

To all on the committee I wish to strongly oppose House Bill 585.

Our freedoms are eroded a little at a time don't take that first step. I vote and influence as many as possible.

Let me introduce myself I am a 63 old grandmother of six. My physical limitations case me to firstly put my faith in my LORD and thank him for the marksmanship I retain.

I am my grandchildren's protector I can't out run an attacker. They are beautiful blonde haired prime targets for trafficking. I would gladly lay down my life to save them, to accomplish this I need every weapon without limitations of any kind at my disposal. I can't run don't restrict my ability to be the protector GOD intended

My grandchildren are taught in their school guns are bad. Their teachers pledge to protect them, one with a ball bat, one with a golf club.

I find this ridiculous and an insult. Don't be a part of this nonsense dare to stand for what is right. I will be taking names.
