(I) Except to the extent that rights are restricted by the 405  
bond proceedings, any owner of obligations or provider of a credit 406  
enhancement facility may by any suitable form of legal proceedings 407  
protect and enforce any rights relating to obligations or that 408  
facility under the laws of this state or granted by the bond 409  
proceedings. Those rights include the right to compel the 410  
performance of all applicable duties of the issuing authority and 411  
the state. Each duty of the issuing authority and that authority's 412

liable in their personal capacities on any obligations or 424  
otherwise under the bond proceedings. 425

(J)(1) Subject to Section 2k, 2l, 2m, 2n, 2o, 2p, 2q, 2s, or 426  
15, and Section 17, of Article VIII, Ohio Constitution and 427

sections 151.01 to 151.11 or 151.40 of the Revised Code, the 428  
issuing authority may, in addition to the authority referred to in 429  
division (B) of this section, authorize and provide for the 430

Grant moneys may be used for preliminary costs related to 1331  
projects that are eligible for funding under this section, 1332  
including planning costs, design costs, engineering costs, costs 1333

of appraisals, environmental assessments, and archaeological 1334  
surveys. 1335

**Sec. 3318.034.** (A) This section applies to both of the 1336  
following: 1337

(1) Any school district that has not executed an agreement 1338  
for a project under sections 3318.01 to 3318.20 of the Revised 1339  
Code prior to June 24, 2008; 1340

(2) Any school district that is eligible for additional 1341  
assistance under sections 3318.01 to 3318.20 of the Revised Code 1342  
pursuant to division (B)(2) of section 3318.04 of the Revised 1343  
Code. 1344

Notwithstanding any provision of this chapter to the 1345  
contrary, with the approval of the Ohio school facilities 1346  
commission, any school district to which this section applies may 1347  
opt to divide the district's entire classroom facilities needs, as 1348  
those needs are jointly determined by the staff of the commission 1349  
and the school district, into discrete segments and shall comply 1350  
with all of the provisions of those sections unless otherwise 1351  
provided in this section. 1352

(B) Except as provided in division (C) of this section, each 1353  
segment shall comply with ~~all~~ both of the following: 1354

(1) The segment shall consist of the new construction of one 1355  
or more entire buildings, a stand-alone segment of a building that 1356  
serves grades kindergarten through twelve, or the complete 1357  
renovation of one or more entire existing buildings, with any 1358  
necessary additions to that building. 1359

(2) The segment shall not include any construction of or 1360  
renovation or repair to any building that does not complete the 1361  
needs of the district with respect to that particular building at 1362  
the time the segment is completed. 1363

~~(3) The segment shall consist of new construction, 1364  
renovations, additions, reconstruction, or repair of classroom 1365  
facilities to the extent that the school district portion, as 1366  
determined under section 3318.032 of the Revised Code, is an 1367  
amount not less than the product of 0.020 times the district's 1368  
valuation at the time the agreement for the segment is executed, 1369  
unless the district previously has undertaken a segment under this 1370  
section and the district's portion of the estimated basic project 1371  
cost of the remainder of its entire classroom facilities needs, as 1372  
determined jointly by the staff of the commission and the 1373  
district, is less than the amount otherwise required by this 1374  
division. 1375~~

(C) A district described in division (A)(2) of this section 1376  
that has not received the additional assistance authorized under 1377  
division (B)(2) of section 3318.04 of the Revised Code may 1378  
undertake a segment, with commission approval, for the purpose of 1379  
renovating or replacing work performed on a facility under the 1380  
district's prior project. The commission may approve that segment 1381  
if the commission determines that the renovation or replacement is 1382  
necessary to protect the facility. The basic project cost of the 1383  
segment shall be allocated between the state and the district in 1384  
accordance with section 3318.032 of the Revised Code. However, the 1385  
requirements of division (B) of this section shall not apply to a 1386  
segment undertaken under this division. 1387

(D) The commission shall conditionally approve and seek 1388  
controlling board approval in accordance with division (A) of 1389  
section 3318.04 of the Revised Code of each segment. 1390

(E)(1) When undertaking a segment under this section, a 1391  
school district may elect to prorate its full maintenance amount 1392  
by setting aside for maintenance the amount calculated under 1393  
division (E)(2) of this section to maintain the classroom 1394  
facilities acquired under the segment, if the district will use 1395

one or more of the alternative methods authorized in sections 1396  
3318.051, 3318.052, and 3318.084 of the Revised Code to generate 1397  
the entire amount calculated under that division. If the district 1398  
so elects, the commission and the district shall include in the 1399  
agreement entered into under section 3318.08 of the Revised Code a 1400  
statement specifying that the district will use the amount 1401  
calculated under that division only to maintain the classroom 1402  
facilities acquired under the segment. 1403

(2) The commission shall calculate the amount for a school 1404  
district to maintain the classroom facilities acquired under a 1405  
segment as follows: 1406

