and

(e) The name of the polling location in which the individual is casting a provisional ballot.

(D) The appropriate local election official shall cause voting information to be publicly posted at each polling place on the day of each election.

(F) Nothing in this section or section 3505.183 of the Revised Code is in derogation of section 3505.24 of the Revised Code, which permits a blind, disabled, or illiterate elector to receive assistance in the marking of the elector's ballot by two precinct election officials of different political parties. A blind, disabled, or illiterate elector may receive assistance in marking that elector's provisional ballot and in completing the required affirmation in the same manner as an elector may receive assistance on the day of an election under that section.

Sec. 3505.183. (A) When the ballot boxes are delivered to the board of elections from the precincts, the board shall separate the provisional ballot envelopes from the rest of the ballots. Teams of employees of the board consisting of one member of each major political party shall place the sealed provisional ballot envelopes in a secure location within the office of the board. The sealed provisional ballot envelopes shall remain in that secure location until the validity of those ballots is determined under division (B) of this section. While the provisional ballot is stored in that secure location, and prior to the counting of the provisional ballots, if the board receives information regarding the validity of a specific provisional ballot under division (B) of this section, the board may note, on the sealed provisional ballot envelope for that ballot, whether the ballot is valid and entitled to be counted.

(B)(1) To determine whether a provisional ballot is valid and entitled to be counted, the board shall examine its records and determine whether the individual who cast the provisional ballot is registered and eligible to vote in the applicable election. The board shall examine the information contained in the written affirmation executed by the individual who cast the provisional ballot under division (B)(2) of section 3505.181 of the Revised Code. The following information shall be included in the written affirmation in order for the provisional ballot to be eligible to be counted:

(a) The individual's printed name, signature, date of birth, and current address;

(b) A statement that the individual is a registered voter in the precinct in which the provisional ballot is being voted;

(c) A statement that the individual is eligible to vote in the election in which the provisional ballot is being voted.

(2) In addition to the information required to be included in an affirmation under division (B) (1) of this section, in determining whether a provisional ballot is valid and entitled to be counted, the board also shall examine any additional information for determining ballot validity provided by the provisional voter on the affirmation, provided by the provisional voter to an election official under section 3505.182 of the Revised Code, or provided to the board of elections during the seven days after the day of the election under division (B)(7) of section 3505.181 of the Revised Code, to assist the board in determining the individual's eligibility to vote.

(3) If, in examining a provisional ballot affirmation and additional information under

divisions (B)(1) and (2) of this section and comparing the information required under division (B)(1) of this section with the elector's information in the statewide voter registration database, the board determines that all of the following apply, the provisional ballot envelope shall be opened, and the ballot shall be placed in a ballot box to be counted:

(a) The individual named on the affirmation is properly registered to vote.

(b) The individual named on the affirmation is eligible to cast a ballot in the precinct and for the election in which the individual cast the provisional ballot.

(c) The individual provided all of the information required under division (B)(1) of this section in the affirmation that the individual executed at the time the individual cast the provisional ballot.

(d) The last four digits of the elector's social security number or the elector's driver's license number or state identification card number are not different from the last four digits of the elector's social security number or the elector's driver's license number or state identification card number contained in the statewide voter registration database.

(e) Except as otherwise provided in this division, the month and day of the elector's date of birth are not different from the day and month of the elector's date of birth contained in the statewide voter registration database.

This division does not apply to an elector's provisional ballot if either of the following is true:

(i) The elector's date of birth contained in the statewide voter registration database is January 1, 1800.

(ii) The board of elections has found, by a vote of at least three of its members, that the elector has met all other requirements of division (B)(3) of this section.

(f) The elector's current address is not different from the elector's address contained in the statewide voter registration database, unless the elector indicated that the elector is casting a provisional ballot because the elector has moved and has not submitted a notice of change of address, as described in division (A)(6) of section 3505.181 of the Revised Code.

(g) If applicable, the individual provided any additional information required under division (B)(7) of section 3505.181 of the Revised Code within seven days after the day of the election.

~~(h) If applicable, the hearing conducted under division (B) of section 3503.24 of the Revised Code after the day of the election resulted in the individual's inclusion in the official registration list.~~

(4)(a) Except as otherwise provided in division (D) of this section, if, in examining a provisional ballot affirmation and additional information under divisions (B)(1) and (2) of this section and comparing the information required under division (B)(1) of this section with the elector's information in the statewide voter registration database, the board determines that any of the following applies, the provisional ballot envelope shall not be opened, and the ballot shall not be counted:

(i) The individual named on the affirmation is not qualified or is not properly registered to vote.

(ii) The individual named on the affirmation is not eligible to cast a ballot in the precinct or for the election in which the individual cast the provisional ballot.

(iii) The individual did not provide all of the information required under division (B)(1) of this section in the affirmation that the individual executed at the time the individual cast the

provisional ballot.

(iv) The individual has already cast a ballot for the election in which the individual cast the provisional ballot.

(v) If applicable, the individual did not provide any additional information required under division (B)(7) of section 3505.181 of the Revised Code within seven days after the day of the election.

