Section 253.410. For all of the foregoing appropriation items 953
from the Higher Education Improvement Fund (Fund 7034) that 954
require local funds to be contributed by any state-supported or 955

state-assisted institution of higher education, the Department of 956
Higher Education shall not recommend that any funds be released 957
until the recipient institution demonstrates to the Department of 958
Higher Education and the Office of Budget and Management that the 959
local funds contribution requirement has been secured or 960
satisfied. The local funds shall be in addition to the foregoing 961
appropriations. 962

Section 253.420. None of the foregoing capital improvement 963
appropriations for state-supported or state-assisted institutions 964
of higher education shall be expended until the particular 965
appropriation has been recommended for release by the Department 966
of Higher Education and released by the Director of Budget and 967
Management or the Controlling Board. Either the institution 968
concerned, or the Department of Higher Education with the 969
concurrence of the institution concerned, may initiate the request 970
to the Director of Budget and Management or the Controlling Board 971
for the release of the particular appropriations. 972

Section 253.430. (A) No capital improvement appropriations or 973
reappropriations made in this act from the Higher Education 974
Improvement Taxable Fund (Fund 7024) or the Higher Education 975
Improvement Fund (Fund 7034) shall be released for planning or for 976
improvement, renovation, construction, or acquisition of capital 977
facilities if the institution of higher education or the state 978
does not own the real property on which the capital facilities are 979
or will be located. This restriction does not apply in any of the 980
following circumstances: 981

(1) The institution has a long-term (at least twenty years) 982
lease of, or other interest (such as an easement) in, the real 983
property. 984

(2) The Department of Higher Education certifies to the 985

Controlling Board that undue delay will occur if planning does not 986
proceed while the property or property interest acquisition 987
process continues. In this case, funds may be released upon 988
approval of the Controlling Board to pay for planning through the 989
development of schematic drawings only. 990

(3) In the case of an appropriation or reappropriation for 991
capital facilities that, because of their unique nature or 992
location, will be owned or will be part of facilities owned by a 993
separate nonprofit organization or public body and made available 994
to the institution of higher education for its use, the nonprofit 995
organization or public body either owns or has a long-term (at 996
least twenty years) lease of the real property or other capital 997
facility to be improved, renovated, constructed, or acquired and 998
has entered into a joint or cooperative use agreement with the 999
institution of higher education that meets the requirements of 1000
division (C) of this section. 1001

(B) Any foregoing appropriations or reappropriations that 1002
require cooperation between a technical college and a branch 1003
campus of a university may be released by the Controlling Board 1004
upon recommendation by the Department of Higher Education that the 1005
facilities proposed by the institutions are: 1006

(1) The result of a joint planning effort by the university 1007
and the technical college, satisfactory to the Department of 1008
Higher Education; 1009

(2) Facilities that will meet the needs of the region in 1010
terms of technical and general education, taking into 1011
consideration the totality of facilities that will be available 1012
after the completion of the projects; 1013

(3) Planned to permit maximum joint use by the university and 1014
technical college of the totality of facilities that will be 1015
available upon their completion; and 1016

(4) To be located on or adjacent to the branch campus of the university. 1017
1018

(C) The Department of Higher Education shall adopt and maintain rules regarding the release of moneys from the foregoing appropriations for capital facilities for all state-supported or state-assisted institutions of higher education. In the case of capital facilities referred to in division (A)(3) of this section, the joint or cooperative use agreements shall include, as a minimum, provisions that: 1019
1020
1021
1022
1023
1024
1025

(1) Specify the extent and nature of that joint or cooperative use, extending for not fewer than twenty years, with the value of such use or right to use to be, as determined by the parties and approved by the Department of Higher Education, reasonably related to the amount of the appropriations; 1026
1027
1028
1029
1030

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use be terminated; 1031
1032

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including the provisions of this act; and 1033
1034
1035

(4) Provide for payment or reimbursement to the institution of its administrative costs incurred as a result of the facilities project, not to exceed 1.5 per cent of the appropriated amount. 1036
1037
1038

(D) Upon the recommendation of the Department of Higher Education, the Controlling Board may approve the transfer of appropriations for projects requiring cooperation between institutions from one institution to another institution, with the approval of both institutions. 1039
1040
1041
1042
1043

