

I am writing on behalf of the Lake Erie Marsh Association which consists of dozens of marsh owners and hundreds of marsh hunters in the western Lake Erie area. We wish to indicate our strong support for increasing the Non-resident fees for Non-resident hunting licenses and deer permits. These changes are long overdue in our opinion and more closely reflect the valuable resources we have in Ohio and brings us in line with neighboring states.

Thank you in advance for your support of this proposal and we stand ready to assist when called upon.

Regards,

Lee
