

Good Morning,

I would like to go on the written record in opposition to HB 512. I never imagined under Republican control that we would be facing the possibility of an unelected bureaucrat to control all education arms in the state of Ohio. We desire more local control of our schools, not more top down "solutions". We will be watching the individual representatives public statements and official votes on this matter, and will take appropriate actions at the ballot box based on their ability to value parental control. We elect officials to represent Ohio parents, not replace them.

Respectfully Submitted,
