(E)(1) As used in this division, "immediate relatives" are limited to spouses, children, parents, grandparents, siblings, and in-laws.

Each new start-up community school established under this chapter shall be under the direction of a governing authority which shall consist of a board of not less than five individuals.

(F)(1) A new start-up school that is established prior to August 15, 2003, in an urban school district that is not also a big-eight school district may continue to operate after that date and the contract between the school's governing authority and the school's sponsor may be renewed, as provided under this chapter, after that date, but no additional new start-up schools may be established in such a district unless the district is a challenged school district as defined in this section as it exists on and after that date.

(2) A community school that was established prior to June 29, 1999, and is located in a county contiguous to the pilot project area and in a school district that is not a challenged school district may continue to operate after that date, provided the school complies with all provisions of this chapter. The contract between the school's governing authority and the school's sponsor may be renewed, but no additional start-up community school may

be established in that district unless the district is a challenged school district.

(3) Any educational service center that, on June 30, 2007, sponsors a community school that is not located in a county within the territory of the service center or in a county contiguous to such county may continue to sponsor that community school on and after June 30, 2007, and may renew its contract with the school. However, the educational service center shall not enter into a contract with any additional community school, unless the school is located in a county within the territory of the service center or in a county contiguous to such county, or unless the governing board of the service center has entered into an agreement with the department authorizing the service center to sponsor a community school in any challenged school district in the state.

Sec. 5705.192. (A) For the purposes of this section only, "taxing authority" includes a township board of park commissioners appointed under section 511.18 of the Revised Code.

(B) A taxing authority may propose to replace an existing levy that the taxing authority is authorized to levy, regardless of the section of the Revised Code under which the authority is granted, except a school district emergency levy proposed pursuant to sections 5705.194 to 5705.197 of the Revised Code. The taxing authority may propose to replace the existing levy in its entirety at the rate at which it is authorized to be levied; may propose to replace a portion of the existing levy at a lesser rate; or may propose to replace the existing levy in its entirety and increase the rate at which it is levied. If the taxing authority proposes to replace an existing levy, the proposed levy shall be called a replacement levy and shall be so designated on the ballot. Except as otherwise provided in this division, a replacement levy shall be limited to the purpose of the existing levy, and shall appear separately on the ballot from, and shall not be conjoined with, the renewal of any other existing levy. In the case of an existing school district levy imposed under section 5705.21 of the Revised Code for the purpose specified in division (F) of section 5705.19 of the Revised Code, the replacement for that existing levy may be for the same purpose or for the purpose of general permanent improvements as defined in section 5705.21 of the Revised Code.

The resolution proposing a replacement levy shall specify the purpose of the levy; its proposed rate expressed in mills; whether the proposed rate is the same as the rate of the existing levy, a reduction, or an increase; the extent of any reduction or increase expressed in mills; the first calendar year in which the levy will be due; and the term of the levy, expressed in years

or, if applicable, that it will be levied for a continuing period of time.

The sections of the Revised Code governing the maximum rate and term of the existing levy, the contents of the resolution that proposed the levy, the adoption of the resolution, the arrangements for the submission of the question of the levy, and notice of the election also govern the respective provisions of the proposal to replace the existing levy, except as provided in divisions (B)(1) to (3) of this section:

(1) In the case of an existing school district levy imposed under section 5705.21 of the Revised Code for the purpose specified in division (F) of section 5705.19 of the Revised Code that is to be replaced by a levy for general permanent improvements, the maximum term of the replacement levy is not limited to the term of the existing levy and may be for a continuing period of time.

(2) The date on which the election is held shall be as follows:

(a) For the replacement of a levy with a fixed term of years, the date of the general election held during the last year the existing levy may be extended on the real and public utility property tax list and duplicate, or the date of any election held in the ensuing year;

(b) For the replacement of a levy imposed for a continuing period of time, the date of any election held in any year after the year the levy to be replaced is first approved by the electors, except that only one election on the question of replacing the levy may be held during any calendar year.

