

Chair Hambley, Vice Chair Patton, Ranking Member Brown, and the members of the House Civil Justice Committee, my name is Rachael Rosselet and I am submitting this testimony in support of House Bill 369, the Ohio Fairness Act.

I support the Ohio Fairness Act because it's time to stop discrimination and hate. To quote the late Elijah Cummings, "we are better than this." Ohio needs to show the world that we are filled with kindness and love. And this is for my brother and son who do not deserve to have fewer opportunities in life because of who they love.

Please vote yes on House Bill 369, the Ohio Fairness Act.

Thank you for your time and consideration.
