safely and properly. 121

(F) Instead of requiring a commercial applicator or 122

in accordance with criteria established by rule, the commercial 125
applicator or private applicator to participate in training 126
programs that are designed to foster knowledge of new technology 127
and to ensure a continuing level of competence and ability to 128
use pesticides safely and properly. The director or the 129
director's representative may provide the training or may 130

animals of their kind; and other animals as defined by rule by 159
the director. 160

~~(E)~~ (F) "Foreign animal disease" means a contagious or 161
infectious disease that is not present in United States domestic 162

(B) No person shall fail to comply with the rules adopted by the director under division (A) of this section.

Sec. 941.04. (A) Whenever the director of agriculture or 191
~~his~~ the director's authorized representative reasonably suspects 192
that any premises or means of conveyance contains an animal that 193
is infected with or has been exposed to a dangerously contagious 194
or infectious disease or a disease of concern or is adulterated 195
with a residue, ~~he~~ the director or the director's authorized 196
representative shall have free access to those premises or that 197
means of conveyance at any reasonable time. 198

(B) Whenever the director of agriculture or ~~his~~ the 199
director's authorized representative reasonably suspects that 200
any vehicle or means of conveyance traveling into or through the 201
state contains an animal, ~~he~~ the director or the director's 202
authorized representative shall have free access to the vehicle 203
or means of conveyance, including the right to stop ~~such~~ the 204
vehicle or conveyance transporting animals into or through the 205
state. The director or ~~his~~ the director's authorized 206
representative may examine any certificate of veterinary 207

conveyance for the purposes of verifying the presence or 212
existence of any animal for which a document is required by this 213
chapter or rules adopted under it and verifying lawful 214
possession or ownership of the animal. This division does not 215
apply to animals transported intrastate. 216

Within the parameters of the United States and Ohio 217
constitutions, any person who operates a vehicle or means of 218
conveyance upon a roadway in this state is deemed to have 219
consented to the inspection of the vehicle or conveyance and the 220
documents as described in this section. 221

(C) In the event the owner of the animal or the operator 222
of the vehicle or conveyance fails to present any document 223
required by this chapter and rules adopted under it, or if the 224
documents indicate or the director or ~~his~~ the director's 225
authorized representative reasonably suspects that an animal is 226
infected with or has been exposed to a dangerously contagious or 227
infectious disease or a disease of concern or is adulterated 228
with a residue, the director or ~~his~~ the director's authorized 229
representative shall seal the vehicle or conveyance. A seal 230
shall not be broken or removed from a vehicle or conveyance 231
within this state or any other state except by the director or 232

Once the vehicle or conveyance is sealed, its operator 236
shall choose a course of action to be taken under division (D) 237
of section 941.10 of the Revised Code. If the operator fails to 238
choose and the owner of the animal can be contacted, the owner 239
shall make the choice. If the owner cannot be contacted, the 240
director or ~~his~~ the director's authorized representative shall 241
make the choice. Any time that the director or ~~his~~ the 242
director's authorized representative determines that a course of 243
action under division (D) of section 941.10 of the Revised Code 244
is inappropriate, ~~he~~ the director or the director's authorized 245
representative may refuse to allow that course of action to be 246
taken or may limit it. The director or ~~his~~ the director's 247
authorized representative shall issue a permit designating and 248
requiring compliance with the course of action chosen under this 249
division. 250

If the director or ~~his~~ the director's authorized 251
representative reasonably suspects that an animal is stolen or 252

that the operator of the vehicle or conveyance is not in lawful possession of the animal, or while waiting for a search warrant to be issued under section 941.042 of the Revised Code, ~~he~~ the director or the director's authorized representative may detain or impound the vehicle or conveyance or detain the animal. If the director or ~~his~~ the director's authorized representative determines, during any detention or impoundment, that disposal of the animal is necessary, ~~he~~ the director or the director's authorized representative may provide for its disposal in accordance with section 941.043 of the Revised Code.

(D) The director or ~~his~~ the director's authorized representative, in performing ~~his~~ official duties under this section, may call on such law enforcement personnel and government officials as are necessary to ~~assist him~~ provide assistance. Sec. 941.06. (A) If any person has reason to suspect the existence of a dangerously contagious or infectious disease, a disease of concern, or a residue, ~~he~~ the person immediately shall give notice of that fact to the director of agriculture or to a licensed veterinarian.

(B) If a veterinarian receives notice of the existence or suspected existence of a dangerously contagious or infectious disease, a disease of concern, or a residue as provided in

division (A) of this section, ~~he~~ the veterinarian immediately 283
shall communicate that notice to the director. 284

(C) No person shall sell, attempt to sell, keep with 285
intent to sell, or otherwise transfer to another person an 286
animal that ~~he~~ the person knows, or has reason to know, is 287
infected with or exposed to any dangerously contagious or 288
infectious disease or a disease of concern or is adulterated 289
with a residue, except as otherwise provided in this chapter or 290
rules adopted under it. 291

(D) The offense established under division (C) of this 292
section is a strict liability offense and section 2901.20 of the 293
Revised Code does not apply. The designation of this offense as 294
a strict liability offense shall not be construed to imply that 295
any other offense, for which there is no specified degree of 296
culpability, is not a strict liability offense. 297

