

Brandon S. Pack's Testimony

May 8, 2019

*Please forgive me, as I do not wish to offer my testimony in person to the committee, due to the inability to be present on a business day.*

*I carry everyday to protect the lives of the people I love and even for the people I have never met in this world. I live everyday with the thought of risking my life to protect others. Many people enjoy firearms for their own reason, and many would risk their own lives to save others, but some do not have the time and money to spend on an Eight hour class that really does not teach much. I plead to you to pass this Constitutional Carry Bill HB178 in Hope's to allow more honest and honorable gun owners like to the ability to carry a firearm to help and protect lives everyday. Maybe even your life one day!*

*Chairman Becker, Vice Chairman Stoltzfus, Ranking Member Miller and members of the House Federalism Committee, thank you for this opportunity to testify on this wonderful legislation, House Bill 178*

*I trust that you all will make the best decision for the good of our people. Thank you greatly for your time! God Bless!*

Respectfully,

Brandon S. Pack
