

Gary Peacock's Testimony

May 1, 2019 Hearing

I stand with Gun Owners of America in support of Constitutional Carry, House Bill 178, and I urge you to vote for this legislation. Constitutional Carry will make Ohio a safer, freer safer. We should not have to get government permission to exercise a Constitutionally-protected right! In fact, 17 states allow for Constitutional Carry, including our neighbors: Kentucky and West Virginia. Again, please support, cosponsor and vote for HB 178, the Constitutional Carry bill.

Sincerely,

Gary Peacock
