

Good morning Chairwoman Lehner, Vice chair Brenner, Ranking member Fedor and other members of the committee. My name is Zuri Davis, I am 15 years old and I am a proponent of S.B.123. I am for this bill because I had been a student in Walnut Ridge here in Columbus, but we are now looking for a private school to, among other things, avoid some of the issues of violence addressed in S.B. 123.I know this would help students, staff and parents. Thank you for your time and attention and I would be happy to answer any questions you have.
