

Government Oversight and Reform Committee
Opposition Testimony SB 317

Dear Senator Coley and Committee,

Arming staff in schools is not a good idea and will not solve any issues. Being a teacher who has been through a shooting at my school and being the person that the shooter walked by, there is nothing that having a gun on my person would have changed. Having no training or a 2 hour training is not enough to put a teacher or the community at ease with having guns in the schools. Teachers are not police, nor should they be given those responsibilities!

Thank you,