The failure by the electors to approve a proposal to replace a levy imposed for a continuing period of time does not terminate the existing continuing levy.

(3) In the case of an existing school district levy imposed under division (B) of section 5705.21, division (C) of section 5705.212, or division (J) of section 5705.218 of the Revised Code, the rates allocated to the ~~municipal~~ qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be increased, decreased, or remain the same.

(C) The form of the ballot at the election on the question of a replacement levy shall be as follows:

"A replacement of a tax for the benefit of ..... (name of subdivision or public library) for the purpose of ..... (the purpose stated in the resolution) at a rate not exceeding ..... mills for each one dollar of valuation, which amounts to ..... (rate expressed in dollars and cents) for each one hundred dollars in valuation, for ..... (number of years levy is to run, or that it will be levied for a continuous period of time)

	FOR THE TAX LEVY
	AGAINST THE TAX LEVY

"

If the replacement levy is proposed by a ~~municipal~~ qualifying school district to replace an existing tax levied under division (B) of section 5705.21, division (C)(1) of section 5705.212, or division (J) of section 5705.218 of the Revised Code, the form of the ballot shall be modified by adding, after the phrase "each one dollar of valuation," the following: "(of which ..... mills is to be allocated to partnering community schools)."

If the proposal is to replace an existing levy and increase the rate of the existing levy, the form of the ballot shall be changed by adding the words "..... mills of an existing levy and an increase of ..... mills, to constitute" after the words "a replacement of." If the proposal is to replace only a portion of an existing levy, the form of the ballot shall be changed by adding the words "a portion of an existing levy, being a reduction of ..... mills, to constitute" after the words "a replacement of." If the existing levy is imposed under division (B) of section 5705.21, division (C)(1) of section 5705.212, or division (J) of section 5705.218 of the Revised Code, the form of the ballot also shall state the portion of the total increased rate or of the total rate as reduced that is to be allocated to partnering community schools.

If the tax is to be placed on the tax list of the current tax year, the form of the ballot shall be modified by adding at the end of the form the phrase ", commencing in ..... (first year the replacement tax is to be levied), first due in calendar year ..... (first calendar year in which the tax shall be due)."

The question covered by the resolution shall be submitted as a separate proposition, but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers. More than one such question may be submitted at the same election.

(D) Two existing levies, or any portion of those levies, may be combined into one replacement levy, so long as both of the existing levies are for the same purpose and either both are due to expire the same year or both are for a continuing period of time. The question of combining all or portions of the two existing levies into the replacement levy shall appear as one ballot proposition before the electors. If the electors approve the ballot proposition, all or the stated portions of the two existing levies are replaced by one replacement levy.

(E) A levy approved in excess of the ten-mill limitation under this

section shall be certified to the tax commissioner. In the first year of a levy approved under this section, the levy shall be extended on the tax lists after the February settlement succeeding the election at which the levy was approved. If the levy is to be placed on the tax lists of the current year, as specified in the resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the taxing authority, which shall forthwith make the necessary levy and certify it to the county auditor, who shall extend it on the tax lists for collection. After the first year, the levy shall be included in the annual tax budget that is certified to the county budget commission.

If notes are authorized to be issued in anticipation of the proceeds of the existing levy, notes may be issued in anticipation of the proceeds of the replacement levy, and such issuance is subject to the terms and limitations governing the issuance of notes in anticipation of the proceeds of the existing levy.

(F) This section does not authorize a tax to be levied in any year after the year in which revenue is not needed for the purpose for which the tax is levied.

