speech and hearing services, adaptive physical development services, occupational or physical therapy, teacher assistants for handicapped children whose handicaps are described in division (B) of section 3317.013 or division (F)(3) of section 3317.02 of the Revised Code, behavioral intervention,

interpreter services, work study, nursing services, and specialized integrative services as those terms are defined by the department;

(b) Speech and language services provided to any student with a handicap, including any student whose primary or only handicap is a speech and language handicap;

(c) Any related service not specifically covered by other state funds but specified in federal law, including but not limited to, audiology and school psychological services;

(d) Any service included in units funded under former division (O)(1) of section 3317.023 of the Revised Code;

(e) Any other related service needed by handicapped children in accordance with their individualized education plans.

(4) The "total vocational education weight" for a district means the sum of the following amounts:

(a) The district's category one vocational education ADM multiplied by the multiple specified in division (A) of section 3317.014 of the Revised Code;

(b) The district's category two vocational education ADM multiplied by the multiple specified in division (B) of section 3317.014 of the Revised Code.

(C)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each school district in accordance with the following formula:

The district's state share percentage
X the formula amount for the year
for which the aid is calculated

X the district's total special education weight

(2) The attributed local share of special education and related services additional weighted costs equals:

(1 - the district's state share percentage) X
the district's total special education weight X
the formula amount

(3)(a) The department shall compute and pay in accordance with this division additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner

prescribed, the department shall pay to the district an amount equal to the sum of the following:

(i) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(ii) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(b) For purposes of division (C)(3)(a) of this section, the threshold catastrophic cost for serving a student equals:

(i) For a student in the school district's category two, three, four, or five special education ADM, twenty-five thousand dollars in fiscal year 2002 and twenty-five thousand seven hundred dollars in fiscal ~~year~~ years 2003, 2004, and 2005;

(ii) For a student in the district's category six special education ADM, thirty thousand dollars in fiscal year 2002 and thirty thousand eight hundred forty dollars in fiscal ~~year~~ years 2003, 2004, and 2005.

~~The threshold catastrophic costs for fiscal year 2003 represent a two and eight tenths per cent inflationary increase over fiscal year 2002.~~

(c) The district shall only report under division (C)(3)(a) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

~~(5)(4)(a)~~ As used in this division, the "personnel allowance" means thirty thousand dollars in fiscal years 2002 ~~and~~, 2003, 2004, and 2005.

(b) For the provision of speech language pathology services to students, including students who do not have individualized education programs prepared for them under Chapter 3323. of the Revised Code, and for no other purpose, the department of education shall pay each school district an amount calculated under the following formula:

(formula ADM divided by 2000) X

the personnel allowance X the state share percentage

(5) In any fiscal year, a school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

(cost-of-doing-business factor X

formula amount X the sum of categories

one through six special education ADM) +

(total special education weight X formula amount)

The purposes approved by the department for special education expenses shall include, but shall not be limited to, identification of handicapped children, compliance with state rules governing the education of handicapped children and prescribing the continuum of program options for handicapped children, provision of speech language pathology services, and the portion of the school district's overall administrative and overhead costs that are attributable to the district's special education student population.

The department shall require school districts to report data annually to allow for monitoring compliance with division (C)(5) of this section. The department shall annually report to the governor and the general assembly the amount of money spent by each school district for special education and related services.

(6) In any fiscal year, a school district shall spend for the provision of speech language pathology services not less than the sum of the amount calculated under division (C)(1) of this section for the students in the district's category one special education ADM and the amount calculated under division (C)(4) of this section.

(D)(1) As used in this division:

(a) "Daily bus miles per student" equals the number of bus miles traveled per day, divided by transportation base.

(b) "Transportation base" equals total student count as defined in section 3301.011 of the Revised Code, minus the number of students enrolled in preschool handicapped units, plus the number of nonpublic school students included in transportation ADM.

(c) "Transported student percentage" equals transportation ADM divided by transportation base.

(d) "Transportation cost per student" equals total operating costs for board-owned or contractor-operated school buses divided by transportation base.

(2) Analysis of student transportation cost data has resulted in a finding that an average efficient transportation use cost per student can be calculated by means of a regression formula that has as its two independent variables the number of daily bus miles per student and the transported student percentage. For fiscal year 1998 transportation cost data, the average efficient transportation use cost per student is expressed as follows:

$$51.79027 + (139.62626 \times \text{daily bus miles per student}) + \\ (116.25573 \times \text{transported student percentage})$$

The department of education shall annually determine the average efficient transportation use cost per student in accordance with the principles

stated in division (D)(2) of this section, updating the intercept and regression coefficients of the regression formula modeled in this division, based on an annual statewide analysis of each school district's daily bus miles per student, transported student percentage, and transportation cost per student data. The department shall conduct the annual update using data, including daily bus miles per student, transported student percentage, and transportation cost per student data, from the prior fiscal year. The department shall notify the office of budget and management of such update by the fifteenth day of February of each year.

(3) In addition to funds paid under divisions (A), (C), and (E) of this section, each district with a transported student percentage greater than zero shall receive a payment equal to a percentage of the product of the district's transportation base from the prior fiscal year times the annually updated average efficient transportation use cost per student, times an inflation factor of two and eight tenths per cent to account for the one-year difference between the data used in updating the formula and calculating the payment and the year in which the payment is made. The percentage shall be the following percentage of that product specified for the corresponding fiscal year:

FISCAL YEAR	PERCENTAGE
2000	52.5%
2001	55%
2002	57.5%
2003 and thereafter	The greater of 60% or the district's state share percentage

The payments made under division (D)(3) of this section each year shall be calculated based on all of the same prior year's data used to update the formula.

(4) In addition to funds paid under divisions (D)(2) and (3) of this section, a school district shall receive a rough road subsidy if both of the following apply:

- (a) Its county rough road percentage is higher than the statewide rough road percentage, as those terms are defined in division (D)(5) of this section;
- (b) Its district student density is lower than the statewide student density, as those terms are defined in that division.

(5) The rough road subsidy paid to each district meeting the qualifications of division (D)(4) of this section shall be calculated in accordance with the following formula:

$$\frac{(\text{per rough mile subsidy} \times \text{total rough road miles})}{\text{density multiplier}}$$

where:

(a) "Per rough mile subsidy" equals the amount calculated in accordance with the following formula:

$$0.75 - \{0.75 \times [(\text{maximum rough road percentage} - \text{county rough road percentage}) / (\text{maximum rough road percentage} - \text{statewide rough road percentage})]\}$$

(i) "Maximum rough road percentage" means the highest county rough road percentage in the state.

(ii) "County rough road percentage" equals the percentage of the mileage of state, municipal, county, and township roads that is rated by the department of transportation as type A, B, C, E2, or F in the county in which the school district is located or, if the district is located in more than one county, the county to which it is assigned for purposes of determining its cost-of-doing-business factor.

(iii) "Statewide rough road percentage" means the percentage of the statewide total mileage of state, municipal, county, and township roads that is rated as type A, B, C, E2, or F by the department of transportation.

(b) "Total rough road miles" means a school district's total bus miles traveled in one year times its county rough road percentage.

(c) "Density multiplier" means a figure calculated in accordance with the following formula:

$$1 - [(\text{minimum student density} - \text{district student density}) / (\text{minimum student density} - \text{statewide student density})]$$

(i) "Minimum student density" means the lowest district student density in the state.

(ii) "District student density" means a school district's transportation base divided by the number of square miles in the district.

(iii) "Statewide student density" means the sum of the transportation bases for all school districts divided by the sum of the square miles in all school districts.

(6) In addition to funds paid under divisions (D)(2) to (5) of this section, each district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than board-owned or contractor-operated buses and whose transportation is not funded under division (J) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(E)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each school district in accordance with the following formula:

state share percentage X
the formula amount X
total vocational education weight

In any fiscal year, a school district receiving funds under division (E)(1) of this section shall spend those funds only for the purposes that the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (E)(1) of this section may be spent.

(2) The department shall compute for each school district state funds for vocational education associated services in accordance with the following formula:

state share percentage X .05 X
the formula amount X the sum of categories one and two
vocational education ADM

In any fiscal year, a school district receiving funds under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division (E)(2) of this section to any district that the department determines is not operating those services or is using funds paid under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, for other purposes.

(F) ~~Beginning in fiscal year 2003, the~~ The actual local share in any fiscal year for the combination of special education and related services additional weighted costs funding calculated under division (C)(1) of this section, transportation funding calculated under divisions (D)(2) and (3) of this section, and vocational education and associated services additional weighted costs funding calculated under divisions (E)(1) and (2) of this section shall not exceed for any school district the product of three and three-tenths mills times the district's recognized valuation. ~~Beginning in fiscal year 2003, the~~ The department annually shall pay each school district as an excess cost supplement any amount by which the sum of the district's

attributed local shares for that funding exceeds that product. For purposes of calculating the excess cost supplement:

(1) The attributed local share for special education and related services additional weighted costs funding is the amount specified in division (C)(2) of this section.

(2) The attributed local share of transportation funding equals the difference of the total amount calculated for the district using the formula developed under division (D)(2) of this section minus the actual amount paid to the district after applying the percentage specified in division (D)(3) of this section.

(3) The attributed local share of vocational education and associated services additional weighted costs funding is the amount determined as follows:

$$(1 - \text{state share percentage}) \times [(\text{total vocational education weight} \times \text{the formula amount}) + \text{the payment under division (E)(2) of this section}]$$

Sec. 3317.023. (A) Notwithstanding section 3317.022 of the Revised Code, the amounts required to be paid to a district under this chapter shall be adjusted by the amount of the computations made under divisions (B) to ~~(L)~~(M) of this section.

As used in this section:

(1) "Classroom teacher" means a licensed employee who provides direct instruction to pupils, excluding teachers funded from money paid to the district from federal sources; educational service personnel; and vocational and special education teachers.

(2) "Educational service personnel" shall not include such specialists funded from money paid to the district from federal sources or assigned full-time to vocational or special education students and classes and may only include those persons employed in the eight specialist areas in a pattern approved by the department of education under guidelines established by the state board of education.

(3) "Annual salary" means the annual base salary stated in the state minimum salary schedule for the performance of the teacher's regular teaching duties that the teacher earns for services rendered for the first full week of October of the fiscal year for which the adjustment is made under division (C) of this section. It shall not include any salary payments for supplemental teachers contracts.

(4) "Regular student population" means the formula ADM plus the number of students reported as enrolled in the district pursuant to division (A)(1) of section 3313.981 of the Revised Code; minus the number of

students reported under division (A)(2) of section 3317.03 of the Revised Code; minus the FTE of students reported under division (B)~~(5)~~, (6), (7), (8), (9), (10), (11), or (12) of that section who are enrolled in a vocational education class or receiving special education; and minus ~~one-fourth~~ twenty per cent of the students enrolled concurrently in a joint vocational school district.

(5) "State share percentage" has the same meaning as in section 3317.022 of the Revised Code.

(6) "VEPD" means a school district or group of school districts designated by the department of education as being responsible for the planning for and provision of vocational education services to students within the district or group.

