

Good Afternoon,

Lorain Unit of NAACP (3191) President, E. Jean Wrice expresses a Strong concern about stopping the first decision that was voted and excepted for Lorain children. The NAACP have been informing the elected political individuals, as well as our educated leader that you must close the Gap! We are tired of all the political games. We want the Musical chair nonsense to STOP.

Don't Stop the Progress of the Academic Distress Commission and the current CEO.

E. Jean Wrice,  
President of Lorain's NAACP