The full maintenance amount X (the school district's portion 1407  
of the basic project cost for the segment / the school district's 1408  
portion of the basic project cost for the district's entire 1409  
classroom facilities needs, as determined jointly by the staff of 1410  
the commission and the district) 1411

(3) A school district may elect to prorate its full 1412  
maintenance amount for any number of segments, provided the 1413  
district will use one or more of the alternative methods 1414  
authorized in sections 3318.051, 3318.052, and 3318.084 of the 1415  
Revised Code to generate the entire amount calculated under 1416  
division (E)(2) of this section to maintain the classroom 1417  
facilities acquired under each segment for which it so elects. If 1418  
the district cannot use one or more of those alternative methods 1419  
to generate the entire amount calculated under that division, the 1420  
district shall levy the tax described in division (B) of section 1421  
3318.05 of the Revised Code or an extension of that tax under 1422  
section 3318.061 of the Revised Code in an amount necessary to 1423  
generate the remainder of its full maintenance amount. The 1424  
commission shall calculate the remainder of the district's full 1425  
maintenance amount as follows: 1426

The full maintenance amount - the sum of the amounts 1427

calculated for the district under division (E)(2) of this section 1428  
for each prior segment of the district's project 1429

(4) In no case shall the sum of the amounts calculated for a 1430  
school district's maintenance of classroom facilities under 1431  
divisions (E)(2) and (3) of this section exceed the amount that 1432  
would have been required for maintenance if the district had 1433  
elected to undertake its project in its entirety instead of 1434  
segmenting the project under this section. 1435

(5) If a school district commenced a segment under this 1436  
section prior to ~~the effective date of this amendment~~ September 1437  
10, 2012, but has not completed that segment, and has not levied 1438  
the tax described in division (B) of section 3318.05 of the 1439  
Revised Code or an extension of that tax under section 3318.061 of 1440  
the Revised Code, the district may request approval from the 1441  
commission to prorate its full maintenance amount in accordance 1442  
with divisions (E)(1) to (4) of this section. If the commission 1443  
approves the request, the commission and the district shall amend 1444  
the agreement entered into under section 3318.08 of the Revised 1445  
Code to reflect the change. 1446

(F) If a school district levies the tax described in division 1447  
(B) of section 3318.05 of the Revised Code or an extension of that 1448  
tax under section 3318.061 of the Revised Code, the tax shall run 1449  
for twenty-three years from the date the segment for which the tax 1450  
is initially levied is undertaken. The maintenance levy 1451  
requirement, as defined in section 3318.18 of the Revised Code, 1452  
does not apply to a segment undertaken under division (C) of this 1453  
section. 1454

(G) As used in this section, "full maintenance amount" means 1455  
the amount of total revenue that a school district likely would 1456  
generate by one-half mill of the tax described in division (B) of 1457  
section 3318.05 of the Revised Code over the entire 1458  
twenty-three-year period required under that section, as 1459

determined by the commission in consultation with the department 1460  
of taxation. 1461

**Sec. 3318.084.** (A) Notwithstanding anything to the contrary 1462  
in Chapter 3318. of the Revised Code, a school district board may 1463  
apply any local donated contribution toward any of the following: 1464

(1) The district's portion of the basic project cost of a 1465  
project under either sections 3318.01 to 3318.20 or sections 1466  
3318.40 to 3318.45 of the Revised Code to reduce the amount of 1467  
bonds the district otherwise must issue in order to receive state 1468  
assistance under those sections; 1469

(2) If the school district is not a joint vocational school 1470  
district proceeding under sections 3318.40 to 3318.45 of the 1471  
Revised Code, an offset of all or part of a district's obligation 1472  
to levy the tax described in division (B) of section 3318.05 of 1473  
the Revised Code, which shall be applied only in the manner 1474  
prescribed in division (B) of this section; 1475

(3) If the school district is a joint vocational school 1476  
district proceeding under sections 3318.40 to 3318.45 of the 1477  
Revised Code, all or part of the amount the school district is 1478  
obligated to set aside for maintenance of the classroom facilities 1479  
acquired under that project pursuant to section 3318.43 of the 1480  
Revised Code. 1481

(B) No school district board shall apply any local donated 1482  
contribution under division (A)(2) of this section unless the Ohio 1483  
school facilities commission first approves that application. 1484