(7) "Lead district" means a school district, including a joint vocational school district, designated by the department as a VEPD, or designated to provide primary vocational education leadership within a VEPD composed of a group of districts.

(B) If the district employs less than one full-time equivalent classroom teacher for each twenty-five pupils in the regular student population in any school district, deduct the sum of the amounts obtained from the following computations:

(1) Divide the number of the district's full-time equivalent classroom teachers employed by one twenty-fifth;

(2) Subtract the quotient in (1) from the district's regular student population;

(3) Multiply the difference in (2) by seven hundred fifty-two dollars.

(C) If a positive amount, add one-half of the amount obtained by multiplying the number of full-time equivalent classroom teachers by:

(1) The mean annual salary of all full-time equivalent classroom teachers employed by the district at their respective training and experience levels minus;

(2) The mean annual salary of all such teachers at their respective levels in all school districts receiving payments under this section.

The number of full-time equivalent classroom teachers used in this computation shall not exceed one twenty-fifth of the district's regular student population. In calculating the district's mean salary under this division, those full-time equivalent classroom teachers with the highest training level shall be counted first, those with the next highest training level second, and so on, in descending order. Within the respective training levels, teachers with the highest years of service shall be counted first, the next highest years of service second, and so on, in descending order.

(D) This division does not apply to a school district that has entered into an agreement under division (A) of section 3313.42 of the Revised Code. Deduct the amount obtained from the following computations if the district employs fewer than five full-time equivalent educational service personnel, including elementary school art, music, and physical education teachers, counselors, librarians, visiting teachers, school social workers, and school nurses for each one thousand pupils in the regular student population:

(1) Divide the number of full-time equivalent educational service personnel employed by the district by five one-thousandths;

(2) Subtract the quotient in (1) from the district's regular student population;

(3) Multiply the difference in (2) by ninety-four dollars.

(E) If a local school district, or a city or exempted village school district to which a governing board of an educational service center provides services pursuant to section 3313.843 of the Revised Code, deduct the amount of the payment required for the reimbursement of the governing board under section 3317.11 of the Revised Code.

(F)(1) If the district is required to pay to or entitled to receive tuition from another school district under division (C)(2) or (3) of section 3313.64 or section 3313.65 of the Revised Code, or if the superintendent of public instruction is required to determine the correct amount of tuition and make a deduction or credit under section 3317.08 of the Revised Code, deduct and credit such amounts as provided in division (I) of section 3313.64 or section 3317.08 of the Revised Code.

(2) For each child for whom the district is responsible for tuition or payment under division (A)(1) of section 3317.082 or section 3323.091 of the Revised Code, deduct the amount of tuition or payment for which the district is responsible.

(G) If the district has been certified by the superintendent of public instruction under section 3313.90 of the Revised Code as not in compliance with the requirements of that section, deduct an amount equal to ten per cent of the amount computed for the district under section 3317.022 of the Revised Code.

(H) If the district has received a loan from a commercial lending institution for which payments are made by the superintendent of public instruction pursuant to division (E)(3) of section 3313.483 of the Revised Code, deduct an amount equal to such payments.

(I)(1) If the district is a party to an agreement entered into under division (D), (E), or (F) of section 3311.06 or division (B) of section 3311.24 of the Revised Code and is obligated to make payments to another

district under such an agreement, deduct an amount equal to such payments if the district school board notifies the department in writing that it wishes to have such payments deducted.

(2) If the district is entitled to receive payments from another district that has notified the department to deduct such payments under division (I)(1) of this section, add the amount of such payments.

(J) If the district is required to pay an amount of funds to a cooperative education district pursuant to a provision described by division (B)(4) of section 3311.52 or division (B)(8) of section 3311.521 of the Revised Code, deduct such amounts as provided under that provision and credit those amounts to the cooperative education district for payment to the district under division (B)(1) of section 3317.19 of the Revised Code.

(K)(1) If a district is educating a student entitled to attend school in another district pursuant to a shared education contract, compact, or cooperative education agreement other than an agreement entered into pursuant to section 3313.842 of the Revised Code, credit to that educating district on an FTE basis both of the following:

(a) An amount equal to the formula amount times the cost of doing business factor of the school district where the student is entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) An amount equal to the formula amount times the state share percentage times any multiple applicable to the student pursuant to section 3317.013 or 3317.014 of the Revised Code.

(2) Deduct any amount credited pursuant to division (K)(1) of this section from amounts paid to the school district in which the student is entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code.

(3) If the district is required by a shared education contract, compact, or cooperative education agreement to make payments to an educational service center, deduct the amounts from payments to the district and add them to the amounts paid to the service center pursuant to section 3317.11 of the Revised Code.

(L)(1) If a district, including a joint vocational school district, is a lead district of a VEPD, credit to that district the amounts calculated for all the school districts within that VEPD pursuant to division (E)(2) of section 3317.022 of the Revised Code.

(2) Deduct from each appropriate district that is not a lead district, the amount attributable to that district that is credited to a lead district under division (L)(1) of this section.

(M) If the department pays a joint vocational school district under

division (G)(4) of section 3317.16 of the Revised Code for excess costs of providing special education and related services to a handicapped student, as calculated under division (G)(2) of that section, the department shall deduct the amount of that payment from the city, local, or exempted village school district that is responsible as specified in that section for the excess costs.

Sec. 3317.024. In addition to the moneys paid to eligible school districts pursuant to section 3317.022 of the Revised Code, moneys appropriated for the education programs in divisions (A) to (H), (J) to (L), (O), (P), and (R) of this section shall be distributed to school districts meeting the requirements of section 3317.01 of the Revised Code; in the case of divisions (J) and (P) of this section, to educational service centers as provided in section 3317.11 of the Revised Code; in the case of divisions (E), (M), and (N) of this section, to county MR/DD boards; in the case of division (R) of this section, to joint vocational school districts; in the case of division (K) of this section, to cooperative education school districts; and in the case of division (Q) of this section, to the institutions defined under section 3317.082 of the Revised Code providing elementary or secondary education programs to children other than children receiving special education under section 3323.091 of the Revised Code. The following shall be distributed monthly, quarterly, or annually as may be determined by the state board of education:

(A) A per pupil amount to each school district that establishes a summer school remediation program that complies with rules of the state board of education.

(B) An amount for each island school district and each joint state school district for the operation of each high school and each elementary school maintained within such district and for capital improvements for such schools. Such amounts shall be determined on the basis of standards adopted by the state board of education.

(C) An amount for each school district operating classes for children of migrant workers who are unable to be in attendance in an Ohio school during the entire regular school year. The amounts shall be determined on the basis of standards adopted by the state board of education, except that payment shall be made only for subjects regularly offered by the school district providing the classes.

(D) An amount for each school district with guidance, testing, and counseling programs approved by the state board of education. The amount shall be determined on the basis of standards adopted by the state board of education.

and receiving assistance under the Ohio works first program or an antecedent program known as TANF or ADC, divided by the sum of the three-year average formula ADMs for all school districts in the state.

(b) Beginning in fiscal year 2004, the total unduplicated number of children ages five to seventeen residing in the state and living in a family that has family income not exceeding the federal poverty guidelines and that receives family assistance, divided by the sum of the three-year average formula ADMs for all school districts in the state.

(4) "DPIA index" means the quotient obtained by dividing the school district's DPIA percentage by the statewide DPIA percentage.

(5) "Federal poverty guidelines" has the same meaning as in section 5101.46 of the Revised Code.

(6) "DPIA student count" means:

(a) In fiscal years prior to fiscal year 2004, the five-year average number of children ages five to seventeen residing in the school district and living in a family receiving assistance under the Ohio works first program or an antecedent program known as TANF or ADC, as certified under section 3317.10 of the Revised Code;

(b) Beginning in fiscal year 2004, the unduplicated number of children ages five to seventeen residing in the school district and living in a family that has family income not exceeding the federal poverty guidelines and that receives family assistance, as certified or adjusted under section 3317.10 of the Revised Code.

(10) "All-day kindergarten" means a kindergarten class that is in session five days per week for not less than the same number of clock hours each day as for pupils in grades one through six.

(11) "All-day kindergarten percentage" means the percentage of a district's actual total number of students enrolled in kindergarten who are enrolled in all-day kindergarten.

(12) "Buildings with the highest concentration of need" means:

(a) In fiscal years prior to fiscal year 2004, the school buildings in a district with percentages of students in grades kindergarten through three receiving assistance under Ohio works first at least as high as the district-wide percentage of students receiving such assistance.

(b) Beginning in fiscal year 2004, the school buildings in a district with percentages of students in grades kindergarten through three receiving family assistance at least as high as the district-wide percentage of students receiving family assistance.

(c) If, in any fiscal year, the information provided by the department of job and family services under section 3317.10 of the Revised Code is insufficient to determine the Ohio works first or family assistance percentage in each building, "buildings with the highest concentration of need" has the meaning given in rules that the department of education shall adopt. The rules shall base the definition of "buildings with the highest concentration of need" on family income of students in grades kindergarten through three in a manner that, to the extent possible with available data, approximates the intent of this division and division (G) of this section to designate buildings where the Ohio works first or family assistance percentage in those grades equals or exceeds the district-wide Ohio works first or family assistance percentage.

(B) In addition to the amounts required to be paid to a school district under section 3317.022 of the Revised Code, a school district shall receive the greater of the amount the district received in fiscal year 1998 pursuant to division (B) of section 3317.023 of the Revised Code as it existed at that time or the sum of the computations made under divisions (C) to (E) of this section.

(C) A supplemental payment that may be utilized for measures related to safety and security and for remediation or similar programs, calculated as follows:

(1) If the DPIA index of the school district is greater than or equal to thirty-five-hundredths, but less than one, an amount obtained by multiplying the district's DPIA student count by two hundred thirty dollars;

(2) If the DPIA index of the school district is greater than or equal to one, an amount obtained by multiplying the DPIA index by two hundred thirty dollars and multiplying that product by the district's DPIA student count.

Except as otherwise provided in division (F) of this section, beginning with the school year that starts July 1, 2002, each school district annually shall use at least twenty per cent of the funds calculated for the district under this division for intervention services required by section 3313.608 of the Revised Code.

(D) A payment for all-day kindergarten if the DPIA index of the school district is greater than or equal to one or if the district's three-year average formula ADM exceeded seventeen thousand five hundred, calculated by multiplying the all-day kindergarten percentage by the kindergarten ADM and multiplying that product by the formula amount.

(E) A class-size reduction payment based on calculating the number of new teachers necessary to achieve a lower student-teacher ratio, as follows:

(1) Determine or calculate a formula number of teachers per one thousand students based on the DPIA index of the school district as follows:

(a) If the DPIA index of the school district is less than six-tenths, the formula number of teachers is 43.478, which is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one;

(b) If the DPIA index of the school district is greater than or equal to six-tenths, but less than two and one-half, the formula number of teachers is calculated as follows:

$$43.478 + \{[(\text{DPIA index} - 0.6) / 1.9] \times 23.188\}$$

Where 43.478 is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one; 1.9 is the interval from a DPIA index of six-tenths to a DPIA index of two and one-half; and 23.188 is the difference in the number of teachers per one thousand students at a student-teacher ratio of fifteen to one and the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one.

