

Curtis Price's Testimony

May 1, 2019 Hearing

Chairman Becker, Vice Chairman Stolfus, Ranking Member Miller and members of the House Federalism Committee, thank you for this opportunity to testify on House Bill 178.

I am a 69 year old Vietnam combat veteran.

I grew up in Hanover, Ohio , I have been around firearms all my life.

I understand the second amendment just as our founding fathers wrote it !

As an inherent right of the people to keep and bear arms !

Although it doesn't specifically mention concealed carry of such arms.....the word bear does not discern between conceal and open !

Oh yeah, it also says nothing about licensing anyone to be allowed to bear arms !

There is a lot of things the second amendment does not specifically say !....but, what it does say, says it all !

Any deviation from the second amendment is infringement !

I believe Constitutional Carry is one of the inherent rights the founding fathers included in the constitution, and is not to be deviated from.

Thank you again for letting me testify.