~~(vi) If applicable, the hearing conducted under division (B) of section 3503.24 of the Revised Code after the day of the election did not result in the individual's inclusion in the official registration list.~~

~~(vii)~~ The individual failed to provide a current and valid photo identification, a military identification, a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, with the voter's name and current address, the individual's driver's license or state identification card number, or the last four digits of the individual's social security number or to execute an affirmation under division (B) of section 3505.181 of the Revised Code.

~~(viii)~~(vii) The last four digits of the elector's social security number or the elector's driver's license number or state identification card number are different from the last four digits of the elector's social security number or the elector's driver's license number or state identification card number contained in the statewide voter registration database.

~~(ix)~~(viii) Except as otherwise provided in this division, the month and day of the elector's date of birth are different from the day and month of the elector's date of birth contained in the statewide voter registration database.

This division does not apply to an elector's provisional ballot if either of the following is true:

(I) The elector's date of birth contained in the statewide voter registration database is January 1, 1800.

(II) The board of elections has found, by a vote of at least three of its members, that the elector has met all of the requirements of division (B)(3) of this section, other than the requirements of division (B)(3)(e) of this section.

~~(x)~~(ix) The elector's current address is different from the elector's address contained in the statewide voter registration database, unless the elector indicated that the elector is casting a provisional ballot because the elector has moved and has not submitted a notice of change of address, as described in division (A)(6) of section 3505.181 of the Revised Code.

(b) If, in examining a provisional ballot affirmation and additional information under divisions (B)(1) and (2) of this section and comparing the information required under division (B)(1) of this section with the elector's information in the statewide voter registration database, the board is unable to determine either of the following, the provisional ballot envelope shall not be opened, and the ballot shall not be counted:

(i) Whether the individual named on the affirmation is qualified or properly registered to vote;

(ii) Whether the individual named on the affirmation is eligible to cast a ballot in the precinct or for the election in which the individual cast the provisional ballot.

(C) For each provisional ballot rejected under division (B)(4) of this section, the board shall record the name of the provisional voter who cast the ballot, the identification number of the provisional ballot envelope, the names of the election officials who determined the validity of that ballot, the date and time that the determination was made, and the reason that the ballot was not counted, unless the board has already recorded that information in another database.

(D)(1) If an individual cast a provisional ballot in a precinct in which the individual is not registered and eligible to vote, but in the correct polling location for the precinct in which the individual is registered and eligible to vote, and the election official failed to direct the individual to the correct precinct, the individual's ballot shall be remade under division (D)(2) of this section. The election official shall be deemed to have directed the individual to the correct precinct if the election official correctly completed the form described in division (C)(2) of section 3505.181 of the Revised Code.

(2) A board of elections that remakes a provisional ballot under division (D)(1) of this section shall remake the provisional ballot on a ballot for the appropriate precinct to reflect the offices, questions, and issues for which the individual was eligible to cast a ballot and for which the individual attempted to cast a provisional ballot. The remade ballot shall be counted for each office, question, and issue for which the individual was eligible to vote.

(3) If an individual cast a provisional ballot in a precinct in which the individual is not registered and eligible to vote and in the incorrect polling location for the precinct in which the individual is registered and eligible to vote, the provisional ballot envelope shall not be opened, and the ballot shall not be counted.

(E) Provisional ballots that are rejected under division (B)(4) of this section shall not be counted but shall be preserved in their provisional ballot envelopes unopened until the time provided by section 3505.31 of the Revised Code for the destruction of all other ballots used at the election for which ballots were provided, at which time they shall be destroyed.

(F) Provisional ballots that the board determines are eligible to be counted under division (B)(3) or (D) of this section shall be counted in the same manner as provided for other ballots under section 3505.27 of the Revised Code. No provisional ballots shall be counted in a particular county until the board determines the eligibility to be counted of all provisional ballots cast in that county under division (B) of this section for that election. Observers, as provided in section 3505.21 of the Revised Code, may be present at all times that the board is determining the eligibility of provisional ballots to be counted and counting those provisional ballots determined to be eligible. No person shall recklessly disclose the count or any portion of the count of provisional ballots in such a manner as to jeopardize the secrecy of any individual ballot.

(G)(1) Except as otherwise provided in division (G)(2) of this section, nothing in this section shall prevent a board of elections from examining provisional ballot affirmations and additional information under divisions (B)(1) and (2) of this section to determine the eligibility of provisional ballots to be counted during the ten days after the day of an election.

(2) A board of elections shall not examine the provisional ballot affirmation and additional information under divisions (B)(1) and (2) of this section of any provisional ballot cast by an individual who must provide additional information to the board of elections under division (B)(7) of section 3505.181 of the Revised Code for the board to determine the individual's eligibility until the

individual provides that information, ~~until any hearing required to be conducted under section 3503.24 of the Revised Code with regard to the provisional voter is held~~, or until the eleventh day after the day of the election, whichever is earlier.

