what you believe!!**

February 17th, 2017

The Honorable Timothy Ginter
77 S. High Street
Columbus, OH 43215

The Ohio Pastor Protection Act or HB 36 as it has been introduced will be a tremendous help to defend each minister in our great state to freely practice our faith. With each cultural shift, we feel the vulnerabilities of preaching and living the truths that we hold dear. While we are protected constitutionally by the 1st amendment, to have a law that brings clarity to how the state of Ohio stands behind someone like me would be a tremendous support to that constitutional right. It is not our right to stand against someone else's right to live in America, and it should never be someone else's right to stand against our right to practice our faith. We should be able to practice our faith without fear of prosecution. We support this bill and hope to see it passed.

Thank you and may the Lord Bless,

Rev. Matthew Ferguson
Pastor
