(2) Except as provided in section 4729.281 or, <u>4729.44,</u>	114

under division (B) of section 3719.121 of the Revised Code by 134
utilizing a telephone conference call to review the allegations 135
and take a vote. 136

(E) For purposes of this division, an individual 137
authorized to practice as a pharmacist or pharmacy intern 138
accepts the privilege of practicing in this state subject to 139
supervision by the board. By filing an application for or 140
holding a license to practice as a pharmacist or pharmacy 141
intern, an individual gives consent to submit to a mental or 142
physical examination when ordered to do so by the board in 143
writing and waives all objections to the admissibility of 144
testimony or examination reports that constitute privileged 145
communications. 146

If the board has reasonable cause to believe that an 147
individual who is a pharmacist or pharmacy intern is physically 148
or mentally impaired, the board may require the individual to 149
submit to a physical or mental examination, or both. The expense 150
of the examination is the responsibility of the individual 151
required to be examined. 152

Failure of an individual who is a pharmacist or pharmacy 153
intern to submit to a physical or mental examination ordered by 154
the board, unless the failure is due to circumstances beyond the 155
individual's control, constitutes an admission of the 156
allegations and a suspension order shall be entered without the 157
taking of testimony or presentation of evidence. Any subsequent 158
adjudication hearing under Chapter 119. of the Revised Code 159

concerning failure to submit to an examination is limited to 160
consideration of whether the failure was beyond the individual's 161
control. 162

If, based on the results of an examination ordered under 163
this division, the board determines that the individual's 164
ability to practice is impaired, the board shall suspend the 165
individual's license or deny the individual's application and 166
shall require the individual, as a condition for an initial, 167
continued, reinstated, or renewed license to practice, to submit 168
to a physical or mental examination and treatment. 169

An order of suspension issued under this division shall 170
not be subject to suspension by a court during pendency of any 171
appeal filed under section 119.12 of the Revised Code. 172

(F) If the board is required under Chapter 119. of the 173
Revised Code to give notice of an opportunity for a hearing and 174
the applicant or licensee does not make a timely request for a 175
hearing in accordance with section 119.07 of the Revised Code, 176
the board is not required to hold a hearing, but may adopt a 177
final order that contains the board's findings. In the final 178
order, the board may impose any of the sanctions listed in 179
division (A) of this section. 180

(G) Notwithstanding the provision of division (C) (2) of 181
section 2953.32 of the Revised Code specifying that if records 182
pertaining to a criminal case are sealed under that section the 183
proceedings in the case must be deemed not to have occurred, 184
sealing of the following records on which the board has based an 185
action under this section shall have no effect on the board's 186
action or any sanction imposed by the board under this section: 187
records of any conviction, guilty plea, judicial finding of 188
guilt resulting from a plea of no contest, or a judicial finding 189

of eligibility for a pretrial diversion program or intervention 190
in lieu of conviction. The board shall not be required to seal, 191
destroy, redact, or otherwise modify its records to reflect the 192
court's sealing of conviction records. 193

(H) No pharmacist or pharmacy intern shall knowingly 194
engage in any conduct described in divisions (A) (2) (b) or (A) (2) 195
(e) to (l) of this section. 196

Sec. 4729.382. (A) As used in this section, "epinephrine 197
autoinjector" means a device used to administer epinephrine only 198
in a manufactured dosage form. 199

(B) Subject to division (C) of this section, a pharmacist 200
dispensing an epinephrine autoinjector pursuant to a 201
prescription that identifies a specific type of epinephrine 202
autoinjector may substitute the prescribed autoinjector with 203
another epinephrine autoinjector, but only if the form of 204
epinephrine contained in the autoinjector to be dispensed by 205
substitution meets either of the following conditions: 206

(1) It is identical to the form of epinephrine in the type 207
of autoinjector that was prescribed. 208

(2) It is a pharmaceutical equivalent of the form of 209
epinephrine in the type of autoinjector that was prescribed in 210
that it contains identical amounts of the identical active 211
ingredients, but not necessarily the same inactive ingredients; 212
it has been approved by the United States food and drug 213
administration; and it has not been excluded from recognition as 214
a pharmaceutical equivalent form of epinephrine by rules adopted 215
under division (H) of this section. 216

(C) All of the following conditions apply with respect to 217
a pharmacist's authority to dispense an epinephrine autoinjector 218

by substitution: 219

(1) The pharmacist shall not make the substitution if the 220
person receiving the autoinjector pursuant to the prescription 221
instructs otherwise. 222

(2) The pharmacist shall not make the substitution if 223
either of the following applies to the prescription: 224

(a) In the case of a written or electronic prescription, 225
including a computer-generated prescription, the prescriber 226
handwrites or actively causes to display on the prescription 227
"dispense as written," "D.A.W.," "do not substitute," "medically 228
necessary as prescribed," or any other statement or numerical 229
code that indicates the prescriber's intent to prevent 230
substitution. Such a designation shall not be preprinted or 231
stamped on the prescription, but a reminder to the prescriber of 232
the designation procedure may be preprinted or displayed on the 233
prescription form or electronic system the prescriber uses to 234
issue the prescription. 235

(b) In the case of an oral prescription, the prescriber 236
specifies that the epinephrine autoinjector as prescribed is 237
medically necessary or otherwise indicates the prescriber's 238
intent to prevent substitution. 239

(3) The pharmacist shall not make the substitution unless 240
its price to the patient is less than or equal to the price of 241
the prescribed epinephrine autoinjector, except that a 242
pharmacist may substitute an epinephrine autoinjector with a 243
price to the patient that is greater than the prescribed 244
autoinjector if the patient specifically requests the more 245
expensive autoinjector. 246

