

Chair Hambley, Vice Chair Patton, Ranking Member Brown, and the members of the House Civil Justice Committee, my name is Jeannie Finlay-Kochankowski, and I am submitting this testimony in support of House Bill 369, the Ohio Fairness Act.

I am concerned about discrimination of minority groups. This includes LGBTQ, women and immigrants. I am dead set against hating a person or restricting their rights just because someone else isn't comfortable with who they are or who they love.

The Lord Jesus sat down with tax collectors and prostitutes. This says a lot of what God wants us to do.

Please vote yes on House Bill 369, the Ohio Fairness Act.

Thank you for your time and consideration.