Upon the request of the school district board to apply local 1485  
donated contribution under division (A)(2) of this section, the 1486  
commission in consultation with the department of taxation shall 1487  
determine the amount of total revenue that likely would be 1488  
generated by one-half mill of the tax described in division (B) of 1489

section 3318.05 of the Revised Code over the entire 1490  
twenty-three-year period required under that section and shall 1491  
deduct from that amount any amount of local donated contribution 1492  
that the board has committed to apply under division (A)(2) of 1493  
this section. The commission then shall determine in consultation 1494  
with the department of taxation the rate of tax over twenty-three 1495  
years necessary to generate the amount of a one-half mill tax not 1496  
offset by the local donated contribution. Notwithstanding anything 1497  
to the contrary in section 3318.06, 3318.061, or 3318.361 of the 1498  
Revised Code, the rate determined by the commission shall be the 1499  
rate for which the district board shall seek elector approval 1500  
under those sections to meet its obligation under division (B) of 1501  
section 3318.05 of the Revised Code. In the case of a complete 1502  
offset of the district's obligation under division (B) of section 1503  
3318.05 of the Revised Code, the district shall not be required to 1504  
levy the tax otherwise required under that section. At the end of 1505  
the twenty-three-year period of the tax required under division 1506  
(B) of section 3318.05 of the Revised Code, whether or not the tax 1507  
is actually levied, the commission in consultation of the 1508  
department of taxation shall recalculate the amount that would 1509  
have been generated by the tax if it had been levied at one-half 1510  
mill. If the total amount actually generated over that period from 1511  
both the tax that was actually levied and any local donated 1512  
contribution applied under division (A)(2) of this section is less 1513  
than the amount that would have been raised by a one-half mill 1514  
tax, the district shall pay any difference. If the total amount 1515  
actually raised in such manner is greater than the amount that 1516  
would have been raised by a one-half mill tax the difference shall 1517  
be zero and no payments shall be made by either the district or 1518  
the commission. 1519

(C) As used in this section, "local donated contribution" 1520  
means any of the following: 1521

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district ~~or any cash a school district has on hand, including any year-end operating fund balances, that can be spent for classroom facilities, either of~~ which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code ~~and either of which~~ that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The

school district, the commission, and the entity providing the 1553  
local donated contribution under division (C)~~(3)~~(4) of this 1554  
section shall enter into an agreement identifying the classroom 1555  
facilities to be acquired by the expenditures made by that entity. 1556  
The agreement shall include, but not be limited to, stipulations 1557  
that require an audit by the commission of such expenditures made 1558  
on behalf of the district and that specify the maximum amount of 1559  
credit to be allowed for those expenditures. Upon completion of 1560  
the construction or renovation, the commission shall determine the 1561  
actual amount that the commission will credit, at the request of 1562  
the district board, toward the district's portion of the basic 1563  
project cost, any project cost overruns, or the basic project cost 1564  
of future segments if the project has been divided into segments 1565  
under section 3318.38 of the Revised Code. The actual amount of 1566  
the credit shall not exceed the lesser of the amount specified in 1567  
the agreement or the actual cost of the construction or 1568  
renovation. 1569

(D) No state moneys shall be released for a project to which 1570  
this section applies until: 1571

(1) Any local donated contribution authorized under division 1572  
(A)(1) of this section is first deposited into the school 1573  
district's project construction fund. 1574

(2) The school district board and the commission have 1575  
included a stipulation in their agreement entered into under 1576  
section 3318.08 of the Revised Code under which the board will 1577  
deposit into a fund approved by the commission according to a 1578  
schedule that does not extend beyond the anticipated completion 1579  
date of the project the total amount of any local donated 1580  
contribution authorized under division (A)(2) or (3) of this 1581  
section and dedicated by the board for that purpose. 1582

However, if any local donated contribution as described in 1583  
division (C)~~(3)~~(4) of this section has been approved under this 1584

section, the state moneys may be released even if the entity 1585  
providing that local donated contribution has not spent the moneys 1586  
so dedicated as long as the agreement required under that section 1587  
has been executed. 1588

**Sec. 5139.271.** Subject to the approval of the controlling 1589  
board, the department of youth services may grant and pay 1590  
financial assistance to defray the county's share of the cost of 1591  
acquiring or constructing a district detention facility, 1592  
established under section 2152.41 of the Revised Code, to any 1593  
county making application under section 2152.43 of the Revised 1594  
Code if the department finds that the application was made in 1595  
accordance with its rules and the facility or the specifications 1596  
for the facility meet minimum standards established by the 1597  
department. No financial assistance shall be granted for defraying 1598  
the cost of ~~architects' fees or~~ land. 1599

The department shall adopt rules prescribing the minimum 1600  
standards of construction and condition of existing structures, 1601  
established under section 2152.41 of the Revised Code, for which 1602  
financial assistance is granted under this section. The department 1603  
may recommend programs of education and training and the 1604  
qualifications desired for personnel of a district detention 1605  
facility. 1606

The amount of financial assistance granted to any county 1607  
shall not exceed ~~one-half~~ sixty per cent of the county's share of 1608  
the cost of acquisition or construction of the facility. ~~The total~~ 1609  
~~of all state assistance for any home shall not exceed six thousand~~ 1610  
~~five hundred dollars for each bed unit provided for in the~~ 1611  
~~facility.~~ 1612