Sec. 5705.21. (A) At any time, the board of education of any city, local, exempted village, cooperative education, or joint vocational school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide an adequate amount for the necessary requirements of the school district, that it is necessary to levy a tax in excess of such limitation for one of the purposes specified in division (A), (D), (F), (H), or (DD) of section 5705.19 of the Revised Code, for general permanent improvements, for the purpose of operating a cultural center, or for the purpose of providing education technology, and that the question of such additional tax levy shall be submitted to the electors of the school district at a special election on a day to be specified in the resolution. In the case of a qualifying library levy for the support of a library association or private corporation, the question shall be submitted to the electors of the association library district. If the resolution states that the levy is for the purpose of operating a cultural center, the ballot shall state that the levy is "for the purpose of operating the ..... (name of cultural center)."

As used in this division, "cultural center" means a freestanding building, separate from a public school building, that is open to the public for educational, musical, artistic, and cultural purposes; "education technology" means, but is not limited to, computer hardware, equipment, materials, and

accessories, equipment used for two-way audio or video, and software; and "general permanent improvements" means permanent improvements without regard to the limitation of division (F) of section 5705.19 of the Revised Code that the improvements be a specific improvement or a class of improvements that may be included in a single bond issue.

A resolution adopted under this division shall be confined to a single purpose and shall specify the amount of the increase in rate that it is necessary to levy, the purpose of the levy, and the number of years during which the increase in rate shall be in effect. The number of years may be any number not exceeding five or, if the levy is for current expenses of the district or for general permanent improvements, for a continuing period of time.

The number of years the tax may be levied may be any number not exceeding ten years, or for a continuing period of time.

The levy of a tax for the current expenses of a partnering community school under this section and the distribution of proceeds from the tax by a ~~municipal~~ qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

All income from the investment of money in the partnering community schools fund shall be credited to that fund.

~~Not more than forty-five days after~~ (a) If the ~~municipal~~ qualifying school district ~~receives and deposits each tax distribution~~ is a municipal school district, the board of education shall distribute the partnering community schools amount among the then qualifying community schools not more than forty-five days after the school district receives and deposits each tax distribution. From each tax distribution, each such partnering community school shall receive a portion of the partnering community schools amount in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date of receipt and deposit of the tax distribution. ~~For~~

(b) If the qualifying school district is not a municipal school district, the board of education may distribute all or a portion of the amount in the partnering community schools fund during a fiscal year to partnering community schools that were either sponsored by the district or entered into an agreement pursuant to division (B)(6)(b) of this section on or before the first day of June of the preceding fiscal year. Each such partnering community school shall receive a portion of the amount distributed by the board from the partnering community schools fund during the fiscal year in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date the school district received and deposited the most recent tax distribution. The board is not required to allocate to partnering community schools the entire partnering community schools amount in the fiscal year in which a tax distribution is received and deposited in the partnering community schools fund. The estimated allocation shall be published on the web site of the school district and

expressed as a dollar amount per resident student. The actual allocation to community schools in a fiscal year need not conform to the estimate published by the school district so long if the estimate was made in good faith.

Distributions by a school district under division (B)(3)(b) of this section shall be made in accordance with distribution agreements entered into by the board of education and each partnering community school eligible for distributions under this division. The distribution agreements shall be certified to the department of education each fiscal year before the thirtieth day of July. Each agreement shall provide for at least three distributions by the school district to the partnering community school during the fiscal year and shall require the initial distribution be made on or before the thirtieth day of July.

(c) For the purposes of ~~this~~ division (B) of this section, the number of resident students shall be the number of such students reported under section 3317.03 of the Revised Code and established by the department of education as of the date of receipt and deposit of the tax distribution.

(4) To the extent an agreement whereby the ~~municipal~~ qualifying school district and a community school endorse each other's programs is necessary for the community school to qualify as a partnering community school under division (B)(6)(b) of this section, the board of education of the school district shall certify to the department of education the agreement along with the determination that such agreement satisfies the requirements of that division. The board's determination is conclusive.

(5) For the purposes of Chapter 3317. of the Revised Code or other laws referring to the "taxes charged and payable" for a school district, the taxes charged and payable for a ~~municipal~~ qualifying school district that levies a tax under division (B) of this section includes only the taxes charged and payable under that levy for the current expenses of the school district, and does not include the taxes charged and payable for the current expenses of partnering community schools. The taxes charged and payable for the current expenses of partnering community schools shall not affect the calculation of "state education aid" as defined in section 5751.20 of the Revised Code.