(E) Notwithstanding section 127.14 of the Revised Code, the Controlling Board, upon the recommendation of the Department of Higher Education, may transfer amounts appropriated to the Department of Higher Education to accounts of state-supported or 1044
1045
1046
1047

state-assisted institutions created for that same purpose. 1048

Section 253.440. The requirements of Chapters 123. and 153. 1049
of the Revised Code, with respect to the powers and duties of the 1050
Executive Director of the Ohio Facilities Construction Commission 1051
in the procedure for and award of contracts for capital 1052
improvement projects, and the requirements of section 127.16 of 1053
the Revised Code, with respect to the Controlling Board, do not 1054
apply to projects of community college districts and technical 1055
college districts. 1056

Section 253.450. Those institutions locally administering 1057
capital improvement projects pursuant to sections 3345.50 and 1058
3345.51 of the Revised Code may: 1059

(A) Establish charges for recovering costs directly related 1060
to project administration as defined by the Executive Director of 1061
the Ohio Facilities Construction Commission. The Ohio Facilities 1062
Construction Commission, in consultation with the Office of Budget 1063
and Management, shall review and approve these administrative 1064
charges when such charges are in excess of 1.5 per cent of the 1065
total construction budget, provided that total administrative 1066
charges paid by the state do not exceed four per cent of the 1067
state's contribution to the total construction budget. 1068

(B) Seek reimbursement from state capital appropriations to 1069
the institution for the in-house design services performed by the 1070
institution for such capital projects. Acceptable charges shall be 1071
limited to design document preparation work that is done by the 1072
institution. These reimbursable design costs shall be shown as 1073
"A/E fees" within the project's budget that is submitted to the 1074
Controlling Board or the Director of Budget and Management as part 1075
of a request for release of funds. The reimbursement for in-house 1076
design shall not exceed seven per cent of the estimated 1077

The Department of Youth Services shall comply with the 1552
guidelines set forth in this section, accept and review 1553
applications, designate projects, and determine the amount of 1554
state match funding to be applied to each project. The department 1555
shall, with the advice of the county or counties participating in 1556
a project, determine the funded design capacity of the detention 1557
centers that are designated to receive funding. Notwithstanding 1558
any provisions to the contrary contained in Chapter 152. or 153. 1559
of the Revised Code, the Department of Youth Services may 1560
coordinate, review, and monitor the drawdown and use of funds for 1561
the renovation and construction of projects for which designated 1562
funds are provided. 1563

(A) The Department of Youth Services shall develop a weighted 1564
numerical formula to determine the amount, if any, of state match 1565
that may be provided to a single or multicounty detention center 1566
project. The formula shall include the factors specified below in 1567
division (A)(1) of this section and may include the factors 1568
specified below in division (A)(2) of this section. The weight 1569
assigned to the factors specified in division (A)(1) of this 1570
section shall be not less than twice the weight assigned to 1571
factors specified in division (A)(2) of this section. 1572

(1)(a) The number of detention center beds needed in the 1573
county or group of counties, as estimated by the Department of 1574
Youth Services, is significantly more than the number of beds 1575

currently available. 1576

(b) Any existing detention center in the county or group of 1577
counties does not meet health, safety, or security standards for 1578
detention centers as established by the Department of Youth 1579
Services. 1580

(c) The Department of Youth Services projects that the county 1581
or group of counties have a need for a sufficient number of 1582
detention beds to make the project economically viable. 1583

(2)(a) The percentage of children in the county or group of 1584
counties living below the poverty level is above the state 1585
average. 1586

(b) The per capita income in the county or group of counties 1587
is below the state average. 1588

(B) The formula developed by the Department of Youth Services 1589
shall yield a percentage of state match ranging from zero to sixty 1590
per cent based on the above factors. The funding authorized under 1591
this section that may be applied to a construction or renovation 1592
project shall not exceed the actual cost of the project. 1593

The funding authorized under this section shall not be 1594
applied to any project unless the detention center will be built 1595
in compliance with health, safety, and security standards for 1596
detention centers as established by the Department of Youth 1597
Services. In addition, the funding authorized under this section 1598
shall not be applied to the renovation of a detention center 1599
unless the renovation is for the purpose of increasing the number 1600
of beds in the center, or to meet health, safety, or security 1601
standards for detention centers as established by the Department 1602
of Youth Services. 1603

