Subject: Written Testimony to the Civil Justice Committee Opposing HB 369, "Un-Fairness Act", November 19, 2020 Hearing

Dear Chairman Steve Hambley and Members of the House Civil Justice Committee,

As a God fearing Christian who believes in God's infallible word, I would like to respectfully oppose HB 369. Let it be officially documented that I strongly disagree with this bill and encourage it to be stricken and removed from consideration. This Bill is a serious threat and compromise to the Freedoms of Children, Women and Christians who believe the transgender agenda goes against our godly values and beliefs, and is offensive to our Christian faith. It is totally unacceptable to allow biological men, who claim to identify as a women, to be allowed in women's restrooms, or vice versa. And it is equally unacceptable for public school sports, women's shelters and Christian Schools to be forced to accept transgenders as part of the norm by participating in traditional gender specific activities. The gender that a person is biologically born with, is the natural gender God meant for them, and that should not be altered or misinterpreted in any way. Passing this Bill will disrupt and destroy the moral foundation of the family structure that God intended it to be. These rights need to be fully protected to prevent any exposure or undue harmful impacts.

Your consideration in this matter is of grave and dire importance to keep religious freedoms morally and equally protected.

Sincerely,

Karen Mason
