To whom it may concern:

The Greater Warren Youngstown Urban League opposes House Bill 680. We are so disappointed, but not surprised that individuals in our legislator would bring this discussion up in the mist of dealing with Covid-19. I heard from both of our Secretary of State's on how open the State of Ohio has been in dropping barriers and making it easier for the citizens of this great State to vote. Let your service in your office be of servanthood, not destruction, by dismantling piece by piece or making it harder, one of citizens greatest civil rights, the right to vote.

Sincerely,

A handwritten signature in blue ink that reads "Thomas S. Conley".
