

Testimony on House Bill 796  
Civil Justice Committee

Chair Hambley, Vice Chair Patton, Ranking Member Brown, and members of the committee, thank you for allowing me to present this testimony in opposition to House Bill 796.

Stop the arms race! We do not need more laws protecting gun owners. Many lives will be lost when people shoot each other because they were "standing their ground". Are we trying to create a society where two sides who disagree, have the right to shoot each other? Stop the arms race!
