February 18, 2015

Chairman Robert C. Cupp
Finance Subcommittee on Primary and Secondary Education

Dear Chairman Cupp and the Committee,

I met and worked with the Legislative Service Commission on the LSC Redbook that was submitted. I felt the Redbook offered an extensive look at our relatively young Commission, and felt I did not want to burden your Committee with additional reading.

Our Commission is asking for the same as the Executive Proposal. Our funding levels for the FY16 and FY17 budgets would remain the same as our FY15 appropriation. Our Commission is self-supporting and receives no monies from the General Fund.

Thank you for your consideration of the Ohio Manufactured Homes Commission's FY16 and FY17 budget request.

Most Sincerely,

Janet M. Williams
Executive Director