Sec. 3505.20. Any person offering to vote may be challenged at the polling place by any precinct election official. If the board of elections has ruled on the question presented by a challenge prior to election day, its finding and decision shall be final, and the voting location manager shall be notified in writing. If the board has not ruled, the question shall be determined as set forth in this section. If any person is so challenged as unqualified to vote, the voting location manager shall tender the person the following oath: "You do swear or affirm under penalty of election falsification that you will fully and truly answer all of the following questions put to you concerning your qualifications as an elector at this election."

(A) If the person is challenged as unqualified on the ground that the person is not a citizen, the precinct election officials shall put the following questions:

- (1) Are you a citizen of the United States?
- (2) Are you a native or naturalized citizen?
- (3) Where were you born?
- (4) What official documentation do you possess to prove your citizenship? Please provide that documentation.

If the person offering to vote claims to be a naturalized citizen of the United States, the person shall, before the vote is received, produce for inspection of the precinct election officials a certificate of naturalization and declare under oath that the person is the identical person named in the certificate. If the person states under oath that, by reason of the naturalization of the person's parents or one of them, the person has become a citizen of the United States, and when or where the person's parents were naturalized, the certificate of naturalization need not be produced. If the person is unable to provide a certificate of naturalization on the day of the election, the precinct election officials shall provide to the person, and the person may vote, a provisional ballot under section 3505.181 of the Revised Code. The provisional ballot shall not be counted unless it is properly completed and the board of elections determines that the voter is properly registered and eligible to vote in the election.

(B) If the person is challenged as unqualified on the ground that the person has not resided in this state for thirty days immediately preceding the election, the precinct election officials shall put the following questions:

- (1) Have you resided in this state for thirty days immediately preceding this election? If so, where have you resided?
- (2) Did you properly register to vote?
- (3) Can you provide some form of identification containing your current mailing address in this precinct? Please provide that identification.
- (4) Have you voted or attempted to vote at any other location in this or in any other state at this election?
- (5) Have you applied for an absent voter's ballot in any state for this election?

If the precinct election officials are unable to verify the person's eligibility to cast a ballot in the election, the precinct election officials shall provide to the person, and the person may vote, a

provisional ballot under section 3505.181 of the Revised Code. The provisional ballot shall not be counted unless it is properly completed and the board of elections determines that the voter is properly registered and eligible to vote in the election.

(C) If the person is challenged as unqualified on the ground that the person is not a resident of the precinct where the person offers to vote, the precinct election officials shall put the following questions:

(1) Do you reside in this precinct?

(2) When did you move into this precinct?

(3) When you came into this precinct, did you come for a temporary purpose merely or for the purpose of making it your home?

(4) What is your current mailing address?

(5) Do you have some official identification containing your current address in this precinct? Please provide that identification.

(6) Have you voted or attempted to vote at any other location in this or in any other state at this election?

(7) Have you applied for any absent voter's ballot in any state for this election?

The precinct election officials shall direct an individual who is not in the appropriate polling place to the appropriate polling place. If the individual refuses to go to the appropriate polling place, or if the precinct election officials are unable to verify the person's eligibility to cast a ballot in the election, the precinct election officials shall provide to the person, and the person may vote, a provisional ballot under section 3505.181 of the Revised Code. The provisional ballot shall not be counted unless it is properly completed and the board of elections determines that the voter is properly registered and eligible to vote in the election.

(D) If the person is challenged as unqualified on the ground that the person is not of legal voting age, the precinct election officials shall put the following questions:

(1) Are you eighteen years of age or more?

(2) What is your date of birth?

(3) Do you have some official identification verifying your age? Please provide that identification.

If the precinct election officials are unable to verify the person's age and eligibility to cast a ballot in the election, the precinct election officials shall provide to the person, and the person may vote, a provisional ballot under section 3505.181 of the Revised Code. The provisional ballot shall not be counted unless it is properly completed and the board of elections determines that the voter is properly registered and eligible to vote in the election.

The voting location manager shall put such other questions to the person challenged as are necessary to determine the person's qualifications as an elector at the election. If a person challenged refuses to answer fully any question put to the person, is unable to answer the questions as they were answered on the registration form by the person under whose name the person offers to vote, or refuses to sign the person's name or make the person's mark, or if for any other reason a majority of the precinct election officials believes the person is not entitled to vote, the precinct election officials shall provide to the person, and the person may vote, a provisional ballot under section 3505.181 of the Revised Code. The provisional ballot shall not be counted unless it is properly completed and the

board of elections determines that the voter is properly registered and eligible to vote in the election.

A qualified citizen who has certified the citizen's intention to vote for president and vice-president as provided by Chapter 3504. of the Revised Code shall be eligible to receive only the ballot containing presidential and vice-presidential candidates.

However, ~~prior to not later than the nineteenth-thirtieth~~ day before the day of an election and in accordance with section 3503.24 of the Revised Code, any person qualified to vote may challenge the right of any other person to be registered as a voter, or the right to cast an absent voter's ballot, or to make application for such ballot. Such challenge shall be made in accordance with section 3503.24 of the Revised Code, and the board of elections of the county in which the voting residence of the challenged voter is situated shall make a final determination relative to the legality of such registration or application.

