Other Professional Activities

July 14, 2016

Organized a week trip to Galway, Cork and Dublin Ireland with local Cincinnati and Dallas clinicians, business leaders and other individuals to interact with clinicians in Ireland around current trends and issues for counseling in Ireland.

May 1 through May 12, 2015. Planned and facilitated an educational and cultural trip to Moscow, Ryazan and St. Petersburg Russia. The trip included a local CEO, three clinicians, a non-clinician and a 13 year old boy. The purpose of the trip was to experience the cultural context of mental health treatment in Russia and to share information about American school bullying and crisis intervention strategies.

October 2014-Hosted a clinical team of Russian psychologists and psychiatrist for 10 days in Cincinnati Ohio as part of a peer-to peer dialogue program. I coordinated interaction between the group from Russia and multiple mental health agencies and schools. The focus was on understanding how the United States manages bullying, suicide and school violence. I also emphasized the cultural context for which these systems serve their clients. A highpoint of the program was having two private meetings with Prince Michael Romanoff Ilyinsky.
