

David Collins, Jr.'s Testimony

May 1, 2019

as a ccl card holder and liflong ohion i believe in our state and federal constitution. I also believe in our right to self defense and to own and pissess firearms. If you can legally buy a firearm then you should be able to carry it to protect yourself and others in the event of a crisis or attack . therefore i am adding my name and testimony in favor of this bill and hope it passes . thankyou D.Collins jr.