A county that receives financial assistance under this 1613  
section shall repay the assistance to the state if the facility 1614  
for which the assistance is granted is used within the ten-year 1615

period immediately following its establishment for purposes other 1616  
than those contained in section 2152.41 of the Revised Code. A 1617  
board of county commissioners that uses the facility for any other 1618  
purpose within that period shall enter into an agreement with the 1619  
director of budget and management for the discharge of that 1620  
obligation over a period not to exceed ten years. If a board of 1621  
county commissioners fails to enter into an agreement for the 1622  
discharge of that obligation, or fails to comply with the terms of 1623  
such an agreement, the director shall direct the tax commissioner, 1624  
pursuant to section 5747.54 of the Revised Code, to withhold from 1625  
the distribution of the local government fund an amount sufficient 1626  
to discharge the obligation. 1627

As used in this section: 1628

(A) "Construction" means the building and initial equipping 1629  
of new structures. 1630

(B) "Acquisition" means "acquisition" as defined in the rules 1631  
of the department, which may include the purchase, remodeling, and 1632  
initial equipping of existing structures. 1633

**Sec. 5751.02.** (A) For the purpose of funding the needs of 1634  
this state and its local governments, there is hereby levied a 1635  
commercial activity tax on each person with taxable gross receipts 1636  
for the privilege of doing business in this state. For the 1637  
purposes of this chapter, "doing business" means engaging in any 1638  
activity, whether legal or illegal, that is conducted for, or 1639  
results in, gain, profit, or income, at any time during a calendar 1640  
year. Persons on which the commercial activity tax is levied 1641  
include, but are not limited to, persons with substantial nexus 1642  
with this state. The tax imposed under this section is not a 1643  
transactional tax and is not subject to Public Law No. 86-272, 73 1644  
Stat. 555. The tax imposed under this section is in addition to 1645  
any other taxes or fees imposed under the Revised Code. The tax 1646

levied under this section is imposed on the person receiving the 1647  
gross receipts and is not a tax imposed directly on a purchaser. 1648  
The tax imposed by this section is an annual privilege tax for the 1649  
calendar year that, in the case of calendar year taxpayers, is the 1650  
annual tax period and, in the case of calendar quarter taxpayers, 1651  
contains all quarterly tax periods in the calendar year. A 1652  
taxpayer is subject to the annual privilege tax for doing business 1653  
during any portion of such calendar year. 1654

(B) The tax imposed by this section is a tax on the taxpayer 1655  
and shall not be billed or invoiced to another person. Even if the 1656  
tax or any portion thereof is billed or invoiced and separately 1657  
stated, such amounts remain part of the price for purposes of the 1658  
sales and use taxes levied under Chapters 5739. and 5741. of the 1659  
Revised Code. Nothing in division (B) of this section prohibits: 1660

(1) A person from including in the price charged for a good 1661  
or service an amount sufficient to recover the tax imposed by this 1662  
section; or 1663

(2) A lessor from including an amount sufficient to recover 1664  
the tax imposed by this section in a lease payment charged, or 1665  
from including such an amount on a billing or invoice pursuant to 1666  
the terms of a written lease agreement providing for the recovery 1667  
of the lessor's tax costs. The recovery of such costs shall be 1668  
based on an estimate of the total tax cost of the lessor during 1669  
the tax period, as the tax liability of the lessor cannot be 1670  
calculated until the end of that period. 1671

(C)(1) The commercial activities tax receipts fund is hereby 1672  
created in the state treasury and shall consist of money arising 1673  
from the tax imposed under this chapter. Eighty-five 1674  
one-hundredths of one per cent of the money credited to that fund 1675  
shall be credited to the revenue enhancement fund and shall be 1676  
used to defray the costs incurred by the department of taxation in 1677

administering the tax imposed by this chapter and in implementing 1678  
tax reform measures. The remainder of the money in the commercial 1679  
activities tax receipts fund shall first be credited to the 1680  
commercial activity tax motor fuel receipts fund, pursuant to 1681  
division (C)(2) of this section, and the remainder shall be 1682  
credited in the following percentages each fiscal year to the 1683  
general revenue fund, to the school district tangible property tax 1684  
replacement fund, which is hereby created in the state treasury 1685  
for the purpose of making the payments described in section 1686  
5709.92 of the Revised Code, and to the local government tangible 1687  
property tax replacement fund, which is hereby created in the 1688  
state treasury for the purpose of making the payments described in 1689  
section 5709.93 of the Revised Code, in the following percentages: 1690

Fiscal year	General Revenue Fund	School District Tangible Property Tax Replacement Fund	Local Government Tangible Property Tax Replacement Fund	
2014 and 2015	50.0%	35.0%	15.0%	1691
2016 and thereafter	75.0%	20.0%	5.0%	1692 1693

