Please pass the bill for constitutional carry . I am unable to afford a carry permit I am on a fixed income . I am a responsible gun owner . and as such . It should be my right to choose to carry a concealed firearm or not . I am a law abiding citizen. Those that are not don't care about laws and will carry concealed guns with or without a permit . if this bill does not pass you leave law abiding people like me unable to protect Our Selves when we leave our homes because some of us on fixed incomes can't afford the \$100 or more concealed carry classes . I've owned a firearm since I was 21 yrs old I am now 60 yrs old . please give the law abiding people that can't afford a carry permit a chance to protect themselves away from home it's our right . thank you . GARY ALLOCCO.
