May 1, 2019

Hi my name is Tony Carr I am a life long proud gun owner of ohio . It's time we pass constitutional carry we shouldn't have to pay for a permit to enjoy our second Amendment. We have always been a open carry state so why pay for a permit to put a coat on ? That's all it equals. We don't have to pay to enjoy any other part of the Constitution?And all the state's that do have it the crime rate has went down.Thank you and please use my statement
