

Senator Eklund,

Please register my opposition to SB 33. This bill is unnecessary because the activities it seeks to regulate are already illegal. The bill is punitive because of the severity of the punishments it proposes for actions which would normally be misdemeanors. The bill is unfair because it tries to punish environmental groups for the behaviors of individual members over whom they have no control,

Thank you for your time and attention to this important matter.

Sincerely,

Robert Maher
