

Hello my name is Ryan, I like smartpath  
because it was easy to understand,  
I learned how to earn, save and spend money,  
It told me how to have plan and goals  
for my money,  
I want to do more work with smartpath.

Thank you from Ryan.

\$MATH+ Rath changed my life.

I already had job I didn't get paid a lot only 10.00 a month. I wanted this New video game and the movie the game cost 20\$ and the movie 15 cost 15 dollars when you put them together you get 35\$ then I got another job. I was shuffling my my paper when I got the game me 15\$. Then I got another job taking my neighbors trash up and down and he gave me \$15. I almost have enough money for 2 things I wanted and then my Nana paid me \$10. I used half of the \$10 for the video game. I was lucky to keep \$5 after buying the two things.