(6) As used in division (B) of this section:

(a) "~~Municipal~~ Qualifying school district" ~~has the same meaning~~ means a municipal school district, as defined in section 3311.71 of the Revised Code or a school district that has an average daily membership, as reported under division (A) of section 3317.03 of the Revised Code, greater than sixty thousand and the majority of the territory of which district is located in

a city with a population greater than seven hundred thousand according to the most recent federal decennial census.

(b) "Partnering community school" means a community school established under Chapter 3314. of the Revised Code that is located within the territory of the ~~municipal~~ qualifying school district and that either is sponsored by the district or is a party to an agreement with the district whereby the district and the community school endorse each other's programs.

(c) "Partnering community schools amount" means the product obtained, as of the receipt and deposit of the tax distribution, by multiplying the amount of a tax distribution by a fraction, the numerator of which is the number of mills per dollar of taxable value of the property tax to be allocated to partnering community schools, and the denominator of which is the total number of mills per dollar of taxable value authorized by the electors in the election held under division (B) of this section, each as set forth in the resolution levying the tax.

(d) "Partnering community schools fund" means a separate fund established by the board of education of a ~~municipal~~ qualifying school district for the deposit of partnering community school amounts under this section.

(e) "Resident student" means a student enrolled in a partnering community school who is entitled to attend school in the ~~municipal~~ qualifying school district under section 3313.64 or 3313.65 of the Revised Code.

(f) "Tax distribution" means a distribution of proceeds of the tax authorized by division (B) of this section under section 321.24 of the Revised Code and distributions that are attributable to that tax under sections 323.156 and 4503.068 of the Revised Code or other applicable law.

(C) A resolution adopted under this section shall specify the date of holding the election, which shall not be earlier than ninety days after the adoption and certification of the resolution and which shall be consistent with the requirements of section 3501.01 of the Revised Code.

A resolution adopted under this section may propose to renew one or more existing levies imposed under division (A) or (B) of this section or to increase or decrease a single levy imposed under either such division.

If the board of education imposes one or more existing levies for the purpose specified in division (F) of section 5705.19 of the Revised Code, the resolution may propose to renew one or more of those existing levies, or to increase or decrease a single such existing levy, for the purpose of general permanent improvements.

If the resolution proposes to renew two or more existing levies, the levies shall be levied for the same purpose. The resolution shall identify those levies and the rates at which they are levied. The resolution also shall specify that the existing levies shall not be extended on the tax lists after the year preceding the year in which the renewal levy is first imposed, regardless of the years for which those levies originally were authorized to be levied.

If the resolution proposes to renew an existing levy imposed under division (B) of this section, the rates allocated to the ~~municipal~~ qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be increased, decreased, or remain the same. The resolution and notice of election shall specify the number of the mills to be levied for the current expenses of the partnering community schools and the number of the mills to be levied for the current expenses of the ~~municipal~~ qualifying school district.

A resolution adopted under this section shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passing be certified to the board of elections of the proper county in the manner provided by section 5705.25 of the Revised Code. That section shall govern the arrangements for the submission of such question and other matters concerning the election to which that section refers, including publication of notice of the election, except that the election shall be held on the date specified in the resolution. In the case of a resolution adopted under division (B) of this section, the publication of notice of that election shall state the number of the mills to be levied for the current expenses of partnering community schools and the number of the mills to be levied for the current expenses of the ~~municipal~~ qualifying school district. If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of education may make the necessary levy within the school district or, in the case of a qualifying library levy for the support of a library association or private corporation, within the association library district, at the additional rate, or at any lesser rate in excess of the ten-mill limitation on the tax list, for the purpose stated in the resolution. A levy for a continuing period of time may be reduced pursuant to section 5705.261 of the Revised Code. The tax levy shall be included in the next tax budget that is certified to the county budget commission.

