*Representing self Oppose legislation: SB 383*

*Dear Chairman Coley and Committee,*

*I am a 90-year-old resident of Canton, Ohio, and former owner of Fleischer Shoe Company, which was at one time the biggest family shoe store in the United States.*

*I am strongly opposed to SB 383, because I think the gun culture in this country is terrible!*

*I am concerned that people are getting killed. It is as simple as that. I believe there is no reason to enact any type of laws to give people--legally-- the opportunity to kill someone. And Senate Bill 383 does that.*

*I strongly urge you to table this legislation and never take it up again. Not only will it endanger more lives, it goes against the majority of Ohio citizens' wishes.*

*Thank you,  
Frank Fleischer*