Sec. 941.07. (A) When the director of agriculture is 298
notified by any person of the possibility of the existence of a 299
dangerously contagious or infectious disease, a disease of 300
concern, or a residue, the director immediately shall order an 301
investigation to be made, ~~in~~. In order to conduct an 302
investigation, the director or ~~his~~ the director's designee may 303
quarantine the animal and, if ~~he~~ the director or the director's 304
designee considers it necessary, the geographic area in which 305
the animal was located immediately, so that ~~he~~ the director or 306
the director's designee is able to inspect, examine, and test 307
the animal and other animals within the geographic area. 308

(B) Except as otherwise provided in this chapter, if, as 309
the result of the investigation, an animal is found to be 310
infected with or exposed to a dangerously contagious or 311
infectious disease or a disease of concern or adulterated with a 312

residue, the director or ~~his~~ the director's authorized 313
representative may issue quarantine orders, without a prior 314
hearing, pursuant to this section in order to prevent 315
dangerously contagious or infectious diseases, diseases of 316
concern, or residues from affecting other animals in the state 317
or the public health. No person shall fail to comply with the 318
terms and conditions of the quarantine order. 319

(C) No animal or its means of conveyance shall be brought 320
to or removed from the premises or geographic area disclosed in 321
a quarantine order without written permission from the director 322
or ~~his~~ the director's authorized representative. 323

(D) The director, if possible, shall notify any person 324
owning or having custody of a quarantined animal either in 325
person or by certified mail, return receipt requested. Evidence 326

also may post the quarantine order at two conspicuous places on 329
the quarantined premises. 330

(E) A quarantine order shall contain all of the following 331
information: 332

custody of the quarantined animal, if known; 334

(2) A description of the quarantined animal; 335

(3) A description of the premises and means of conveyance 336
affected by the quarantine; 337

(4) The reason for the quarantine; 338

(5) The terms and conditions applicable to the quarantine; 339

(6) A notice to the effect that persons adversely affected 340

by the quarantine order may request a hearing to review the 341
order. 342

(F) A person adversely affected by a quarantine order, 343
within thirty days after the order is issued, may request in 344
writing a hearing in accordance with Chapter 119. of the Revised 345
Code. A request for a hearing does not stay a quarantine order. 346

(G) A quarantine order shall remain in effect until a 347
written notice of release is issued by the department of 348
agriculture, or until ordered to be removed after a hearing 349
under division (F) of this section. 350

(H) All necessary and proper expenses incurred by the 351
director in the quarantine of an animal shall be paid by the 352
state. However, such expenses shall not include the maintenance, 353
feeding, and quartering of the animal while in quarantine. 354

(I) A copy of the results of any tests or method of 355
detection for a dangerously contagious or infectious disease or 356
a disease of concern, conducted by a person authorized by the 357
department of agriculture, shall be admitted in any court as 358
prima-facie proof of ~~such those~~ results when ~~such the~~ results 359
are certified by the department or authorized person. 360

Sec. 941.09. (A) The director of agriculture may adopt and 361
enforce rules in accordance with Chapter 119. of the Revised 362
Code governing the identification of an animal tested for, 363
vaccinated against, or infected with a dangerously contagious or 364
infectious disease or a disease of concern or adulterated with a 365
residue and the importation, use, dispensation, and reporting of 366
the use of vaccines for mitigating dangerously contagious or 367
infectious diseases or diseases of concern or other treatments 368
for residues. 369

(B) No person shall remove, alter, or replace an 370
identification that is required by federal or state law and is 371
placed upon an animal by a person authorized by the director. 372

Sec. 941.10. (A) The director of agriculture may adopt and 373
enforce rules to govern the importation and movement of animals. 374

(B) Whenever the governor upon receipt of information from 375
the director believes that any condition or disease, including a 376
dangerously contagious or infectious disease or a disease of 377
concern present in any other state, territory, or country, may 378
endanger the health of livestock, animals, or persons of this 379
state, ~~he~~ the governor may prohibit or regulate by proclamation, 380
the importation from ~~such that~~ other state, territory, or 381
country, of animals of a kind that could carry that disease or 382
condition into this state. 383

(C) No person shall import, move, sell, or dispose of any 384
animal contrary to a proclamation issued by the governor under 385
division (B) of this section, without first obtaining written 386

any applicable federal or state law, the director or ~~his~~ the 389
director's authorized representative, without prior hearing, may 390
take whichever of the following courses of action regarding the 391

compliance; 395

(2) Order the animal returned to the point of origin; 396

(3) Order the animal moved to slaughter. 397

chapter, the director of agriculture, without prior hearing, may 399
order the destruction of any domestic or nondomestic animal 400
found to be adulterated with residues, infected with or exposed 401
to a dangerously contagious or infectious disease, infected with 402
or exposed to a disease of concern, or determined to endanger 403
the health or well-being of animal populations or public health 404
in the state. If the director determines that seizure and 405
destruction of a nondomestic animal is necessary, ~~he~~ the 406
director shall coordinate the seizure and destruction of that 407
animal with the department of natural resources. 408

(B) (1) No person shall fail to comply with the director's 409
order to destroy an animal found to be infected with or exposed 410
to a dangerously contagious or infectious disease or a disease 411
of concern or adulterated with residues. 412

(2) The offense established under division (B) (1) of this 413
section is a strict liability offense and section 2901.20 of the 414
Revised Code does not apply. The designation of this offense as 415
a strict liability offense shall not be construed to imply that 416
any other offense, for which there is no specified degree of 417
culpability, is not a strict liability offense. 418

(C) The director, if possible, shall notify any person 419
owning or having custody of an animal ordered destroyed, either 420
in person or by certified mail, return receipt requested, prior 421