(c) If the DPIA index of the school district is greater than or equal to two and one-half, the formula number of teachers is 66.667, which is the number of teachers per one thousand students at a student-teacher ratio of fifteen to one.

(2) Multiply the formula number of teachers determined or calculated in division (E)(1) of this section by the kindergarten through third grade ADM for the district and divide that product by one thousand;

(3) Calculate the number of new teachers as follows:

(a) Multiply the kindergarten through third grade ADM by 43.478, which is the number of teachers per one thousand students at a student-teacher ratio of twenty-three to one, and divide that product by one thousand;

(b) Subtract the quotient obtained in division (E)(3)(a) of this section

from the product in division (E)(2) of this section.

(4) Multiply the greater of the difference obtained under division (E)(3) of this section or zero by the statewide average teachers salary.

(F) This division applies only to school districts whose DPIA index is one or greater.

(1) Each school district subject to this division shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage.

(2) Up to an amount equal to the district's DPIA index multiplied by its DPIA student count multiplied by two hundred thirty dollars of the money distributed under this section may be utilized for one or both of the following:

(a) Programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;

(b) Remediation for students who have failed or are in danger of failing any of the tests administered pursuant to section 3301.0710 of the Revised Code.

Beginning with the school year that starts on July 1, 2002, each school district shall use at least twenty per cent of the funds set aside for the purposes of divisions (F)(2)(a) and (b) of this section to provide intervention services required by section 3313.608 of the Revised Code.

(3) Except as otherwise required by division (G) or permitted under division (K) of this section, all other funds distributed under this section to districts subject to this division shall be utilized for the purpose of the third grade guarantee. The third grade guarantee consists of increasing the amount of instructional attention received per pupil in kindergarten through third grade, either by reducing the ratio of students to instructional personnel or by increasing the amount of instruction and curriculum-related activities by extending the length of the school day or the school year.

School districts may implement a reduction of the ratio of students to instructional personnel through any or all of the following methods:

(a) Reducing the number of students in a classroom taught by a single teacher;

(b) Employing full-time educational aides or educational paraprofessionals issued a permit or license under section 3319.088 of the Revised Code;

(c) Instituting a team-teaching method that will result in a lower student-teacher ratio in a classroom.

Districts may extend the school day either by increasing the amount of

time allocated for each class, increasing the number of classes provided per day, offering optional academic-related after-school programs, providing curriculum-related extra curricular activities, or establishing tutoring or remedial services for students who have demonstrated an educational need. In accordance with section 3319.089 of the Revised Code, a district extending the school day pursuant to this division may utilize a participant of the work experience program who has a child enrolled in a public school in that district and who is fulfilling the work requirements of that program by volunteering or working in that public school. If the work experience program participant is compensated, the school district may use the funds distributed under this section for all or part of the compensation.

Districts may extend the school year either through adding regular days of instruction to the school calendar or by providing summer programs.

(G) Each district subject to division (F) of this section shall not expend any funds received under division (E) of this section in any school buildings that are not buildings with the highest concentration of need, unless there is a ratio of instructional personnel to students of no more than fifteen to one in each kindergarten and first grade class in all buildings with the highest concentration of need. This division does not require that the funds used in buildings with the highest concentration of need be spent solely to reduce the ratio of instructional personnel to students in kindergarten and first grade. A school district may spend the funds in those buildings in any manner permitted by division (F)(3) of this section, but may not spend the money in other buildings unless the fifteen-to-one ratio required by this division is attained.

(H)(1) By the first day of August of each fiscal year, each school district wishing to receive any funds under division (D) of this section shall submit to the department of education an estimate of its all-day kindergarten percentage. Each district shall update its estimate throughout the fiscal year in the form and manner required by the department, and the department shall adjust payments under this section to reflect the updates.

(2) Annually by the end of December, the department of education, utilizing data from the information system established under section 3301.0714 of the Revised Code and after consultation with the legislative office of education oversight, shall determine for each school district subject to division (F) of this section whether in the preceding fiscal year the district's ratio of instructional personnel to students and its number of kindergarten students receiving all-day kindergarten appear reasonable, given the amounts of money the district received for that fiscal year pursuant to divisions (D) and (E) of this section. If the department is unable

to verify from the data available that students are receiving reasonable amounts of instructional attention and all-day kindergarten, given the funds the district has received under this section and that class-size reduction funds are being used in school buildings with the highest concentration of need as required by division (G) of this section, the department shall conduct a more intensive investigation to ensure that funds have been expended as required by this section. The department shall file an annual report of its findings under this division with the chairpersons of the committees in each house of the general assembly dealing with finance and education.

(I) Any school district with a DPIA index less than one and a three-year average formula ADM exceeding seventeen thousand five hundred shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage. Such a district shall expend at least seventy per cent of the remaining funds received under this section, and any other district with a DPIA index less than one shall expend at least seventy per cent of all funds received under this section, for any of the following purposes:

- (1) The purchase of technology for instructional purposes;
- (2) All-day kindergarten;
- (3) Reduction of class sizes;
- (4) Summer school remediation;
- (5) Dropout prevention programs;
- (6) Guaranteeing that all third graders are ready to progress to more advanced work;
- (7) Summer education and work programs;
- (8) Adolescent pregnancy programs;
- (9) Head start or preschool programs;
- (10) Reading improvement programs described by the department of education;
- (11) Programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;
- (12) Furnishing, free of charge, materials used in courses of instruction, except for the necessary textbooks or electronic textbooks required to be furnished without charge pursuant to section 3329.06 of the Revised Code, to pupils living in families participating in Ohio works first in accordance with section 3313.642 of the Revised Code;
- (13) School breakfasts provided pursuant to section 3313.813 of the

Revised Code.

Each district shall submit to the department, in such format and at such time as the department shall specify, a report on the programs for which it expended funds under this division.

(J) If at any time the superintendent of public instruction determines that a school district receiving funds under division (D) of this section has enrolled less than the all-day kindergarten percentage reported for that fiscal year, the superintendent shall withhold from the funds otherwise due the district under this section a proportional amount as determined by the difference in the certified all-day kindergarten percentage and the percentage actually enrolled in all-day kindergarten.

The superintendent shall also withhold an appropriate amount of funds otherwise due a district for any other misuse of funds not in accordance with this section.

(K)(1) A district may use a portion of the funds calculated for it under division (D) of this section to modify or purchase classroom space to provide all-day kindergarten, if both of the following conditions are met:

(a) The district certifies to the department, in a manner acceptable to the department, that it has a shortage of space for providing all-day kindergarten.

(b) The district provides all-day kindergarten to the number of children in the all-day kindergarten percentage it certified under this section.

(2) A district may use a portion of the funds described in division (F)(3) of this section to modify or purchase classroom space to enable it to further reduce class size in grades kindergarten through two with a goal of attaining class sizes of fifteen students per licensed teacher. To do so, the district must certify its need for additional space to the department, in a manner satisfactory to the department.

Sec. 3317.0217. The department of education shall annually compute and pay state parity aid to school districts, as follows:

(A) Calculate the local wealth per pupil of each school district, which equals the following sum:

(1) Two-thirds times the quotient of (a) the district's recognized valuation divided by (b) its formula ADM; plus

(2) One-third times the quotient of (a) the average of the total federal adjusted gross income of the school district's residents for the three years most recently reported under section 3317.021 of the Revised Code divided by (b) its formula ADM.

(B) Rank all school districts in order of local wealth per pupil, from the district with the lowest local wealth per pupil to the district with the highest

local wealth per pupil.

(C) Compute the per pupil state parity aid funding for each school district in accordance with the following formula:

$$\text{Payment percentage} \times (\text{threshold local wealth per pupil} - \text{the district's local wealth per pupil}) \times 0.0095$$

Where:

(1) "Payment percentage," for purposes of division (C) of this section, equals 20% in fiscal year 2002, 40% in fiscal year 2003, ~~60%~~ 58% in fiscal year 2004, ~~80%~~ 76% in fiscal year 2005, and 100% after fiscal year 2005.

(2) Nine and one-half mills (0.0095) is the general assembly's determination of the average number of effective operating mills that districts in the seventieth to ninetieth percentiles of valuations per pupil collected in fiscal year 2001 above the revenues required to finance their attributed local shares of the calculated cost of an adequate education. This was determined by (a) adding the district revenues from operating property tax levies and income tax levies, (b) subtracting from that total the sum of (i) twenty-three mills times adjusted recognized valuation plus (ii) the attributed local shares of special education, transportation, and vocational education funding as described in divisions (F)(1) to (3) of section 3317.022 of the Revised Code, and (c) converting the result to an effective operating property tax rate.

(3) The "threshold local wealth per pupil" is the local wealth per pupil of the school district with the four-hundred-ninetieth lowest local wealth per pupil.

If the result of the calculation for a school district under division (C) of this section is less than zero, the district's per pupil parity aid shall be zero.

(D) Compute the per pupil alternative parity aid for each school district that has a combination of an income factor of 1.0 or less, a DPIA index of 1.0 or greater, and a cost-of-doing-business factor of 1.0375 or greater, in accordance with the following formula:

$$\text{Payment percentage} \times \$60,000 \times (1 - \text{income factor}) \times 4/15 \times 0.023$$

Where:

(1) "DPIA index" has the same meaning as in section 3317.029 of the Revised Code.

(2) "Payment percentage," for purposes of division (D) of this section, equals 50% in fiscal year 2002 and 100% after fiscal year 2002.

(E) Pay each district that has a combination of an income factor 1.0 or less, a DPIA index of 1.0 or greater, and a cost-of-doing-business factor of

1.0375 or greater, the greater of the following:

(1) The product of the district's per pupil parity aid calculated under division (C) of this section times its formula ADM;

(2) The product of its per pupil alternative parity aid calculated under division (D) of this section times its formula ADM.

(F) Pay every other district the product of its per pupil parity aid calculated under division (C) of this section times its formula ADM.

~~Every six years, the general assembly shall redetermine, after considering the report of the committee appointed under section 3317.012 of the Revised Code, the average number of effective operating mills that districts in the seventieth to ninetieth percentiles of valuations per pupil collect above the revenues required to finance their attributed local shares of the cost of an adequate education.~~

Sec. 3317.03. Notwithstanding divisions (A)(1), (B)(1), and (C) of this section, any student enrolled in kindergarten more than half time shall be reported as one-half student under this section.

(A) The superintendent of each city and exempted village school district and of each educational service center shall, for the schools under the superintendent's supervision, certify to the state board of education on or before the fifteenth day of October in each year for the first full school week in October the formula ADM, which shall consist of the average daily membership during such week of the sum of the following:

(1) On an FTE basis, the number of students in grades kindergarten through twelve receiving any educational services from the district, except that the following categories of students shall not be included in the determination:

(a) Students enrolled in adult education classes;

(b) Adjacent or other district students enrolled in the district under an open enrollment policy pursuant to section 3313.98 of the Revised Code;

(c) Students receiving services in the district pursuant to a compact, cooperative education agreement, or a contract, but who are entitled to attend school in another district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(d) Students for whom tuition is payable pursuant to sections 3317.081 and 3323.141 of the Revised Code.

