

December 2nd 2020

Energy Policy and Oversight Committee,

My name is Misty Duff, I am a resident of Butler County in Southwest Ohio. I am asking you to repeal HB6. I honestly can't understand how in good conscious Ohio lawmakers have not taken the initiative to repeal this law knowing the fraud that has come to light. Not taking action has done nothing but erode the public trust in our state government and goes to prove only dark money and kickbacks is what it takes in Ohio to get anything done. Do not delay HB6, repeal it and start over.

Thank you,

Misty Duff