Sec. 3505.21. (A) As used in this section, "during the casting of the ballots" includes any of the following:

(1) Any time during which a board of elections permits an elector to vote an absent voter's ballot in person at the office of the board ~~and any~~;

(2) Any time ballots may be cast in a precinct polling place on the day of an election;

(3) Any time during which a board of elections processes absent voter's ballots before the time for counting those ballots.

(B) At any primary, special, or general election, any political party supporting candidates to be voted upon at such election and any group of five or more candidates may appoint to the board of elections or to any of the precincts in the county or city one person, a qualified elector, who shall serve as observer for such party or such candidates during the casting of the ballots and during the counting of the ballots; provided that separate observers may be appointed to serve during the casting and during the counting of the ballots. No candidate, no uniformed peace officer as defined by section 2935.01 of the Revised Code, no uniformed state highway patrol trooper, no uniformed member of any fire department, no uniformed member of the armed services, no uniformed member of the organized militia, no person wearing any other uniform, and no person carrying a firearm or other deadly weapon shall serve as an observer, nor shall any candidate be represented by more than one observer at any one precinct or at the board of elections except that a candidate who is a member of a party controlling committee, as defined in section 3517.03 of the Revised Code, may serve as an observer.

(C) Any political party or group of candidates appointing observers shall notify the board of elections of the names and addresses of its appointees and the precincts at which they shall serve or that they will serve at the board of elections. Notification of observers appointed to serve on the day of an election shall take place not less than eleven days before the day of the election on forms prescribed by the secretary of state and may be amended by filing an amendment with the board of elections at any time until four p.m. of the day before the election. Notification of observers appointed to serve at the office of the board during the time absent voter's ballots may be cast in person or during the time in which the board processes absent voter's ballots before the time for counting those ballots shall take place not less than eleven days before absent voter's ballots are required to be ready for use pursuant to section 3509.01 of the Revised Code on forms prescribed by the secretary of state and may be amended by filing an amendment with the board of elections at any

time until four p.m. of the day before the observer is appointed to serve. The observer serving on behalf of a political party shall be appointed in writing by the chairperson and secretary of the respective controlling party committee. Observers serving for any five or more candidates shall have their certificates signed by those candidates. Observers appointed to a precinct may file their certificates of appointment with the voting location manager of the precinct at the meeting on the evening prior to the election, or with the voting location manager of the precinct on the day of the election. Observers appointed to the office of the board to observe the casting of absent voter's ballots in person prior to the day of the election or the processing of absent voter's ballots before the time for counting those ballots may file their certificates with the director of the board of elections the day before or on the day that the observers are scheduled to serve at the office of the board.

Upon the filing of a certificate, the person named as observer in the certificate shall be permitted to be in and about the applicable polling place during the casting of the ballots and shall be permitted to watch every proceeding of the precinct election officials from the time of the opening until the closing of the polls. The observer also may inspect the counting of all ballots in the polling place or board of elections from the time of the closing of the polls until the counting is completed and the final returns are certified and signed. Observers appointed to serve at the board of elections on the day of an election under this section may observe at the board of elections and may observe at any precinct in the county. The precinct election officials shall protect such observers in all of the rights and privileges granted to them by Title XXXV of the Revised Code.

(D) No persons other than the precinct election officials, the observers, a police officer, other persons who are detailed to any precinct on request of the board of elections, or the secretary of state or the secretary of state's legal representative shall be admitted to the polling place, or any room in which a board of elections is counting ballots, after the closing of the polls until the counting, certifying, and signing of the final returns of each election have been completed.

(E) Not later than four p.m. of the twentieth day prior to an election at which questions are to be submitted to a vote of the people, any committee that in good faith advocates or opposes a measure may file a petition with the board of any county asking that the petitioners be recognized as the committee entitled to appoint observers to the count at the election. If more than one committee alleging themselves to advocate or oppose the same measure file such a petition, the board shall decide and announce by registered mail to each committee not less than twelve days immediately preceding the election which committee is recognized as being entitled to appoint observers. The decision shall not be final, but any aggrieved party may institute mandamus proceedings in the court of common pleas of the county in which the board has jurisdiction to compel the precinct election officials to accept the appointees of such aggrieved party. Any such recognized committee may appoint an observer to the count in each precinct. Committees appointing observers shall notify the board of elections of the names and addresses of its appointees and the precincts at which they shall serve. Notification shall take place not less than eleven days before the election on forms prescribed by the secretary of state and may be amended by filing an amendment with the board of elections at any time until four p.m. on the day before the election. A person so appointed shall file the person's certificate of appointment with the voting location manager in the precinct in which the person has been appointed to serve. Observers shall file their certificates before the polls are closed. In no case shall more than six observers be appointed for any one election in any one precinct. If more than

three questions are to be voted on, the committees which have appointed observers may agree upon not to exceed six observers, and the precinct election officials shall appoint such observers. If such committees fail to agree, the precinct election officials shall appoint six observers from the appointees so certified, in such manner that each side of the several questions shall be represented.