(2) On an FTE basis, the number of students entitled to attend school in the district pursuant to section 3313.64 or 3313.65 of the Revised Code, but receiving educational services in grades kindergarten through twelve from one or more of the following entities:

(a) A community school pursuant to Chapter 3314. of the Revised Code,

including any participation in a college pursuant to Chapter 3365. of the Revised Code while enrolled in such community school;

(e) An educational service center or cooperative education district;

(f) Another school district under a cooperative education agreement, compact, or contract.

(3) ~~One-fourth~~ Twenty per cent of the number of students enrolled in a joint vocational school district or under a vocational education compact, excluding any students entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code who are enrolled in another school district through an open enrollment policy as reported under division (A)(2)(d) of this section and then enroll in a joint vocational school district or under a vocational education compact;

(4) The number of handicapped children, other than handicapped preschool children, entitled to attend school in the district pursuant to section 3313.64 or 3313.65 of the Revised Code who are placed with a county MR/DD board, minus the number of such children placed with a county MR/DD board in fiscal year 1998. If this calculation produces a negative number, the number reported under division (A)(4) of this section shall be zero.

(B) To enable the department of education to obtain the data needed to complete the calculation of payments pursuant to this chapter, in addition to the formula ADM, each superintendent shall report separately the following student counts:

(1) The total average daily membership in regular day classes included in the report under division (A)(1) or (2) of this section for kindergarten, and each of grades one through twelve in schools under the superintendent's supervision;

(E) In each school of each city, local, exempted village, joint vocational, and cooperative education school district there shall be maintained a record of school membership, which record shall accurately show, for each day the school is in session, the actual membership enrolled in regular day classes. For the purpose of determining average daily membership, the membership figure of any school shall not include any pupils except those pupils described by division (A) of this section. The record of membership for each school shall be maintained in such manner that no pupil shall be counted as in membership prior to the actual date of entry in the school and also in such manner that where for any cause a pupil permanently withdraws from the school that pupil shall not be counted as in membership from and after the date of such withdrawal. Except as provided in divisions (B)(2) and (F) of this section, the average daily membership figure of any local, city, exempted village, or joint vocational school district shall be determined by dividing the figure representing the sum of the number of pupils enrolled during each day the school of attendance is actually open for instruction during the first full school week in October by the total number of days the school was actually open for instruction during that week. For purposes of state funding, "enrolled" persons are only those pupils who are attending school, those who have attended school during the current school year and are absent for authorized reasons, and those handicapped children currently receiving home instruction.

The average daily membership figure of any cooperative education school district shall be determined in accordance with rules adopted by the state board of education.

(F)(1) If the formula ADM for the first full school week in February is at least three per cent greater than that certified for the first full school week in the preceding October, the superintendent of schools of any city, exempted village, or joint vocational school district or educational service center shall certify such increase to the superintendent of public instruction. Such certification shall be submitted no later than the fifteenth day of February. In no event shall the superintendent use an increased membership certified to the superintendent after the fifteenth day of February.

If the ~~state board of education~~ department of education determines additional units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys

for the funding of such units, the ~~board~~ department shall approve additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department ~~of education~~ shall pay an amount computed in the manner prescribed in section 3317.052 or 3317.19 and section 3317.053 of the Revised Code.

(3) If a student attending a community school under Chapter 3314. of the Revised Code is not included in the formula ADM certified for the first full school week of October for the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code, the department of education shall adjust the formula ADM of that school district to include the community school student in accordance with division (C)(2) of this section, and shall recalculate the school district's payments under this chapter for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the community school during the first full school week in October.

(a) Certify to the state board, in the manner prescribed by the board, the average daily membership in classes under section 3317.20 of the Revised Code for each school district that has placed children in the classes;

(b) Certify to the state board, in the manner prescribed by the board, the number of all handicapped preschool children enrolled as of the first day of December in classes eligible for approval under division (B) of section 3317.05 of the Revised Code, and the number of those classes.

(3)(a) If on the first school day of April the number of classes or units

maintained for handicapped preschool children by the county MR/DD board that are eligible for approval under division (B) of section 3317.05 of the Revised Code is greater than the number of units approved for the year under that division, the superintendent shall make the certification required by this section for that day.

(b) If the ~~state board~~ department determines that additional classes or units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of the classes and units described in division (G)(3)(a) of this section, the ~~board~~ department shall approve and fund additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department ~~of education~~ shall pay an amount computed in the manner prescribed in sections 3317.052 and 3317.053 of the Revised Code.

(H) Except as provided in division (I) of this section, when any city, local, or exempted village school district provides instruction for a nonresident pupil whose attendance is unauthorized attendance as defined in section 3327.06 of the Revised Code, that pupil's membership shall not be included in that district's membership figure used in the calculation of that district's formula ADM or included in the determination of any unit approved for the district under section 3317.05 of the Revised Code. The reporting official shall report separately the average daily membership of all pupils whose attendance in the district is unauthorized attendance, and the membership of each such pupil shall be credited to the school district in which the pupil is entitled to attend school under division (B) of section 3313.64 or section 3313.65 of the Revised Code as determined by the department of education.

(I)(1) A city, local, exempted village, or joint vocational school district admitting a scholarship student of a pilot project district pursuant to division (C) of section 3313.976 of the Revised Code may count such student in its average daily membership.

(2) In any year for which funds are appropriated for pilot project scholarship programs, a school district implementing a state-sponsored pilot project scholarship program that year pursuant to sections 3313.974 to 3313.979 of the Revised Code may count in average daily membership:

(a) All children residing in the district and utilizing a scholarship to attend kindergarten in any alternative school, as defined in section 3313.974 of the Revised Code;

(B) The superintendent of each district, board, or institution subject to division (A) of this section shall certify to the state board of education, in accordance with procedures adopted by that board, membership figures of all handicapped preschool children whose membership is maintained under division (A)(2) of this section. The figures certified under this division shall be used in the determination of the ADM used to compute funds for educational service center governing boards under ~~division (B) of~~ section 3317.11 of the Revised Code.

Sec. 3317.05. If the director of job and family services and the superintendent disagree on such amount, the director of budget and management shall determine the amount to be transferred.

The amount paid to a county MR/DD board for buses purchased for transportation of children in special education programs operated by the board shall be one hundred per cent of the board's net cost.

The amount paid to a school district for buses purchased for transportation of handicapped and nonpublic school pupils shall be one hundred per cent of the school district's net cost.

The state board of education shall adopt a formula to determine the amount of payments that shall be distributed to school districts to purchase school buses for pupils other than handicapped or nonpublic school pupils.

If any district or MR/DD board obtains bus services for pupil transportation pursuant to a contract, such district or board may use payments received under this section to defray the costs of contracting for bus services in lieu of for purchasing buses.

If the department of education determines that a county MR/DD board no longer needs a school bus because the board no longer transports children to a special education program operated by the board, or if the department determines that a school district no longer needs a school bus to transport pupils to a nonpublic school or special education program, the department may reassign a bus that was funded with payments provided pursuant to this section for the purpose of transporting such pupils. The department may reassign a bus to a county MR/DD board or school district that transports children to a special education program designated in the children's individualized education plans, or to a school district that transports pupils to a nonpublic school, and needs an additional school bus.

Sec. 3317.09. All moneys distributed to a school district, including any cooperative education or joint vocational school district and all moneys distributed to any educational service center, by the state whether from a state or federal source, shall be accounted for by the division of school finance of the department of education. The department of job and family services shall certify this information according to the school district of residence for each child. Except as provided under division (B) of this section, the number of children so certified in any year shall be used by the department of education in calculating the distribution of moneys for the ensuing fiscal year as provided in section 3317.029 of the Revised Code.

(B) Upon the transfer of part of the territory of one school district to the territory of one or more other school districts, the department of education may adjust the number of children certified under division (A) of this section for any district gaining or losing territory in such a transfer in order to take into account the effect of the transfer on the number of such children who reside in the district. Within sixty days of receipt of a request for information from the department of education, the department of job and family services shall provide any information the department of education determines is necessary to make such adjustments. The department of education may use the adjusted number for any district for the applicable fiscal year, in lieu of the number certified for the district for that fiscal year under division (A) of this section, in the calculation of the distribution of moneys provided in section 3317.029 of the Revised Code.

The board of education, or the superintendent acting on behalf of the board, of any local or client school district may agree to pay an amount in excess of six dollars and fifty cents per student in total student count. If a majority of the boards of education, or superintendents acting on behalf of the boards, of the local school districts within a service center's territory approve an amount in excess of six dollars and fifty cents per student in total student count, the department shall deduct the approved excess per student amount from all of the local school districts within the service center's territory and pay the excess amount to the service center.

(D) The department shall pay each educational service center the amounts due to it from school districts pursuant to contracts, compacts, or agreements under which the service center furnishes services to the districts or their students. In order to receive payment under this division, an educational service center shall furnish either a copy of the contract, compact, or agreement clearly indicating the amounts of the payments, or a written statement that clearly indicates the payments owed and is signed by the superintendent or treasurer of the responsible school district. (1) "State share percentage" means the percentage calculated for a joint vocational school district as follows:

(a) Calculate the state base cost funding amount for the district under division (B) of this section. If the district would not receive any base cost funding for that year under that division, the district's state share percentage is zero.

(b) If the district would receive base cost funding under that division, divide that base cost amount by an amount equal to the following:

cost-of-doing-business factor X
the formula amount X
~~the greater of formula ADM or~~
~~three-year average~~ formula ADM

The resultant number is the district's state share percentage.

(2) The "total special education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in division (B)(1) of section 3317.022 of the Revised Code.

(3) The "total vocational education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in division

(C)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each joint vocational school district in accordance with the following formula:

$$\begin{aligned} & \text{state share percentage} \times \text{formula amount} \times \\ & \text{total vocational education weight} \end{aligned}$$

In each fiscal year, a joint vocational school district receiving funds under division (C)(1) of this section shall spend those funds only for the purposes the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the joint vocational school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (C)(1) of this section may be spent.

(2) The department shall compute for each joint vocational school district state funds for vocational education associated services costs in accordance with the following formula:

$$\begin{aligned} & \text{state share percentage} \times .05 \times \\ & \text{the formula amount} \times \text{the sum of} \\ & \text{categories one and two vocational} \\ & \text{education ADM} \end{aligned}$$

(2) For each handicapped student receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing those special education and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under divisions (B), (D), (E), and (G)(1) of this section.

Those excess costs shall be calculated by subtracting the sum of the following from the actual cost to provide special education and related services to the student:

(C) The commission shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a classroom

facility only upon evidence that the proposed project conforms to sound educational practice, that it is in keeping with the orderly process of school district reorganization and consolidation, and that the actual or projected enrollment in each classroom facility proposed to be included in the project is at least three hundred fifty pupils. Exceptions shall be authorized only in those districts where topography, sparsity of population, and other factors make larger schools impracticable.

