"Unprofessional conduct in the practice of pharmacy" includes any of the following:	110 111

(2) Except as provided in section 4729.281 or, 4729.44, <u>or 4729.47</u> of the Revised Code, the dispensing or sale of any drug for which a prescription is required, without having received a prescription for the drug;	114 115 116 117

(7) Engaging in any other conduct that the board specifies as unprofessional conduct in the practice of pharmacy in rules adopted under section 4729.26 of the Revised Code.

(D) The board may suspend a license under division (B) of section 3719.121 of the Revised Code by utilizing a telephone conference call to review the allegations and take a vote.

(E) For purposes of this division, an individual authorized to practice as a pharmacist or pharmacy intern accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license to practice as a pharmacist or pharmacy intern, an individual gives consent to submit to a mental or physical examination when ordered to do so by the board in writing and waives all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If the board has reasonable cause to believe that an individual who is a pharmacist or pharmacy intern is physically or mentally impaired, the board may require the individual to submit to a physical or mental examination, or both. The expense of the examination is the responsibility of the individual required to be examined.

Failure of an individual who is a pharmacist or pharmacy intern to submit to a physical or mental examination ordered by the board, unless the failure is due to circumstances beyond the

individual's control, constitutes an admission of the 155
allegations and a suspension order shall be entered without the 156
taking of testimony or presentation of evidence. Any subsequent 157
adjudication hearing under Chapter 119. of the Revised Code 158
concerning failure to submit to an examination is limited to 159
consideration of whether the failure was beyond the individual's 160
control. 161

If, based on the results of an examination ordered under 162
this division, the board determines that the individual's 163
ability to practice is impaired, the board shall suspend the 164
individual's license or deny the individual's application and 165
shall require the individual, as a condition for an initial, 166
continued, reinstated, or renewed license to practice, to submit 167
to a physical or mental examination and treatment. 168

An order of suspension issued under this division shall 169
not be subject to suspension by a court during pendency of any 170
appeal filed under section 119.12 of the Revised Code. 171

(F) If the board is required under Chapter 119. of the 172
Revised Code to give notice of an opportunity for a hearing and 173
the applicant or licensee does not make a timely request for a 174
hearing in accordance with section 119.07 of the Revised Code, 175
the board is not required to hold a hearing, but may adopt a 176
final order that contains the board's findings. In the final 177
order, the board may impose any of the sanctions listed in 178
division (A) of this section. 179

(G) Notwithstanding the provision of division (C) (2) of 180
section 2953.32 of the Revised Code specifying that if records 181
pertaining to a criminal case are sealed under that section the 182
proceedings in the case must be deemed not to have occurred, 183
sealing of the following records on which the board has based an 184

action under this section shall have no effect on the board's 185
action or any sanction imposed by the board under this section: 186
records of any conviction, guilty plea, judicial finding of 187
guilt resulting from a plea of no contest, or a judicial finding 188
of eligibility for a pretrial diversion program or intervention 189
in lieu of conviction. The board shall not be required to seal, 190
destroy, redact, or otherwise modify its records to reflect the 191
court's sealing of conviction records. 192

(H) No pharmacist or pharmacy intern shall knowingly 193
engage in any conduct described in divisions (A) (2) (b) or (A) (2) 194
(e) to (l) of this section. 195

Sec. 4729.23. (A) Except as provided in division (B) of 196
this section, information received by the state board of 197
pharmacy pursuant to an investigation is confidential, is not a 198
public record, and is not subject to discovery in any civil 199
action. ~~Any record that identifies a patient, confidential-~~ 200
~~informant, or individual who files a complaint with the board or~~ 201
~~may reasonably lead to the identification of the patient,~~ 202
~~informant, or complainant is not a public record for purposes of~~ 203
~~section 149.43 of the Revised Code and is not subject to~~ 204
~~inspection or copying under section 1347.08 of the Revised Code.~~ 205

(B) The board shall conduct all investigations or 206
inspections and proceedings in a manner that protects the 207
confidentiality of patients, confidential informants, and 208
individuals who file complaints with the board. The board shall 209
not make public the names or any other identifying information 210
of patients, confidential informants, or complainants unless 211
proper consent is given or, in the case of a patient, a waiver 212
of the patient privilege exists under division (B) of section 213
2317.02 of the Revised Code. The consent or waiver is not 214

required if the board possesses reliable and substantial 215
evidence that no bona fide physician-patient relationship 216
exists. 217

