

Ohio Legislator,

As an emergency physician I work on the front lines of the COVID-19 crisis.

I urge you to oppose SB311 which makes it more difficult to impose safe and proven public health measures.

No one has a "right" to drive intoxicated or ignore stop signs . No one has a "right" to go maskless and inflict harm and/or suffering on their neighbors. No one has a "right" to ignore public health measures.

These "rights" place both my patients and me personally at risk.

Please oppose this misguided and dangerous legislation.

Brad Cotton, MD, emergency physician
