

Request to testify in opposition of HB 399  
Before the  
House State and Local Government Committee  
By  
Madison Wilson

Chairman Wiggam, Thank you for the opportunity to provide opposition testimony on HB 399.

As a past vocational school student I believe 1000hrs is not an acceptable number of hours for a cosmetologist. Clocking 450hrs at Ohio State has taught me way more than I could have imagined. Compared to my clocked 620 at Mideast. I know for a fact from experience now that I myself am not ready to go out on my own with 1070hrs.