On request, the board may share any information it 218
receives pursuant to an investigation or inspection, including 219
patient records and patient record information, with law 220
enforcement agencies, other licensing boards, and other state or 221
federal governmental agencies that are prosecuting, 222
adjudicating, or investigating alleged violations of statutes or 223
administrative rules. An agency or board that receives the 224
information shall comply with the same requirements regarding 225
confidentiality as those with which the state board of pharmacy 226
must comply, notwithstanding any conflicting provision of the 227
Revised Code or agency procedure that applies when the agency is 228
dealing with other information in its possession. 229

Any information the board receives from a state or federal 230
agency is subject to the same confidentiality requirements as 231
the agency from which it was received and shall not be released 232
by the board without prior authorization from that agency. 233

The board may, for good cause shown, disclose or authorize 234
disclosure of information gathered pursuant to an investigation. 235

(C) Any board activity that involves continued monitoring 236
of an individual for treatment or recovery purposes as part of 237
or following any disciplinary action taken under ~~section-~~ 238
~~4729.16, 4729.56, or 4729.57 of the Revised Code~~ this chapter 239
shall be conducted in a manner that maintains an individual's 240
confidentiality with respect to the individual's treatment or 241
recovery program. Information received or maintained by the 242
board with respect to the board's monitoring activities is not 243
subject to discovery in any civil action, is not a public 244

record, and is confidential, except that the board may disclose 245
information to law enforcement officers and government entities 246
for purposes of an investigation of a license or certificate 247
holder. 248

Sec. 4729.28. ~~No~~ (A) As used in this section, "dispense" 249
has the meaning specified by the state board of pharmacy in 250
rules adopted under section 4729.26 of the Revised Code. 251

(B)(1) Except as provided in division (B)(2) of this 252
section, no person who is not a pharmacist or a pharmacy intern 253
under the personal supervision of a pharmacist shall compound, 254
~~dispense,~~ or sell dangerous drugs or otherwise engage in the 255
practice of pharmacy. 256

(2) Except as provided in sections 3701.048, 4729.44, and 257
4729.47 of the Revised Code or rules adopted by the board under 258
section 4729.26 of the Revised Code, no person who is not a 259
pharmacist shall dispense dangerous drugs. 260

Sec. 4729.382. (A) As used in this section, "epinephrine 261
autoinjector" means a device used to administer epinephrine only 262
in a manufactured dosage form. 263

(B) Subject to division (C) of this section, a pharmacist 264
dispensing an epinephrine autoinjector pursuant to a 265
prescription that identifies a specific type of epinephrine 266
autoinjector may substitute the prescribed autoinjector with 267
another epinephrine autoinjector, but only if the form of 268
epinephrine contained in the autoinjector to be dispensed by 269
substitution meets either of the following conditions: 270

(1) It is identical to the form of epinephrine in the type 271
of autoinjector that was prescribed. 272

(2) It is a pharmaceutical equivalent of the form of 273

epinephrine in the type of autoinjector that was prescribed in 274
that it contains identical amounts of the identical active 275
ingredients, but not necessarily the same inactive ingredients; 276
it has been approved by the United States food and drug 277
administration; and it has not been excluded from recognition as 278
a pharmaceutical equivalent form of epinephrine by rules adopted 279
under division (H) of this section. 280

(C) All of the following conditions apply with respect to 281
a pharmacist's authority to dispense an epinephrine autoinjector 282
by substitution: 283

(1) The pharmacist shall not make the substitution if the 284
person receiving the autoinjector pursuant to the prescription 285
instructs otherwise. 286

(2) The pharmacist shall not make the substitution if 287
either of the following applies to the prescription: 288

(a) In the case of a written or electronic prescription, 289
including a computer-generated prescription, the prescriber 290
handwrites or actively causes to display on the prescription 291
"dispense as written," "D.A.W.," "do not substitute," "medically 292
necessary as prescribed," or any other statement or numerical 293
code that indicates the prescriber's intent to prevent 294
substitution. Such a designation shall not be preprinted or 295
stamped on the prescription, but a reminder to the prescriber of 296
the designation procedure may be preprinted or displayed on the 297
prescription form or electronic system the prescriber uses to 298
issue the prescription. 299

(b) In the case of an oral prescription, the prescriber 300
specifies that the epinephrine autoinjector as prescribed is 301
medically necessary or otherwise indicates the prescriber's 302

intent to prevent substitution. 303

(3) The pharmacist shall not make the substitution unless 304
its price to the patient is less than or equal to the price of 305
the prescribed epinephrine autoinjector, except that a 306
pharmacist may substitute an epinephrine autoinjector with a 307
price to the patient that is greater than the prescribed 308
autoinjector if the patient specifically requests the more 309
expensive autoinjector. 310