(D)(1) After the approval of a levy on the current tax list and duplicate for current expenses, for recreational purposes, for community centers

provided for in section 755.16 of the Revised Code, or for a public library of the district under division (A) of this section, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy.

(2) After the approval of a levy for general permanent improvements for a specified number of years or for permanent improvements having the purpose specified in division (F) of section 5705.19 of the Revised Code, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy remaining to be collected in each year over a period of five years after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(3) After approval of a levy for general permanent improvements for a continuing period of time, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected in each year over a specified period of years, not exceeding ten, after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed ten years, and may have a principal payment in the year of their issuance.

(4) After the approval of a levy on the current tax list and duplicate under division (B) of this section, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of the levy proceeds to be allocated to partnering community schools under that division shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their

issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(E) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

Sec. 5705.212. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district, that it is necessary to levy not more than five taxes in excess of that limitation for current expenses, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. The board shall identify the taxes proposed under this section as follows: the first tax to be levied shall be called the "original tax." Each tax subsequently levied shall be called an "incremental tax." The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. The resolution also shall state that the question of these additional taxes shall be submitted to the electors of the school district at a special election. The resolution shall specify separately for each tax proposed: the amount of the increase in rate that it is necessary to levy, expressed separately for the original tax and each incremental tax; that the purpose of the levy is for current expenses; the number of years during which the original tax shall be in effect; a specification that the last year in which the original tax is in effect shall also be the last year in which each incremental tax shall be in effect; and the year in which each tax first is proposed to be levied. The original tax may be levied for any number of years not exceeding ten, or for a continuing period of time. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety days after the adoption and certification of the resolution and shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot as a renewal levy;

(b) The rate of the renewal tax, which shall be a single rate that combines the rate of the original tax and each incremental tax into a single rate. The rate of the renewal tax shall not exceed the aggregate rate of the

original and incremental taxes.

(c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;

(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the original tax may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code, and that division shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the taxes or a renewal tax, the board of education, if the original or a renewal tax is authorized to be levied for the current year, immediately may make the necessary levy within the school district at the authorized rate, or at any lesser rate in excess of the ten-mill limitation, for the purpose stated in the resolution. No tax shall be imposed prior to the year specified in the resolution as the year in which it is first proposed to be levied. The rate of the original tax and the rate of each incremental tax shall be cumulative, so that the aggregate rate levied in any year is the sum of the rates of both the original tax and all incremental taxes levied in or prior to that year under the same proposal. A tax levied for a continuing period of time under this section may be reduced pursuant to section 5705.261 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed

five years; and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.

(C)(1) The board of education of a ~~municipal~~ qualifying school district, at any time and by a vote of two-thirds of all its members, may declare by resolution that it is necessary to levy not more than five taxes in excess of the ten-mill limitation for the current expenses of the school district and of partnering community schools, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. The board shall identify the taxes proposed under this division in the same manner as in division (A)(1) of this section. The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. In addition to the specifications required of the resolution in division (A) of this section, the resolution shall state the number of the mills to be levied each year for the current expenses of the partnering community schools and the number of the mills to be levied each year for the current expenses of the school district. The number of mills for the current expenses of partnering community schools shall be the same for each of the incremental taxes, and the number of mills for the current expenses of the ~~municipal~~ qualifying school district shall be the same for each of the incremental taxes.

The levy of taxes for the current expenses of a partnering community school under division (C) of this section and the distribution of proceeds from the tax by a ~~municipal~~ qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (C)(1) of this section. In such a renewal levy, the rates allocated to the ~~municipal~~ qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be increased, decreased, or remain the same. In addition to the requirements of division (A)(2) of this section, the resolution shall state the number of the mills to be levied for the current

expenses of the partnering community schools and the number of the mills to be levied for the current expenses of the school district.