(F) No person shall serve as an observer at any precinct or at the board of elections unless the board of elections of the county in which such observer is to serve has first been notified of the name, address, and location at which such observer is to serve. Notification to the board of elections shall be given by the political party, group of candidates, or committee appointing such observer as prescribed in this section. No such observers shall receive any compensation from the county, municipal corporation, or township, and they shall take the following oath, to be administered by one of the precinct election officials:

"You do solemnly swear that you will faithfully and impartially discharge the duties as an official observer, assigned by law; that you will not cause any delay to persons offering to vote; and that you will not disclose or communicate to any person how any elector has voted at such election."

Sec. 3509.01. (A) The board of elections of each county shall provide absent voter's ballots for use at every primary and general election, or special election to be held on the day specified by division (E) of section 3501.01 of the Revised Code for the holding of a primary election, designated by the general assembly for the purpose of submitting constitutional amendments proposed by the general assembly to the voters of the state. Those ballots shall be the same size, shall be printed on the same kind of paper, and shall be in the same form as has been approved for use at the election for which those ballots are to be voted; except that, in counties using marking devices, ballot cards may be used for absent voter's ballots, and those absent voters shall be instructed to record the vote in the manner provided on the ballot cards.

(B) The rotation of names of candidates and questions and issues shall be substantially complied with on absent voter's ballots, within the limitation of time allotted. Those ballots shall be designated as "Absent Voter's Ballots." Except as otherwise provided in division (D) of this section, those ballots shall be printed and ready for use as follows:

(1) For overseas voters and absent uniformed services voters eligible to vote under the Uniformed and Overseas Citizens Absentee Voting Act, Pub. L. No. 99-410, 100 Stat. 924, 42 U.S.C. 1973ff, et seq., as amended, ballots shall be printed and ready for use other than in person on the ~~forty-fifth~~ forty-sixth day before the day of the election.

(2) For all voters, other than overseas voters and absent uniformed services voters, who are applying to vote absent voter's ballots other than in person, ballots shall be printed and ready for use on the first day after the close of voter registration before the election.

(3) For all voters who are applying to vote absent voter's ballots in person, ballots shall be printed and ready for use beginning on the first day after the close of voter registration before the election.

If, at the time for the close of in-person absent voting on a particular day, there are voters waiting in line to cast their ballots, the in-person absent voting location shall be kept open until such waiting voters have cast their absent voter's ballots.

(C) Absent voter's ballots provided for use at a general or primary election, or special election to be held on the day specified by division (E) of section 3501.01 of the Revised Code for the

holding of a primary election, designated by the general assembly for the purpose of submitting constitutional amendments proposed by the general assembly to the voters of the state, shall include only those questions, issues, and candidacies that have been lawfully ordered submitted to the electors voting at that election.

(D) If the laws governing the holding of a special election on a day other than the day on which a primary or general election is held make it impossible for absent voter's ballots to be printed and ready for use by the deadlines established in division (B) of this section, absent voter's ballots for those special elections shall be ready for use as many days before the day of the election as reasonably possible under the laws governing the holding of that special election.

(E) A copy of the absent voter's ballots shall be forwarded by the director of the board in each county to the secretary of state at least twenty-five days before the election.

Sec. 3509.051. Notwithstanding section 3509.05 or any other provision of the Revised Code to the contrary, all of the following shall apply to the casting of absent voter's ballots in person:

(A) The absent voter shall provide identification to the election officials in the same manner as one of the following:

(1) As a voter who casts a ballot in person on the day of an election is required to provide identification under section 3505.18 of the Revised Code; or

(2) As a voter who casts an absent voter's ballot is required to submit a completed written application for an absent voter's ballot under section 3509.03 of the Revised Code.

(B) The absent voter shall not be required to complete a statement of voter on an absent voter's ballot identification envelope.

(C) The board of elections shall provide a signature book to be signed by absent voters who are casting their ballots in person.

(D) No person other than an election official shall be permitted to challenge the right to vote of an absent voter who is casting a ballot in person. An election official may challenge the right to vote of an absent voter who is casting a ballot in person in the same manner as a precinct election official may challenge the right to vote of an elector on the day of an election under section 3505.20 or 3513.19 of the Revised Code.

(E) No absent voter may receive a replacement ballot after the voter's absent voter's ballot has been scanned or entered into automatic tabulating equipment.

Sec. 3509.06. (A) The board of elections shall determine whether absent voter's ballots shall be processed and counted in each precinct, at the office of the board, or at some other location designated by the board, and shall proceed accordingly under division (B), (C), or (E) of this section, as applicable.

(B)(1) Except as otherwise provided in division (B)(2) of this section, when the board of elections determines that absent voter's ballots shall be processed and counted in each precinct, the director shall deliver to the voting location manager of each precinct on election day identification envelopes purporting to contain absent voter's ballots of electors whose voting residence appears from the statement of voter on the outside of each of those envelopes, to be located in that manager's precinct, and which were received by the director not later than the close of the polls on election day. The director shall deliver to the voting location manager a list containing the name and voting residence of each person whose voting residence is in such precinct to whom absent voter's ballots

were mailed.

(2) The director shall not deliver to the voting location manager identification envelopes cast by electors who provided a program participant identification number instead of a residence address on the identification envelope and shall not inform the voting location manager of the names and voting residences of persons who have confidential voter registration records. Those identification envelopes shall be examined and processed as described in division (E) of this section.

