

Testimony on Senate Bill 317
Government Oversight and Reform Committee

Submitted by:
Gale Husney

Chair Coley, Vice Chair Huffman, Ranking Member Craig, and members of the committee, thank you for allowing me to present this testimony in opposition to SB 317.

I have a 26 year old son who decided to go into the teaching profession when he started college eight years ago because he loves children and loves mentoring. This month, he has started his fourth school year teaching 7th grade students at a Title 1 school which brings its own set of challenges. He absolutely loves it and his students love and appreciate him. He did not join this industry to become an active participant in law enforcement. We need better stronger gun laws, not more guns. Please do the right thing and strengthen protections for our children and administration. MORE GUNS are not the answer