If the school district board determines that an existing facility has historical value or for other good cause determines that an existing facility should be renovated in lieu of acquiring a comparable facility by new construction, the commission may approve the expenditure of project funds for the renovation of that facility up to but not exceeding one hundred per cent of the estimated cost of acquiring a comparable facility by new construction, as long as the commission determines that the facility when renovated can be operationally efficient, will be adequate for the future needs of the district, and will comply with the other provisions of this division.

(D) Sections 125.81 and 153.04 of the Revised Code shall not apply to classroom facilities constructed under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.042. (A) The board of education of any school district that is receiving assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, or under sections 3318.40 to 3318.45 of the Revised Code, and whose project is still under construction, may request that the Ohio school facilities commission examine whether the circumstances prescribed in either division (B)(1) or (2) of this section exist in the school district. If the commission so finds, the commission shall review the school district's original assessment and approved project and consider providing additional assistance to the school district to correct the prescribed conditions found to exist in the district. Additional assistance under this section shall be limited to additions to one or more buildings, remodeling of one or more buildings, or changes to the infrastructure of one or more buildings.

(B) Consideration of additional assistance to a school district under this section is warranted in either of the following circumstances:

(1) Additional work is needed to correct an oversight or deficiency not identified or included in the district's initial assessment.

(2) Other conditions exist that, in the opinion of the commission, warrant additions or remodeling of the project facilities or changes to infrastructure associated with the district's project that were not identified in

the initial assessment and plan.

(C) If the commission decides in favor of providing additional assistance to any school district under this section, the school district shall be responsible for paying for its portion of the cost of the additions, remodeling, or infrastructure changes pursuant to section 3318.083 of the Revised Code. If, after making a financial evaluation of the school district, the commission determines that the school district is unable without undue hardship, according to the guidelines adopted by the commission, to fund the school district portion of the increase, then the state and the school district shall enter into an agreement whereby the state shall pay the portion of the cost increase attributable to the school district which is determined to be in excess of any local resources available to the district and the district shall thereafter reimburse the state. The commission shall establish the district's schedule for reimbursing the state, which shall not extend beyond ~~five~~ ten years. The commission may lengthen the reimbursement schedule of a school district that has entered into an agreement under this section prior to the effective date of this amendment as long as the total term of that schedule does not extend beyond ten years. Debt incurred under this section shall not be included in the calculation of the net indebtedness of the school district under section 133.06 of the Revised Code.

Sec. 3318.05. The conditional approval of the Ohio school facilities commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within one year of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost ~~less any deduction made under section 3318.033 of the Revised Code and~~ less the amount of the proceeds of any securities authorized or to be authorized under division (J)

of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general ongoing permanent improvements ~~of at least two mills for each dollar of valuation~~ and the proceeds of such tax can be used for maintenance, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions earmarking an amount from the proceeds of that permanent improvement tax for maintenance of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section.

(D) Proceeds of the tax to be used for maintenance of the classroom facilities under either division (B) or (C) of this section shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.052. At any time after the electors of a school district have approved either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code for the purpose of general ongoing permanent improvements or a school district income tax levied under Chapter 5748. of the Revised Code, the proceeds of which, pursuant to the ballot measures approved by the electors, are not so restricted that they cannot be used to pay the costs of a project or maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification of the conditional approval of the school district's classroom facilities project by the Ohio school facilities commission, enter into a written agreement with the commission, which may be part of an agreement entered into under section 3318.08 of the Revised Code, and in which the school district board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that property tax levy, of that school district income tax, or of securities issued under this section, or of proceeds from any two or more of those sources, to pay all or part of the district's portion of the basic project cost of its classroom facilities project;

(2) Apply available proceeds of either or both a property tax levied

under section 5705.21 or 5705.218 of the Revised Code in effect for a continuing period of time, or of a school district income tax levied under Chapter 5748. of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.

(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income tax levied under Chapter 5748. of the Revised Code that may lawfully be used to pay the costs of a classroom facilities project or of a tax levied under section 5705.21 or 5705.218 of the Revised Code to the payment of debt charges on and financing costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of the district's portion of the basic project cost of its classroom facilities project in accordance with an agreement entered into under division (A) of this section. Securities issued under this section shall be Chapter 133. securities and may be issued as general obligation securities or issued in anticipation of a school district income tax or as property tax anticipation notes under section 133.24 of the Revised Code. The district board's resolution authorizing the issuance and sale of general obligation securities under this section shall conform to the applicable requirements of section 133.22 or 133.23 of the Revised Code. Securities issued under this section shall have principal payments during each year after the year of issuance over a period of not more than twenty-three years and, if so determined by the district board, during the year of issuance. Securities issued under this section shall not be included in the calculation of net indebtedness of the district under section 133.06 of the Revised Code, if the resolution of the district board authorizing their issuance and sale includes covenants to appropriate annually from lawfully available proceeds of a property tax levied under

section 5705.21 or 5705.218 of the Revised Code or of a school district income tax levied under Chapter 5748. of the Revised Code and to continue to levy and collect the tax in amounts necessary to pay the debt charges on and financing costs related to the securities as they become due. No property tax levied under section 5705.21 or 5705.218 of the Revised Code and no school district income tax levied under Chapter 5748. of the Revised Code that is pledged, or that the school district board has covenanted to levy, collect, and appropriate annually, to pay the debt charges on and financing costs related to securities issued under this section shall be repealed while those securities are outstanding. If such a tax is reduced by the electors of the district or by the district board while those securities are outstanding, the school district board shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that year equal to the debt charges on the securities in that year, except that in the case of a school district income tax that amount shall be rounded up to the nearest one-fourth of one per cent.

No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project construction fund.

Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio school facilities commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

(1) That by issuing bonds in an amount equal to the school district's portion of the basic project cost, ~~including bonds previously authorized by the district's electors as described in section 3318.033 of the Revised Code,~~ the district is unable to provide adequate classroom facilities without assistance from the state;

(2) Unless the school district board has resolved to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

(a) Levy a tax outside the ten-mill limitation the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project;

(b) Earmark for maintenance of classroom facilities from the proceeds

of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax ~~is of at least two mills for each dollar of valuation and~~ can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than seventy-five and not more than ninety-five days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than seventy-five days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than seventy-five days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which

shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, and the first calendar year in which the tax is expected to be due for each series, in addition to the information required to be stated in the notice under division (E)(3)(a) to (e) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the (here insert name of school district) school district to pay the local share of school construction under the State of Ohio Classroom Facilities Assistance Program in the principal amount of (here insert principal amount of the bond issue), to be repaid annually over a maximum period of (here insert the maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue (here insert the number of mills estimated) mills for each one dollar of tax valuation, which amounts to (rate expressed in cents or dollars and cents, such as "thirty-six cents" or "\$0.36") for each one hundred dollars of tax valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

and, unless the additional levy

of taxes is not required pursuant
to division (C) of section
3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three years to benefit the (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project at the rate of (here insert the number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?

	FOR THE BOND ISSUE AND TAX LEVY	
	AGAINST THE BOND ISSUE AND TAX LEVY	"

(2) If authority is sought to issue bonds in more than one series and the board of education so elects, the form of the ballot shall be as prescribed in section 3318.062 of the Revised Code. If the board of education elects the form of the ballot prescribed in that section, it shall so state in the resolution adopted under this section.

(D) If it is necessary for the school district to acquire a site for the classroom facilities to be acquired pursuant to sections 3318.01 to 3318.20 of the Revised Code, the district board may propose either to issue bonds of the board or to levy a tax to pay for the acquisition of such site, and may combine the question of doing so with the questions specified in division (B) of this section. Bonds issued under this division for the purpose of acquiring a site are a general obligation of the school district and are Chapter 133. securities.

The form of that portion of the ballot to include the question of either issuing bonds or levying a tax for site acquisition purposes shall be one of the following:

(1) "Shall bonds be issued by the (here insert name of the school district) school district to pay costs of acquiring a site for classroom facilities under the State of Ohio Classroom Facilities Assistance Program in the principal amount of (here insert principal amount of the bond issue), to be repaid annually over a maximum period of (here insert maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue (here insert number of mills)

mills for each one dollar of tax valuation, which amount to (here insert rate expressed in cents or dollars and cents, such as "thirty-six cents" or "\$0.36") for each one hundred dollars of valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill limitation be made for the benefit of the (here insert name of the school district) school district for the purpose of acquiring a site for classroom facilities in the sum of (here insert annual amount the levy is to produce) estimated by the county auditor to average (here insert number of mills) mills for each one hundred dollars of valuation, for a period of (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the

proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio school facilities commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including ~~any bonds previously authorized by the district's electors as described in section 3318.033 of the Revised Code and~~ any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes.

Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general ongoing permanent or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or

part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, either of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax ~~of at least two mills for each dollar of valuation~~ for general ongoing permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the basic project cost as approved by the controlling board pursuant to either

section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise for and receive construction bids for the project, for and on behalf of the commission, and to award contracts in the name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school district's project account upon issuance by the commission or the commission's designated representative of vouchers for work done to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R)(1) For all school districts except a district undertaking a project under section 3318.38 of the Revised Code or a joint vocational school district undertaking a project under sections 3318.40 to 3318.45 of the Revised Code, provision that all state funds reserved and encumbered to pay the state share of the cost of the project pursuant to section 3318.03 of the Revised Code be spent on the construction or acquisition of the project prior to the expenditure of any funds provided by the school district to pay for its share of the project cost, unless the school district certifies to the commission that expenditure by the school district is necessary to maintain the tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, in which cases, the school

district may commit to spend, or spend, a portion of the funds it provides;

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) Provision stipulating that for continued release of project funds the school district board shall comply with section 3313.41 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) Provision that the commission shall not approve a contract for demolition of a facility until the school district board has complied with section 3313.41 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project.

Sec. 3318.30. (A) There is hereby created the Ohio school facilities commission. The commission shall administer the provision of financial assistance to school districts for the acquisition or construction of classroom facilities in accordance with sections 3318.01 to 3318.33 of the Revised Code.

The commission is a body corporate and politic, an agency of state government and an instrumentality of the state, performing essential

governmental functions of this state. The carrying out of the purposes and the exercise by the commission of its powers conferred by sections 3318.01 to 3318.33 of the Revised Code are essential public functions and public purposes of the state. The commission may, in its own name, sue and be sued, enter into contracts, and perform all the powers and duties given to it by sections 3318.01 to 3318.33 of the Revised Code, but it does not have and shall not exercise the power of eminent domain. In its discretion and as it determines appropriate, the commission may delegate to any of its members, executive director, or other employees any of the commission's powers and duties to carry out its functions.

(B) The commission shall consist of seven members, three of whom are voting members. The voting members of the commission shall be the director of the office of budget and management, the director of administrative services, and the superintendent of public instruction, or their designees. Of the nonvoting members, two shall be members of the senate appointed by the president of the senate, and two shall be members of the house of representatives appointed by the speaker of the house. Each of the appointees of the president, and each of the appointees of the speaker, shall be members of different political parties.

Nonvoting members shall serve as members of the commission during the legislative biennium for which they are appointed, except that any such member who ceases to be a member of the legislative house from which the member was appointed shall cease to be a member of the commission. Each nonvoting member shall be appointed within thirty-one days of the end of the term of that member's predecessor. Such members may be reappointed. Vacancies of nonvoting members shall be filled in the manner provided for original appointments.

