

To All of Concern,

I Karen Bailey , live at 476 Coronation Ave. Gahanna, Ohio 43230. I housed my chickens at my residence for 2 years. I kept them healthy and clean. Never did they smell or cause any problems. I fed them only the best feed, and had full control of what I was feeding my family when it came to eggs. In return my girls made awesome pets with unique personalities, and were a joy to myself , family and friends and neighbors. The City of Gahanna made me remove my birds March 30, 2017. I continue to believe I should have the right to have my own flock of Chickens in my Backyard. As long as I only have Hens, keep them clean, healthy, and housed properly. I thank you for your consideration on this.

Thank You Again, Karen Bailey