CORRECTIVE ACTION PROGRAM GRANTS 1755

The foregoing appropriation item C23011, Corrective Action 1756
Program Grants, may be used to provide funding to bring facilities 1757
up to Ohio School Design Manual standards for a project funded 1758
pursuant to sections 3318.01 to 3318.20 or 3318.40 to 3318.45 of 1759
the Revised Code for the correction of work that is found after 1760
occupancy of the facility to be defective, or to have been 1761
omitted. Funding shall only be provided for work if the impacted 1762
school district notifies the Executive Director of the Ohio School 1763
Facilities Commission within five years after occupancy of the 1764
facility for which the district seeks the funding. The Commission 1765
may provide funding assistance necessary to take corrective 1766
measures after evaluating defective or omitted work. If the work 1767
to be corrected or remediated is part of a project not yet 1768
completed, the Commission may amend the project agreement to 1769
increase the project budget and use corrective action funding to 1770
provide the state portion of the amendment. If the work to be 1771
corrected or remediated was part of a completed project and funds 1772
were retained or transferred pursuant to division (C) of section 1773
3318.12 of the Revised Code, the Commission may enter into a new 1774
agreement to address the necessary corrective action. The 1775
Commission shall assess responsibility for the defective or 1776
omitted work and seek cost recovery from responsible parties, if 1777
applicable. Any funds recovered shall be applied first to the 1778
district portion of the cost of the corrective action. Any 1779

remaining funds shall be applied to the state portion and 1780
deposited into the School Building Program Assistance Fund (Fund 1781
7032). 1782

HAZARDOUS SUBSTANCE ABATEMENT IN STATE FACILITIES 1783

The foregoing appropriation item C230E3, Hazardous Substance 1784
Abatement, shall be used to fund the removal of asbestos, PCB, 1785
radon gas, and other contamination hazards from state facilities. 1786

Prior to the release of funds for asbestos abatement, the 1787
Ohio Facilities Construction Commission shall review proposals 1788
from state agencies to use these funds for asbestos abatement 1789
projects based on criteria developed by the Ohio Facilities 1790
Construction Commission. Upon a determination by the Ohio 1791
Facilities Construction Commission that the requesting agency 1792
cannot fund the asbestos abatement project or other toxic 1793
materials removal through existing capital and operating 1794
appropriations, the Commission may request the release of funds 1795
for such projects by the Controlling Board. State agencies 1796
intending to fund asbestos abatement or other toxic materials 1797
removal through existing capital and operating appropriations 1798
shall notify the Executive Director of the Ohio Facilities 1799
Construction Commission of the nature and scope prior to 1800
commencing the project. 1801

Only agencies that have received appropriations for capital 1802
projects from the Administrative Building Fund (Fund 7026) are 1803
eligible to receive funding from this item. Public school 1804
districts are not eligible. 1805

ENERGY CONSERVATION PROJECT 1806

The foregoing appropriation item C23016, Energy Conservation 1807
Project, shall be used to perform energy conservation renovations, 1808
including the United States Environmental Protection Agency's 1809
Energy Star Program, in state-owned facilities. Prior to the 1810

release of funds for renovation, state agencies shall have 1811
performed a comprehensive energy audit for each project. The Ohio 1812
Facilities Construction Commission shall review and approve 1813
proposals from state agencies to use these funds for energy 1814
conservation. Public school districts and state-supported and 1815
state-assisted institutions of higher education are not eligible 1816
for funding from this item. 1817

IMPLEMENTATION OF AMERICANS WITH DISABILITIES ACT 1818

The foregoing appropriation item C230E4, Americans with 1819
Disabilities Act, shall be used to renovate state-owned facilities 1820
to provide access for physically disabled persons in accordance 1821
with Title II of the Americans with Disabilities Act. 1822

Prior to the release of funds for renovation, state agencies 1823
shall perform self-evaluations of state-owned facilities 1824
identifying barriers to access to service. State agencies shall 1825
prioritize access barriers and develop a transition plan for the 1826
removal of these barriers. The Ohio Facilities Construction 1827
Commission shall review proposals from state agencies to use these 1828
funds for Americans with Disabilities Act renovations. 1829