Members of the commission shall serve without compensation.

After the initial nonvoting members of the commission have been appointed, the commission shall meet and organize by electing voting members as the chairperson and vice-chairperson of the commission, who shall hold their offices until the next organizational meeting of the commission. Organizational meetings of the commission shall be held at the first meeting of each calendar year. At each organizational meeting, the commission shall elect from among its voting members a chairperson and vice-chairperson, who shall serve until the next annual organizational meeting. The commission shall adopt rules pursuant to section 111.15 of the Revised Code for the conduct of its internal business and shall keep a journal of its proceedings. Including the organizational meeting, the commission shall meet at least once each calendar quarter.

Two voting members of the commission constitute a quorum, and the affirmative vote of two members is necessary for approval of any action taken by the commission. A vacancy in the membership of the commission does not impair a quorum from exercising all the rights and performing all the duties of the commission. Meetings of the commission may be held anywhere in the state and shall be held in compliance with section 121.22 of the Revised Code.

(C) The commission shall file an annual report of its activities and finances with the governor, speaker of the house of representatives, president of the senate, and chairpersons of the house and senate finance committees.

(D) The commission shall be exempt from the requirements of sections 101.82 to 101.87 of the Revised Code.

Sec. 3318.31. (A) The Ohio school facilities commission may perform any act and ensure the performance of any function necessary or appropriate to carry out the purposes of, and exercise the powers granted under, Chapter 3318. of the Revised Code, including any of the following:

(1) Adopt, amend, and rescind, pursuant to section 111.15 of the Revised Code, rules for the administration of programs authorized under Chapter 3318. of the Revised Code.

(2) Contract with, retain the services of, or designate, and fix the compensation of, such agents, accountants, consultants, advisers, and other independent contractors as may be necessary or desirable to carry out the programs authorized under Chapter 3318. of the Revised Code, or authorize the executive director to perform such powers and duties.

(3) Receive and accept any gifts, grants, donations, and pledges, and receipts therefrom, to be used for the programs authorized under Chapter 3318. of the Revised Code.

(4) Make and enter into all contracts, commitments, and agreements, and execute all instruments, necessary or incidental to the performance of its duties and the execution of its rights and powers under Chapter 3318. of the Revised Code, or authorize the executive director to perform such powers and duties.

(B) The commission shall appoint and fix the compensation of an executive director who shall serve at the pleasure of the commission. The executive director shall supervise the operations of the commission and perform such other duties as delegated by the commission. The executive director also shall employ and fix the compensation of such employees as will facilitate the activities and purposes of the commission, who shall serve at the pleasure of the executive director. The employees of the commission

shall be exempt from Chapter 4117. of the Revised Code and shall not be public employees as defined in section 4117.01 of the Revised Code.

(C) The attorney general shall serve as the legal representative for the commission and may appoint other counsel as necessary for that purpose in accordance with section 109.07 of the Revised Code.

Sec. 3318.37. (A)(1) As used in this section:

(3) School districts that participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code may receive assistance under the program established under this section only if the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio school facilities commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio school facilities commission may set aside from the moneys annually appropriated to it for

classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts ~~that believe they have an exceptional need for immediate classroom facilities~~ to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered ~~under section 3318.04 of the Revised Code.~~ However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised

Code.

Sec. 3318.41. (A)(1) The Ohio school facilities commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:

(a) The number of classroom facilities to be included in a project; ~~including classroom facilities authorized by a bond issued described in section 3318.033 of the Revised Code;~~ and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal bienniums from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal

biennium. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within one year following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and

encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) The state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3319.01. Except in an island school district, where the superintendent of an educational service center otherwise may serve as superintendent of the district and except as otherwise provided for any cooperative education school district pursuant to division (B)(2) of section 3311.52 or division (B)(3) of section 3311.521 of the Revised Code, the board of education in each school district and the governing board of each service center shall, at a regular or special meeting held not later than the first day of May of the calendar year in which the term of the superintendent expires, appoint a person possessed of the qualifications provided in this section to act as superintendent, for a term not longer than five years beginning the first day of August and ending on the thirty-first day of July. Such superintendent is, at the expiration of a current term of employment, deemed reemployed for a term of one year at the same salary plus any increments that may be authorized by the board, unless such board, on or before the first day of March of the year in which the contract of employment expires, either reemploys the superintendent for a succeeding term as provided in this section or gives to the superintendent written notice of its intention not to reemploy the superintendent. A superintendent may

not be transferred to any other position during the term of the superintendent's employment or reemployment except by mutual agreement by the superintendent and the board. If a vacancy occurs in the office of superintendent, the board shall appoint a superintendent for a term not to exceed five years from the next preceding first day of August.

~~Except as otherwise provided in this section, the employment or reemployment of a superintendent of a local school district shall be only upon the recommendation of the service center superintendent, except that a local board of education, by a three-fourths vote of its full membership, may, after considering two nominations for the position of local superintendent made by the service center superintendent, employ or reemploy a person not so nominated for such position.~~

A board may at any regular or special meeting held during the period beginning on the first day of January of the calendar year immediately preceding the year the contract of employment of a superintendent expires and ending on the first day of March of the year it expires, reemploy such superintendent for a succeeding term for not longer than five years, beginning on the first day of August immediately following the expiration of the superintendent's current term of employment and ending on the thirty-first day of July of the year in which such succeeding term expires. No person shall be appointed to the office of superintendent of a city, or exempted village school district or a service center who does not hold a license designated for being a superintendent issued under section 3319.22 of the Revised Code, unless such person had been employed as a county, city, or exempted village superintendent prior to August 1, 1939. No person shall be appointed to the office of local superintendent who does not hold a license designated for being a superintendent issued under section 3319.22 of the Revised Code, unless such person held or was qualified to hold the position of executive head of a local school district on September 16, 1957. At the time of making such appointment or designation of term, such board shall fix the compensation of the superintendent, which may be increased or decreased during such term, provided such decrease is a part of a uniform plan affecting salaries of all employees of the district, and shall execute a written contract of employment with such superintendent.

Each board shall adopt procedures for the evaluation of its superintendent and shall evaluate its superintendent in accordance with those procedures. An evaluation based upon such procedures shall be considered by the board in deciding whether to renew the superintendent's contract. The establishment of an evaluation procedure shall not create an expectancy of continued employment. Nothing in this section shall prevent a

board from making the final determination regarding the renewal or failure to renew of a superintendent's contract.

Termination of a superintendent's contract shall be pursuant to section 3319.16 of the Revised Code.

A board may establish vacation leave for its superintendent. Upon the superintendent's separation from employment a board that has such leave may provide compensation at the superintendent's current rate of pay for all lawfully accrued and unused vacation leave to the superintendent's credit at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of a superintendent, such unused vacation leave as the board would have paid to this superintendent upon separation shall be paid in accordance with section 2113.04 of the Revised Code, or to the superintendent's estate.

The superintendent shall be the executive officer for the board. ~~Except as otherwise provided in this section for local school districts, the~~ The superintendent shall direct and assign teachers and other employees of the district or service center, except as provided in section 3319.04 of the Revised Code; assign the pupils to the proper schools and grades, provided that the assignment of a pupil to a school outside of the pupil's district of residence is approved by the board of the district of residence of such pupil; and perform such other duties as the board determines. ~~The service center superintendent shall exercise the responsibilities of this section with regard to the assignment of pupils and teachers for local school districts under the supervision of the service center, except that the board of education of a local school district and the governing board of the educational service center of which the local district is a part may enter into an agreement requiring the local superintendent, instead of the superintendent of the educational service center, to exercise the responsibilities of this section with regard to the assignment of pupils and teachers for the local school district.~~

The board of education of any school district may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for the superintendent position authorized under this section.

Sec. 3319.02. (A)(1) As used in this section, "other administrator" means ~~either~~ any of the following:

(a) Except as provided in division (A)(2) of this section, any employee in a position for which a board of education requires a license designated by rule of the department of education for being an administrator issued under section 3319.22 of the Revised Code, including a professional pupil services

employee or administrative specialist or an equivalent of either one who is not employed as a school counselor and spends less than fifty per cent of the time employed teaching or working with students;

(b) Any nonlicensed employee whose job duties enable such employee to be considered as either a "supervisor" or a "management level employee," as defined in section 4117.01 of the Revised Code;

(c) A business manager appointed under section 3319.03 of the Revised Code.

(2) As used in this section, "other administrator" does not include a superintendent, assistant superintendent, principal, or assistant principal.

(B) The board of education of each school district and the governing board of an educational service center may appoint one or more assistant superintendents and such other administrators as are necessary. An assistant educational service center superintendent or service center supervisor employed on a part-time basis may also be employed by a local board as a teacher. The board of each city, exempted village, and local school district shall employ principals for all high schools and for such other schools as the board designates, and those boards may appoint assistant principals for any school that they designate.

(C) In educational service centers and in city and, exempted village, and local school districts, assistant superintendents, principals, assistant principals, and other administrators shall only be employed or reemployed in accordance with nominations of the superintendent, except that a city or exempted village board of education of a school district or the governing board of a service center, by a three-fourths vote of its full membership, may reemploy any assistant superintendent, principal, assistant principal, or other administrator whom the superintendent refuses to nominate. In local school districts, assistant superintendents, principals, assistant principals, and other administrators shall only be employed or reemployed in accordance with nominations of the superintendent of the service center of which the local district is a part, except that a local board of education, by a three-fourths vote of its full membership, may reemploy any assistant superintendent, principal, assistant principal, or other administrator whom such superintendent refuses to nominate.

The board of education or governing board shall execute a written contract of employment with each assistant superintendent, principal, assistant principal, and other administrator it employs or reemploys. The term of such contract shall not exceed three years except that in the case of a person who has been employed as an assistant superintendent, principal, assistant principal, or other administrator in the district or center for three

years or more, the term of the contract shall be for not more than five years and, unless the superintendent of the district recommends otherwise, not less than two years. If the superintendent so recommends, the term of the contract of a person who has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more may be one year, but all subsequent contracts granted such person shall be for a term of not less than two years and not more than five years. When a teacher with continuing service status becomes an assistant superintendent, principal, assistant principal, or other administrator with the district or service center with which the teacher holds continuing service status, the teacher retains such status in the teacher's nonadministrative position as provided in sections 3319.08 and 3319.09 of the Revised Code.

A board of education or governing board may reemploy an assistant superintendent, principal, assistant principal, or other administrator at any regular or special meeting held during the period beginning on the first day of January of the calendar year immediately preceding the year of expiration of the employment contract and ending on the last day of March of the year the employment contract expires.

Except by mutual agreement of the parties thereto, no assistant superintendent, principal, assistant principal, or other administrator shall be transferred during the life of a contract to a position of lesser responsibility. No contract may be terminated by a board except pursuant to section 3319.16 of the Revised Code. No contract may be suspended except pursuant to section 3319.17 or 3319.171 of the Revised Code. The salaries and compensation prescribed by such contracts shall not be reduced by a board unless such reduction is a part of a uniform plan affecting the entire district or center. The contract shall specify the employee's administrative position and duties as included in the job description adopted under division (D) of this section, the salary and other compensation to be paid for performance of duties, the number of days to be worked, the number of days of vacation leave, if any, and any paid holidays in the contractual year.

