

To whom it may concern:

Hello, my name is Marisa DeSanto and I am a medical student in the Columbus area. I am reaching out to you to oppose the passing of SB 311, which prohibits ODH from issuing general, mandatory statewide or regional quarantine or isolation orders. As someone working in the medical field, I feel it is absolutely imperative that we trust and rely on our Department of Health for guidance to keep the community safe. I encourage you to oppose the passing and implementation of this bill.

Sincerely,

Marisa DeSanto