(4) The pharmacist, or a pharmacy intern or agent of the 247

pharmacist, shall inform the patient or the patient's 248
representative if a type of epinephrine autoinjector is 249
available at a lower or equal cost, and of the person's right to 250
refuse substitution of the prescribed epinephrine autoinjector. 251

(D) (1) Unless the prescriber instructs otherwise, the 252
label for every epinephrine autoinjector dispensed shall include 253
the epinephrine autoinjector's name, if any, and the distributor 254
of the autoinjector. Abbreviations may be used as necessary. 255

(2) When dispensing at retail an epinephrine autoinjector 256
by substitution, the pharmacist shall indicate on the 257
autoinjector's label or container that a substitution was made. 258

(3) The labeling requirements established by divisions (D) 259
(1) and (2) of this section are in addition to all other 260
labeling requirements as required in rules adopted by the state 261
board of pharmacy. 262

(E) When a pharmacist dispenses an epinephrine 263
autoinjector by substitution, the pharmacist or a pharmacy 264
intern shall provide to the person receiving the device 265
instruction on the proper method of administering epinephrine 266
with the device, except that the instruction does not have to be 267
provided if the person is receiving the same device that was 268
dispensed when the person last received the device by having a 269
prescription filled or refilled. 270

(F) A pharmacist who dispenses an epinephrine autoinjector 271
pursuant to this section assumes no greater liability for 272
dispensing the autoinjector by substitution than would be 273
incurred for dispensing the autoinjector identified on the 274
prescription. 275

(G) The failure of a prescriber to restrict a prescription 276

by indicating an intent to prevent substitution pursuant to this 277
section shall not constitute evidence of the prescriber's 278
negligence unless the prescriber had reasonable cause to believe 279
that the health condition of the patient for whom the 280
epinephrine autoinjector was intended warranted the prescription 281
of a specific type of epinephrine autoinjector and no other. No 282
prescriber shall be liable for civil damages or in any criminal 283
prosecution arising from a pharmacist dispensing an epinephrine 284
autoinjector by substitution, unless the type of autoinjector 285
prescribed would have reasonably caused the same loss, damage, 286
injury, or death. 287

(H) The state board of pharmacy may adopt rules in 288
accordance with Chapter 119. of the Revised Code to implement 289
this section. The rules may specify forms of epinephrine that 290
are not to be recognized as pharmaceutical equivalents of other 291
forms of epinephrine for purposes of this section. 292

(I) No pharmacist shall knowingly engage in conduct that 293
is prohibited by division (C) or (D) of this section. 294

Sec. 4729.46. (A) As used in this section: 295

Chapter 4731. of the Revised Code to practice medicine and 300
surgery, osteopathic medicine and surgery, or podiatric medicine 301

(B) If use of a protocol that has been developed pursuant 303
to rules adopted under division (G) of this section has been 304
authorized under section 3707.60 or 4731.961 of the Revised 305

Code, a pharmacist or pharmacy intern may dispense epinephrine 306
without a prescription in accordance with that protocol to 307
either of the following individuals so long as the individual is 308
at least eighteen years of age: 309

(1) An individual who there is reason to believe is 310
experiencing or at risk of experiencing anaphylaxis if the 311
pharmacy affiliated with the pharmacist or intern has a record 312
of previously dispensing epinephrine to the individual in 313
accordance with a prescription issued by a licensed health 314
professional authorized to prescribe drugs; 315

(2) An individual acting on behalf of a qualified entity, 316
as defined in section 3728.01 of the Revised Code. 317

(C) (1) A pharmacist or pharmacy intern who dispenses 318
epinephrine under this section shall instruct the individual to 319
whom epinephrine is dispensed to summon emergency services as 320
soon as practicable either before or after administering 321
epinephrine. 322

(2) A pharmacist or pharmacy intern who dispenses 323
epinephrine to an individual identified in division (B) (1) (a) of 324
this section shall provide notice of the dispensing to the 325
individual's primary care provider, if known, or to the 326
prescriber who issued the individual the initial prescription 327
for epinephrine. 328

(D) A pharmacist may document the dispensing of 329
epinephrine by the pharmacist or a pharmacy intern supervised by 330
the pharmacist on a prescription form. The form may be assigned 331
a number for record-keeping purposes. 332

(E) This section does not affect the authority of a 333
pharmacist or pharmacy intern to fill or refill a prescription 334

for epinephrine. 335

(F) A board of health that in good faith authorizes a 336
pharmacist or pharmacy intern to dispense epinephrine without a 337
prescription in accordance with a protocol developed pursuant to 338
rules adopted under division (G) of this section is not liable 339
for or subject to any of the following for any action or 340
omission of the individual to whom the epinephrine is dispensed: 341
damages in any civil action, prosecution in any criminal 342
proceeding, or professional disciplinary action. 343

pharmacy intern to dispense epinephrine without a prescription 345
in accordance with a protocol developed pursuant to rules 346
adopted under division (G) of this section is not liable for or 347
subject to any of the following for any action or omission of 348
the individual to whom the epinephrine is dispensed: damages in 349
any civil action, prosecution in any criminal proceeding, or 350

following for any action or omission of the individual to whom 355
the epinephrine is dispensed: damages in any civil action, 356
prosecution in any criminal proceeding, or professional 357
disciplinary action. 358

(G) Not later than ninety days after the effective date of 359
this section, the state board of pharmacy shall, after 360
consulting with the state medical board, adopt rules to 361
implement this section. The rules shall specify minimum 362
requirements for protocols established by physicians under which 363
pharmacists or pharmacy interns may dispense epinephrine without 364

a prescription. 365

All rules adopted under this section shall be adopted in 366
accordance with Chapter 119. of the Revised Code. 367