(C) When the board of elections determines that absent voter's ballots shall be processed and counted at the office of the board of elections or at another location designated by the board, special election officials shall be appointed by the board for that purpose having the same authority as is exercised by precinct election officials. The votes so cast shall be added to the vote totals by the board, and the absent voter's ballots shall be preserved separately by the board, in the same manner and for the same length of time as provided by section 3505.31 of the Revised Code.

(D) Each of the identification envelopes purporting to contain absent voter's ballots delivered to the voting location manager of the precinct or the special election official appointed by the board of elections shall be handled as follows:

(1) The election officials shall compare the signature of the elector on the outside of the identification envelope with the signature of that elector on the elector's registration form and verify that the absent voter's ballot is eligible to be counted under section 3509.07 of the Revised Code.

(2)(a) Any of the precinct officials may challenge the right of the elector named on the identification envelope to vote the absent voter's ballots upon the ground that the signature on the envelope is not the same as the signature on the registration form, that the identification envelope statement of voter is incomplete, or upon any other of the grounds upon which the right of persons to vote may be lawfully challenged.

(b) If the elector's name does not appear in the pollbook or poll list or signature pollbook, the precinct officials shall deliver the absent voter's ballots to the director of the board of elections to be examined and processed in the manner described in division (E) of this section.

(3)(a) An identification envelope statement of voter shall be considered incomplete if it does not include all of the following:

(i) The voter's name;

(ii) The voter's residence address or, if the voter has a confidential voter registration record, as described in section 111.44 of the Revised Code, the voter's program participant identification number;

(iii) The voter's date of birth. The requirements of this division are satisfied if the voter provided a date of birth and any of the following is true:

(I) The month and day of the voter's date of birth on the identification envelope statement of voter are not different from the month and day of the voter's date of birth contained in the statewide voter registration database.

(II) The voter's date of birth contained in the statewide voter registration database is January 1, 1800.

(III) The board of elections has found, by a vote of at least three of its members, that the voter has met the requirements of divisions (D)(3)(a)(i), (ii), (iv), and (v) of this section.

(iv) The voter's signature; and

(v) One of the following forms of identification:

(I) The voter's driver's license number;

(II) The last four digits of the voter's social security number; or

(III) A copy of a current and valid photo identification, a military identification, or a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections, that shows the voter's name and address.

(b) If the election officials find that the identification envelope statement of voter is incomplete or that the information contained in that statement does not conform to the information contained in the statewide voter registration database concerning the voter, the election officials shall mail a written notice to the voter, informing the voter of the nature of the defect. The notice shall inform the voter that in order for the voter's ballot to be counted, the voter must provide the necessary information to the board of elections in writing and on a form prescribed by the secretary of state not later than the seventh day after the day of the election. The voter may deliver the form to the office of the board in person or by mail. If the voter provides the necessary information to the board of elections not later than the seventh day after the day of the election and the ballot is not successfully challenged on another basis, the voter's ballot shall be processed and counted in accordance with this section.

(4) If no such challenge is made, or if such a challenge is made and not sustained, the voting location manager shall open the envelope without defacing the statement of voter and without mutilating the ballots in it, and shall remove the ballots contained in it and proceed to count them.

(5)(a) Except as otherwise provided in division (D)(5)(b) of this section, the name of each person voting who is entitled to vote only an absent voter's presidential ballot shall be entered in a pollbook or poll list or signature pollbook followed by the words "Absentee Presidential Ballot." The name of each person voting an absent voter's ballot, other than such persons entitled to vote only a presidential ballot, shall be entered in the pollbook or poll list or signature pollbook and the person's registration card marked to indicate that the person has voted.

(b) If the person voting has a confidential voter registration record, the person's registration card shall be marked to indicate that the person has voted, but the person's name shall not be entered in the pollbook or poll list or signature pollbook.

(6) The date of such election shall also be entered on the elector's registration form. If any such challenge is made and sustained, the identification envelope of such elector shall not be opened, shall be endorsed "Not Counted" with the reasons the ballots were not counted, and shall be delivered to the board.

(E)(1) When the board of elections receives absent voter's ballots from an elector who has provided a program participant identification number instead of a residence address on the identification envelope statement of voter, the director and the deputy director personally shall examine and process the identification envelope statement of voter in the manner prescribed in division (D) of this section.

(2) If the director and the deputy director find that the identification envelope statement of voter is incomplete or that the information contained in that statement does not conform to the information contained in the statewide voter registration database concerning the voter or to the information contained in the voter's confidential voter registration record, the director and the deputy

director shall mail a written notice to the voter informing the voter of the nature of the defect. The notice shall inform the voter that in order for the voter's ballot to be counted the voter must provide the necessary information to the board of elections in writing and on a form prescribed by the secretary of state not later than the seventh day after the day of the election. The voter may deliver the form to the office of the board in person or by mail. If the voter provides the necessary information to the board of elections not later than the seventh day after the day of the election and the ballot is not successfully challenged on another basis, the voter's ballot shall be counted in accordance with this section.