An assistant superintendent, principal, assistant principal, or other administrator is, at the expiration of the current term of employment, deemed reemployed at the same salary plus any increments that may be authorized by the board, unless such employee notifies the board in writing to the contrary on or before the first day of June, or unless such board, on or before the last day of March of the year in which the contract of employment expires, either reemploys such employee for a succeeding term or gives written notice of its intention not to reemploy the employee. The

term of reemployment of a person reemployed under this paragraph shall be one year, except that if such person has been employed by the school district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the term of reemployment shall be two years.

(D)(1) Each board shall adopt procedures for the evaluation of all assistant superintendents, principals, assistant principals, and other administrators and shall evaluate such employees in accordance with those procedures. The evaluation based upon such procedures shall be considered by the board in deciding whether to renew the contract of employment of an assistant superintendent, principal, assistant principal, or other administrator.

(2) The evaluation shall measure each assistant superintendent's, principal's, assistant principal's, and other administrator's effectiveness in performing the duties included in the job description and the evaluation procedures shall provide for, but not be limited to, the following:

(a) Each assistant superintendent, principal, assistant principal, and other administrator shall be evaluated annually through a written evaluation process.

(b) The evaluation shall be conducted by the superintendent or designee.

(c) In order to provide time to show progress in correcting the deficiencies identified in the evaluation process, the evaluation process shall be completed as follows:

(i) In any school year that the employee's contract of employment is not due to expire, at least one evaluation shall be completed in that year. A written copy of the evaluation shall be provided to the employee no later than the end of the employee's contract year as defined by the employee's annual salary notice.

(ii) In any school year that the employee's contract of employment is due to expire, at least a preliminary evaluation and at least a final evaluation shall be completed in that year. A written copy of the preliminary evaluation shall be provided to the employee at least sixty days prior to any action by the board on the employee's contract of employment. The final evaluation shall indicate the superintendent's intended recommendation to the board regarding a contract of employment for the employee. A written copy of the evaluation shall be provided to the employee at least five days prior to the board's acting to renew or not renew the contract.

(3) Termination of an assistant superintendent, principal, assistant principal, or other administrator's contract shall be pursuant to section 3319.16 of the Revised Code. Suspension of any such employee shall be pursuant to section 3319.17 or 3319.171 of the Revised Code.

(4) Before taking action to renew or nonrenew the contract of an assistant superintendent, principal, assistant principal, or other administrator under this section and prior to the last day of March of the year in which such employee's contract expires, the board shall notify each such employee of the date that the contract expires and that the employee may request a meeting with the board. Upon request by such an employee, the board shall grant the employee a meeting in executive session. In that meeting, the board shall discuss its reasons for considering renewal or nonrenewal of the contract. The employee shall be permitted to have a representative, chosen by the employee, present at the meeting.

(5) The establishment of an evaluation procedure shall not create an expectancy of continued employment. Nothing in division (D) of this section shall prevent a board from making the final determination regarding the renewal or nonrenewal of the contract of any assistant superintendent, principal, assistant principal, or other administrator. However, if a board fails to provide evaluations pursuant to division (D)(2)(c)(i) or (ii) of this section, or if the board fails to provide at the request of the employee a meeting as prescribed in division (D)(4) of this section, the employee automatically shall be reemployed at the same salary plus any increments that may be authorized by the board for a period of one year, except that if the employee has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the period of reemployment shall be for two years.

(E) On nomination of the superintendent of a service center a governing board may employ supervisors who shall be employed under written contracts of employment for terms not to exceed five years each. Such contracts may be terminated by a governing board pursuant to section 3319.16 of the Revised Code. Any supervisor employed pursuant to this division may terminate the contract of employment at the end of any school year after giving the board at least thirty days' written notice prior to such termination. On the recommendation of the superintendent the contract or contracts of any supervisor employed pursuant to this division may be suspended for the remainder of the term of any such contract pursuant to section 3319.17 or 3319.171 of the Revised Code.

(F) A board may establish vacation leave for any individuals employed under this section. Upon such an individual's separation from employment, a board that has such leave may compensate such an individual at the individual's current rate of pay for all lawfully accrued and unused vacation leave credited at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of an

individual employed under this section, such unused vacation leave as the board would have paid to the individual upon separation under this section shall be paid in accordance with section 2113.04 of the Revised Code, or to the estate.

(G) The board of education of any school district may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for assistant superintendent, principal, assistant principal, and other administrator positions authorized under this section.

Sec. 3319.03. The board of education of each city, exempted village, and local school district may create the position of business manager. The board shall ~~elect~~ appoint such business manager who shall serve ~~for a term not to exceed four years unless earlier removed for cause pursuant to a contract in accordance with section 3319.02 of the Revised Code. A vacancy in this office shall be filled only for the unexpired term thereof.~~ In the discharge of all ~~his~~ official duties, the business manager may be directly responsible to the board, or to the superintendent of schools, as the board directs at the time of ~~election~~ appointment to the position. Where such business manager is responsible to the superintendent ~~he~~ the business manager shall be appointed by the superintendent and confirmed by the board.

No board of education shall ~~elect~~ appoint or confirm as business manager any person who does not hold a valid business manager's license issued under section 3301.074 of the Revised Code. If the business manager fails to maintain a valid license, ~~he~~ the business manager shall be removed by the board.

Sec. 3319.07. (A) The board of education of each city, exempted village, ~~and~~ local, and joint vocational school district shall employ the teachers of the public schools of their respective districts.

The governing board of each educational service center may employ special instruction teachers, special education teachers, and teachers of academic courses in which there are too few students in each of the constituent local school districts or in city or exempted village school districts entering into agreements pursuant to section 3313.843 of the Revised Code to warrant each district's employing teachers for those courses.

When any board makes appointments of teachers, the teachers in the employ of the board shall be considered before new teachers are chosen in their stead. In ~~city, exempted village, and joint vocational~~ all school districts and in service centers no teacher shall be employed unless such person is

nominated by the superintendent of such district or center. Such board, by a three-fourths vote of its full membership, may re-employ any teacher whom the superintendent refuses to appoint. ~~In local school districts, no teacher shall be employed, except as provided in division (B) of this section, unless nominated by the superintendent of the service center of which such local school district is a part; by a majority vote of the full membership of such board, the board of education of any local school district may, after considering two nominations for any position made by the service center superintendent, reemploy a person not so nominated for such position.~~

(B) ~~The board of education of a local any school district and the board of education of the county school district of which the local district is a part may enter into an agreement authorizing the superintendent of the local district, in lieu of the superintendent of the county district, to make nominations under this section for the employment of teachers in the local district. While such an agreement is in effect the board of education of the local district shall not employ any teacher unless the person is nominated by the superintendent of the district except that, by a three-fourths vote of its full membership, it may re-employ any teacher whom the superintendent refuses to nominate~~ may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for teacher positions.

Sec. 3319.19. (A) Except as provided in division (D) of this section or division (A)(2) of section 3313.37 of the Revised Code, upon request, the board of county commissioners shall provide and equip offices in the county for the use of the superintendent of an educational service center, and shall provide heat, light, water, and janitorial services for such offices. Such offices shall be the permanent headquarters of the superintendent and shall be used by the governing board of the service center when it is in session. Except as provided in division (B) of this section, such offices shall be located in the county seat or, upon the approval of the governing board, may be located outside of the county seat.

(B) In the case of a service center formed under section 3311.053 or 3311.059 of the Revised Code, the governing board shall designate the site of its offices. Except as provided in division (D) of this section or division (A)(2) of section 3313.37 of the Revised Code, the board of county commissioners of the county in which the designated site is located shall provide and equip the offices as under division (A) of this section, but the costs of such offices and equipment shall be apportioned among the boards of county commissioners of all counties having any territory in the area under the control of the governing board, according to the proportion of

local school district pupils under the supervision of such board residing in the respective counties. Where there is a dispute as to the amount any board of county commissioners is required to pay, the probate judge of the county in which the greatest number of pupils under the supervision of the governing board reside shall apportion such costs among the boards of county commissioners and notify each such board of its share of the costs.

(C) ~~Not~~ As used in division (C) of this section, in the case of a building, facility, or office space that a board of county commissioners leases or rents, "actual cost per square foot" means all cost on a per square foot basis incurred by the board under the lease or rental agreement. In the case of a building, facility, or office space that the board owns in fee simple, "actual cost per square foot" means the fair rental value on a per square foot basis of the building, facility, or office space either as compared to a similarly situated building, facility, or office space in the general vicinity or as calculated under a formula that accounts for depreciation, amortization of improvements, and other reasonable factors, including, but not limited to, parking space and other amenities.

Not later than the thirty-first day of March of 2002, 2003, 2004, and 2005 a board of county commissioners required to provide or equip offices pursuant to division (A) or (B) of this section shall make a written estimate of the total cost it will incur for the ensuing fiscal year to provide and equip the offices and to provide heat, light, water, and janitorial services for such offices. The total estimate of cost shall include:

- (1) The total square feet of space to be utilized by the educational service center;
- (2) The total square feet of any common areas that should be reasonably allocated to the center and the methodology for making this allocation;
- (3) The actual cost per square foot for both the space utilized by and the common area allocated to the center;
- (4) An explanation of the methodology used to determine the actual cost per square foot ~~cost~~;
- (5) The estimated cost of providing heat, light, and water, including an explanation of how these costs were determined;
- (6) The estimated cost of providing janitorial services including an explanation of the methodology used to determine this cost;
- (7) Any other estimated costs that the board anticipates it will occur and a detailed explanation of the costs and the rationale used to determine such costs.

A copy of the total estimate of costs under this division shall be sent to the superintendent of the educational service center not later than the fifth

day of April. The superintendent shall review the total estimate and shall notify the board of county commissioners not later than twenty days after receipt of the estimate of either agreement with the estimate or any specific objections to the estimates and the reasons for the objections. If the superintendent agrees with the estimate, it shall become the final total estimate of cost. Failure of the superintendent to make objections to the estimate by the twentieth day after receipt of it shall be deemed to mean that the superintendent is in agreement with the estimate.

If the superintendent provides specific objections to the board of county commissioners, the board shall review the objections and may modify the original estimate and shall send a revised total estimate to the superintendent within ten days after the receipt of the superintendent's objections. The superintendent shall respond to the revised estimate within ten days after its receipt. If the superintendent agrees with it, it shall become the final total estimated cost. If the superintendent fails to respond within the required time, the superintendent shall be deemed to have agreed with the revised estimate. If the superintendent disagrees with the revised estimate, the superintendent shall send specific objections to the county commissioners.

If a superintendent has sent specific objections to the revised estimate within the required time, the probate judge of the county which has the greatest number of resident local school district pupils under the supervision of the educational service center shall determine the final estimated cost and certify this amount to the superintendent and the board of county commissioners prior to the first day of July.

