

Ben Tanner
HB 36 Proponent Testimony

Hi my name is Ben. The fourth grade researched some different kinds of butterflies. We were assigned to a butterfly and made slides about them. Then, the whole school voted and the winner turned out to be the Monarch butterfly. Next, the fourth grade wrote persuasive letters to Rep. Kick to explain why the Monarch should be our state butterfly. The fourth grade teachers then picked the most persuasive letters to go to the State House to explain why the Monarch should be our state butterfly. Now we are back for a second time and we are more prepared and determined that we can make the Monarch our state butterfly.