(2) Not later than the twentieth day of February, May, 1694  
August, and November of each year, the commissioner shall provide 1695  
for payment from the commercial activities tax receipts fund to 1696  
the commercial activity tax motor fuel receipts fund an amount 1697  
that bears the same ratio to the balance in the commercial 1698  
activities tax receipts fund that (a) the taxable gross receipts 1699  
attributed to motor fuel used for propelling vehicles on public 1700  
highways as indicated by returns filed by the tenth day of that 1701  
month for a liability that is due and payable on or after July 1, 1702  
2013, for a tax period ending before July 1, 2014, bears to (b) 1703  
all taxable gross receipts as indicated by those returns for such 1704  
liabilities. 1705

(D)(1) If the total amount in the school district tangible property tax replacement fund is insufficient to make all payments under section 5709.92 of the Revised Code at the times the payments are to be made, the director of budget and management shall transfer from the general revenue fund to the school district tangible property tax replacement fund the difference between the total amount to be paid and the amount in the school district tangible property tax replacement fund. 1706  
1707  
1708  
1709  
1710  
1711  
1712  
1713

(2) If the total amount in the local government tangible property tax replacement fund is insufficient to make all payments under section 5709.93 of the Revised Code at the times the payments are to be made, the director of budget and management shall transfer from the general revenue fund to the local government tangible property tax replacement fund the difference between the total amount to be paid and the amount in the local government tangible property tax replacement fund. 1714  
1715  
1716  
1717  
1718  
1719  
1720  
1721

(E)(1) On or after the first day of June of each year, the director of budget and management may transfer any balance in the school district tangible property tax replacement fund to the general revenue fund. 1722  
1723  
1724  
1725

(2) On or after the first day of June of each year, the director of budget and management may transfer any balance in the local government tangible property tax replacement fund to the general revenue fund. 1726  
1727

year.	2347
In computing the fixed-rate levy losses under divisions	2348
(D)(1), (2), and (3) of this section for any school district,	2349
joint vocational school district, or local taxing unit to which	2350

division (C)(5) of this section applies, the taxable value of such 2351  
property as listed on the general tax list of personal property 2352  
for tax year 2000 shall be substituted for the taxable value of 2353  
such property as reported by taxpayers for tax year 2004, in the 2354  
taxing district containing the uranium facility, if the taxable 2355  
value listed for tax year 2000 is greater than the taxable value 2356  
reported by taxpayers for tax year 2004. For the purpose of making 2357  
the computations under divisions (D)(1), (2), and (3) of this 2358  
section, the tax year 2000 valuation is to be allocated to 2359  
machinery and equipment, inventory, and furniture and fixtures 2360  
property in the same proportions as the tax year 2004 values. For 2361  
the purpose of the calculations in division (A) of section 5751.21 2362  
of the Revised Code, the tax year 2004 taxable values shall be 2363  
used. 2364

To facilitate the calculations required under division (C) of 2365  
this section, the county auditor, upon request from the tax 2366  
commissioner, shall provide by August 1, 2005, the values of 2367  
machinery and equipment, inventory, and furniture and fixtures for 2368

(D) Not later than September 15, 2005, the tax commissioner 2370  
shall determine for each tax year from 2006 through 2009 for each 2371  
school district, joint vocational school district, and local 2372  
taxing unit its machinery and equipment, inventory, and furniture 2373  
and fixtures fixed-rate levy losses, and for each tax year from 2374  
2006 through 2011 its telephone property fixed-rate levy loss. 2375  
Except as provided in division (F) of this section, such losses 2376  
are the applicable amounts described in divisions (D)(1), (2), 2377  
(3), and (4) of this section: 2378

(1) The machinery and equipment fixed-rate levy loss is the 2379  
machinery and equipment property tax value loss multiplied by the 2380  
sum of the tax rates of fixed-rate qualifying levies. 2381

(2) The inventory fixed-rate loss is the inventory property 2382

tax value loss multiplied by the sum of the tax rates of 2383  
fixed-rate qualifying levies. 2384

(3) The furniture and fixtures fixed-rate levy loss is the 2385  
furniture and fixture property tax value loss multiplied by the 2386  
sum of the tax rates of fixed-rate qualifying levies. 2387

(4) The telephone property fixed-rate levy loss is the 2388  
telephone property tax value loss multiplied by the sum of the tax 2389  
rates of fixed-rate qualifying levies. 2390

(E) Not later than September 15, 2005, the tax commissioner 2391  
shall determine for each school district, joint vocational school 2392  
district, and local taxing unit its fixed-sum levy loss. The 2393  
fixed-sum levy loss is the amount obtained by subtracting the 2394  
amount described in division (E)(2) of this section from the 2395  
amount described in division (E)(1) of this section: 2396