(3) A resolution adopted under division (C)(1) or (2) of this section is subject to the rules and procedures prescribed by division (A)(3) of this section.

(4) The proceeds of each tax levied under division (C)(1) or (2) of this section shall be credited and distributed in the manner prescribed by division (B)(3) of section 5705.21 of the Revised Code, and divisions (B)(4), (5), and (6) of that section apply to taxes levied under division (C) of this section.

(5) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied under division (C)(1) or (2) of this section, in the current or succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the ~~municipal~~ qualifying school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of levy proceeds to be allocated to partnering community schools shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years. The amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.

As used in division (C) of this section, "~~municipal~~ qualifying school district" and "partnering community schools" have the same meanings as in section 5705.21 of the Revised Code.

(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

Sec. 5705.218. (A) The board of education of a city, local, or exempted village school district, at any time by a vote of two-thirds of all its members, may declare by resolution that it may be necessary for the school district to issue general obligation bonds for permanent improvements. The resolution shall state all of the following:

(1) The necessity and purpose of the bond issue;

(2) The date of the special election at which the question shall be submitted to the electors;

(3) The amount, approximate date, estimated rate of interest, and maximum number of years over which the principal of the bonds may be paid;

(4) The necessity of levying a tax outside the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities.

The county auditor promptly shall estimate and certify to the board the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds, in the same manner as under division (C) of section 133.18 of the Revised Code.

(B) After receiving the county auditor's certification under division (A) of this section, the board of education of the city, local, or exempted village school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district; that it is necessary to issue general obligation bonds of the school district for permanent improvements and to levy an additional tax in excess of the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities; that it is necessary for a specified number of years or for a continuing period of time to levy additional taxes in excess of the ten-mill limitation to provide funds for the acquisition, construction, enlargement, renovation, and financing of permanent improvements or to pay for current operating expenses, or both; and that the question of the bonds and taxes shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The county auditor's estimate of the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds;

(2) The proposed rate of the tax, if any, for current operating expenses,

the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time;

(3) The proposed rate of the tax, if any, for permanent improvements, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time.

The resolution shall apportion the annual rate of the tax between current operating expenses and permanent improvements, if both taxes are proposed. The apportionment may but need not be the same for each year of the tax, but the respective portions of the rate actually levied each year for current operating expenses and permanent improvements shall be limited by the apportionment. The resolution shall go into immediate effect upon its passage, and no publication of it is necessary other than that provided in the notice of election. The board of education shall certify a copy of the resolution, along with copies of the auditor's estimate and its resolution under division (A) of this section, to the board of elections immediately after its adoption.

(C) The board of elections shall make the arrangements for the submission to the electors of the school district of the question proposed under division (B) or (J) of this section, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers. The resolution shall be put before the electors as one ballot question, with a favorable vote indicating approval of the bond issue, the levy to pay debt charges on the bonds and any anticipatory securities, the current operating expenses levy, the permanent improvements levy, and the levy for the current expenses of a ~~municipal~~ qualifying school district and of partnering community schools, as those levies may be proposed. The board of elections shall publish notice of the election in a newspaper of general circulation in the school district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If a board of elections operates and maintains a web site, that board also shall post notice of the election on its web site for thirty days prior to the election. If a majority of the electors voting on the question vote for it, the board of education may proceed with issuance of the bonds and with the levy and collection of the property tax or taxes at the additional rate or any lesser rate in excess of the ten-mill limitation. Any securities issued by the board of education under this section are Chapter 133. securities, as that term is defined in section 133.01 of the Revised Code.

(D) The question covered by a resolution adopted under section 5705.212 or 5705.213 of the Revised Code shall be submitted as a separate question, but may be printed on the same ballot with any other question submitted at the same election, other than the election of officers. More than one question may be submitted at the same election.