(D)(1) A board of county commissioners shall be responsible for the following percentages of the final total estimated cost established by division (C) of this section:

- (a) Eighty per cent for fiscal year 2003;
- (b) Sixty per cent for fiscal year 2004;
- (c) Forty per cent for fiscal year 2005;
- (d) Twenty per cent for fiscal year 2006.

In fiscal years 2003, 2004, 2005, and 2006 the educational service center shall be responsible for the remainder of any costs in excess of the amounts specified in division (D)(1)(a),(b), ~~or (c)~~, or (d) of this section, as applicable, associated with the provision and equipment of offices for the educational service center and for provision of heat, light, water, and janitorial services for such offices, including any unanticipated or unexpected increases in the costs beyond the final estimated cost amount.

Beginning in fiscal year 2007, no board of county commissioners shall have any obligation to provide and equip offices for an educational service

center or to provide heat, light, water, or janitorial services for such offices.

(2) Nothing in this section shall prohibit the board of county commissioners and the governing board of an educational service center from entering into a contract for providing and equipping offices for the use of an educational service center and for providing heat, light, water, and janitorial services for such offices. The term of any such contract shall not exceed a period of four years and may be renewed for additional periods not to exceed four years. Any such contract shall supersede the provisions of division (D)(1) of this section and no educational service center may be charged, at any time, any additional amount for the county's provision of an office and equipment, heat, light, water, and janitorial services beyond the amount specified in such contract.

(3) No contract entered into under division (D)(2) of this section in any year prior to fiscal year 2007 between an educational service center formed under section 3311.053 or 3311.059 of the Revised Code and the board of county commissioners required to provide and equip its office pursuant to division (B) of this section shall take effect unless the boards of county commissioners of all other counties required to participate in the funding for such offices pursuant to division (B) of this section adopt resolutions approving the contract.

Sec. 3319.22. (A)(1) The state board of education shall adopt rules establishing the standards and requirements for obtaining temporary, associate, provisional, and professional educator licenses of any categories, types, and levels the board elects to provide. However, no educator license shall be required for teaching children two years old or younger.

(2) If the state board requires any examinations for educator licensure, the department of education shall provide the results of such examinations received by the department to the Ohio board of regents, in the manner and to the extent permitted by state and federal law.

(B) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

(1) Notwithstanding division (D) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, the effective date of any rules, or amendment or rescission of any rules, shall not be as prescribed in division (D) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date shall be the date prescribed by section 3319.23 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or rescind

emergency rules in division (F) of section 119.03 of the Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(C)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (C)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a district board shall remain in effect unless within thirty days prior to an anniversary of the date upon which the current committee structure was established, the board provides notice to all affected district employees that the committee structure is to be modified. Professional development committees may have a district-level or building-level scope of operations, and may be established with regard to particular grade or age levels for which an educator license is designated.

Each professional development committee shall consist of at least three classroom teachers employed by the district, one principal employed by the district, and one other employee of the district appointed by the district superintendent. For committees with a building-level scope, the teacher and principal members shall be assigned to that building, and the teacher members shall be elected by majority vote of the classroom teachers assigned to that building. For committees with a district-level scope, the teacher members shall be elected by majority vote of the classroom teachers of the district, and the principal member shall be elected by a majority vote of the principals of the district, unless there are two or fewer principals employed by the district, in which case the one or two principals employed shall serve on the committee. If a committee has a particular grade or age

level scope, the teacher members shall be licensed to teach such grade or age levels, and shall be elected by majority vote of the classroom teachers holding such a license and the principal shall be elected by all principals serving in buildings where any such teachers serve. The district superintendent shall appoint a replacement to fill any vacancy that occurs on a professional development committee, except in the case of vacancies among the elected classroom teacher members, which shall be filled by vote of the remaining members of the committee so selected.

Terms of office on professional development committees shall be prescribed by the district board establishing the committees. The conduct of elections for members of professional development committees shall be prescribed by the district board establishing the committees. A professional development committee may include additional members, except that the majority of members on each such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.

The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of

grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (C)(4) of this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(D)(1) The department of education, educational service centers, county boards of mental retardation and developmental disabilities, regional professional development centers, special education regional resource centers, college and university departments of education, head start programs, the Ohio SchoolNet commission, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

Local professional development committees established by county boards of mental retardation and developmental disabilities shall be structured in a manner comparable to the structures prescribed for school districts in divisions (C)(2) and (3) of this section, as shall the committees established by any other entity specified in division (D)(1) of this section that provides educational services by employing or contracting for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code. All other entities specified in division (D)(1) of this section shall structure their committees in accordance with guidelines which shall be issued by the state board.

(2) Any public agency that is not specified in division (D)(1) of this section but provides educational services and employs or contracts for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code may establish a local professional

development committee, subject to the approval of the department of education. The committee shall be structured in accordance with guidelines issued by the state board.

(D) For a full-time student enrolled in an eligible institution for a semester or quarter in addition to the portion of the academic year covered by a grant determined under division (C) of this section, the maximum grant amount shall be a percentage of the maximum prescribed in the applicable table of that division. The maximum grant for a fourth quarter shall be one-third of the maximum amount prescribed under that division. The maximum grant for a third semester shall be one-half of the maximum amount prescribed under that division.

(E) No grant shall be made to any student in a course of study in theology, religion, or other field of preparation for a religious profession unless such course of study leads to an accredited bachelor of arts, bachelor of science, associate of arts, or associate of science degree.

(F)(1) Except as provided in division (F)(2) of this section, no grant shall be made to any student for enrollment during a fiscal year in an institution with a cohort default rate determined by the United States secretary of education pursuant to the "Higher Education Amendments of 1986," 100 Stat. 1278, 1408, 20 U.S.C.A. 1085, as amended, as of the fifteenth day of June preceding the fiscal year, equal to or greater than thirty per cent for each of the preceding two fiscal years.

(2) Division (F)(1) of this section does not apply to the following:

(a) Any student enrolled in an institution that under the federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances the institution may continue to participate in federal financial aid programs. The board shall adopt rules requiring institutions to provide information regarding an appeal to the board.

(b) Any student who has previously received a grant under this section who meets all other requirements of this section.

(3) The board shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at an institution whose students lose eligibility for grants under division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

(G) Institutions of higher education that enroll students receiving instructional grants under this section shall report to the board all students who have received instructional grants but are no longer eligible for all or part of such grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The board shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

Sec. 3333.121. There is hereby established in the state treasury the instructional grant reconciliation fund, which shall consist of refunds of instructional grant payments made pursuant to section 3333.12 of the Revised Code. Revenues credited to the fund shall be used by the Ohio board of regents to pay to higher education institutions any outstanding obligations from the prior year owed for the Ohio instructional grant program that are identified through the annual reconciliation and financial audit. Any amount in the fund that is in excess of the amount certified to the director of budget and management by the board of regents as necessary to reconcile prior year payments under the program shall be transferred to the general revenue fund.

Sec. 3333.16. As used in this section "state institution of higher education" means an institution of higher education as defined in section 3345.12 of the Revised Code.

(A) By April 15, 2005, the Ohio board of regents shall do all of the following:

(1) Establish policies and procedures applicable to all state institutions of higher education that ensure that students can begin higher education at any state institution of higher education and transfer coursework and degrees to any other state institution of higher education without unnecessary duplication or institutional barriers. The purpose of this requirement is to allow students to attain their highest educational aspirations in the most efficient and effective manner for the students and the state. These policies and procedures shall require state institutions of higher education to make changes or modifications, as needed, to strengthen course content so as to ensure equivalency for that course at any state institution of higher education.

(2) Develop and implement a universal course equivalency classification system for state institutions of higher education so that the transfer of students and the transfer and articulation of equivalent courses or specified learning modules or units completed by students are not inhibited by inconsistent judgment about the application of transfer credits. Coursework completed within such a system at one state institution of higher education and transferred to another institution shall be applied to the student's degree objective in the same manner as equivalent coursework completed at the receiving institution.

(3) Develop a system of transfer policies that ensure that graduates with associate degrees which include completion of approved transfer modules shall be admitted to a state institution of higher education, shall be able to compete for admission to specific programs on the same basis as students native to the institution, and shall have priority over out-of-state associate degree graduates and transfer students. To assist a student in advising and transferring, all state institutions of higher education shall fully implement the course applicability system.

(4) Examine the feasibility of developing a transfer marketing agenda that includes materials and interactive technology to inform the citizens of Ohio about the availability of transfer options at state institutions of higher education and to encourage adults to return to colleges and universities for additional education;

(5) Study, in consultation with the state board of career colleges and schools, and in light of existing criteria and any other criteria developed by the articulation and transfer advisory council, the feasibility of credit recognition and transferability to state institutions of higher education for graduates who have received associate degrees from a career college or school with a certificate of registration from the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(B) By April 15, 2004, the board shall report to the general assembly on its progress in attaining completion of the actions prescribed in division (A) of this section.

(C) All provisions of the existing articulation and transfer policy developed by the board shall remain in effect except where amended by this act.

Sec. 3333.38. (A) As used in this section:

(1) "Institution of higher education" includes all of the following:

(a) A state institution of higher education, as defined in section 3345.011 of the Revised Code;

(b) A nonprofit institution issued a certificate of authorization by the

Ohio board of regents under Chapter 1713. of the Revised Code;

(c) A private institution exempt from regulation under Chapter 3332. of the Revised Code, as prescribed in section 3333.046 of the Revised Code;

(d) An institution of higher education with a certificate of registration from the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(2) "Student financial assistance supported by state funds" includes assistance granted under sections 3315.33, 3333.12, 3333.21, 3333.26, 3333.27, 3333.28, 3333.29, 3333.372, 5910.03, 5910.032, and 5919.34 of the Revised Code and any other post-secondary student financial assistance supported by state funds.

(B) An individual who is convicted of, pleads guilty to, or is adjudicated a delinquent child for one of the following violations shall be ineligible to receive any student financial assistance supported by state funds at an institution of higher education for two calendar years from the time the individual applies for assistance of that nature:

(1) A violation of section 2917.02 or 2917.03 of the Revised Code;

(2) A violation of section 2917.04 of the Revised Code that is a misdemeanor of the fourth degree and occurs within the proximate area where four or more others are acting in a course of conduct in violation of section 2917.11 of the Revised Code;

(3) A violation of section 2917.13 of the Revised Code that is a misdemeanor of the fourth or first degree and occurs within the proximate area where four or more others are acting in a course of conduct in violation of section 2917.11 of the Revised Code.

(C) If an individual is convicted of, pleads guilty to, or is adjudicated a delinquent child for committing a violation of section 2907.02 or 2907.03 of the Revised Code, and if the individual is enrolled in a state-supported institution of higher education, the institution in which the individual is enrolled shall immediately dismiss the individual. No state-supported institution of higher education shall admit an individual of that nature for one academic year after the individual applies for admission to a state-supported institution of higher education. This division does not limit or affect the ability of a state-supported institution of higher education to suspend or otherwise discipline its students.

Sec. 3353.11. There is hereby created in the state treasury the governmental television/telecommunications operating fund. The fund shall consist of money received from contract productions of the Ohio government telecommunications studio and shall be used for operations or equipment breakdowns related to the studio.