(1) The sum of the machinery and equipment property tax value 2397  
loss, the inventory property tax value loss, and the furniture and 2398  
fixtures property tax value loss, and, for 2008 through 2010, the 2399  
telephone property tax value loss of the district or unit 2400  
multiplied by the sum of the fixed-sum tax rates of qualifying 2401  
levies. For 2006 through 2010, this computation shall include all 2402  
qualifying levies remaining in effect for the current tax year and 2403  
any school district levies charged and payable under section 2404  
5705.194 or 5705.213 of the Revised Code that are qualifying 2405  
levies not remaining in effect for the current year. For 2011 2406  
through 2017 in the case of school district levies charged and 2407  
payable under section 5705.194 or 5705.213 of the Revised Code and 2408  
for all years after 2010 in the case of other fixed-sum levies, 2409  
this computation shall include only qualifying levies remaining in 2410  
effect for the current year. For purposes of this computation, a 2411  
qualifying school district levy charged and payable under section 2412  
5705.194 or 5705.213 of the Revised Code remains in effect in a 2413  
year after 2010 only if, for that year, the board of education 2414

levies a school district levy charged and payable under section 2415  
5705.194, 5705.199, 5705.213, or 5705.219 of the Revised Code for 2416  
an annual sum at least equal to the annual sum levied by the board 2417  
in tax year 2004 less the amount of the payment certified under 2418  
this division for 2006. 2419

(2) The total taxable value in tax year 2004 less the sum of 2420  
the machinery and equipment, inventory, furniture and fixtures, 2421  
and telephone property tax value losses in each school district, 2422  
joint vocational school district, and local taxing unit multiplied 2423  
by one-half of one mill per dollar. 2424

(3) For the calculations in divisions (E)(1) and (2) of this 2425  
section, the tax value losses are those that would be calculated 2426  
for tax year 2009 under divisions (C)(1), (2), and (3) of this 2427  
section and for tax year 2011 under division (C)(4) of this 2428  
section. 2429

(4) To facilitate the calculation under divisions (D) and (E) 2430  
of this section, not later than September 1, 2005, any school 2431  
district, joint vocational school district, or local taxing unit 2432  
that has a qualifying levy that was approved at an election 2433  
conducted during 2005 before September 1, 2005, shall certify to 2434  
the tax commissioner a copy of the county auditor's certificate of 2435  
estimated property tax millage for such levy as required under 2436  
division (B) of section 5705.03 of the Revised Code, which is the 2437  
rate that shall be used in the calculations under such divisions. 2438

If the amount determined under division (E) of this section 2439  
for any school district, joint vocational school district, or 2440  
local taxing unit is greater than zero, that amount shall equal 2441  
the reimbursement to be paid pursuant to division (E) of section 2442  
5751.21 or division (A)(3) of section 5751.22 of the Revised Code, 2443  
and the one-half of one mill that is subtracted under division 2444  
(E)(2) of this section shall be apportioned among all contributing 2445  
fixed-sum levies in the proportion that each levy bears to the sum 2446

of all fixed-sum levies within each school district, joint vocational school district, or local taxing unit.

(F) If a school district levies a tax under section 5705.219 of the Revised Code, the fixed-rate levy loss for qualifying levies, to the extent repealed under that section, shall equal the sum of the following amounts in lieu of the amounts computed for such levies under division (D) of this section:

(1) The sum of the rates of qualifying levies to the extent so repealed multiplied by the sum of the machinery and equipment, inventory, and furniture and fixtures tax value losses for 2009 as determined under that division;

(2) The sum of the rates of qualifying levies to the extent so repealed multiplied by the telephone property tax value loss for 2011 as determined under that division.

The fixed-rate levy losses for qualifying levies to the extent not repealed under section 5705.219 of the Revised Code shall be as determined under division (D) of this section. The revised fixed-rate levy losses determined under this division and division (D) of this section first apply in the year following the first year the district levies the tax under section 5705.219 of the Revised Code.

(G) Not later than October 1, 2005, the tax commissioner shall certify to the department of education for every school district and joint vocational school district the machinery and equipment, inventory, furniture and fixtures, and telephone property tax value losses determined under division (C) of this section, the machinery and equipment, inventory, furniture and fixtures, and telephone fixed-rate levy losses determined under division (D) of this section, and the fixed-sum levy losses calculated under division (E) of this section. The calculations under divisions (D) and (E) of this section shall separately

display the levy loss for each levy eligible for reimbursement. 2478

(H) Not later than October 1, 2005, the tax commissioner 2479  
shall certify the amount of the fixed-sum levy losses to the 2480  
county auditor of each county in which a school district, joint 2481  
vocational school district, or local taxing unit with a fixed-sum 2482  
levy loss reimbursement has territory. 2483