(3) The director or the deputy director may challenge the ballot on the ground that the signature on the envelope is not the same as the signature on the registration form, that the identification envelope statement of voter is incomplete, or upon any other of the grounds upon which the right of persons to vote may be lawfully challenged. If such a challenge is made, the board of elections shall decide whether to sustain the challenge.

(4) If neither the director nor the deputy director challenges the ballot, or if such a challenge is made and not sustained, the director and the deputy director shall open the envelope without defacing the statement of voter and without mutilating the ballots in it, shall remove the ballots contained in it, and shall transmit the ballots to the election officials to be counted with other absent voter's ballots from that precinct.

(F) The board of elections may process absent voter's ballots before the time for counting those ballots, but the board shall not tabulate or count the votes on those ballots before that time. As used in this section and section 3511.11 of the Revised Code, processing an absent voter's ballot means any of the following:

(1) Examining the identification envelope statement of voter in order to verify that the absent voter's ballot is eligible to be counted under section 3509.07 of the Revised Code;

(2) Opening the identification envelope, if the absent voter's ballot is eligible to be counted;

(3) Determining the validity of the absent voter's ballot under section 3509.07 of the Revised Code;

(4) Preparing and sorting the absent voter's ballot for scanning by automatic tabulating equipment;

(5) Scanning the absent voter's ballot by automatic tabulating equipment, if the equipment used by the board of elections permits an absent voter's ballot to be scanned without tabulating or counting the votes on the ballots scanned.

(G) Special election officials, employees or members of the board of elections, or observers shall not disclose the count or any portion of the count of absent voter's ballots prior to the time of the closing of the polling places. No person shall recklessly disclose the count or any portion of the count of absent voter's ballots in such a manner as to jeopardize the secrecy of any individual ballot.

~~(G)~~(H)(1) Except as otherwise provided in division ~~(G)~~(H)(2) of this section, observers may be appointed under section 3505.21 of the Revised Code to witness the examination and opening of identification envelopes and the processing and counting of absent voters' ballots under this section.

(2) Observers shall not be permitted to witness the examination and opening of identification envelopes returned by, and the processing and counting of absent voter's ballots cast by, electors who have confidential voter registration records in a manner that would permit the observers to learn the

identities or residence addresses of those electors.

Sec. 3511.04. (A) If a director of a board of elections receives an application for uniformed services or overseas absent voter's ballots that does not contain all of the required information, the director promptly shall notify the applicant of the additional information required to be provided by the applicant to complete that application.

(B) Not later than the ~~forty-fifth~~ forty-sixth day before the day of each general or primary election, and at the earliest possible time before the day of a special election held on a day other than the day on which a general or primary election is held, the director of the board of elections shall mail, send by facsimile machine, send by electronic mail, send through internet delivery if such delivery is offered by the board of elections or the secretary of state, or otherwise send uniformed services or overseas absent voter's ballots then ready for use as provided for in section 3511.03 of the Revised Code and for which the director has received valid applications prior to that time. Thereafter, and until twelve noon of the third day preceding the day of election, the director shall promptly, upon receipt of valid applications for them, mail, send by facsimile machine, send by electronic mail, send through internet delivery if such delivery is offered by the board of elections or the secretary of state, or otherwise send to the proper persons all uniformed services or overseas absent voter's ballots then ready for use.

If, after the seventieth day before the day of a general or primary election, any other question, issue, or candidacy is lawfully ordered submitted to the electors voting at the general or primary election, the board shall promptly provide a separate official issue, special election, or other election ballot for submitting the question, issue, or candidacy to those electors, and the director shall promptly mail, send by facsimile machine, send by electronic mail, send through internet delivery if such delivery is offered by the board of elections or the secretary of state, or otherwise send each such separate ballot to each person to whom the director has previously mailed or sent other uniformed services or overseas absent voter's ballots.

A board of elections that mails or otherwise delivers uniformed services or overseas absent voter's ballots to an elector under this section shall not prepay the return postage for those ballots. In mailing uniformed services or overseas absent voter's ballots, the director shall use the fastest mail service available, but the director shall not mail them by certified mail.

Sec. 3511.11. (A) Upon receipt of any return envelope bearing the designation "Official Election Uniformed Services or Overseas Absent Voter's Ballot" prior to the eleventh day after the day of any election, the director of the board of elections shall open it but shall not open the identification envelope contained in it. If, upon so opening the return envelope, the director finds ballots in it that are not enclosed in and properly sealed in the identification envelope, the director shall not look at the markings upon the ballots and shall promptly place them in the identification envelope and promptly seal it. If, upon so opening the return envelope, the director finds that ballots are enclosed in the identification envelope but that it is not properly sealed, the director shall not look at the markings upon the ballots and shall promptly seal the identification envelope.

(B) Uniformed services or overseas absent voter's ballots delivered to the director not later than the close of the polls on election day shall be processed and counted in the manner provided in section 3509.06 of the Revised Code.

