The Honorable Jay Hottinger  
Senate Building  
1 Capitol Square, Ground Floor  
Columbus, OH 43215

Dear Chairman Hottinger:

I am the Chief Executive Officer of Day Air Credit Union in Dayton, OH, which provides financial services to over 43,000 members. I respectfully urge you to support Senate Bill 292, which comprehensively modernizes the Ohio Credit Union Act.

Day Air Credit Union is state chartered due in part to the flexibility and common sense regulatory approach of the Ohio Department of Commerce. This allows us to provide a higher level of member service than the federal charter. As a state charter, we also contribute to our local and state economies by directly funding the credit union division of the Ohio Division of Financial Institutions, employing Ohio residents, and paying sales and real estate taxes, among other items. For these reasons, it's important for Day Air and other Ohio based credit unions to remain a state charter, which requires the state system to be routinely examined and improved.

The following provisions of Senate Bill 292 would be most beneficial to nearly 3 million Ohioans and credit unions board of directors and staff:

- Provides technical changes to modernize operations
- Empowers credit unions to focus more on member services
- Encourages flexibility and choice in delivering value to member-owners

These are just a few of the many benefits provided by Senate Bill 292, which will keep the state charter a competitive option for Ohio's credit unions.

On behalf of our staff, board of directors, and members, we appreciate your consideration and look forward to working with you on securing passage of this important piece of legislation.

Sincerely,

William J. Burke  
President/CEO