(E) Taxes voted in excess of the ten-mill limitation under division (B) or (C) of this section shall be certified to the tax commissioner. If an additional tax is to be placed upon the tax list of the current year, as specified in the

resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the board of education. The board of education immediately shall make the necessary levy and certify it to the county auditor, who shall extend it on the tax list for collection. After the first year, the levy shall be included in the annual tax budget that is certified to the county budget commission.

Sec. 5705.261. The question of decrease of an increased rate of levy approved for a continuing period of time by the voters of a subdivision or, in the case of a qualifying library levy, the voters of the library district or association library district, may be initiated by the filing of a petition with the board of elections of the proper county not less than ninety days before the general election in any year requesting that an election be held on such question. Such petition shall state the amount of the proposed decrease in the rate of levy and shall be signed by qualified electors residing in the subdivision, library district, or association library district equal in number to at least ten per cent of the total number of votes cast in the subdivision, library district, or association library district for the office of governor at the most recent general election for that office. Only one such petition may be filed during each five-year period following the election at which the voters approved the increased rate for a continuing period of time.

After determination by it that such petition is valid, the board of elections shall submit the question to the electors of the subdivision, library district, or association library district at the succeeding general election. The election shall be conducted, canvassed, and certified in the same manner as regular elections in such subdivision, library district, or association library district for county offices. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the purpose, the amount of the proposed decrease in rate, and the time and place of the election. The form of the ballot cast at such election shall be prescribed by the secretary of state. The question covered by such petition shall be submitted as a separate proposition but it may be printed on the same ballot with any other propositions submitted at the same election other than the election of officers. If a majority of the qualified electors voting on the question of a decrease at such election approve the proposed decrease in rate, the result of the election shall be certified immediately after the canvass by the board of elections to the appropriate taxing authority, which shall

thereupon, after the current year, cease to levy such increased rate or levy such tax at such reduced rate upon the duplicate of the subdivision, library district, or association library district. If notes have been issued in anticipation of the collection of such levy, the taxing authority shall continue to levy and collect under authority of the election authorizing the original levy such amounts as will be sufficient to pay the principal of and interest on such anticipation notes as the same fall due.

In the case of a levy for the current expenses of a ~~municipal~~ qualifying school district and of partnering community schools imposed under section 5705.192, division (B) of section 5705.21, division (C) of section 5705.212, or division (J) of section 5705.218 of the Revised Code for a continuing period of time, the rate allocated to the school district and to partnering community schools shall each be decreased by a number of mills per dollar that is proportionate to the decrease in the rate of the levy in proportion to the rate at which the levy was imposed before the decrease.

SECTION 2. That existing sections 3314.02, 5705.192, 5705.21, 5705.212, 5705.218, 5705.251, and 5705.261 of the Revised Code are hereby repealed.

SECTION 3. The board of education of a school district that, on the effective date of this section, has an average daily membership, as reported under division (A) of section 3317.03 of the Revised Code, greater than 60,000 and the majority of the territory of which is located in a city with a population greater than 700,000 according to the most recent federal decennial census, shall, by resolution adopted within thirty days after that effective date, submit to the electors of the school district the question of a levy for the purpose of paying the current expenses of the district and of partnering community schools, as defined in section 5709.21 of the Revised Code, as authorized under division (B) of section 5705.21, division (C) of section 5705.212, or division (J) of section 5705.218 of the Revised Code. The question shall be submitted to the electors of the school district at the next general or special election occurring at least ninety days after the effective date of this section.

SECTION 4. Sections 5705.21 and 5705.261 of the Revised Code are presented in this act as composites of the sections as amended by both Sub. H.B. 525 and Am. S.B. 321 of the 129th General Assembly. The General

Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composites are the resulting versions of the sections in effect prior to the effective date of the sections as presented in this act.

SECTION 5. This act is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, and safety. The reason for such necessity is to provide for timely creation of the position of independent auditor, authorization of revenue-sharing taxes, and new community sponsor authorization for a qualifying large urban school district. Therefore, this act shall go into immediate effect.