(I) Not later than the twenty-eighth day of February each 2484  
year beginning in 2011 and ending in 2014, the tax commissioner 2485  
shall certify to the department of education for each school 2486

from the Higher Education Improvement Fund (Fund 7034) or the 3096  
Higher Education Improvement Taxable Fund (Fund 7024) that require 3097  
local funds to be contributed by any state-supported or 3098  
state-assisted institution of higher education, the Department of 3099  
Higher Education shall not recommend that any funds be released 3100  
until the recipient institution demonstrates to the Department of 3101  
Higher Education and the Office of Budget and Management that the 3102  
local funds contribution requirement has been secured or 3103  
satisfied. The local funds shall be in addition to the foregoing 3104  
appropriations. 3105

**Section 207.420.** None of the foregoing capital improvements 3106  
appropriations for state-supported or state-assisted institutions 3107  
of higher education shall be expended until the particular 3108  
appropriation has been recommended for release by the Department 3109  
of Higher Education and released by the Director of Budget and 3110  
Management or the Controlling Board. Either the institution 3111  
concerned, or the Department of Higher Education with the 3112  
concurrence of the institution concerned, may initiate the request 3113  
to the Director of Budget and Management or the Controlling Board 3114  
for the release of the particular appropriation. 3115

**Section 207.430.** (A) No capital improvement appropriations or 3116  
reappropriations in this act made from the Higher Education 3117  
Improvement Fund (Fund 7034) or the Higher Education Improvement 3118  
Taxable Fund (Fund 7024) shall be released for planning or for 3119  
improvement, renovation, construction, or acquisition of capital 3120  
facilities if the institution of higher education or the state 3121  
does not own the real property on which the capital facilities are 3122  
or will be located. This restriction does not apply in any of the 3123  
following circumstances: 3124

(1) The institution has a long-term (at least twenty years) 3125  
lease of, or other interest (such as an easement) in, the real 3126  
property. 3127

(2) The Department of Higher Education certifies to the 3128  
Controlling Board that undue delay will occur if planning does not 3129  
proceed while the property or property interest acquisition 3130  
process continues. In this case, funds may be released upon 3131  
approval of the Controlling Board to pay for planning through the 3132  
development of schematic drawings only. 3133

(3) In the case of an appropriation or reappropriation for 3134  
capital facilities that, because of their unique nature or 3135

location, will be owned or will be part of facilities owned by a 3136  
separate nonprofit organization or public body and will be made 3137  
available to the institution of higher education for its use, the 3138  
nonprofit organization or public body either owns or has a 3139  
long-term (at least twenty years) lease of the real property or 3140  
other capital facility to be improved, renovated, constructed, or 3141  
acquired and has entered into a joint or cooperative use agreement 3142  
with the institution of higher education that meets the 3143  
requirements of division (C) of this section. 3144

(B) Any foregoing appropriations or reappropriations that 3145  
require cooperation between a technical college and a branch 3146  
campus of a university may be released by the Controlling Board 3147  
upon recommendation by the Department of Higher Education that the 3148  
facilities proposed by the institutions are: 3149

(1) The result of a joint planning effort by the university 3150  
and the technical college, satisfactory to the Department of 3151  
Higher Education; 3152

(2) Facilities that will meet the needs of the region in 3153  
terms of technical and general education, taking into 3154  
consideration the totality of facilities that will be available 3155  
after the completion of the projects; 3156

(3) Planned to permit maximum joint use by the university and 3157  
technical college of the totality of facilities that will be 3158  
available upon their completion; and 3159

(4) To be located on or adjacent to the branch campus of the 3160  
university. 3161

(C) The Department of Higher Education shall adopt and 3162  
maintain rules regarding the release of moneys from all the 3163  
foregoing appropriations for capital facilities for all 3164  
state-supported or state-assisted institutions of higher 3165  
education. In the case of capital facilities referred to in 3166

division (A)(3) of this section, the joint or cooperative use 3167  
agreements shall include, as a minimum, provisions that: 3168

(1) Specify the extent and nature of that joint or 3169  
cooperative use, extending for not fewer than twenty years, with 3170  
the value of such use or right to use to be, as is determined by 3171  
the parties and approved by the Department of Higher Education, 3172  
reasonably related to the amount of the appropriations; 3173

(2) Provide for pro rata reimbursement to the state should 3174  
the arrangement for joint or cooperative use be terminated; 3175