(4) The pharmacist, or a pharmacy intern or agent of the 311
pharmacist, shall make a reasonable attempt to inform the 312
patient or the patient's representative if a type of epinephrine 313
autoinjector is available at a lower or equal cost. 314

(5) The pharmacist, or a pharmacy intern or agent of the 315
pharmacist, shall inform the patient or the patient's 316
representative of the person's right to refuse substitution of 317
the prescribed epinephrine autoinjector. 318

(D) (1) Unless the prescriber instructs otherwise, the 319
label for every epinephrine autoinjector dispensed shall include 320
the epinephrine autoinjector's name, if any, and the distributor 321
of the autoinjector. Abbreviations may be used as necessary. 322

(2) When dispensing at retail an epinephrine autoinjector 323
by substitution, the pharmacist shall indicate on the 324
autoinjector's label or container that a substitution was made. 325

(3) The labeling requirements established by divisions (D) 326
(1) and (2) of this section are in addition to all other 327
labeling requirements as required in rules adopted by the state 328
board of pharmacy. 329

(E) When a pharmacist dispenses an epinephrine 330
autoinjector by substitution, the pharmacist or a pharmacy 331

intern shall provide to the person receiving the device 332
instruction on the proper method of administering epinephrine 333
with the device, except that the instruction does not have to be 334
provided if the person is receiving the same device that was 335
dispensed when the person last received the device by having a 336
prescription filled or refilled. 337

(F) A pharmacist who dispenses an epinephrine autoinjector 338
pursuant to this section assumes no greater liability for 339
dispensing the autoinjector by substitution than would be 340
incurred for dispensing the autoinjector identified on the 341
prescription. 342

(G) The failure of a prescriber to restrict a prescription 343
by indicating an intent to prevent substitution pursuant to this 344
section shall not constitute evidence of the prescriber's 345
negligence unless the prescriber had reasonable cause to believe 346
that the health condition of the patient for whom the 347
epinephrine autoinjector was intended warranted the prescription 348
of a specific type of epinephrine autoinjector and no other. No 349
prescriber shall be liable for civil damages or in any criminal 350
prosecution arising from a pharmacist dispensing an epinephrine 351
autoinjector by substitution, unless the type of autoinjector 352
prescribed would have reasonably caused the same loss, damage, 353
injury, or death. 354

(H) The state board of pharmacy may adopt rules in 355
accordance with Chapter 119. of the Revised Code to implement 356
this section. The rules may specify forms of epinephrine that 357
are not to be recognized as pharmaceutical equivalents of other 358
forms of epinephrine for purposes of this section. 359

(I) No pharmacist shall knowingly engage in conduct that 360
is prohibited by division (C) or (D) of this section. 361

Sec. 4729.41. (A) (1) A pharmacist licensed under this 362
chapter who meets the requirements of division (B) of this 363
section, and a pharmacy intern licensed under this chapter who 364
meets the requirements of division (B) of this section and is 365

~~amendment~~ March 19, 2015, is included in either of the following 381

immunizations or supervising a pharmacy intern's administration 392
of immunizations, a pharmacist may administer epinephrine or 393
diphenhydramine, or both, to individuals in emergency situations 394
resulting from adverse reactions to the immunizations 395
administered by the pharmacist or pharmacy intern. 396

(B) For a pharmacist or pharmacy intern to be authorized 397
to engage in the administration of immunizations pursuant to 398
division (A) of this section, the pharmacist or pharmacy intern 399
shall do all of the following: 400

treatment guidelines specified in a protocol established by a 411
physician and approved by the state board of pharmacy. 412

(C) The protocol required by division (B) (3) of this 413
section shall include provisions for implementation of the 414
following requirements: 415

(1) The pharmacist or pharmacy intern who administers an 416
immunization shall observe the individual who receives the 417
immunization to determine whether the individual has an adverse 418

reaction to the immunization. The length of time and location of 419
the observation shall comply with the standards specified in 420
rules adopted by the state board of pharmacy under division (E) 421
of this section for the approval of protocols. The protocol 422
shall specify procedures to be followed by a pharmacist when 423

(2) For each immunization administered to an individual by 427
a pharmacist or pharmacy intern, other than an immunization for 428