Only agencies that have received appropriations for capital 1830
projects from the Administrative Building Fund (Fund 7026) are 1831
eligible to receive funding from this item. Public school 1832
districts are not eligible. 1833

Section 287.20. COMMUNITY SCHOOL CLASSROOM FACILITIES GRANTS 1834

The foregoing appropriation item C230W4, Community School 1835
Classroom Facilities Grants, may be used by the School Facilities 1836
Commission to provide grant funding to an eligible high-performing 1837
community school established under Chapter 3314. of the Revised 1838
Code. 1839

For purposes of this section, an "eligible high-performing 1840

community school" means a community school that has available and 1841
has certified it will supply, at least fifty per cent of the cost 1842
of the project funded under this section and that meets the 1843
following other conditions: 1844

(A) Except as provided in division (B) or (C) of this 1845
section, the school both: 1846

(1) Has received a grade of "A," "B," or "C" for the 1847
performance index score under division (C)(1)(b) of section 1848
3302.03 of the Revised Code or has increased its performance index 1849
score under division (C)(1)(b) of section 3302.03 of the Revised 1850
Code in each of the previous three years of operation; and 1851

(2) Has received a grade of "A" or "B" for the value-added 1852
progress dimension under division (C)(1)(e) of section 3302.03 of 1853
the Revised Code on its most recent report card rating issued 1854
under that section. 1855

(B) If the school serves only grades kindergarten through 1856
three, the school received a grade of "A" or "B" for making 1857
progress in improving literacy in grades kindergarten through 1858
three under division (C)(1)(g) of section 3302.03 of the Revised 1859
Code on its most recent report card issued under that section. 1860

(C) If the school primarily serves students enrolled in a 1861
dropout prevention and recovery program as described in division 1862
(A)(4)(a) of section 3314.35 of the Revised Code, the school 1863
received a rating of "exceeds standards" on its most recent report 1864
card issued under section 3314.017 of the Revised Code. 1865

Notwithstanding the definition of an eligible high-performing 1866
community school under divisions (A) to (C) of this section, a 1867
newly established community school may be eligible for assistance 1868
under this section, if it is implementing a community school model 1869
that has a track record of high quality academic performance, as 1870
determined by the Department of Education. 1871

The foregoing appropriation may be used for the purchase, 1872
construction, reconstruction, renovation, remodeling, or addition 1873
to classroom facilities. A grant may be awarded to an eligible 1874
high-performing community school that demonstrates that the funds 1875
will be used to purchase or support classroom facilities 1876
construction or modifications that increase the supply of seats in 1877
effective schools, service specific unmet student needs through 1878
community school education, and show innovation in design and 1879
potential as a successful, replicable school model. The School 1880
Facilities Commission may award a grant to an eligible 1881
high-performing community school upon the approval of a grant 1882
application by the Executive Director of the Commission and the 1883
Superintendent of Public Instruction. A facility that is 1884
purchased, constructed, or modified by the grant funds shall be 1885
used for educational purposes for a minimum of ten years after 1886
receiving the grant funds. The School Facilities Commission, in 1887
consultation with the Superintendent of Public Instruction, shall 1888
develop guidelines and may adopt rules under Chapter 111. of the 1889
Revised Code for the administration of the grants, including 1890
provisions for the ownership and disposal of the facilities funded 1891
under this section in the event the community school closes at any 1892
time. Notwithstanding any provision of law to the contrary, all 1893
Revised Code exemptions applicable to grants awarded and projects 1894
administered by the School Facilities Commission or Facilities 1895
Construction Commission shall apply to the grants pursuant to this 1896
section. 1897

Section 509.10. CERTIFICATION OF AVAILABILITY OF MONEYS 2022

Moneys that require release shall not be expended from any 2023
appropriation contained in this act without certification of the 2024

Director of Budget and Management that there are sufficient moneys 2025
in the state treasury in the fund from which the appropriation is 2026
made. Such certification made by the Office of Budget and 2027
Management shall be based on estimates of revenue, receipts, and 2028
expenses. Nothing in this section limits the authority of the 2029
Director of Budget and Management granted in section 126.07 of the 2030
Revised Code. 2031