CORRECTIVE ACTION PROGRAM GRANTS 4756

The foregoing appropriation item C23011, Corrective Action 4757  
Program Grants, may be used to provide funding to bring facilities 4758  
up to Ohio School Design Manual standards for a project funded 4759  
pursuant to sections 3318.01 to 3318.20 or 3318.40 to 3318.45 of 4760  
the Revised Code for the correction of work that is found after 4761  
occupancy of the facility to be defective, or to have been 4762  
omitted. Funding shall only be provided for work if the impacted 4763  
school district notifies the Executive Director of the Ohio School 4764  
Facilities Commission within five years after occupancy of the 4765  
facility for which the district seeks the funding. The Commission 4766  
may provide funding assistance necessary to take corrective 4767  
measures after evaluating defective or omitted work. If the work 4768  
to be corrected or remediated is part of a project not yet 4769

completed, the Commission may amend the project agreement to 4770  
increase the project budget and use corrective action funding to 4771  
provide the state portion of the amendment. If the work to be 4772  
corrected or remediated was part of a completed project and funds 4773  
were retained or transferred pursuant to division (C) of section 4774  
3318.12 of the Revised Code, the Commission may enter into a new 4775  
agreement to address the necessary corrective action. The 4776  
Commission shall assess responsibility for the defective or 4777  
omitted work and seek cost recovery from responsible parties, if 4778  
applicable. Any funds recovered shall be applied first to the 4779  
district portion of the cost of the corrective action. Any 4780  
remaining funds shall be applied to the state portion and 4781  
deposited into the School Building Program Assistance Fund (Fund 4782  
7032). 4783

HAZARDOUS SUBSTANCE ABATEMENT IN STATE FACILITIES 4784

The foregoing appropriation item C230E3, Hazardous Substance 4785  
Abatement, shall be used to fund the removal of asbestos, PCB, 4786  
radon gas, and other contamination hazards from state facilities. 4787

Prior to the release of funds for asbestos abatement, the 4788  
Ohio Facilities Construction Commission shall review proposals 4789  
from state agencies to use these funds for asbestos abatement 4790  
projects based on criteria developed by the Ohio Facilities 4791  
Construction Commission. Upon a determination by the Ohio 4792  
Facilities Construction Commission that the requesting agency 4793  
cannot fund the asbestos abatement project or other toxic 4794  
materials removal through existing capital and operating 4795  
appropriations, the Commission may request the release of funds 4796  
for such projects by the Controlling Board. State agencies 4797  
intending to fund asbestos abatement or other toxic materials 4798  
removal through existing capital and operating appropriations 4799  
shall notify the Executive Director of the Ohio Facilities 4800  
Construction Commission of the nature and scope prior to 4801

commencing the project. 4802

Only agencies that have received appropriations for capital 4803  
projects from the Administrative Building Fund (Fund 7026) are 4804

release of funds for renovation, state agencies shall have 4812  
performed a comprehensive energy audit for each project. The Ohio 4813  
Facilities Construction Commission shall review and approve 4814  
proposals from state agencies to use these funds for energy 4815  
conservation. Public school districts and state-supported and 4816

shall perform self-evaluations of state-owned facilities 4825  
identifying barriers to access to service. State agencies shall 4826  
prioritize access barriers and develop a transition plan for the 4827  
removal of these barriers. The Ohio Facilities Construction 4828  
Commission shall review proposals from state agencies to use these 4829  
funds for Americans with Disabilities Act renovations. 4830

interests in public obligations as defined in division (N) of 4862

section 133.01 of the Revised Code, is limited in amount to not 4863  
more than \$22,000,000, and shall provide at the end of the lease 4864  
period that the financed asset becomes the property of the state. 4865

**Section 701.30. STATE TAXATION ACCOUNTING AND REVENUE SYSTEM** 4866

The State Taxation Accounting and Revenue System (STARS) is 4867  
an integrated tax collection and audit system that will replace 4868  
all of the state's existing separate tax software and 4869  
administration systems for the various taxes collected by the 4870  
state. The Department of Administrative Services, in conjunction 4871  
with the Department of Taxation, may continue to acquire and 4872  
implement STARS, including, but not limited to, the application 4873  
hardware and software and the installation and implementation 4874  
thereof, for the use of the Department of Taxation. Any 4875

Revised Code to finance STARS, including any fractionalized 4877  
interests in public obligations as defined in division (N) of 4878  
section 133.01 of the Revised Code, is limited in amount to not 4879  
more than \$10,000,000, and shall provide at the end of the lease 4880  
period that the financed asset becomes the property of the state. 4881

software and the installation and implementation thereof. The 4887  
BCIRS is a criminal records management and biometric 4888  
identification system that will replace the Ohio Attorney 4889  
General's existing computerized criminal history and automated 4890  
fingerprint identification systems. The Ohio Attorney General may 4891  
utilize a lease-purchase agreement and related financing 4892

documents, including any fractionalized interests in public 4893  
obligations as defined in division (N) of section 133.01 of the 4894  
Revised Code. Upon the written request of and in consultation with 4895  
the Ohio Attorney General, the Office of Budget and Management 4896  
shall make arrangements for the timely issuance of any obligations 4897

the purpose of drawing money from the state treasury in payment of 4913  
liabilities lawfully incurred under those sections, and on June 4914  
30, 2018, and not before, the moneys hereby appropriated lapse 4915  
into the funds from which they are severally appropriated. If, 4916  
under Section 1c of Article II, Ohio Constitution, the sections of 4917
