(10) "Transfer agent" means a motion picture production 75
company or another person designated by such a company under 76
division (G) of this section. 77

(B) For the purpose of encouraging the development of a 78
strong capital base for motion picture productions in this state, 79
the director of development, on or after January 1, 2009, but 80
before January 1, 2014, may certify a motion picture produced by a 81
motion picture production company as a tax credit-eligible 82
production. In the case of a television series, the director may 83

certify the production of each episode of the series as a separate 84
tax credit-eligible production. If the director determines that 85
the production of two or more commercials or videos are related 86
parts of a distinct advertising, promotional, informational, or 87
entertainment series or undertaking, the director may certify the 88
productions as a single tax credit-eligible production for the 89
purpose of computing the credit amounts under division (D) of this 90
section. 91

The director of development shall not certify a motion 92
picture production as a tax credit-eligible production unless the 93
motion picture production company and a financially responsible 94
affiliate of the company formally agree to reimburse this state 95
for the amount of tax credits allowed and claimed under section 96
5747.66 of the Revised Code on the basis of expenditures that are 97
certified under division (H) of this section but thereafter are 98
determined not to qualify as eligible production expenditures. The 99
reimbursement shall be in a form and amount acceptable to the 100
director of development. For the purposes of this division, a 101
financially responsible affiliate of a motion picture production 102
company is a person related to the motion picture production 103
company by direct or indirect ownership or control of a majority 104
of the capital stock or other equity interests and that the 105
director of development determines to be financially capable of 106
reimbursing this state as required by this division. 107

(C) A motion picture production company shall apply for 108
certification of a motion picture as a tax credit-eligible 109
production on a form and in the manner prescribed by the director. 110
Every application shall include, at a minimum, all of the 111
following information: 112

(1) The name, address, and telephone number of the motion 113
picture production company; 114

(2) The name and telephone number of the company's contact 115

<u>person;</u>	116
<u>(3) A list of the scheduled first preproduction date through</u>	117
<u>the scheduled last production date in Ohio;</u>	118
<u>(4) The total production budget of the motion picture;</u>	119
<u>(5) The amount expended in this state by the company directly</u>	120
<u>for the production and the percentage that amount is of the total</u>	121
<u>production budget of the motion picture;</u>	122
<u>(6) The total percentage of principal photography of the</u>	123
<u>motion picture being shot in Ohio;</u>	124
<u>(7) The level of employment of cast and crew who reside in</u>	125
<u>Ohio;</u>	126
<u>(8) A synopsis of the script;</u>	127
<u>(9) A creative elements list that includes the names of the</u>	128
<u>principal cast and crew, and the producer and director.</u>	129
<u>(D) Upon application by a qualifying investor, the director</u>	130
<u>of development shall determine the qualifying investor's base</u>	131
<u>investment, and shall issue a tax credit certificate to the</u>	132
<u>qualifying investor. The director shall prescribe the form and</u>	133
<u>manner of the application; the information or documentation</u>	134
<u>required to be submitted with the application; and the form and</u>	135
<u>manner of issuing the certificate. The director shall assign a</u>	136
<u>unique identifying number to each tax credit certificate and shall</u>	137
<u>record the certificate in a register devised and maintained by the</u>	138
<u>director for that purpose. The certificate shall state the amount</u>	139
<u>of the qualifying investor's base investment and the total amount</u>	140
<u>of the credit allowed, which shall equal twenty-five per cent of</u>	141
<u>the qualifying investor's base investment. Not more than one</u>	142
<u>hundred million dollars in tax credit certificates may be issued</u>	143
<u>per year, and not more than twenty-five million dollars in tax</u>	144
<u>credit certificates may be issued per tax credit-eligible</u>	145

production. 146

The credit amount shall be determined under this division on 147
the basis of the base investment and on the basis of the eligible 148
production expenditures as finally determined under division (H) 149
of this section. Once the eligible production expenditures are 150
finally determined under that division, the credit amount is not 151
subject to adjustment unless the base investment amount is 152
adjusted or unless an error was committed in the computation of 153
the credit amount. 154

(E) If a qualifying investor is a pass-through entity as 155
defined in section 5733.04 of the Revised Code, the pass-through 156
entity may allocate the credit amount among persons with an equity 157
interest in the entity in any proportion or manner provided in the 158
partnership agreement or other governing instrument of the entity, 159
notwithstanding any application of the principles of section 704 160
of the Internal Revenue Code. Upon allocation, the persons to 161
which the credit is allocated become the certificate owners of 162
their respective allocated shares of the credit. The pass-through 163
entity shall certify to the transfer agent the allocated share 164
allocated to each such person and provide such information as is 165
necessary to allow the transfer agent to provide the statements 166
and certifications required under division (G) of this section. 167

(F) Any certificate owner may transfer to any other person 168
all or a portion of the credit amount owned by the certificate 169
owner. Upon transfer, the transferee becomes the certificate owner 170
of the credit amount transferred. The transferor shall notify the 171
transfer agent of each transfer made by the transferor in 172
accordance with rules prescribed by the director of development. 173
The rules shall require the transferor to provide to the transfer 174
agent the identity of the transferee and the unique identifying 175
number assigned to the tax credit certificate that corresponds 176
with the credit amount transferred. 177