Section 509.20. LIMITATION ON USE OF CAPITAL APPROPRIATIONS 2032

The appropriations made in this act, excluding those made 2033
from the State Capital Improvement Fund (Fund 7038) and the State 2034
Capital Improvements Revolving Loan Fund (Fund 7040) for buildings 2035
or structures, including remodeling and renovations, are limited 2036
to: 2037

(A) Acquisition of real property or interests in real 2038
property; 2039

(B) Buildings and structures, which includes construction, 2040
demolition, complete heating and cooling, lighting, and lighting 2041
fixtures, and all necessary utilities, ventilating, plumbing, 2042
sprinkling, water and sewer systems, when such systems are 2043
authorized or necessary; 2044

(C) Architectural, engineering, and professional services 2045
expenses directly related to the projects; 2046

(D) Machinery that is a part of structures at the time of 2047
initial acquisition or construction; 2048

(E) Acquisition, development, and deployment of new computer 2049
systems, including the redevelopment or integration of existing 2050
and new computer systems, but excluding regular or ongoing 2051
maintenance or support agreements; 2052

(F) Furniture, fixtures, or equipment that meets all the 2053
following criteria: 2054

(1) Is essential in bringing the facility up to its intended use or is necessary for the functioning of the particular facility or project;

(2) Has a unit cost, and not the individual parts of a unit, of about \$100 or more; and

(3) Has a useful life of five years or more.

Furniture, fixtures, or equipment that is not an integral part of or directly related to the basic purpose or function of a project for which moneys are appropriated shall not be paid for from these appropriations. This paragraph does not apply to appropriation line items for furniture, fixtures, or equipment.

Section 509.30. CONTINGENCY RESERVE REQUIREMENT

Any request for release of capital appropriations by the Director of Budget and Management or the Controlling Board for projects, the contracts for which are awarded by the Ohio Facilities Construction Commission, shall contain a contingency reserve, the amount of which shall be determined by the Ohio Facilities Construction Commission, for payment of unanticipated project expenses. Any amount deducted from the encumbrance for a contractor's contract as an assessment for liquidated damages shall be added to the encumbrance for the contingency reserve. Contingency reserve funds shall be used to pay costs resulting from unanticipated job conditions, to comply with rulings regarding building and other codes, to pay costs related to errors or omissions in contract documents, to pay costs associated with changes in the scope of work, and to pay the cost of settlements and judgments related to the project.

Any funds remaining upon completion of a project, may, upon approval of the Controlling Board, be released for the use of the institution to which the appropriation was made for another

capital facilities project or projects. 2085

Section 509.50. SATISFACTION OF JUDGMENTS AND SETTLEMENTS 2086
AGAINST THE STATE 2087

Except as otherwise provided in this section, an 2088
appropriation contained in this act or in any other act may be 2089
used for the purpose of satisfying judgments, settlements, or 2090
administrative awards ordered or approved by the Court of Claims 2091
or by any other court of competent jurisdiction in connection with 2092
civil actions against the state. This authorization does not apply 2093
to appropriations that are to be applied to or used for payment of 2094
guarantees by or on behalf of the state or for payments under 2095
lease agreements relating to or debt service on bonds, notes, or 2096
other obligations of the state. Notwithstanding any other section 2097
of law to the contrary, this authorization includes appropriations 2098
from funds into which proceeds or direct obligations of the state 2099
are deposited only to the extent that the judgment, settlement, or 2100
administrative award is for or represents capital costs for which 2101
the appropriation may otherwise be used and is consistent with the 2102
purpose for which any related obligations were issued or entered 2103
into. Nothing contained in this section is intended to subject the 2104
state to suit in any forum in which it is not otherwise subject to 2105
suit, nor is it intended to waive or compromise any defense or 2106
right available to the state in any suit against it. 2107

Section 509.60. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET 2108
AND MANAGEMENT 2109

