Statement of Interest:

Being a native of Clinton County, I attended Southern State Community College as a senior in high school and for a short time after I graduated from high school. After being hired by the Clinton County Sheriff's Office in 1984, I put my educational plans on hold. Twenty-seven years later, I became a proud graduate of Southern State Community College earning an Associate's Degree in Law Enforcement Technology. My educational journey continued until August of 2014 when I obtained a Bachelor of Science Degree in Public Safety Management. Being an adult learner as well as having children who have graduated from college has provided me with a unique perspective of college life. I want to give back to the educational community that inspired me to never quit reaching for a life-long goal of being college graduate.

Serving the past five years as a member of the Southern State Board of Trustees has given me great insight on the ever-changing higher education system and the issues they face in the future. I feel the experience I have not only as a board member, but in my professional life will be an asset to the Southern State Board of Trustees.