(G) Each motion picture production company that has a motion picture production certified as a tax credit-eligible production shall designate itself or another person as the transfer agent for the purpose of providing the statements and certifications required under this division. Upon making the designation, the motion picture production company shall provide notice of the designation to each certificate owner of a certificate issued with respect to investments made in the company's motion picture production. Before claiming a credit under section 5747.66 of the Revised Code, a certificate owner shall request from the transfer agent a statement certifying the certificate owner's share of the credit amount, and the transfer agent shall provide the statement to the certificate owner. The statement shall be in a form prescribed by the director of development. The transfer agent also shall provide a statement to the tax commissioner showing the identity of the certificate owner and the certificate owner's share of the credit amount. The statement shall be in a form prescribed by the tax commissioner. A tax credit may not be claimed by a certificate owner unless the transfer agent issues the statement to the certificate owner. 178

(H) Each motion picture production company that has a motion picture production certified as a tax credit-eligible production shall engage, at the company's expense, an independent certified public accountant to examine the company's production expenditures to identify the expenditures that qualify as eligible production expenditures. The certified public accountant shall issue a report to the company and to the director of development certifying the company's eligible production expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible production expense. If the director disallows an expenditure, the director, not later than thirty days after receiving the report, shall issue a written notice to the 198

motion picture production company stating that the expenditure is 211
disallowed, the reason for the disallowance, and the manner in 212
which an appeal of the disallowance may be made. If the director 213
does not issue the notice within the prescribed time, the eligible 214
production expenditures certified by the certified public 215
accountant's report are conclusively determined to be the eligible 216
production expenditures on the basis of which base investments are 217
determined and the credit is allowed under section 5747.66 of the 218
Revised Code. 219

The company, not later than thirty days after issuance of the 220
notice, may appeal the disallowance by filing a notice of appeal 221
with the director. If a notice of appeal is properly and timely 222
filed, the director shall schedule a hearing on the appeal. The 223
company shall be given the opportunity to present evidence and 224
testimony at the hearing regarding the disallowed expenditures. 225
The hearing may be continued from time to time as necessary. On 226
the basis of evidence or testimony presented by the company, the 227
director, within thirty days after the conclusion of the hearing, 228
may revise or affirm the initial notice of disallowance of 229
expenditures and issue a final notice to the company stating the 230
revision or affirmation. The director's final notice is not 231
appealable. 232

(I)(1) No credit shall be allowed under section 5747.66 of 233
the Revised Code on the basis of any expenditure unless the 234
expenditure has been certified by a certified public accountant 235
under division (H) of this section and has not been disallowed by 236
the director of development under that division. 237

(2) A credit shall not be disallowed under section 5747.66 of 238
the Revised Code if, after the director of development issues the 239
final notice under division (H) of this section, it is discovered 240
that the credit is claimed on the basis of expenditures that do 241
not qualify as eligible production expenditures but that were 242

certified as eligible production expenditures by the certified 243
public accountant and not disallowed by the director. 244

(J) This state reserves the right to refuse the use of this 245
state's name in the credits of any tax credit-eligible motion 246
picture production. 247

(K) The director of development shall adopt rules for the 248
administration of this section, including rules governing the 249
criteria for determining whether a motion picture production is a 250
tax credit eligible production, which criteria shall be developed 251
by the director in consultation with the tax commissioner; 252
expenditures that qualify as eligible production expenditures; the 253
form and manner of certifications by transfer agents; 254
reimbursement requirements under division (B) of this section; and 255
the appeal procedure under division (H) of this section. The rules 256
shall be adopted under Chapter 119. of the Revised Code. 257

Sec. 5747.66. Any term used in this section has the same 258
meaning as in section 122.85 of the Revised Code. 259

A nonrefundable credit is allowed against the tax imposed by 260
section 5747.02 of the Revised Code for any individual who, on the 261
last day of the individual's taxable year, is the certificate 262
owner of a tax credit certificate issued under section 122.85 of 263
the Revised Code. If the individual is the qualifying investor, 264
the credit shall be claimed for the individual's taxable year that 265
includes the day the base investment was made. If the individual 266
is not the qualifying investor, the credit shall be claimed for 267
the individual's taxable year that includes the last day of the 268
qualifying investor's taxable year in which the qualifying 269
investor's base investment was made. The amount of the credit 270
shall equal the credit amount certified by the transfer agent 271
under division (G) of section 122.85 of the Revised Code. The 272
credit shall be claimed in the order required under section 273

5747.98 of the Revised Code. If the credit amount exceeds the tax 274
otherwise due under section 5747.02 of the Revised Code after 275
deducting all other credits in that order, the excess may be 276
carried forward for not more than ten taxable years following the 277
taxable year in which the credit is first claimed, and the amount 278
claimed in any year shall be deducted from the balance carried 279
forward to an ensuing year. 280

calculating the amount of tax due under section 5747.02 of the 282
Revised Code, a taxpayer shall claim any credits to which the 283
