

Quotes from Residents of Boyd's Kinsman Home during routine interviews with Social Worker, regularly asked if they want to continue living at Boyd's/feel safe at Boyd's/like their roommate, etc. These few also said they'd like the chance to go to talk to someone to help protect their Home.

Most do not read so they won't share this word for word, but if asked about their Home or where they want to live they will freely tell you:

Wally McNish- The staff help me do things I cannot do. I have a good job at Pitmark. I want to stay here & do not want to think about leaving, no way. They'll have to carry me outta here. No way.

Sam Steele - I was out on my own before & didn't like it because I couldn't make it. We are a family, we go on trips, go to church & if you sent me away I still would not make it. I do not want to leave Boyd's. I've been here a long time.

Arlene Evans- I have a lot of friends that are my family. I like my work at Pitmark. We got good cooks and nice teachers. I want to stay here. My home!

Donna Page- I feel Boyd's is my home & I don't want to live anywhere else. When my mom died she wanted all three of us sisters to live together. I lived in an apartment before & I had trouble living by myself. I couldn't keep up with laundry & dishes & cleaning. All three of us like it here.

Peggy Page- When I was home by myself I was lonely & scared & didn't have anyone to talk to. I feel safe here because I have staff looking after me. If I get sick in the middle of the night someone can help me. I love it here & do not want to move from here.

Lenny Doing- I enjoy it here and going places with my Boyd's family. I have a roommate & friends! I love the staff & they are here to help me.

Julie Rogers- I love my family here & I do not want to move out! I love Carlene & Mike (they are like mom & dad to me- I call them that). I love my roommates alot! I like the fun things we do together. I do not want to move out.

Allen Willaman- I am staying right here at Boyd's because I love it here. I love all my friends and my girlfriend. We go to movies and sports and have good cooks. I have been here 43 years and I am never leaving.

Dave Rowland's- Boyd's is a loving family & loving home. I love it here at Boyd's it's my home. I want to live with my family at Boyd's. I am safer here. It is beautiful and wonderful that you cannot take it away from me at all. I enjoy my roommates they are so kind. I love my family and friends here. I am not leaving.

They probably will say very similar things but won't read this exactly.
