

Travis Allred statement
Western Reserve Fish & Game Association

My name is Travis Allred and I am 12 years old. My dad introduced me to the sport of shooting. He took me to the gun club. I met the instructors who guide me. They taught me how to hold a weapon properly and taught me gun safety.

I really enjoy this and I look forward to Hunter Ed so I can hunt with adults. I really enjoy target shooting and look forward to it weekly. Please don't pass a law so I can't do these things. As I grow up, I want to be able to protect my family.

Thank you
