

Buckeye Firearms Association

September 5, 2017

Representative Wiggam:

Buckeye Firearms Association is happy to support Sub H.B. 142. We thank you for your work to address the issues of law enforcement as well as Concealed Handgun License holders.

Sub H.B. 142 is good legislation which solves problems which have existed since the first days of concealed carry in Ohio. It is good public policy which eliminates vagueness and protects both license holders and law enforcement.

Buckeye Firearms Association supports Sub H.B. 142 and will work to see it enacted into law.

Sincerely,

James Irvine