Notwithstanding section 126.14 of the Revised Code, 2110
appropriations for appropriation items C50100, Local Jails, and 2111
C50101, Community-Based Correctional Facilities, appropriated from 2112
the Adult Correctional Building Fund (Fund 7027) to the Department 2113
of Rehabilitation and Correction shall be released upon the 2114

written approval of the Director of Budget and Management. The 2115
appropriations from the Public School Building Fund (Fund 7021), 2116
the Education Facilities Trust Fund (Fund N087), and the School 2117
Building Program Assistance Fund (Fund 7032) to the School 2118
Facilities Commission, from the Transportation Building Fund (Fund 2119
7029) to the Department of Transportation, from the Clean Ohio 2120
Conservation Fund (Fund 7056), the State Capital Improvement Fund 2121
(Fund 7038), and the State Capital Improvements Revolving Loan 2122
Fund (Fund 7040) to the Public Works Commission shall be released 2123
upon presentation of a request to release the funds, by the agency 2124
to which the appropriation has been made, to the Director of 2125
Budget and Management. 2126

Section 509.70. PREVAILING WAGE REQUIREMENT 2127

Except as provided in section 4115.04 of the Revised Code, 2128
moneys appropriated or reappropriated by the 131st General 2129
Assembly shall not be used for the construction of public 2130
improvements, as defined in section 4115.03 of the Revised Code, 2131
unless the mechanics, laborers, or workers engaged therein are 2132
paid the prevailing rate of wages prescribed in section 4115.04 of 2133
the Revised Code. Nothing in this section affects the wages and 2134
salaries established for state employees under Chapter 124. of the 2135
Revised Code, or collective bargaining agreements entered into by 2136
the state under Chapter 4117. of the Revised Code, while engaged 2137
on force account work, nor does this section interfere with the 2138
use of inmate and patient labor by the state. 2139

Section 509.80. AUTHORIZATION OF THE DIRECTOR OF BUDGET AND 2140
MANAGEMENT 2141

The Director of Budget and Management shall authorize both of 2142
the following: 2143

(A) The initial release of moneys for projects from the funds 2144

into which proceeds of direct obligations of the state are 2145
deposited; and 2146

(B) The expenditure or encumbrance of moneys from funds into 2147
which proceeds of direct obligations are deposited, only after 2148
determining to the director's satisfaction that either of the 2149
following applies: 2150

(1) The application of such moneys to the particular project 2151
will not negatively affect any exclusion of the interest or 2152
interest equivalent on obligations issued to provide moneys to the 2153
particular fund from the calculation of gross income for federal 2154
income tax purposes under the "Internal Revenue Code of 1986," 100 2155
Stat. 2085, 26 U.S.C. 1, as amended. 2156

(2) Moneys for the project will come from the proceeds of 2157
federally taxable obligations, the interest on which is not so 2158
excluded from the calculation of gross income for federal income 2159
tax purposes and which have been authorized and issued on that 2160
basis by their issuing authority. 2161

In the event the director determines that the condition set 2162
forth in division (B)(1) of this section does not apply, and that 2163
there is no existing fund in the state treasury to enable 2164
compliance with the condition set forth in division (B)(2) of this 2165
section, the director may create a fund in the state treasury for 2166
the purpose of receiving proceeds of federally taxable 2167
obligations. The director may establish capital appropriation 2168
items in that taxable bond fund that correspond to the preexisting 2169
capital appropriation items in the associated tax-exempt bond 2170
fund. The director also may transfer capital appropriations in 2171
whole or in part between the taxable and tax-exempt bond funds 2172
within a particular purpose for which the bonds have been 2173
authorized. 2174

Section 509.90. SCHOOL FACILITIES ENCUMBRANCES AND 2175

REAPPROPRIATIONS 2176

At the request of the Executive Director of the Ohio School 2177
Facilities Commission, the Director of Budget and Management may 2178
cancel encumbrances for school district projects from a previous 2179
biennium if the district has not raised its local share of project 2180
costs within thirteen months of receiving Controlling Board 2181
approval in accordance with section 3318.05 or 3318.41 of the 2182
Revised Code. The Executive Director of the Ohio School Facilities 2183
Commission shall certify the amounts of these canceled 2184
encumbrances to the Director of Budget and Management on a 2185
quarterly basis. The amounts of the canceled encumbrances are 2186
hereby appropriated. 2187