(C) A return envelope is not required to be postmarked in order for a uniformed services or

overseas absent voter's ballot contained in it to be valid. Except as otherwise provided in this division, whether or not the return envelope containing the ballot is postmarked, contains a late postmark, or contains an illegible postmark, a uniformed services or overseas absent voter's ballot that is received after the close of the polls on election day through the tenth day after the election day shall be processed and counted on the eleventh day after the election day at the office of the board of elections in the manner provided in ~~divisions (C) and (D)~~ of section 3509.06 of the Revised Code ~~or in the manner provided in division (E) of that section, as applicable,~~ if the voter signed the identification envelope by the time specified in section 3511.09 of the Revised Code. However, if a return envelope containing a uniformed services or overseas absent voter's ballot is so received and so indicates, but the identification envelope in it is signed after the close of the polls on election day, the uniformed services or overseas absent voter's ballot shall not be counted.

(D) The following types of uniformed services or overseas absent voter's ballots shall not be counted:

(1) Uniformed services or overseas absent voter's ballots contained in return envelopes that bear the designation "Official Election Uniformed Services or Overseas Absent Voter's Ballots," that are received by the director after the close of the polls on the day of the election, and that contain an identification envelope that is signed after the time specified in section 3511.09 of the Revised Code;

(2) Uniformed services or overseas absent voter's ballots contained in return envelopes that bear that designation and that are received after the tenth day following the election.

The uncounted ballots shall be preserved in their identification envelopes unopened until the time provided by section 3505.31 of the Revised Code for the destruction of all other ballots used at the election for which ballots were provided, at which time they shall be destroyed.

SECTION 2. That existing sections 3503.24, 3505.181, 3505.183, 3505.20, 3505.21, 3509.01, 3509.06, 3511.04, and 3511.11 of the Revised Code are hereby repealed.

SECTION 3. That Sections 2 and 5 of Am. Sub. S.B. 135 of the 132nd General Assembly be amended to read as follows:

Sec. 2. All items in this section are appropriated as designated out of any moneys in the state treasury to the credit of the designated fund. The unexpended, unencumbered portion of the foregoing appropriation item 911917, Voting and Tabulation Equipment Reimbursement, at the end of fiscal year 2018 is hereby reappropriated in fiscal year 2019 for the same purposes.

Sec. 5. (A) The Secretary of State shall allocate the funding authorized in Sections 2 and 4 of ~~this act~~ Am. Sub. S.B. 135 of the 132nd General Assembly to each county in the following manner:

(3) For those counties with 100,000 or more registered voters: a base allocation of \$406,000 and an additional allocation to be determined by the actual number of registered voters in that county as of July 1, 2017.

The Secretary of State shall use these allocated funding amounts in accordance with the following:

(B) For voting systems purchased on or after the effective date of ~~this act~~ Am. Sub. S.B. 135 of the 132nd General Assembly, upon request by a board of elections, the Secretary of State shall provide a list of the vendors and voting machines certified in accordance with section 3506.05 of the Revised Code, including related services and equipment. The board of elections shall select voting machines and related services from this list.

The Secretary of State and each board of county commissioners shall enter into an agreement concerning this selection and acquisition. The Secretary of State shall be the owner of such voting system during the period for which the obligations representing fractionalized interests set forth in Section 3 of ~~this act~~ Am. Sub. S.B. 135 of the 132nd General Assembly are outstanding. Upon the maturity of such obligations, the ownership interest of the voting systems shall transfer to the board of county commissioners. Under such written agreement, the board of county commissioners shall:

(1) Identify its selection and identify a breakdown of the total costs that enable identification of the costs of voting machines and associated allowable expenditures;

(2) Have the right to possess such voting systems; and

(3) Be responsible for all operation, servicing, maintenance, and insurance costs of and all

Following the execution of the above acquisition agreement, the board of county commissioners shall enter into all necessary contracts or agreements with the selected vendor. The Secretary of State shall confirm the allowable voting system costs for that county and arrange for payment of that amount directly to the selected vendor. The allowable voting system costs would be an amount up to but not exceeding the county's allocated funding amount. If a board of county commissioners determines to purchase voting systems, the cost of which is greater than the allocated funding amount, the board of county commissioners shall be responsible to pay directly to the vendor those costs that exceed its allocated funding amount.

(C) For voting system acquisitions or lease expenditures made on or after January 1, 2014, ~~and prior to the effective date of this act,~~ the board of elections shall submit written documentation of its costs to the Secretary of State, including a breakdown of the total costs that enables identification of the costs of voting machines and associated allowable expenditures. Pursuant to Section 2 of ~~this act~~ Am. Sub. S.B. 135 of the 132nd General Assembly, the Secretary of State shall reimburse the county for expenditures associated with the acquisition or lease of a voting system in an amount up to but not exceeding the county's allocated funding amount, in a timely manner after receiving the required documentation from a county board of elections. The reimbursements shall be paid to the county's general fund.

SECTION 4. That existing Sections 2 and 5 of Am. Sub. S.B. 135 of the 132nd General Assembly are hereby repealed.

SECTION 5. Section 3509.01 of the Revised Code is presented in this act as a composite of the section as amended by Am. S.B. 10, Am. Sub. S.B. 109, and Am. S.B. 238, all of the 130th General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.