Section 509.100. REAPPROPRIATION OF UNEXPENDED ENCUMBERED 2188
BALANCES OF CAPITAL APPROPRIATIONS 2189

(A)(1) An unexpended balance of a capital appropriation or 2190
reappropriation that a state agency has lawfully encumbered prior 2191
to the close of a capital biennium is hereby reappropriated for 2192
the following capital biennium from the fund from which it was 2193
originally appropriated or was reappropriated and shall be used 2194
only for the purpose of discharging the encumbrance in the 2195
following capital biennium. For those encumbered appropriations or 2196
reappropriations, any Controlling Board approval previously 2197
granted and referenced by the encumbering document remains in 2198
effect until the encumbrance is discharged in the following 2199
capital biennium or until the encumbrance expires at the end of 2200
the following capital biennium. 2201

(2) At the end of the reappropriation period provided for by 2202
division (A)(1) of this section, an unexpended balance of a 2203
capital appropriation or reappropriation that remains encumbered 2204
at the end of that period is hereby reappropriated for the next 2205

capital biennium from the fund from which it was originally 2206
appropriated or was reappropriated and shall be used only for the 2207
purpose of discharging the encumbrance in the next capital 2208
biennium. For those encumbered appropriations or reappropriations, 2209
any Controlling Board approval previously granted and referenced 2210
by the encumbering document remains in effect until the 2211
encumbrance is discharged in the next capital biennium or until 2212
the encumbrance expires at the end of the next capital biennium. 2213

(B)(1) At the end of the reappropriation period provided for 2214
by division (A)(2) of this section, a reappropriation made 2215
pursuant to division (A)(2) of this section lapses, and the 2216
encumbrance expires. 2217

(2) If an encumbrance expired pursuant to division (B)(1) of 2218
this section, the Director of Budget and Management may 2219
reestablish the encumbrance as provided in this division. If a 2220
reappropriation for a project is made by the General Assembly for 2221
the biennium immediately following the biennium in which an 2222
encumbrance for that project expired, the Director of Budget and 2223
Management may reestablish the encumbrance in an amount not to 2224
exceed the amount of the expired encumbrance, in the name of the 2225
contractor named in the expired encumbrance, and for the same 2226
purpose specified in the expired encumbrance. The encumbrance 2227
amount shall be in addition to the amount of the reappropriation 2228
and is hereby reappropriated. The amount re-encumbered shall be 2229
used only for the purpose of discharging the encumbrance in the 2230
capital biennium for which the reappropriation was made. For those 2231
re-encumbered reappropriations, any Controlling Board approval 2232
previously granted and referenced by the expired encumbering 2233
document remains in effect until the encumbrance is discharged or 2234
expires at the end of the capital biennium for which the 2235
reappropriation was made. If any portion of the amount 2236
re-encumbered by the Director of Budget and Management under this 2237

division is not expended prior to the close of the capital 2238
biennium for which the reappropriation was made, that amount is 2239
hereby reappropriated for the following capital biennium as 2240
provided for in division (A)(1) of this section and subject to the 2241
provisions of division (A)(1) of this section. 2242

have been released by the Controlling Board or the Director of 2244
Budget and Management between July 1, 2014, and June 30, 2016, do 2245
not require further approval or release prior to being encumbered. 2246
Funds reappropriated in excess of such prior releases shall be 2247
released in accordance with applicable provisions of this act. 2248

Section 509.120. Unless otherwise specified, the 2249
reappropriations made in this act represent the unencumbered and 2250
unallotted balances of prior years' capital improvements 2251
appropriations estimated to be available on June 30, 2016. The 2252
actual balances on June 30, 2016, for the appropriation items in 2253

Sub. H.B. 53 of the 131st General Assembly, or Am. Sub. H.B. 64 of 2259
the 131st General Assembly, or created by the Controlling Board 2260
pursuant to section 127.15 of the Revised Code from appropriation 2261

Assembly and Sub. H.B. 53 and Am. Sub. H.B. 64 of the 131st 2263
General Assembly, and this act, if the Director of Budget and 2264
Management determines that such balances are needed to complete 2265
the projects for which they were reappropriated or appropriated. 2266
The appropriation items and amounts that are reappropriated by 2267
this act shall be reported to the Controlling Board within 30 days 2268

after the effective date of this section. 2269
